CHRONIC ABSENCE AND TRUANCY

The Governing Board believes that absenteeism, whatever the cause, may be an early warning sign of poor academic achievement and may put students at risk of dropping out of school. The Board desires to ensure that all students attend school in accordance with the state's compulsory education law and take full advantage of educational opportunities provided by the district.

(cf. 5113 - Absences and Excuses)
(cf. 5113.11 - Attendance Supervision)

The Superintendent or designee shall establish a system to accurately track student attendance in order to identify individual students who are chronic absentees and truants, as defined in law and administrative regulation, and to identify patterns of absence throughout the district. He/she shall provide the Board with data on school attendance, chronic absence, and truancy rates districtwide. Such data shall be used in the development of annual goals and specific actions for student attendance and engagement to be included in the district's local control and accountability plan and other applicable school and district plans.

(cf. 0420 - School Plans/Site Councils)

(cf. 0500 - Accountability)

The Superintendent or designee shall develop strategies that focus on prevention of attendance problems, which may include, but are not limited to, efforts to provide a safe and positive school environment, relevant and engaging learning experiences, school activities that help develop students' feelings of connectedness with the school, school-based health services, and incentives and rewards to recognize students who achieve excellent attendance or demonstrate significant improvement in attendance.

(cf. 5141.6 - School Health Services)
(cf. 5145.3 - Nondiscrimination/Harassment)

The Superintendent or designee shall consult with students, parents/guardians, school staff, and community agencies, as appropriate, to identify factors contributing to chronic absence and truancy.

The Superintendent or designee may collaborate with child welfare services, law enforcement, courts, public health care agencies, other government agencies, and/or medical, mental health, and oral health care providers to make alternative educational programs and support services available for students and families.
