Prepared by: Charles Copeland  
Pleasant Valley High School

### **Background Information**

If the Pleasant Valley Mock Trial team wins the Butte County competition on February 28, it will be eligible to compete in the State competition in Riverside the weekend March 19 – March 22.

### **Educational Implications**

Mock Trial activity provides 20 students with speech and debate skills plus an introduction to criminal law procedure. Each school fields two 9-student teams: prosecution and defense. Each team contains attorneys, witnesses, and support personnel. Teams play against a fixed-set, imaginary scenario; a new case is written each year. In competition, students present before Superior Court judges or Law School professors.

### **Fiscal Implications**

At Pleasant Valley High School, the team has been funded by coaches and parents. Students may participate with no financial obligation. Parent generosity has carried us as far as Riverside about five years ago. The team seeks no financial support from district or student body.

### **Additional Information**

Mock Trial is a service of the Constitutional Rights Foundation. Approximately 30 schools from throughout California compete in the State finals; there is also a national competition. The Butte County competition is coordinated by the Community Legal Information Center at Chico State.

The Pleasant Valley students have practiced every Wednesday night since September. They have scrimmaged against Ukiah High School, Redwood Academy in Ukiah, and Shasta High School.

Title: State Academic Decathlon Finals

Action: \_\_\_\_\_  
Consent: \_\_\_\_\_  
Information: \_\_\_\_\_

February 25, 2009

Prepared by: Ryan Parker  
Pleasant Valley High School

### **Background Information**

After a year of preparation, this year's Academic Decathlon team won the county contest and earned the opportunity to compete at the State competition on March 13 - 16, 2009. The Pleasant Valley High School team has worked incredibly hard to reach this milestone.

### **Educational Implications**

This contest enables a diverse group of P.V. students to match their academic abilities against the best and the brightest that the state has to offer. The team is comprised of three "A" students, three "B" students, and three "C" students. The team has spent a full year preparing for this event, studying elements of seven different academic fields with a focus on the Latin America. In addition, they are tested in the area of essay writing, speech delivery, and their ability to perform in an interview.

### **Fiscal Implications**

Funds have traditionally come from a combination of Academic Decathlon site account, District accounts, site funds, and district funds. The cost is expected to be approximately \$3,000.

### **Additional Information**

Kelly Staley has endorsed our participation in this event in the past and the Board has funded this trip for the last three years. We are currently seeking outside funding.

### **Recommendation**

Please approve this trip, as the students involved have devoted a year of their extra-curricular lives to prepare for this nationally recognized academic event; one which puts Chico Unified on the map as one of the premier Districts in the State.

PROPOSED AGENDA ITEM: Hooker Oak 7 & 8 Grade End-of-the Year Fieldtrip

Prepared by: Denise Findlay/Mike Brooks

Consent

Board Date February 25, 2009

Information Only

Discussion/Action

**Background Information**

The 7/8 grades at Hooker Oak have been involved in a yearlong study of the Earth's history and the evolution of the organisms now present on the Earth. The culmination of this study is the creation of a related field guide of the information presented during the year (classification of organisms, genetics, theory of evolution), and then being able to apply the information during this fieldtrip.

**Educational Implications**

The philosophy of the Hooker Oak Open Structured Classroom Program includes learning through experiences and projects. The intent is for students to apply material and information learned throughout the year in a "real world" experience. In applying their knowledge on this fieldtrip, the knowledge gained throughout the year will be reinforced and revisited.

**Educational Goals**

- Students will be able to name and identify organisms found along the Mendocino Coast (in tide pools, and along the interface of beach and ocean) using their student created field guide.
- Students will be able to predict relationships among the organisms observed along the coast using their student created field guide.
- Students will be able to identify and describe the geologic history of the five wave-deposited terraces at Jughandle State Beach using their student created field guide.

**Fiscal Implications**

There will be no fiscal implications to the District or to the Hooker Oak K-8 School. Funding for the trip is through parent donations and fundraisers sponsored by parents, teachers and students. The costs are as follows:

Per student                      \$160.00 each  
The cost per student includes lodging, meals and all activities

Total for all students: \$9600.00

---

Per adult chaperone    \$160.00  
The cost per adult chaperones includes lodging and meals.  
Adult chaperones are responsible for paying their own \$160.00.

---

Transportation costs    Provided through parent drivers and their donations of time and fuel to support the students' field trip.

Approval of CAHSEE Waivers for Students with Disabilities

Consent  
 Information Only  
 Discussion/Action

Board Date: 2/25/09

Prepared by: Michael Morris

**Background Information**

Students with disabilities who take the California High School Exit Exam (CAHSEE) with modification (for example, using a calculator on the math test or having the English Language Arts test read aloud) receive an invalid score on the test. The school board may grant a waiver of the requirement to pass the CAHSEE under certain conditions.

A waiver is only required for students who:

- 1) Took one or both portions of the CAHSEE with modifications AND
- 2) Attained the equivalent of a passing score (350 or more points) on the CAHSEE.

At the parent or guardian's request, a school principal shall submit a request for a waiver of the requirement to successfully pass the high school exit examination to the governing board of the school district.

**Educational Implications**

If a student takes one or both portions of the CAHSEE with modifications and receives a passing score (350 or higher), s/he is eligible for a waiver of the requirement to pass the California High School Exit Exam. All other graduation requirements must be met.

**Fiscal Implications**

None

**Recommendation**

It is recommended that the board approve the waivers for the students indicated on the lists included in the board packet.

Discussion/Action

**Background Information:**

In accordance with the California Ed Code, Chico Unified School District's property may be disposed of by any of the following methods:

1. The Superintendent may advertise for bids and either sell the property to the highest responsible bidder or reject all bids. Timely notice for bids shall be posted or published. The Superintendent or designee may sell property for which no qualified bid has been received, without further advertising.
2. The Superintendent may authorize the sale of the property by public auction.
3. Without advertisement for bids, the County Superintendent may sell or lease the property to government agencies, other school districts, or to any agency eligible under the federal surplus property law. In such cases, the sale price shall be equal to the value of the property plus estimated cost of purchasing, storing, and handling. Excess equipment with a value of less than one hundred dollars may be sold directly to an agency without advertising with the approval of the Assistant Superintendent of Business Services or designee.
4. If the Superintendent or Designee agrees that the property is worth no more than \$2,500, the Superintendent may designate any employee to sell the property without advertising.
5. If the Superintendent or Designee finds that the value of the property is insufficient to defray the costs of arranging a sale, the property may be donated to a charitable organization deemed appropriate by the Superintendent or may be disposed of by dumping. If any equipment contains universal waste, it will be disposed of in a legal manner.

PROPOSED AGENDA ITEM: Instructional Time Requirements Waiver  
Of Audit Penalty

---

Prepared by: Jan Combes / Pat Bigler

Consent

Board Date February 25, 2009

Information Only

Discussion/Action

**Background Information**

One of our high schools changed their instructional minutes for the second semester finals week resulting in a shortage of 162 minutes of the 64,800 minutes required for Incentive Funding.

**Educational Implications**

In 07-08 the Instructional Minutes were 162 short of required. In 08-09 and 09-10 the Instructional Minutes will be increased by 162 more than the required 64,800 minutes to make up for the shortage in 07-08.

**Fiscal Implications**

This waiver will avoid the financial penalty of the shortage of required Instructional Minutes.

**SCHEDULE OF FINDINGS AND  
QUESTIONED COSTS**

*Chico Unified School District*

June 30, 2008

**ATTENDANCE (Instructional Time)**

10000 (08-4)

**Significant Deficiency**

**Condition**

For classes at Pleasant Valley High School the instructional minutes of 64,638 were 162 minutes short of the 64,800 required.

**Criteria**

To qualify for instructional time incentives, the District must offer at least the amount of instructional time specified in Education Code Section 46201.

**Effect**

By offering fewer instructional minutes than required for Pleasant Valley High School, the District is not eligible to receive incentive funding for longer instructional day for 3,703.06 of high school ADA reported unless the District receives a waiver from California Department of Education. The calculated penalty is as follows:

<b>Instructional Time Penalty Calculation</b>	<b>High School</b>
Minutes Requirement	64,800
2007-08 Actual Minutes	64,638
Minutes Short	162
% of Total Minutes	0.25%
Revenue limit per ADA	\$ 5,799.62
2007-08 High School P-2 ADA	3,703.06
Calculated Penalty	\$ 53,690.85

**Recommendation**

We recommend that the District increase instructional minutes at Pleasant Valley High to the minimum required of 64,800 in order to be in compliance with the State requirements to receive the Longer Instructional Day Incentive Funding. We also recommend that the District apply for a waiver of penalties with California Department of Education.

**Response**

The District's administration will increase instructional minutes during the 2008-09 fiscal year to be eligible for the Longer Instructional Day Incentive Funding and the District will seek the waiver.

**CORRECTIVE ACTION PLAN**

EC 46206(a) The State Board of Education may waive the fiscal penalties set forth... for a school district or county office of education that fails to maintain the prescribed minimum length of time for the instructional school year, minimum number of instructional days for the school year, or both.  
(b) For fiscal penalties incurred ... a waiver may only be granted ... upon the condition that the school or schools in which the minutes, days, or both, were lost, maintain minutes and days of instruction equal to those lost and in addition to the amount otherwise prescribed in this article for twice the number of years that it failed to maintain the minimum number of instructional days and continuing for each succeeding school year until the condition is satisfied.

2. Education Code or California Code of Regulations or portion to be waived ( check as appropriate)

Comments (if appropriate):

#### 4. Reason for Waiver Request:

- Describe the **circumstances that brought about the shortage** of time (days and/or minutes) for each finding.
- Tell what you did the following year, or preferably that same year to try to **minimize or correct** the error.
- State how you plan to do the makeup (add to the regular day, cancel minimum days, add a day to the year, etc.) and in what years – for **both affected students and affected grade levels**.

One of our high schools changed the bell schedule of their end of the year finals week thinking that they had enough excess minutes built into their schedule to still maintain the required number of minutes for the Incentive Funding. Due to clerical error, the mistake was not caught until after the fact and the school was 162 minutes short for 07-08.

The bell schedules for 08-09 and 09-10 have been brought back up to include the required 64,800 instructional minutes plus 162 additional instructional minutes for a total of 64,962 minutes each year. This increase in instructional time applies to the entire 9-12 high school.

#### 5. Required Attachments:

- Copy of the audit finding and local educational agency response.
- At least two years worth of proposed bell schedule(s) and school calendar(s) for the required make-up of time, showing all full and partial instructional days, student free days, etc.
- Summary of instructional minute totals, daily and annually, including the state minimum by grade(s) and the 1982-83 requirements for the district/school for the two years of waiver make-up.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE  
TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Board of Trustees  
Chico Unified School District  
Chico, California

**COMPLIANCE**

We have audited the compliance of Chico Unified School District (the District) with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2008. The District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above which could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008.

**INTERNAL CONTROL OVER COMPLIANCE**

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE  
TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Continued

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of Trustees, management, the California Department of Education, the State Controller's Office, the California Department of Finance, federal awarding agencies, and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

The Delegate Assembly is a vital link in California School Boards Association's (CSBA) governance structure. This body sets the general policy direction for the association. It works with local districts, county offices of education, the Board of Directors and the Executive Committee to ensure that the association reflects the interests of districts and COE's throughout the state. CSBA delegates serve two-year terms.

PROPOSED AGENDA ITEM: Program Presentation

Board Date 2/25/09

Discussion/Action

### **Background Information**

The Engineering, Architecture and ROP CAD Drafting program would like to make an informational presentation to the school board. Students and Industry partners will participate in the presentation. The presentation is approximately 15 minutes in length and will consist of a power point and oral presentation. The students will introduce their industry partner and share their experiences. The industry partners themselves will reflect on their role in this program and how it has helped our students.

### **Educational Implications**

The educational implications of this program have been phenomenal. We would like to share them with our school board members so they are aware of the amazing things our students are doing. No new requests are being made. The program is operating successfully with the help of our local industry partners and ROP. ROP CAD Drafting functions as a capstone class which enables the education process to extend beyond the classroom and we have been very successful with our clients. The students would like to share these experiences.

### **Fiscal Implications**

None. In fact the district saves money on an annual basis since much of the funding for this program comes from ROP.

PROPOSED AGENDA ITEM: Report on status of closed campus for freshmen at CHS and proposal to close campus for sophomores (who are failing a class) for 2009-2010 school year.

Prepared by: Jim Hanlon - Principal

Consent

Board Date February 25, 2009

Information Only

Discussion/Action

**Background Information** – With board approval Chico High has had a closed campus for the 2008-09 school year. The intent of this presentation is two-fold: 1) present information and data regarding the impact of closed campus on the freshmen class with regards to grades, attendance and discipline, 2) propose that Chico High School close campus for all sophomores for the 2009-2010 school year that have failed a class in spring semester of 2009.

**Educational Implications** – Freshmen data indicates a marked decrease in student tardies and disciplinary issues during lunch and when coupled with the Freshmen Learning Center intervention there was an increase in student academic performance. We would expect the same results for any sophomore that is participating in closed campus during the lunch hour.

**Fiscal Implications** – Minor fiscal implication are anticipated. We estimate that closing campus to sophomores would impact between 70-90 students. These students would more likely participate in the district lunch program thereby supporting the CUSD Nutrition Services.

PROPOSED AGENDA ITEM: Monthly Enrollment and ADA Reports Month 6

Prepared by: Jan Combes, Assistant Superintendent, Business Services

Consent

Board Date February 25, 2009

Information

Discussion/Action

**Background Information:**

On February 20, 2008 the Board received the Fiscal Recovery Plan as prepared by Sheila Vickers, fiscal advisor to the district. The plan recommended that the Board receive monthly updates of enrollment. This month's report reflects year to date information as of the end of the sixth school month which ended on January 23, 2009.

**Education Implications:**

Monitoring of enrollment is critical to ensuring that classes are of the appropriate size and configuration, ensuring that instructional opportunities are provided for all students.

**Fiscal Implications/Analysis of Attached Report:**

We have 214 fewer students than we did in January a year ago. Over the course of the last six months our average month-end enrollment has been 165.66 less than last year.

For budgeting purposes, we projected enrollment decline of 105. At the end of the first school month we felt comfortable that we were close to our projections as we had 106 fewer students than the prior year but enrollment decline has been greater than expected as the year progressed. The largest drop has been at the two high schools. Pleasant Valley High School has 107 fewer students than it did at the end of the first school month and Chico High has 67 fewer students now than it did at the end of the first school month. Elementary and Junior High enrollments have stayed fairly static.

A decline of 60 students to has a negative impact on our projected funding for 2009-10 of about \$330,000. However, funding is determined based on attendance, not enrollment. Attendance is generally strongest in the first half of the year, dropping off in December – March. At this time our average daily attendance is about 92 above what was projected. We can expect that to drop, some, between now and the end of P-2 which ends in March.

At the end of the P-1 reporting period, a review of school attendance rates show improved attendance rates at 12 sites; 6 sites are holding at the same at last year's rates and 3 sites show a decline in attendance rates as compared with prior year. So, while enrollment is down, overall attendance rates are up – finally, some good news! A report by site will be presented at the April Board meeting when we will review the result of the attendance incentive program approved by the Board for the 2008-09 school year.

PROPOSED AGENDA ITEM: Student Calendar for 2009-10, 2010-11 and 2011-12 School Years

Prepared by: Bob Feaster, Assistant Superintendent, Human Resources

Consent  
 Information Only  
 Discussion/Action

Board Date: February 25, 2009

**Background Information:**

We are in the last year of a three (3) year cycle of the student calendar. We have sought and received a great deal of input on this topic from the community including parents, teachers and other staff members. Four (4) variations on the student calendar were presented to the Board at the regular meeting on December 17, 2008 as a discussion item. This is back on the agenda as an action item for this meeting.

These variations included the following options ;

- Continuation of current calendar
- Thanksgiving break shortened to three (3) days and no travel day for spring break
- February break shortened to two, three (3) day weekends
- February break shortened, spring break coincides to that used by CSU, Chico and Butte College and drop travel day for spring break

Several assumptions were used in developing these options including but not limited to 180 student days, completing the first semester for secondary schools to coincide with the beginning of winter break.

**Educational Implications:**

All of the options presented provide the same number of student days. There is some variance with respect to the space between a break in the spring and the testing window. Feedback received indicated that completing the first semester prior to the winter break was advantageous to students and that the current week long break in February might interfere with the continuity of instruction at that time given the various breaks preceding week off.

**Fiscal Implications:**

There is data indicating that taking the full week off at Thanksgiving provides better ADA than when a partial week is taken off.

PROPOSED AGENDA ITEM: **Resolution #1057-09, To Grant a Designated Period for Two Years Additional Service Credit**

Prepared by: Bob Feaster, Assistant Superintendent-Human Resources

- Consent  
 Information Only  
 Discussion/Action

**Board Date:** February 25, 2009

**Background Information:**

This resolution would ask the Butte County Schools to open up an early retirement window period beginning April 1, 2009 and ending June 30, 2009 for CalPERS members. Participants who retire during this window period would be provided two years of additional service credit if they meet the eligibility criteria.

The opening of the window period, commonly referred to as the Golden Handshake, is required annually by CSEA Classified Contract.

For 2008-09 retirements, a separate side letter negotiated last fall established a process to identify potential participants in the pool by January 31. During the month of February the calculations have been developed to determine if the window period will produce a savings and/or a reduction in work force of at least 1% if some of the positions vacated by retirement are eliminated.

Chico USD will be discussing the participant pool with CSEA Chapter #110 to determine how the District might generate the savings and/or reduction in positions necessary to offer this benefit. If unsuccessful, this item will be pulled from the agenda.

Any employee who submitted a notice of intent to retire under this program will be afforded the opportunity to rescind that notice if the window period is not offered.

**Educational Implications:**

Will vary depending on what positions may be eliminated or reduced as a result of pending discussions with CSEA.

**Fiscal Implications:**

Will vary depending on what positions may be eliminated or reduced as a result of pending discussions with CSEA

**Recommendation:**

Approval of resolution #1057-09 will depend on outcome of discussions and calculations regarding compliance with Government Code; a staff recommendation will be presented at the meeting.

RESOLUTION 1057-09

RESOLUTION TO GRANT A DESIGNATED PERIOD FOR  
TWO YEARS ADDITIONAL SERVICE CREDIT

WHEREAS, the Board of Education of the Chico Unified School District participates in the Public Employees' Retirement System; and

WHEREAS, said Board of Education desires to provide a designated period for Two Years Additional Service Credit (Section 29094) for eligible Chico Unified School District employees;

NOW, THEREFORE, BE IT RESOLVED that said Board of Education does seek to add a designated period and does hereby authorize this Resolution, indicating a desire to establish a designated period from April 1, 2009 through June 30, 2009 for eligible Chico Unified School district employees.

PASSED AND ADOPTED at a regular meeting of the Governing Board of the Chico Unified School District of Butte County on February 25, 2009.

CERTIFICATION OF GOVERNING BODY'S ACTION

I hereby certify that the foregoing is a true and correct copy of a Resolution adopted by the Board of Education of the Chico Unified School District on February 25, 2009.

PROPOSED AGENDA ITEM: **Resolution 1060-09, Release/Non-Reelection of Temporary Certificated Employees**

Prepared by: Bob Feaster, Assistant Superintendent, Human Resources

Consent  
 Information Only  
 Discussion/Action

Board Date: February 25, 2009

**Background Information:**

Each year the District employs “temporary” certificated staff. Certificated staff members can be employed under this “temporary” status for various reasons per Education Code including short term positions, long term positions based on the need for additional employees because of leave or illness of another employee and for categorically funded programs. The District is required to notify such “temporary” certificated staff members on or before March 15<sup>th</sup> if they are to be released or non-reelected at the end of the current school year. Approving this resolution will initiate the process of notifying all such “temporary” certificate staff members that their services will not be needed after the end of the current school year.

**Educational Implications:**

The District needs to reduce staff due to the current budget deficit while meeting contractual class sizes and ratios. The goal is to staff classes more closely to the contractual limits. Releasing the “temporary” certificated staff is a step toward this goal and provides the District some of the needed flexibility for staffing for the 2009-2010 school year. The District will continue to offer required classes along with a quality array of other educational options.

**Fiscal Implications:**

Significant fiscal savings will occur. The district must reduce overall expenditures by approximately \$11 million. The exact amount is uncertain at this time pending the finalization of the State budget. The release/non-reelection of “temporary” certificated staff provides the District with needed flexibility to work toward alleviating the projected budget deficit as we downsize our staff and is necessary prior to considering any layoffs of permanent/probationary staff.

**Resolution No. 1060-09**  
**CHICO UNIFIED SCHOOL DISTRICT**  
**Release/Non-Reelection of Temporary (including "Probationary 0")**  
**Certificated Employees**

**WHEREAS**, Education Code Section 44954(b) requires that the governing board shall notify a temporary employee, in a position requiring certification qualifications, of the decision to release/not reelect the employee from such a position for the next succeeding school year; and

**WHEREAS**, certain employees hired in a temporary capacity by the District *may* retain certain employment protections even though these employees are unable to accrue permanent status in the manner of probationary employees (such employees are otherwise referred to as having "Probationary 0" status); and

**NOW, THEREFORE, BE IT RESOLVED** by this Board that:

1. The employees listed in Attachment A are temporary employees of the District employed in a position requiring certificated qualifications (including "Probationary 0" employees who are providing a service which have been eliminated or reduced for the 2009/2010 school year) and each such employee shall be released/nonreelected at the end of the 2008/2009 school year for the 2009/2010 school year.
2. The Superintendent or designee is authorized and directed to give notice to each affected employee of this decision. Notice shall be given:
  - a. in the manner required by law; and
  - b. in conformity with the mandated timeline.

**THE RESOLUTION** was passed and adopted by the Board at a Regular Meeting held on the 25<sup>th</sup> day of February, 2009, by the following roll call vote:

PROPOSED AGENDA ITEM: **Resolution 1059-09, Reduction in Certificated Staff Due To Reduction or Elimination of Particular Kinds of Service**

Prepared by: Bob Feaster, Assistant Superintendent, Human Resources

 Discussion/Action

Board Date: February 25, 2009

**Background Information:**

The District is currently facing a fiscal crisis due in large part to the State's fiscal crisis. Approximately 91% of the District's unrestricted budget is dedicated to staff (including salary, health & welfare and other statutory benefit costs). In order to deal with the potential reductions being imposed on us by the State, the district must make significant reductions in staffing. This process requires that the Board pass a resolution to determine which particular kinds of services or programs may be reduced or eliminated for the 2009-2010 school year. In order to provide the necessary flexibility, this resolution lists a very large number of programs, many of which, ultimately, may not be reduced or eliminated. The actual programs/services that are eliminated or reduced will be based on a variety of factors including but not limited to student enrollment and issues such as flexibility options for categorical funds that are approved in the State budget.

The process is bound by timelines that require formal written notification to affected staff no later than March 15<sup>th</sup>.

A separate process will be implemented later to address reductions of Classified staff.

**Educational Implications:**

Administrative positions may be consolidated or eliminated. A separate resolution will come forward dealing with the possible reassignment of administrators.

There will likely be fewer certificated staff at all levels. As a result, many classrooms in the District may have more students for the 2009-2010 school year than in the past. Much of what is contained in this resolution is based on possible flexibility in categorical funds that may be allowed for in the State budget. Additionally we will continue load classes as closely as possible to contractual limits. Staffing adjustments will be made throughout the year as necessary.

**Fiscal Implications:**

Significant fiscal savings will occur. The district must reduce overall expenditures by approximately \$11 million dollars. The savings from staffing reductions cannot be accurately calculated until the reductions are implemented and it is determined which specific certificated employees are to be released. The specific calculation of savings requires knowledge of the amount of flexibility afforded to us by the State budget. Once a State budget is in place we can make those calculations.

**Resolution No. 1059-09**  
**CHICO UNIFIED SCHOOL DISTRICT**  
**Reduction in Certificated Staff Due**  
**To Reduction or Elimination of Particular**  
**Kinds of Service**

**WHEREAS**, Sections 44949 and 44955 of the California Education Code require action by the governing board if the services of certificated staff are to be reduced or eliminated in order to permit the layoff of certificated employees;

**NOW, THEREFORE, BE IT RESOLVED**, by the Board that:

1. The services set forth in Attachment A shall be reduced or eliminated at the close of the 2008/2009 school year for the 2009/2010 school year.
2. The Board has considered anticipated certificated employee attrition (resignation, retirements, non-reelections, temporary teacher releases, etc.). Nevertheless, it is still necessary to terminate certificated full-time equivalent positions as referenced in Attachment A.
3. It will be necessary to retain the services of certificated employees, regardless of seniority, who possess qualifications and competencies needed in the projected educational program for the 2009/10 school year which are not possessed by more senior employees thereby subject to layoff.
4. The Superintendent, or designee, is authorized and directed to send notice(s) of recommendation of non-reemployment pursuant to Sections 44949 and 44955 of the California Education Code to any employee whose services shall be terminated by virtue of this Resolution.

**THIS RESOLUTION** was passed and adopted by the Board at a regular meeting held on the 25th day of February, 2009, by the following roll call vote:

PROPOSED AGENDA ITEM: **Resolution 1061-09, Concerning Order of Seniority of  
Certificated Employees First Rendering Paid Probationary  
Service on the Same Day and Adopting Seniority List**

Prepared by: Bob Feaster, Assistant Superintendent, Human Resources

 Discussion/Action

Board Date: February 25, 2009

**Background Information:**

The District maintains seniority lists for certificated staff member who are in the Chico Unified Teachers Association (CUTA). One important function of this list is that it is used in determining the order of layoff should they become necessary. Given that the District needs to reduce the workforce and initiate layoffs for the upcoming year due to the current fiscal crisis this list is currently very important.

Education Code 44955 requires that the Board determine how ties will be broken between those employees on the list who have the same seniority date. This resolution provides criteria to be applied in breaking those seniority ties and only for such ties.

**Educational Implications:**

The method proposed provides sound thoughtful educational reasons to break such ties. This will help to insure that the District is retaining the most qualified certificated employees for our students and that ties are broken in such a manner that we can retain staff who are most critical to meeting the needs of our students.

**Fiscal Implications:**

**First Rendering Paid Probationary Service on the Same Day**

**WHEREAS**, Section 44955 of the California Education Code provides that the relative seniority for layoff purposes of certificated employees first rendering paid probationary service to the District on the same date shall be determined by the Superintendent on the basis of needs of the District and the students thereof;

**NOW, THEREFORE, BE IT RESOLVED** by the Board of Education of the Chico Unified School District that:

1. The following criteria are authorized and directed to be applied, in the order listed, to determine the relative seniority of those certificated employees who first rendered paid probationary service on the same day:
  - a. Possession of a credential which is needed by the school program;
  - b. Breadth of credentials possessed (including BCLAD/CLAD and other certificates);
  - c. Bilingual certification or skills where need for language exists;
  - d. Subject matter experience which reflects district need and may include practice area emphasis;
  - e. Total years teaching in the District

Prepared by: Bob Feaster, Assistant Superintendent, Human Resources

Discussion/Action

Board Date: February 25, 2009

**Background Information:**

Given the impending budget reductions that will be forced on the District due to the State's budget crisis, the District needs to look at all options and maintain as much flexibility as possible with respect to budget reductions. This resolution allows the District to notify employees holding a position requiring an administrative or supervisory credential that they may be released or reassigned from their position for the next school year.

**Educational Implications:**

A reduction in administrative staff will result in less supervision and instructional leadership.

**Fiscal Implications:**

The District will review possible reductions and/or reassignments of administrators. The fiscal impact of this resolution will depend on the type and extent of reductions and/or reassignments made.

**Resolution No. 1058-09**  
**CHICO UNIFIED SCHOOL DISTRICT**  
**Administrators May Be Reassigned or Released**  
**For the 2009/2010 School Year**

**NOW, THEREFORE, BE IT RESOLVED** by this Board that:

1. The persons listed on Attachment A have been employed by the District during the 2008/2009 school year in positions requiring an administrative or supervisory credential and may be reassigned to another administrative position or released from their administrative/supervisory position for the succeeding 2009/2010 school year and, in accordance with their statutory seniority, reassigned to a non-administrative/non-supervisory position.
2. The Superintendent, or designee, is authorized and directed to give notice to each affected employee of this decision. Notice shall be given:
  - a. in the manner required by law; and
