PREVENT NOROVIRUS

Norovirus causes diarrhea and vomiting. It spreads easily from an infected person to others, especially in school classroom settings. The best way to prevent the spread of illness is to **stay home if you are sick.**

WASH YOUR HANDS

Wash your hands often and scrub for at least 20 seconds with warm water and soap, especially after using the restroom and before eating or drinking.

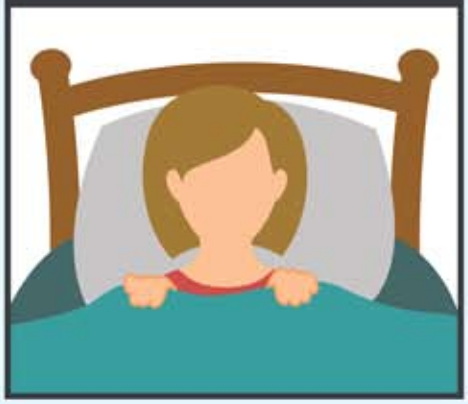
CLEAN SURFACES

Clean and disinfect contaminated surfaces wit ha bleach-based household cleaner as directed on the product label.

WASH LAUNDRY

Remove and wash soiled clothes and linens immediately, then tumble dry.

STAY HOME WHEN SICK



If you're sick, stay home. Children should stay home from school for 48 hours AFTER symptoms are gone.
