   At 6:47 p.m. Kevin Bultema, Butte County Office of Education, updated the Board on the status of the Fiscal Crisis Management Assistance Team study and the timeline and noted that if a state loan is needed for 2010-11, the deadline to introduce legislation is February 19, 2010.

3. **Information: Budget Crisis Intervention/Ideas**
   At 7:01 p.m. Superintendent Staley clarified there are two budget issues: cash flow and structural budget deficit. The only way to solve the structural budget deficit is to negotiate with employee groups. Fixing the cash flow issue by making further reductions to programs and employees can temporarily resolve the issue for one year. Until the district is able to reduce the cost of compensation, it has to look at other ways to avert the looming crisis of a state takeover. The ideas you are about to see were gathered from a variety of resources. It is a brainstorming of possible reductions. There are no recommendations tonight. The possible reductions are listed in alphabetical order; it is not certain that all ideas are possible. This is the beginning of discussions. At 7:04 p.m. Assistant Superintendent Combes presented a PowerPoint on the budget crisis and intervention/ideas. At 8:15 p.m. the Board discussed ways to proceed; it was suggested staff bring options to the February 17 Board meeting and proceed from there.

Prepared by: Mr. Carlisle, Mrs. Imes, Mrs. Barnett 5th Grade Teachers- McManus Elem. and Mrs. Bird, Principal

Background Information
Mr. Carlisle, Mrs. Imes, and Mrs. Barnett’s 5th grades at McManus. I have been on, or organized this trip for 10 years at Jay Partridge and McManus. For many years, Katy Early, Val White, Terri Crawford and Sharon Belkofer organized this trip for each of their schools.

Educational Implications
The field trip to Monterey is consistent with our educational goals and provides a unique hands-on experience for the curriculum taught in our classrooms. This is a culminating activity of our vertebrates and plant units as specified by the Chico Unified School District’s science curriculum for the fifth grade.

Fiscal Implications
Students will fund the trip. The reasonable amount of $70.00 for the four-day trip will also cover anticipated scholarships for students who cannot afford this amount. Through our fundraising, and donations the entire cost of the trip will cover the expense for every fifth grade student in all three classes.

Additional Information
The Dates of the trip will be Tuesday, May 18 to Friday May 21, 2010.

Parents and the teachers will provide the transportation. All drivers will have proper district paperwork on file. I anticipate 20 to 25 parents to attend the trip. This will be a ratio of less than 3 to 1 for every adult to child. There will be 80 students going on the trip. We will be visiting Monterey Bay Aquarium, Pt. Lobos Marine Preserve, Asilimar State Beach (tide pooling), Discovery Kingdom, and The Tech Museum in San Jose.

Background Information

The REACH conference is an annual event held at Richardson's Springs. It is filled with unique programs and events geared towards junior high students. Students from all over northern California attend. It is organized and run through Butte County Behavioral Health.

Education Implications

Each participant is involved in Challenge Day, an enormously powerful experience moving kids to drop barriers and possible prejudices and acknowledge our commonalities.

The following day students choose 3 workshops for a selection of 9 to attend. The choices include topics such as: healthy relationships, goal setting, stress management, drug and alcohol education and learning how to make a difference in your community.

The final day is the Odyssey program. A physically and mentally challenging and exhilarating day of ropes course activities. Students are asked to challenge their own beliefs about what they can do or how far they can go. Throughout the day they are asked to push themselves and support each other in the activities.

Fiscal Implications

None, all incurred expenses are paid for through the Club Live organization on CJHS campus.

Title: Field Trip Request to Spring National Journalism JEA/NSPA Convention in Portland, Oregon

Action: 
Consent: ☒ 
Information: February 17, 2010

Prepared by: Cindy Hopkins and Brent Manuel
Pleasant Valley High School Yearbook and saga newspaper

Background Information
PV Yearbook – Grades 9 - 12
PV Newspaper (saga) – Grades 9 - 12

Attending the national convention has been an integral part of the journalism program at PV for the last 12 years. Yearbook has not missed a Spring National Convention since 1998. In addition we have attended fall conventions occasionally. National convention is important for many reasons. 1) It is the largest national convention of its kind therefore providing innumerable opportunities for our students to network and learn. 2) The best speakers in journalism are at this convention. 3) This is where we compete at the national level both as individuals and as an entire staff/program. 4) At Nationals we learn the latest in trends in journalism both with regard to writing and design. 5) It has become tradition.

This year yearbook has been nominated as Pacemaker finalists and this convention is where the winners will be announced and recognized. My students need this public recognition; they have worked hard to receive it.

Educational Implications

Students will attend workshops on topics in all areas in journalism. They will include: writing workshops, leadership workshops, design workshops, computer workshops and many others. Academic standards will be reinforced in various areas of curriculum including, but not limited to, English and Fine Arts.

Fiscal Implications

This field trip will be funded in part by the yearbook and saga budgets and in part by students. Our fundraising is done through ad sales and yearbook sales. Therefore, all students will be provided the same opportunities to be a part of this trip.

Additional Information

The advisers, Ms. Hopkins, Mr. Manuel and Ms. Chase (Our HJ Rep) will supervise the trip. We may have one additional parent attend. We will be departing on April 14th and returning on April 18th. Both the advisers and parents will transport students in private vehicles to the airport. We will fly to Portland. Approximately 16 students will be attending. Therefore, the supervision ratio is 3 to 5.

☐ Discussion/Action

**Background Information**
After a year of preparation, this year’s Academic Decathlon team won the county contest and earned the opportunity to compete at the State competition on March 12-15, 2010. The Pleasant Valley High School team has worked incredibly hard to reach this milestone.

**Educational Implications**
This contest enables a diverse group of PVHS students to match their academic abilities against the best and the brightest that the state has to offer. The team is comprised of four “A” students, three “B” students, and two “C” students. The team has spent a full year preparing for this event, studying elements of seven different academic fields with a focus on the French Revolution. In addition, they are tested in the area of essay writing, speech delivery, and their ability to perform in an interview.

**Fiscal Implications**
The cost is expected to be approximately $3,000. We successfully raised all costs for last year’s trip and will do so again this year.

Background Information

The Mathematics Professional Learning Community (MPLC) is a collaborative among Chico Unified School District (CUSD), Butte County Office of Education (BCOE), Chico Math Project (CMP) and California State University, Chico (CSUC) to provide quality mathematics professional development for teachers in grades 3-7.

Based on assessment of student performance, input from teachers, administrators, and teacher leaders and research on student readiness for higher mathematics, the MPLC focuses on developing:

(a) algebraic thinking in the K-7 curriculum; and
(b) proportional reasoning across the content areas, while addressing teachers’ understanding of the mathematics behind standards identified as critical to developing competence in Algebra (Appendix E, Framework, 2006).

Butte County Office of Education’s Center for Distributed Learning will be providing technical support and Neal Schwertman will be the evaluator of this grant.

Education Implications

The primary goal of the MPLC is to improve students’ mathematical achievement by increasing teachers’ understanding of pedagogical content knowledge (PCK). A secondary goal is to establish a culture of professional mathematics learning that brings together prospective and practicing K-12 teachers, administrators, and university faculty.

Board Date: February 17, 2010

Background Information
Part II of the Consolidated Application for Funding Categorical Aid Programs (Con App) for 2009-2010 primarily contains information related to entitlements, allocations, and numbers of participants in specified programs. The Con App includes both state and federal funding sources. Program entitlements are determined by formulas contained in the laws that created the programs. Out of each state and federal program entitlement, districts allocate funds for indirect costs of administration, for programs operated by the district office, and for programs operated at schools.

Educational Implications
The entitlements and allocations funded through the Con App are used to supplement core curricular activities that support student learning in such areas as reading, math, school safety and violence prevention, and support for English Learners.

Fiscal Implications
No impact on the general fund. All expenditures of categorical program funds must be described and budgeted in each school’s Single Plan for Student Achievement. These plans must be presented to and be approved by the School Site Council.

PROPOSED AGENDA ITEM: Chico High School Work Experience Education Plan

Prepared by: Jim Hanlon/Jacqui Windsor

Board Date 2/17/10

☐ Information Only

☐ Discussion/Action

Background Information

The California Department of Education (CDE) requires each school site's Work Experience Education (WEE) Plan be updated and resubmitted periodically. There are two significant additions to the proposed WEE Plan. The conditions under which WEE will operate will include all of the three major areas including "Exploratory", "General" and "Vocational" work experience areas. Definitions of each are included in the plan. At this time it is unclear if Pleasant Valley High School will offer a Work Experience class. Regardless, PVHS students will have access to the CHS Work Experience class included in this plan. If PVHS offers a course in the future this plan is a district plan and that coursework will be covered by this plan. The WEE Plan must be approved by the local Board of Education prior to submission to the CDE.

Education Implications

Approval and submission to the CDE will permit Chico High School and PV High School to offer all areas of Work Experience program to students. Work Experience is an elective class that provides for the following: 1) combines paid employment with classroom instruction (General); 2) combines classroom instruction with a Vocational Work Experience with a job in a concurrently enrolled vocational course such as welding or hospitality (Vocational); and/or 3) combines non-paid observation and sampling with related classroom instruction and employability skills (Exploratory).

Classroom activities will include but are not limited to guest speakers, application completion, resume construction, mock interviews, portfolios, labor laws, sexual harassment, wages, working conditions, interview tips and job shadowing.

Fiscal Implications

No change...the current offering of Work Experience will continue to be offered to students if approved.

Revised 06/20/2009
GENERAL WORK EXPERIENCE (11-12) (Y)

Prerequisite: Student must be employed or actively seeking employment. Counselor recommendation and instructor's approval required.

Work Experience is an elective class that combines legally paid employment with classroom instruction. To earn a grade and credit, a student must attend mandatory class sessions one period per week, complete assignments, and be employed 66% of the semester. If unemployed, students must be actively seeking employment, filling out the Job Search Form and attached reflection statements on a weekly basis. Units of instruction include employment preparation, job success, economic, and career awareness. Students enrolled for a second year repeat the core subject areas but in an expanded manner.

Employed students may earn five (5) credits per semester by working an average of ten (10) hours per week. Seniors on track for graduation may earn ten (10) credits per semester if employed an average of twenty (20) hours per week.

Students seeking employment may earn up to five (5) credits per semester by actively searching for a job and attending class. Students will be expected to use the Job Search Form and to write reflections to track their searches. The completion of one job search form with required reflections will verify 3 hours of “job search” time. Class time will also count toward total number of hours. A total of sixty (60) hours is required to earn all five (5) credits.

EXPLORATORY WORK EXPERIENCE (10-12) (Y)

Prerequisite: Student must attend class, complete class assignments, research career options, job shadow, and work in unpaid, intern position a minimum of four (4) hours per week. Counselor recommendation and instructor’s approval required. Enrollment is limited and based on possible placement opportunities.

Exploratory Work Experience is an elective course which combines non-paid job observation and sampling with related classroom instruction in employability skills. Its general purpose is to provide students the opportunity to observe and sample a variety of conditions of work for the purpose of ascertaining their interest and suitability for the occupations they are exploring.

Related classroom instruction is the same as General Work Experience including the development of a personal portfolio. Additional time is given to career development/exploration activities and the skills needed to acquire employment in specific careers.

Students may earn a total of five (5) units per semester, based upon seat time, ROP course visitations, career interest research, job shadows, and hours worked at the un-paid intern employment. A total of sixty (60) hours is required to earn all five (5) credits. A maximum of ten (10) credits may be earned in Exploratory Work Experience.

VOCATIONAL WORK EXPERIENCE (11-12) (Y)

Prerequisite: Student must be employed or actively seeking employment with the help of vocational instructor. Counselor recommendation and instructor’s approval required.

Vocational Work Experience is an elective course that reinforces and extends vocational learning opportunities for students through a combination of related classroom instruction in Work Experience Education and supervised paid employment in the occupation for which vocational course(s) in school prepares them. Students enrolled in Vocational Work Experience Education must have a job that is related to a concurrently enrolled vocational course.

Related classroom instruction and credit are the same as in General Work Experience.

WORK EXPERIENCE EDUCATION
GENERAL, EXPLORATORY AND VOCATIONAL
CHICO UNIFIED SCHOOL DISTRICT
PROCEDURE FOR GRANTING SCHOOL CREDIT

Work Experience Education is an elective course that combines legally paid employment with classroom instruction. The Chico Unified School District offers General Work Experience, Exploratory Work Experience, and Vocational Work Experience to students of Chico High School and Pleasant Valley High School.

**Related Instruction Class** – Students enrolled in Work Experience Education meet for the equivalent of one instructional period per week. Classroom instruction is related to employment, economic awareness, and career awareness and fulfills the requirements outlined in the California State Model Curriculum Standards for Work Experience Education. The Work Experience instructors at both school sites prepare for and conduct related instruction classes. In addition, instructors meet one-on-one with students intermittently throughout each semester.

**Course Credit** – A student completing **Exploratory Work Experience** requirements may earn a maximum of 10 semester credits. A student satisfactorily completing **General or Vocational Work Experience Education** requirements may earn a maximum of 20 semester credits. With approval for extenuating circumstances, or for students starting with Exploratory Work Experience and continuing with General or Vocational Work Experience, 30 semester credits may be earned.

**Grading** – Students earn a letter grade each semester. Students in **General or Vocational Work Experience** must be legally paid and be employed at a business open to public access. Grades are determined by attending and participating in a weekly class meeting, submitting monthly time sheets and photocopied pay stubs, completing assignments and tests, and employer evaluations.

**Unemployed students in General Work Experience** earn a letter grade each semester. Grades are determined by attending and participating in a weekly class meeting, submitting weekly Job Search Forms and reflections, and completing assignments and tests. Students will be expected to use the Job Search Form and to write reflections to track their searches. The completion of one job search form with required reflections will verify 3 hours of search time. Sixty (60) hours of “job search” time and class time will earn 5 credits.

Students in **Exploratory Work Experience** earn a letter grade each semester. Grades are determined by attending and participating in a weekly class meeting, completing career interest surveys to ascertain career interests and attending ROP courses focusing on specific career areas, completing job shadows, and the hours they work as non-paid volunteer interns at job sites related to career interests. Sixty (60) hours of the above options, including seat time, will earn students 5 credits. A maximum of ten (10) semester credits may be earned in Exploratory Work Experience.

**Instructors** – As required by Education Code 51762, the Work Experience Education instructors possess valid secondary-level credentials and have over two years of occupational experience outside the field of education. The instructors meet regularly to plan curriculum, create or revise forms, promote their program, discuss labor laws and regulations for minors, and develop jobs in the business community for students.

**Professional Development** – The Chico Unified School District will provide opportunity for annual professional development of work experience instructors/coordinators through attendance at conferences and Far Northern Chapter meetings.

Section VII
BUTTE COUNTY SPECIAL EDUCATION LOCAL PLAN AREA

DESCRIPTION OF GOVERNANCE AND ADMINISTRATION OF THE LOCAL PLAN
Revised July 1, 2010

Our goal is:

- To increase the participation of students with disabilities in statewide assessments with and without accommodations or modifications as monitored by the IEP process; and
- To increase the percentage of children with disabilities who are literate; and

In order to reach these goals, each LEA assures that students with disabilities will have full access to:

- All required core curriculum, including state-adopted textbooks and supplementary textbooks; and
- District, county or state adopted texts and state adopted instructional materials and any necessary supports to obtain higher standards in reading.

V. Public / Parent Input

All LEA Boards within the SELPA have public comment sections on their agendas, as does the SELPA Governing Board.

The Butte County SELPA Administrator, the Director of Special Education for the Butte County Office of Education and the District Special Education Administrators are also available to meet with parents or members of the public who may have questions or concerns. Meetings can be arranged by contacting the SELPA office.

VI. Dispute Resolution
EC 56205(b)(5)

If a dispute arises over the responsibility for service provision, governance activities, program transfer, or distribution of funding; or if a school district, including any charter school LEA, group of school districts, or the county office believes that an action taken by the SELPA Governing Board will create an undue hardship on the district(s) or county office; or that an action taken exceeds the authority granted the Governing Board within the Local Plan and /or state or federal statute, the aggrieved district(s) or county office may submit the matter for dispute resolution.

The goal of the SELPA is for disputes to be resolved at the lowest possible level. The first step in the dispute resolution process, therefore, is for the aggrieved party(s) to contact the other party(s) and attempt to resolve the matter informally. If the matter is not resolved at this level, the aggrieved party(s) may request formal mediation. Any request for mediation must be submitted in writing to the SELPA Director. If the issue is related to an action taken by the Governing Board, the request must be submitted within thirty (30) days of the action taken by the Governing Board. The written request must clearly identify the reason(s) for the request and the potential resolution(s) to the problem. If mediation is not successful, the aggrieved party(s) may request a review by an independent review panel of the results of the mediation. A request for review by an independent review panel must be submitted in writing to the SELPA Director within thirty (30) days of the completion of the mediation process, and must include the reason(s) for the request and the potential resolution(s) to the problem.

A more detailed description of the procedures related to dispute resolution can be found in the SELPA Policies and Procedures Manual kept on file in the SELPA.

Background Information

California code of Regulations 48661a states: “A community day school shall not be situated on the same site as an elementary, middle, junior high, comprehensive senior high, opportunity, or continuation school, except as follows: (1) When the governing board of a school district with 2,500 or fewer units of average daily attendance reported for the most recent second principal apportionment certifies by a two-thirds vote of its membership that satisfactory alternative facilities are not available for a community day school.” The State Board of Education is currently considering waivers for school districts with more than 2,500 students to house a community day school on a shared campus.

Education Implications

Procedures and precautions will be in place to ensure the safety and protection of all students on the campus. Staff support and campus local may assist with a smooth student transition from one alternative program to another.

Fiscal Implications

Combining the two programs on one campus will save the cost of the lease for the current AFC campus. Downsizing staff at both sites will provide a cost savings to the general fund.

Comments (if appropriate):

4. Public hearing requirement: A public hearing is not simply a board meeting, but a properly noticed public hearing held during a board meeting at which time the public may testify on the waiver proposal. Distribution of local board agenda does not constitute notice of a public hearing. 48661(a) A community day school shall not be situated on the same site as an elementary, middle, junior, high, comprehensive senior high, opportunity or continuation school, except as follows:

1. When the governing board of a school district with 2,500 or fewer units of average daily attendance reported for the most recent second-principal apportionment certifies by a two-thirds vote of its membership that satisfactory alternative facilities are not available for a community day school.
2. A certification made pursuant to this section is valid for not more than one school year and may be renewed by a subsequent two-thirds vote of the governing board.

7. Desired outcome/rationale. Describe briefly the circumstances that brought about the request and why the waiver is necessary to achieve improved student performance and/or streamline or facilitate local agency operations. If more space is needed, please attach additional pages.

Chico Unified School District is currently a negatively certified district and is on the verge of needing a state loan, barring successful negotiations with employee groups. In the meantime, CUSD needs to continue to make additional budget cuts in order to maintain cash flow and hopefully, stave off the need for a state loan for another year. CUSD staff is currently researching budget cutting options including: additional school closures, additional staffing cuts, selling property, increasing class size and cutting educational programs.

Academy for Change (AFC), CUSD's community day school, is currently housed in a separate facility that has been under a lease agreement for the past five years. The lease agreement ends as of June 30, 2010. The annual cost of the lease is $150,000. Due to the district's financial crisis, the lease will not be able to be renewed. Thus, the need for a new location for the community day school is clearly evident.

(continued on following page)

8. Demographic Information:

The Chico Unified School District has a student population of 12,319 students (2009-10) and is located in a suburban university town in Butte County. The district has two secondary alternative schools. Fair View, a continuation high school, has a student population of 248 in 2009-10; the Academy for Change (AFC), a community day school, serves 97 students in 2009-10 (data from Demographic Analysis and Student Housing Report commissioned by the Chico Unified School District and presented to the board in February, 2010).

The budget constraints of the district require immediate programmatic and staffing changes for the 2010 – 2011 school year. CUSD has demonstrated the need for and values the community day school program. CUSD would like to maintain the program for the 2010-11 school year and is requesting a waiver to house the program on a shared campus. The identified campus currently houses the continuation high school, Fair View. Fair View would remain intact and AFC would be added.

CUSD realizes the need for a community day school to maintain adequate separation from existing school programs. The layout of the Fair View campus (see map, attached) allows for such separation. There are two rooms on the school site that are set apart from the main Fair View campus. These two rooms are partially fenced. Additional fencing will be added prior to the start of the school year to fully separate the two schools. The fencing will fully encompass the classrooms and allows for a single entrance and exit point for AFC students. Additional precautions will be implemented by structuring different arrival and departure times for the two schools:

Each school will have its own staffing for instruction and supervision.

The groundwork for the transition is in process. Staff and parents at both school sites have been informed of the potential changes for the 2010-11 school year. Additional meetings will be held with staff, parents and community members as the year progresses.

Although the schools will maintain their daily separation, there are many benefits to students in housing these schools on the same site. AFC students need a transition plan back to other school sites once they have fulfilled their expulsion requirements. Many of these students will transition to Fair View to complete their schooling and/or may attend Fair View for a short time and then return to the one of the comprehensive high schools to complete their education.

CUSD staff is hopeful that this waiver will be approved and is in the process of making all of the necessary arrangements to implement the changes at the prior to the beginning of the 2010-11 school year.
PROPOSED AGENDA ITEM: Approval of CAHSEE Waivers for Students with Disabilities

Prepared by: Michael Morris

___ Consent

Board Date: 2-17-10

___ Information Only

___ Discussion/Action

Background Information
Students with disabilities who take the California High School Exit Exam (CAHSEE) with modification (for example, using a calculator on the math test or having the English Language Arts test read aloud) receive an invalid score on the test. The school board may grant a waiver of the requirement to pass the CAHSEE under certain conditions.

A waiver is only required for students who:
1) Took one or both portions of the CAHSEE with modifications AND
2) Attained the equivalent of a passing score (350 or more points) on the CAHSEE.

At the parent or guardian’s request, a school principal shall submit a request for a waiver of the requirement to successfully pass the high school exit examination to the governing board of the school district.

Educational Implications
If a student takes one or both portions of the CAHSEE with modifications and receives a passing score (350 or higher), s/he is eligible for a waiver of the requirement to pass the California High School Exit Exam. All other graduation requirements must be met.

Fiscal Implications

PROPOSED AGENDA ITEM: Monthly Enrollment and ADA Reports (Month 6)

Prepared by: Jan Combes, Assistant Superintendent, Business Services

X Consent

Information

Discussion/Action

Board Date February 17, 2010

Background Information:

On February 20, 2008 the Board received the Fiscal Recovery Plan as prepared by Sheila Vickers, fiscal advisor to the district. The plan recommended that the Board receive monthly updates of enrollment and average daily attendance (ADA).

Education Implications:

Monitoring of enrollment is critical to ensuring that classes are of the appropriate size and configuration, ensuring that instructional opportunities are provided for all students.

Fiscal Implications/Analysis of Attached Reports:

As of the end of the sixth school month (January 22, 2010) we have 12,209 students enrolled, 454 fewer students than we did at the end of the sixth school month a year ago. We have averaged 482 fewer students each month this year than last.

Average daily attendance as of January 22, 2010 is 11,700 which is 470 ADA less than the same period in 2008-09 and 23 ADA less than our projection of 11,723.

We believe that absences due to illness have had a significant impact on our ADA. We will continue to monitor absence rates closely over the next weeks and months are hopeful that between now and our P-2 cutoff date in March we will improve enough to meet our budget target of 11,723 ADA for 2009-10.

The P-2 ADA number is significant as it becomes the basis for determining our 2010-11 revenue limit income used develop next year’s budget. Each ADA is about $4,966 in funding for next school year. If our average daily attendance falls short of budget projections by 23, that represents a loss of funding of $114,218. The district is funding on prior year ADA so this impact is a 2010-11 budget issue, not one that will negatively effect our 2009-10 school year budget.

 Across the district the ratio of ADA to enrollment remains at 95.50% as of the end of the sixth school month, no change from last month’s report.

PROPOSED AGENDA ITEM:  ERATE Consultant Agreement

Prepared by:  Jason Gregg

☐ Consent  
☐ Information Only  
☐ Discussion/Action

Board Date  2/17/2010

Background Information

This is an ongoing need for the ERATE (Federal funded program). The consultant submits all documents for telecommunication (phone, cell and data communications), and Internet Service Providers for the district and internal connections (cabling, networking equipment and limited servers) for schools that have over 75% ADA in free and reduced lunch.

Education Implications

The services we get from Schools and Library Division (SLD) helps offset cost for ISP and telecommunication. It also helps to leverage grant dollars for schools with higher ADA free and reduced lunch sites to purchase network services and equipment.

Fiscal Implications

The cost is $8000 to general fund. We make a payment of $4000 when application is submitted and $4000 at the completion of the process.

PROPOSED AGENDA ITEM:  FCMAT Report (Butte County Office of Education)

Prepared by:  Jan Combes, Assistant Superintendent, Business Services

Consent  

Information/Discussion  Board Date  February 17, 2010

Discussion/Action

Background Information:

Last fall the Butte County Office of Education (BCOE) began to share the district’s projected cash flows with the Fiscal Crisis Management Assistance Team (FCMAT) as part of their ongoing concern about the district’s financial solvency.

In October, FCMAT declared Chico Unified to be in a fiscal emergency based on its negative budget certification and its projections that it may run out of cash to make payroll around November, 2010.

In December, FCMAT sent a team of experts to Chico Unified School District to gather pertinent data. FCMAT is in the process of preparing its report on their independent analysis and projections of our fiscal condition and cash flow.

The report will be received by BCOE by the end of this week.

Representatives from BCOE provide the Board with the results of the FCMAT study.

Copies of the final report will be available at the meeting and, subsequently, will be posted on the FCMAT website (www.fcmat.org) and the district’s website (www.chicousd.org).

If a state loan is needed for 2010-11, the deadline to introduce legislation is February 19, 2010.
PROPOSED AGENDA ITEM: CUSD Budget Reduction Discussion; Direction from Board

Prepared by: Jan Combes, Assistant Superintendent, Business Services

☐ Consent  Board Date  February 17, 2010

☒ Information/Discussion

☐ Discussion/Action

Background Information:

At the last meeting on February 3rd, the Board was advised of the following:

- The Governor’s Budget Proposal for 2010-11 would result in a loss of $3 million for Chico USD
- This increases the structural budget deficit from $6.5 million to $9.5 million
- Over 90% of the budget is in compensation
- The district and employee groups have not been able to reach agreement on proposed reductions in compensation
- If the budget projections are not revised in time for changes to impact the 2010-11 school year, two things will happen:
  - one-time reserves will be fully exhausted by the end of the 2010-11 school year and, as a result, the problem will be bigger and harder to bring into balance
  - at some point in 2010-11 the district will run out of cash, borrow from building funds to make payroll in the fall; the district will have exhausted local borrowing options by June of 2011
- The district has begun to look at all possible options that might exist to create either one-time or ongoing savings
- A list of Budget Crisis Intervention Ideas was outlined and is available on the districts website at www.chicousd.org

The Board will begin to discuss the list of ideas. A decision making process needs to be identified to gather input from the community on the list of ideas, in order to formulate proposals for budget reduction. The list has now been restructured into a matrix that identifies various issues surrounding each idea, including the projected savings, the number of students and employees affected, etc.

This is an information only item.

TITLE: Name Recommendations for the Performing Arts Center currently under Construction at Pleasant Valley High School

Action ___ X ___ Consent ___ Information ___ February 17, 2010

Prepared by: Michael Weissenborn, Facilities Planner/Construction Manager

Background Information
In 2008, the Chico Unified School District began construction of the Performing Arts Facility on the Pleasant Valley High School campus, which will open in 2010. At a Facilities Workshop held on April 1, 2009, the Board of Education directed staff to form a citizen’s committee to develop a list of potential names for this new facility.

Educational Implications
This facility has been developed to meet the educational needs of students throughout the District. The existence of a quality performance venue enhances the student’s individual performance experience.

Fiscal Implications
None

Additional Information
Recap of criteria set by the Board:
1. A name that is instantly recognizable for what the buildings purpose is
2. A name that is inclusive of the entire community
3. A name that inspires community pride and involvement
4. A name that is recognizable as a School District Building
5. Names of living people should be avoided

(Excerpt from: Board of Education Special Meeting on April 1, 2009, Agenda, 4.1.2 Page 3 of 3)

The Committee Members are as follows:

- Patrick Bosetti, CUSD, PVHS Network Analyst
- Dennis Bruggman, Community Member
- Dan Dewayne, CSUC, Director of Chico Performances
- Mary Gardner, City of Chico Arts Project Coordinator
- Tamara Jensen, CUSD, PVHS Drama Instructor
- Mary Leary, CUSD Director of Maintenance & Operations
- Christie Lee, Butte College Facilities Department
- Mary-Lou Lim, CUSD, Inspire School of the Arts and Sciences Music Instructor
- John Long, CUSD, Elementary School Music Instructor
- Sara Simmons, CUSD Director of Innovative Programs
A list of suggested names for the new Performing Arts Center was developed by soliciting input from the community and school sites, utilizing a press release in the Chico ER, the Superintendent’s Weekly Update and word of mouth. A Wikispace was developed specifically for the Committee to optimize the sharing of ideas and evaluate potential names.

The Committee met on August 25, 2009, with the primary purpose of discussing the following topics: 1) How to solicit names from the community? and 2) How to educate the community that the Performing Art Center will be a resource for all to enjoy?

A total of eighteen names were suggested. We received recommendations from the following individuals: Susan Christianson, Susan Delgado, Nancy Ritcher, Liz Mosher, Dennis Bruggman, Patrick Bossetti, Dan Dewayne, Tamara Jensen and one student, Zach Morris. Committee Members relayed recommendations from their peers and various alumni groups to be added to the list.
PROPOSED AGENDA ITEM:  Letter of Intent to Lease Shapiro Pool for 30 Years

Prepared by:  Jan Combes, Assistant Superintendent Business Services

☐ Consent  Board Date  February 17, 2010
☐ Information
☒ Discussion/Action

Background Information:

Since 1955, the district and Chico Area Recreation District (CARD) have had joint use agreement in place for the Shapiro Pool, located at Chico Junior High School.

The pool is used by both Chico Junior High School and Chico High School for physical education classes, athletics, and recreation.

During non-school hours the pool is has been sublet to the Chico State University for use by their swim team, and during the summer months the pool becomes a center for recreational use for the community by CARD.

Over the years, CARD has maintained the pool and paid for all utility costs except water, which is our responsibility to provide for.

The pool is in need of repairs. CARD is applying for a grant to do this work but one of the grant requirements if they don’t own the pool is that they have a thirty year lease.

Discussion/Financial Implications:

CARD has held five public meetings to gather input from pool users in developing their conceptual model. During these meetings the input has clearly been for a six lane pool that can be used for competitive events, as well as other recreational use. If the grant funding is approved, CARD will involve the district in greater detail when discussing the design of the pool restructuring.

A thirty year lease is being drafted by the attorneys for CARD. Once a draft is complete we will run the document by our attorney. In the meantime, CARD needs a letter of intent.

Our letter of intent is attached. We will continue to ensure that during school hours the pool is exclusively for our use.

Steve Visconte, General Manager for CARD, will be present to respond to any questions.

Recommended Action

Approve letter of intent as presented.

RE: Letter of Intent, Shapiro Pool

Dear Steve,

Chico Unified School District (CUSD) and Chico Area Recreation and Park District have had a successful partnership in place regarding joint use of the Shapiro Pool since 1955.

For the past fifty five years our entities have coordinated the use of the pool during the school year and over the summer months.

This letter serves as a letter of intent to renew the lease for thirty years in anticipation that CARD can obtain grant funds to reconstruct the facility. We encourage CARD to make application for the grant for our mutual benefit and the benefit of the community of Chico.

Renewal of the lease for the thirty year period can be founded on the success of our partnership since 1955. We will continue to ask in developing that lease that use of the pool during the school day remain in our jurisdiction.

We look forward to participating in discussions about the remodeling and reconstruction of the facility.

Sincerely,

Jan Combes
Assistant Superintendent

PROPOSED AGENDA ITEM: **Resolution #1096-10 / Reduction in Certificated Staff Due To Reduction or Elimination of Particular Kinds of Service**

Prepared by: Bob Feaster, Assistant Superintendent, Human Resources

☐ Consent  
☐ Information Only  
☒ Discussion/Action  

Board Date: February 17, 2010

**Background Information:**

The District is currently facing a fiscal crisis due in large part to the State’s fiscal crisis. Approximately 90% of the District’s unrestricted budget is dedicated to staff (including salary, health & welfare and other statutory benefit costs). In order to deal with the potential reductions being imposed on us by the State and to deal with declining enrollment, the district must make significant reductions in staffing. This process requires that the Board pass a resolution to determine which particular kinds of services or programs may be reduced or eliminated for the 2010-2011 school year. In order to provide the necessary flexibility, this resolution lists a very large number of programs, many of which, ultimately, may not be reduced or eliminated. The actual programs/services that are eliminated or reduced will be based on a variety of factors including but not limited to student enrollment, flexibility of funding, implementation of the Governor’s budget proposals and efforts made to reduce or eliminate the District’s structural budget deficit.

The process is bound by timelines that require formal written notification to affected staff no later than March 15th.

A separate process will be implemented later to address reductions of Classified staff.

**Educational Implications:**

There will likely be fewer certificated staff at all levels and across services including teachers, counselors and administrators. As a result, many classrooms in the District will have more students next year than this year. Much of what is contained in this resolution is based staffing as closely as possible to contract requirements and the ongoing declining enrollment. While not governed by contractual limitations, the reductions of administrators will provide less supervision and oversight that could affect compliance and safety.

**Fiscal Implications:**

Significant fiscal savings will occur. Given the current structural budget deficit, declining enrollment and diminishing resources from the State it is only prudent to staff with these reductions in place.
Resolution No. 1096-10
CHICO UNIFIED SCHOOL DISTRICT

Reduction in Certificated Staff Due
To Reduction or Elimination of Particular
Kinds of Service

WHEREAS, Sections 44949 and 44955 of the California Education Code require action by the governing board if the services of certificated staff are to be reduced or eliminated in order to permit the layoff of certificated employees;

NOW, THEREFORE, BE IT RESOLVED, by the Board that:

1. The services set forth in Exhibit “A” shall be reduced or eliminated at the close of the 2009/2010 school year for the 2010/2011 school year.

2. The Board has considered anticipated certificated employee attrition (resignation, retirements, non-reelections, temporary teacher releases, etc.). Nevertheless, it is still necessary to terminate certificated full-time equivalent positions as referenced in Exhibit “A”.

3. It will be necessary to retain the services of certificated employees, regardless of seniority, who possess qualifications and competencies needed in the projected educational program for the 2010/11 school year which are not possessed by more senior employees thereby subject to layoff.

4. The Superintendent, or designee, is authorized and directed to send notice(s) of recommendation of non-reemployment pursuant to Sections 44949 and 44955 of the California Education Code to any employee whose services shall be terminated by virtue of this Resolution.

THIS RESOLUTION was passed and adopted by the Board at a regular meeting held on the 17th day of February, 2010, by the following roll call vote:

PROPOSED AGENDA ITEM: Resolution #1097-10 / Reduction in Certificated Staff Due To Reduction or Elimination of Categorically Funded Services

Prepared by: Bob Feaster, Assistant Superintendent, Human Resources

X Discussion/Action

Board Date: February 17, 2010

Background Information:

This resolution is similar to the previous item. The difference being that this resolution deals only and specifically with those services that may not be needed next year that are categorically funded. Separating these out this way makes the process more understandable and efficient.

The process is bound by timelines that require formal written notification to affected staff no later than March 15th.

A separate process will be implemented later to address reductions of Classified staff.

Educational Implications:

There will likely be fewer certificated staff at all levels and across services including teachers, counselors and administrators. PROPOSED AGENDA ITEM: Resolution #1098-10 / Concerning Order of Seniority of Certificated Employees First Rendering Paid Probationary Service on the Same Day

Prepared by: Bob Feaster, Assistant Superintendent, Human Resources

☐ Consent
Information Only
X Discussion/Action

Board Date: February 17, 2010

Background Information:

The District maintains seniority lists for certificated staff members who are in the Chico Unified Teachers Association (CUTA). One important function of this list is that it is used in determining the order of layoff should they become necessary. Given that the District needs to reduce the workforce and initiate layoffs for the upcoming year due to the current fiscal crisis this list is currently very important.

Education Code 44955 requires that the Board determine how ties will be broken between those employees on the list who have the same seniority date. This resolution provides criteria to be applied in breaking those seniority ties and only for such ties.

Educational Implications:

The method proposed provides sound thoughtful educational reasons to break such ties. This will help to insure that the District is retaining the most qualified certificated employees for our students and that ties are broken in such a manner that we can retain staff who are most critical to meeting the needs of our students.

Fiscal Implications:

None
Resolution No. 1098-10

CHICO UNIFIED SCHOOL DISTRICT

First Rendering Paid Probationary Service on the Same Day

WHEREAS, Section 44955 of the California Education Code provides that the relative seniority for layoff purposes of certificated employees first rendering paid probationary service to a district on the same date shall be determined by the Superintendent on the basis of needs of the district and the students thereof;

NOW, THEREFORE, BE IT RESOLVED by the Board that:

1. The following criteria are authorized and directed to be applied, in the order listed, to determine the relative seniority of those certificated employees who first rendered paid probationary service on the same day:
   a. Possession of a credential which meets an exceptional need of the school program;
   b. Subject matter experience in an area of exceptional need;
   c. Breadth of credentials and certificates possessed in areas of need;
   d. Advanced degrees;
   e. Total years teaching;
   f. Lottery number assigned pursuant to certificated layoff effective at the close of the 2008/2009 school year, if any;
   g. All other factors deemed equal, by lot.

2. The Board hereby approves the exercise of judgment of the District Superintendent, or designee, in applying the criteria set forth above.

SCHOOL BOARD SELF-EVALUATION SURVEY

SECTION 2 – THE BOARD’S JOBS

The primary responsibilities of the Board are to set a direction for the district, provide a structure by establishing policies, provide support, ensure accountability and provide community leadership on behalf of the district and public education. To fulfill these responsibilities, there are a number of specific jobs that effective Boards must carry out. These standards highlight some of the most important ones.

Effective Boards meet these standards:

<tr>
<td>Involve the community, parents, students and staff in developing a common vision for the district focused on student learning and achievement and responsive to the needs of all students.</td>
<td></td>

<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Adopt, evaluate and update policies consistent with the law and the district’s vision and goals.</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Maintain accountability for student learning by adopting the district curriculum and monitoring student progress.</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Hire and support the Superintendent so that the vision, goals and policies of the district can be implemented.</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Conduct regular and timely evaluations of the Superintendent based on the vision, goals and performance of the district, and ensure that the Superintendent holds district personnel accountable.</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Adopt a fiscally responsible budget based on the district’s vision and goals, and regularly monitor the fiscal health of the district.</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Ensure that a safe and appropriate educational environment is provided to all students.</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Establish a framework for the district’s collective bargaining process and adopt responsible agreements.</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Provide community leadership on educational issues and advocate on behalf of students and public education at the local, state and federal levels.</td>

THE BOARD’S GOVERNANCE GOALS

Based on the Board’s discussion of team member responses to the Board and the Board’s jobs sections of the self-evaluation survey, choose two to three standards the board agrees to focus on for governance growth over the next year.

Goal 1: Establish a framework for the district’s collective bargaining process and adopt responsible agreements.

To us this means...

What we will do...

How and when we will measure improvement or success...

Goal 2: Provide community leadership on educational issues and advocate on behalf of students and public education at the local, state and federal levels.

To us this means...

What we will do...

How and when we will measure improvement or success...

Goals 3: Adopt a fiscally responsible budget based on the district’s vision and goals, and regularly monitor the fiscal health of the district.

To us this means...

What we will do...

How and when we will measure improvement or success...

SECTION 3 – THE INDIVIDUAL TRUSTEE

In California’s education system, a trustee is a person elected or appointed to serve on a school district or county board of education. Individual trustees bring unique skills, values and beliefs to their board. In order to govern effectively, individual trustees must work with each other and the superintendent to ensure that a high quality education is provided to each student.

To be effective, an individual trustee meets these standards:

<table>
<thead>
<tr>
<th></th>
<th>Always</th>
<th>Often</th>
<th>Rarely</th>
<th>Never</th>
<th>Unsure</th>
</tr>
</thead>
<tbody>
<tr>
<td>Keeps learning and achievement for all students as the primary focus.</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Values, supports and advocates for public education.</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Recognizes and respects differences of perspective and style on the board and among staff, students, parents and the community.</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Acts with dignity, and understands the implications of demeanor and behavior.</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Keeps confidential matters confidential.</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Participates in professional development and commits the time and energy necessary to be an informed and effective leader.</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Understands the distinctions between board and staff roles, and refrains from performing management functions that are the responsibility of the superintendent and staff.</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Understands that authority rests with the board as a whole and not with individuals.</td>
