SUICIDE PREVENTION

The Governing Board recognizes that suicide is a leading cause of death among youth, prevention is a collective effort that requires stakeholder engagement, and school personnel who regularly interact with students are often in a position to recognize the warning signs of suicide and to offer appropriate referral and/or assistance. In an effort to reduce suicidal behavior and its impact on students and families, and other trauma associated with suicide, the Superintendent or designee shall develop measures strategies, practices, and supports for suicide prevention, intervention, and postvention.

In developing policy and strategies for suicide prevention and intervention, the Superintendent or designee may consult with school and community stakeholders, including district and school administrators, school counselors, school psychologists, school social workers, school nurses, other staff, parents/guardians and caregivers, students, local health agencies, mental health professionals, community organizations, law enforcement, legal counsel, and/or the district's risk manager or insurance carrier and, in developing policy for grades K-6, the county mental health plan. (Education Code 215).

Measures and strategies for suicide prevention, intervention, and postvention shall include, but are not limited to:

1. Staff development on suicide awareness and prevention for teachers and staff members
2. Instruction to students in problem-solving, coping, and resiliency skills to promote students' mental, emotional, and social health and well-being, as well as instruction in recognizing and appropriately responding to warning signs of suicidal intent in others
3. Methods for promoting a positive school climate that enhances students' feelings of connectedness with the school and that is characterized by caring staff and harmonious interrelationships among students
4. The review of materials and resources used in awareness efforts and communications to ensure they align with best practices for safe and effective messaging about suicide
5. The provision of information to parents/guardians and caregivers regarding risk factors, warning signs of suicide, the severity of the suicide problem among youth, the district's suicide prevention curriculum, basic steps for helping suicidal youth, the importance of communicating with appropriate staff if suicide risk is present or suspected, access to suicide prevention training, and/or school and community resources that can help youth in crisis
6. Encouragement for students to notify appropriate school personnel or other adults when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions
7. Crisis intervention procedures for addressing suicide threats or attempts
8. Counseling and other postvention strategies for helping students, staff, and others cope in the aftermath of a student's suicide
9. Establishment of district and/or school-site crisis intervention team(s) to ensure the implementation and review of district practices related to the emotional and behavioral wellness of students, including, but not

limited to, the oversight of mental health and suicide prevention training, collaboration with community mental health organizations, identification of resources and organizations that provide evidence-based treatment, and collaboration to build community response

As appropriate, these measures and strategies shall specifically address the needs of students who are at high risk of suicide, including, but not limited to, students who are bereaved by suicide; students with disabilities, mental illness, or substance use disorders; students who are experiencing homelessness or who are in out-of-home settings such as foster care; and students who are lesbian, gay, bisexual, transgender, or questioning. (Education Code 215)

If a referral is made for mental health or related services for a student in grade K-6 who is a Medi-Cal beneficiary, the Superintendent or designee shall coordinate and consult with the county mental health plan. (Education Code 215)

District employees shall act only within the authorization and scope of their credential or license. Nothing in this policy shall be construed as authorizing or encouraging district employees to diagnose or treat mental illness unless they are specifically licensed and employed to do so.

The Board shall review, and update as necessary, this policy at least every five years. (Education Code 215)

The Superintendent or designee shall post this policy on the district's web site, in a prominent location and in a manner that is easily accessible to parents/guardians and students. (Education Code 234.6)
