Discussion/Action

Background Information:

We are in the last year of a three (3) year cycle of the student calendar. Per board request, we have sought and received input from staff, parents, students, labor groups, administrators and community members on this topic. Several months ago we set up an email account dedicated to feedback on the student calendar. Information requesting input on the student calendar for the next three years has been included in various school newsletters, the superintendent's update and in the local media. We have received numerous emails from parents, staff and students, consulted directly with our labor groups and the Board has heard from many of those attending past meetings on this topic. The topic has been discussed with the District Advisory Council and at PTA meetings.

The feedback received and the concerns expressed have focused on two primary issues; when should the school year start and when should spring break occur, that is, should the break coincide with that observed by both CSU, Chico and Butte College or should it be tied to Easter.

The options provided are not intended to be exhaustive but do reflect the issues identified above. These are intended to provide options and focus further discussion.

Each of the options brought forward include spring break at St. Patrick's Day (coincide with CSUC and Butte College) and at Easter;

- Early Start: Similar to current start/end
- Middle Start: Start 3rd week in August/End late May
- Late Start: Start the last week of August/end in mid June

All of the options included here have the following in common;

- Full week off at Thanksgiving
- Martin Luther King Day on the 3rd Monday in January
- Four day weekend in February

Educational Implications:

All of the options presented provide the same number of student days. One of our primary considerations was using the calendar to maximize student academic achievement.

Fiscal Implications:

At this point we believe that there are no significant fiscal differences between the options provided.

CALENDAR OPTIONS

Early Start (Options 1-6)
