CURRICULUM DEVELOPMENT AND EVALUATION

The Board of Education accepts responsibility for establishing what students should learn. The Board shall adopt a district curriculum which reflects district philosophy, responds to student needs and abilities, and is consistent with the requirements of law. Insofar as possible, this curriculum shall also reflect the desires of the community and the needs of society as a whole.

The Board considers curriculum improvement to be a priority for the district. Curriculum development and evaluation will therefore be an ongoing process in the district, routinely supported by planned allocations of resources and staff time.

The Board will establish a curriculum adoption cycle consistent with the state adoption cycle.

(cf. 6178 - Vocational Education)

The Superintendent or designee shall establish procedures which ensure that the curriculum development and evaluation process includes input from a variety of grade levels, disciplines, schools, and special programs. The selection and evaluation of instructional materials shall be coordinated with the curriculum development and evaluation process.

(cf. 6161.1 - Selection and Evaluation of Instructional Materials)
