

# Photo Collage Project

August 14, 2008

Dear Parents,

This year we will be doing a lot of writing! Even though we have many great ideas, every once in awhile it is difficult to come up with new ideas. To help generate new ideas for writing students will be creating a collage of photographs for their personal writing binders. The photographs, which you provide, will be used as part of a homework project for your child. We will be using the completed projects for our personal writing binders. Suggestions for photographs are listed below:

- \* Your child with a pet or favorite animal
- \* A family photograph
- \* Your child with a friend
- \* Your child's bedroom
- \* A park, playground, or favorite place where your child enjoys playing
- \* Your child involved in a favorite activity
- \* Your child on vacation
- \* A photograph of a special event in your child's life

Student Task:

- \* Use pictures provided by your parents.
- \* Create a collage or organize your pictures on the paper provided.
- \* Complete your work on one side of the paper only.
- \* You may add decorations, stickers, and a border if you wish.

Due: Friday, August 22, 2008

Thank you for your assistance in our students' writing process.

Sincerely,

*Mr. Panek and Mrs. Ross*
