7. DISCUSSION/ACTION CALENDAR

ITEM REMOVED FROM CONSENT FOR FURTHER DISCUSSION:

Item 6.2.6 Consider Approval of the Consultant Agreement for John Seibal to provide prevention/intervention work with staff and students. Board Member Kaiser asked for more details on the days/hours of the Consultant; John McKay, FVHS, and John Shepherd, PVHS, indicated they shared Mr. Seibal based on need and that Mr. Seibal worked on a fulltime basis. This year he would be 3 days at PVHS and 2 days at FVHS. Board Member Kaiser moved to approve the Consultant Agreement with John Seibal; seconded by Board Clerk Thompson.

ITEM REMOVED FROM CONSENT FOR FURTHER DISCUSSION:

Item 6.2.10 Consider Approval of the Consultant Agreement for Gutierrez Law Group to provide
specialized legal services. Board Clerk Thompson asked for more details on the Consultant Agreement; it was determined that Board Clerk Thompson wanted to clarify 6.2.9. Superintendent Staley indicated that the special education student was transferring here from another school and this law firm had been handling his case at his former school. It would be less expensive to retain the attorney who was already well informed on the student’s case. Board Clerk Kaiser moved to approve the Consultant Agreement with Gutierrez Law Group; seconded by Board Clerk Thompson.

Regarding 6.2.9, Board President Reed indicated CUSD was continuing to utilize the services of John Yeh at this law firm. Superintendent Kelly stated that CUSD has faced significant legal challenges with Charter concerns and this law firm, which specializes in this field, has been consistent in working with CUSD on Charter issues.

ITEM REMOVED FROM CONSENT FOR FURTHER DISCUSSION:
Item 6.2.11 Consider Approval of the California Interscholastic Federation (CIF) – 2010-11 Designation of CIF Representatives to the League. Board Member Kaiser asked for more details on the disproportionate imbalance on high school representatives; Superintendent Staley indicated that PVHS was down one Vice Principal and that CHS had a little more flexibility; only Principals and Athletic Directors can be designated. Board Member Kaiser moved to approve the CIF 2010-11 Designation of Representatives to the League; seconded by Board Clerk Thompson.

Board President Reed asked that Item 7.2.1 be moved to the top of the Discussion/Action calendar:

7.2 EDUCATIONAL SERVICES

7.2 1. Information: Citrus Angels
At 6:45 p.m. Michelle Sanchez, Principal at Citrus Elementary, provided information and a power point of the Citrus Angels program – the Bidwell Presbyterian Church adoption of Citrus three years ago. She praised Pam Weir, Coordinator, and Ray Johnson, Volunteer, along with the 200 dedicated volunteers who give their time and energy to work with Citrus students and the school on filling Citrus needs. Ms. Sanchez presented a commemorative plaque to Pam Weir and Chris Montgomery. Board Members Kaiser and Griffin expressed appreciation to the volunteers and praised the program.

Board President Reed asked that Item 7.2.2 follow next.

7.2 2. Discussion/Action: Approval of College Connection School Year Calendar
At 7:05 p.m. Mike Morris, Director Educational Programs, reviewed the College Connection Program – which is now in its 20th year with 70 students currently enrolled. The Program is a partnership between CUSD and Butte College providing an opportunity for acceleration and enrichment in a college setting for students. Director Morris introduced teachers Robert Quist and Elaine Ellsmore who provided information on the College Connection Program and introduced students Miguel De Los Santos, CHS graduate, Nassim Riazi and Juliet Polk, PVHS, who spoke about their positive experiences with the program. Mike Morris indicated that the College Connection calendar mirrored that of Butte College of 180 days plus some independent study. The calendar required Board approval. Board President Reed asked for comments from the audience. There were none. At 7:15 p.m. Board Member Kaiser moved to approve the College Connection Calendar for the 2010-11 school year; seconded by Board Member Griffin. Board President Reed asked for clarification on whether students could still maintain a connection with their schools. Students can still participate in school activities and that information is disseminated through counselors, parent nights and newsletters.

7.1 BUSINESS SERVICES

7.1 1. **Information: BCOE Annual Report**

At 7:15 p.m. Assistant Superintendent Combes introduced Kevin Bulterma, Assistant Superintendent at Butte County Office of Education who provided an analysis of CUSD’s 2009-2010 fiscal picture which is mandated when a school district has a disapproved budget, a qualified or negative interim or has been determined to be in a position of fiscal uncertainty. Five areas of concerns were identified: failure to maintain reserves in the 2010-11 and 2011-12 school years; deficit spending in all three years; declining enrollment; general fund encroachment; and cash flow needs show a negative balance. The District underwent an analysis by FCMAT. The FCMAT report, released in February 2010, concurred that the district would not be able to meet its obligations in 2010-11 unless $2.5 million in cuts could be made and the District did not spend cash in its other funds. The District continues to deficit spend. It will need to eliminate deficit spending to avoid a State takeover. Mr. Bulterma thanked the CUSD Business Staff for their diligent work with Sheila Vickers, the fiscal advisor assigned to CUSD, and BCOE throughout the year.

7.1 2. **Public Hearing/Discussion/Action: Tier III Flexibility Proposed Use**

At 7:29 p.m. Assistant Superintendent Combes provided information on the Tier III Flexibility requirements. As a condition of apportionment, restricted State funds can be used for General Fund purposes, including employee compensation. These funds must be identified in a public hearing separately from other general purpose funds. The funds proposed for General Fund use during the 2010-11 school year are: Deferred Maintenance, Hourly Programs, Community Day School, Morgan—Hart Class Size Reduction, CalSafe, Physical Education Teacher Incentive Block Grant, School Safety & Violence Prevention, Art & Music Block Grant, ASHSEE (Intervention) Funding, Supplemental School Counselors, GATE, IMPRP, PAR, Certificated Staff Mentoring Program, IB, Staff Dev Math/Reading, Staff Dev/English Language Learners, Specialized Secondary Programs, Pupil Retention & Promotion, Professional Development, Targeted Instructional Improvement and School and Library Improvement. The amount of these funds totaled $5.6 million or 5% of the budget. The Board needs to approve assigning these dollars for general fund purposes for the 2010-11 school year.

At 7:32 p.m. Board President Reed opened the PUBLIC HEARING. Board Clerk Thompson noted that some of CUSD’s best programs were on this list and CUSD may lose competitive edge in moving these restricted funds to the General Fund where they will be more vulnerable. Board Vice President Rees welcomed returning these funds from State Government program control back to local control. Board President Reed also welcomed local control, but voiced that this was a shell game by the State Government. Both Board Member Kaiser and Board Clerk Thompson also supported local control. There was no comment from the floor. Board President Reed closed the public hearing at 7:40 p.m. A motion to approve the Tier III Flexibility Proposed Use was made by Board Vice President Rees; seconded by Board Member Kaiser. At 7:41 p.m. Board President Reed closed the public hearing.

7.1 3. **Public Hearing/Discussion/Action: 2010-11 Annual Budget**

At 7:41 p.m. Assistant Superintendent Jan Combes thanked all those who helped in putting the Budget together and presented a Power Point which provided an historical review of the State economy and impact on CUSD 2010-2011 Annual Budget. The District plans on spending $99.2 million in 2010-11. Board President Reed asked for clarification on when a teacher comes off the layoff list and what part of the budget reflects step increases. Assistant Superintendent Feaster indicated they come off the layoff list when CUSD offers them a position, not when they are hired by another district. Assistant Superintendent Combes indicated that step increases were built into the budget – certificated step net of attrition was $800,000 or 2% and classified was $162,000 or 1%. At 8:20 p.m., the PUBLIC HEARING was opened. There were no questions from the audience and the public hearing was closed. Board Clerk Thompson moved to approve the 2010-2011 Annual Budget as presented; seconded by Board
Member Kaiser.

7.1. 4. **Information:** Reports from Employee Groups Regarding Negotiations
At 8:21 p.m. the Board received negotiation updates from CUMA by Pete VanBuskirk, CUTA by John Jenswold, the District by Bob Feaster and CSEA by Susie Cox.

7.1. 5. **Information:** Proposition 39 – Process and Procedure for Implementation
At 8:40 p.m. John Bohannon, Principal at Chico Jr. High School, and Julia Kistie, Records Technician, provided information on the law and procedures for Charter Schools and Districts to follow when Charters apply for accommodations under Prop 39. The Basic Facility Requirement is that a district makes available to each charter school operating in the school district facilities sufficient for the charter school to accommodate all of the charter school’s in-district students in conditions reasonably equivalent to those of regular schools of the district. Districts must be prepared to displace its students in order to comply with Prop 39. Operating in the school district was defined as currently providing public education to 80 or more in-district ADA, or having identified 80 in-district ADA who are meaningfully interested in enrolling in the charter school for the following year. The application process and requirements are:

- Application due November 1st of the fiscal year prior to year of occupancy. Any charter school with 85 or more in-district students may apply even if CUSD has not authorized the charter (application includes):
  - Reasonable projected ADA broken down by grade level & school where student would otherwise attend. Must project at least 80 in district ADA.
  - Operational Calendar
  - School site or geographical area Charter wishes to locate
  - Educational program information

- December 1st District to express objections, in writing, regarding projected ADA
- January 2nd Charter School must respond to CUSD objections regarding projected ADA
- February 1st CUSD provides preliminary proposal
- March 1st Charter must respond to preliminary proposal & any counter-offer
- April 1st CUSD submits final notification of facility and responds to Charter’s concerns or counter-offers
- May 1st Charter must notify CUSD if it intends to occupy offered facility

At 8:50 p.m. Board President Reed asked if the audience had any comments. A few parents from Rosendale stated their desire for more communication on charter requests which may impact their neighborhood school.

7.1. 6. **Discussion/Action:** Update CCDS Prop 1D: Second Addendum to Charter School Facilities Agreement – the modernization of CCDS current campus at 102 W. 11th Street.

At 9:00 p.m. Director Sara Simmons reviewed the status of this item to date:
Last month the Board approved at a Board Meeting -
1. Addendum to Charter Facilities Agreement between CUSD/CCDS
2. Use Agreement (CUSD/CCDS)
3. Authorize CCDS to move forward with MOU which needs to be entered into between State of California State Allocation Board, State of California School Finance Authority, the District Office and CCDS – but they have to initiate it.
4. Authorize to move forward with the funding agreement (CCDS and School Finance Authority State of California).

Prior to Board approval of those documents, representatives from CCDS who were in attendance at
that May 25 Board Meeting asked for clarification around these documents having to do with the assumption of deferred maintenance responsibilities for the campus. The concern was that Prop 1D monies were frozen at the State level. CCDS was concerned that these documents would go into effect and CCDS would be stuck with deferred maintenance without being able to move forward with the modernization.

The Board listened to those concerns and made a friendly amendment to the approval of these documents and referenced that CCDS would not be responsible for deferred maintenance until the Prop 1D money would be unfrozen by the state of California. We sent copies of the minutes to CCDS. They responded that they wished to be provided with written documentation clarifying both the assumption of deferred maintenance responsibilities, as well as the issue of term of the agreements. The addendum that is before the Board tonight simply clarifies those two requests and reflects the Board action of May 25 in written document form.

If the Board approves the Second Addendum tonight, it is CUSD's intent to send this by registered mail tomorrow morning at the earliest to CCDS so hopefully their board will be able to act on this at their next board meeting.

Board President Reed asked if there were any questions by the board. Board Member Griffin asked for clarification: the agreements that were discussed and approved at the meeting in May, those are the attachments to this addendum and simply refers to them and incorporates them by reference. Director Simmons indicated that was accurate.

At 9:04 p.m., Board President Reed asked for comments from the floor. There were none. Board Member Kaiser moved to approve the Second Addendum to CCDS Facilities Agreement; seconded by Board Clerk Thompson.

7.1. **Discussion/Action: Deferred Maintenance Five Year Plan**

At 9:05 p.m. p.m. Mary Leary, Director of Maintenance/Operations/Transportation, presented information on the status of the major maintenance needs at all sites. As part of the District’s participation in the School Facilities Program, the District is required to certify that it has publicly approved an ongoing and major maintenance plan that outlines the use of the funds deposited. The District’s deferred maintenance plan identifies the major maintenance needs at all of the school sites. The plan before the Board outlines projects that exceed $9 million over the next five years. Due to funding constraints CUSD is not going to complete these projects. Since the project must be on the deferred maintenance plan going to the State, the District tries to list as many needs as possible. That allows CUSD to complete emergency projects, recently the HVAC at CHS and the overhands at PVHS which went to Bid and are taking place this summer. Another emergency project – the holding tank at Forest Ranch was discovered with insufficient head time to order the tank. In discussion with the State, CUSD was allowed to complete the project next year. CUSD is working with Forest Ranch. The bid will go out in January 2011 and work will commence when school is over in the spring. Board approval is required on this plan and submission to the State Allocation Board. Board Member Kaiser asked if this was site specific or general. Director Leary indicated they do a detailed spreadsheet, used for planning purposes and backup. Board President Reed noticed that item 10 was blank. Director Leary indicated that item 10 should be filled in – all school sites including charters. The Corp Yard and Administrative Office is not listed because they don’t qualify. Board President Reed asked for comments from the floor. Susie Cox asked if floor coverings included rugs; it does. At 9:15 p.m. Board Member Kaiser moved to approve the 5-Year Plan, with Area 10 completed with the school names where the area projects are planned; seconded by Board Vice President Rees.

7.1. 8. Information: Summer Cleaning Schedule/Update

At 9:16 p.m. Director Leary indicated this was the second year of team cleaning. Each team will be at three sites during the summer. All gym floors will be refinished by district staff, more cost effective in-house. Direct Leary reviewed the cost savings since the program began - $58,000 down to $15,500. Additionally, a switch to an oil based system (rather than water based) on the gym floors, proved to be more economical. Board President Reed asked for comments from the floor. There were none.

7.1. 9. Information: Measure A – Phase III Committee Recommendations on Architectural Pool & Project Assignments

At 9:20 p.m. Mike Weissenborn, Facilities Planning/Construction Manager, provided an update on the status of the Committee Recommendations. The committee was comprised of Kathy Kaiser, Rick Rees, Jim Hanlon, John Shepherd, Eric Nilsson and Mike Weissenborn, with an assist from Bob Michael and Julia Kistle. They reviewed 26 statements of qualifications and selected 7 for further interviews. From those interviews they selected a final four: Nichols Melburg & Rosetto Architects for the PVHS projects; Stafford King & Wiese Architects, with locally known architect Allan Chambers, for the CHS project and NTD Architects to assist with Inspire. They are still considering the fourth firm and will discuss further. Mr. Weissenborn reviewed the status of Phase I – PAC; Phase II – CHS; and their funding sources. Other projects are CTEAC Program – Williams Theatre Modernization, Media & Arts Entertainment Program and the improvements for the Ag program. Mr. Weissenborn also discussed the ways in which he was able to leverage monies received from grants and the State to get as much bang for the buck as possible on these projects and how he positioned CUSD to be in line for receipt of funds, hopefully, early this school year. At 9:38 p.m. President Reed asked for comment. There was none. Board President Reed indicated that the item would come again before the Board at the June 30 meeting as a consent item.

7.2 3. Information: Before and After School Programs

At 9:40 p.m., Director Janet Brinson provided information on the Before and After School Programs, ASES and 21st Century. 2.1 **BUSINESS SERVICES**

1. **Discussion/Action:** Covered Walkway Re-roof at Pleasant Valley High School – Emergency Dry Rot Repairs
   
   At 6:01 p.m. Michael Weissenborn explained that when Four Seasons Roofing ripped off the existing roofing on a covered walkway on the Pleasant Valley High School campus, it was discovered that there was an urgent need for major dry rot repairs to be completed as soon as possible. In cases of emergency when repair or replacements are necessary, the District can complete the work without going through the lengthy bid process with 4/5ths of the Board’s approval. The extent of the dry rot was reviewed by the project structural engineer and it was determined the repairs should be conducted by a General Contractor rather than a Roofing Contractor. Therefore, the recommendation is to enter into an agreement with Broward Builders to complete the dry rot repairs since they are currently completing the Center for the Arts on the PVHS campus and have extensive experience with the type of structural systems of the covered walkway, have personnel currently working on the site and they have the ability to expedite the procurement of materials for the necessary repairs. Board Member Kaiser recommended entering into an emergency contract with Broward Builders to make the necessary dry rot repairs on a time and material basis; seconded by Board Clerk Thompson.

5. DISCUSSION/ACTION CALENDAR

ITEMS REMOVED FROM CONSENT FOR FURTHER DISCUSSION:
Item 2.1, Consider Approval of the Consultant Agreement with 100 Percent Learning Fun Center to Provide Tutoring to Students;
Item 2.2, Consider Approval of the Consultant Agreement with The Community College Foundation to Provide Tutoring to Students;
Item 2.3, Consider Approval of the Consultant Agreement with Creative School Resources and Research to Provide Annual Evaluation for After School Programs;
Item 2.4, Consider Approval of the Consultant Agreement with Professional Tutors of America to Provide Tutoring to Students; and
Item 2.5, Consider Approval of the Consultant Agreement with Syntelsys Inc. (Academic Tutoring Services) dba Academia de Servicios de Tutoria to Provide Tutoring to Students.

Board Member Kaiser noted the above Consultant Agreements were for tutoring services from companies outside of our region and felt the public needed to know why no local agencies were selected. Director Janet Brinson explained companies must be approved by the State Board of Education and there are no local providers approved by the State Board of Education.
Item 2.6, Consider Approval of the Consultant Agreement with Butte County Probation Department and Item 2.7, Consider Approval of the Consultant Agreement with Butte County Probation Department for a Probation Officer.

Board Member Kaiser noted these two Consultant Agreements will be paid with ARRA funds, which end in December, and asked for clarification. Assistant Superintendent Combes explained the ARRA funds are available for use until September 2011 and it is best that these funds be spent down. Board Member Kaiser moved to approve Items 2.1 through 2.7; seconded by Board Vice President Rees.

5.1 BUSINESS SERVICES

1. **Discussion/Action:** Chico High School Parking Lot “A” Procedures/Permit Fee
   
   At 6:09 p.m. Assistant Superintendent Combes explained she had worked closely with CSUC, the Chico Police Department, and the surrounding neighborhood committee regarding leasing spaces on “Lot A”, the CUSD parking lot on the corner of Warner and W. Sacramento Streets. She reviewed the proposed rules and regulations, rates and budget and addressed questions from the Board. At 6:50 p.m. the floor was opened to public comment and neighborhood citizens shared concerns regarding increased traffic, lack of parking and lack of police enforcement. At 7:17 p.m. public comment was ended. After additional discussion by the Board, Board Member Kaiser moved passage of Item 5.1.1. with the following changes: permits will be issued for a half-year and a full year, CUSD will have the option of changing the fee, if necessary; the permit form will allow up to two vehicles/tag; the profits will be retained in a designated account for facility related projects at all CUSD schools, rather than limited to CHS facility related projects and will be approved by the Board annually. Board Clerk Thompson questioned whether legal counsel had been obtained regarding liability and Assistant Superintendent Combes stated legal counsel had been consulted and had provided appropriate wording. Board Vice President Rees seconded the motion. After the vote, Board Vice President Rees suggested that traffic/parking lot issues at all CUSD sites be addressed at a future board meeting.

PROPOSED AGENDA  
ITEM: Contract with School Services of California to Provide Panel Member for Fact Finding

Prepared by: Bob Feaster, Assistant Superintendent of Human Resources

☐ Consent  
Board Date August 18, 2010

☐ Information

☐ Discussion/Action

Background Information:
On August 5, 2010, the mediator assigned us by the State Mediation and Conciliation Service assigned to our negotiations with CUTA informed the Public Employment Relations Board (PERB) that she has "...been unable to effect a settlement in this matter, and I believe that fact finding is appropriate to the resolution of the impasse."

Fact finding is a process that involves a three (3) person panel that will hear the "facts" of the matter as presented by both sides. The District and CUTA each pick one member of the panel with the third member being an agreed upon "neutral" person. The District plans to appoint Ron Bennett as our member of the panel. Mr. Bennett is the President/CEO of School Services of California. He is one of the foremost authorities in the state with respect to school finances.

The amount incurred by the contract while not specified will likely reach the amount requiring Board approval. We will monitor the costs in the District’s and public interests.

Educational Implications:
None

Financial Implications:
The precise cost of the services is unknown at this time but will likely exceed $5,000.
AGREEMENT FOR SPECIAL SERVICES
Factfinding

This is an agreement between CHICO UNIFIED SCHOOL DISTRICT, hereinafter referred to as "Client," and SCHOOL SERVICES OF CALIFORNIA, INC., hereinafter referred to as "Consultant," entered into as of August 3, 2010.

RECATALS

WHEREAS, the Client needs assistance regarding services relative to factfinding; and

WHEREAS, Consultant is professionally and specially trained and competent to provide these services; and,

WHEREAS, the authority for entering into this agreement is contained in Section 53060 of the Government Code and such other provisions of California law as may be applicable;

NOW, THEREFORE, the parties to this agreement do hereby mutually agree as follows:

1. The Consultant agrees to assist the Client as directed by the Superintendent or Superintendent's designees with issues for services relative to district collective bargaining negotiations as mandated by Sections 3540, et al., of the California Government Code.

2. The Client agrees to pay Consultant $255 per hour, plus expenses, to review budget and negotiation documents, provide preliminary consultation, and perform other services required prior to or beyond the initial negotiation stage. Time spent by the SSC Consulting Coordinator will be billed at $135 per hour. Time spent by SSC support staff to prepare materials will be billed at $95 per hour.
   a. "Hours" are defined as hours of direct service to the Client, as well as reasonable travel time to and from the Client's site.
   b. "Expenses" are defined as actual, out-of-pocket expenses, such as transportation, lodging, meals, long-distance telephone charges, cellular telephone charges, fax, postage, and duplication.

3. This Agreement shall be for the period commencing August 3, 2010, and terminating December 31, 2010. It may be terminated at any time prior to December 31, 2010, by
either party hereto on thirty (30) days notice. In case of cancellation, the Client shall be liable for any costs accrued as of the cancellation date.

4. It is expressly understood and agreed to by both parties that Consultant, while carrying out and complying with any of the terms and conditions of this Agreement, is an independent contractor and is not an employee of the District.

PROPOSED AGENDA ITEM: Reports from Employee Groups Regarding Negotiations

Prepared by: Kelly Staley, Superintendent

☐ Consent

☐ Information Only

☒ Discussion/Action

Board Date August 18, 2010

Background Information
The following employee groups have been reporting to the Board at Regular Board meetings:
- CSEA (California School Employees Association, Chapter 110)
- CUMA (Chico Unified Management Association)
- CUTA (Chico Unified Teachers Association)
- The District

The Board will discuss whether these reports have been informative and useful and whether the Board wishes to continue to agendize these reports on each Board meeting.

Education Implications
These reports inform the Board and community of impact of negotiations on educational programs and services.

Fiscal Implications
The reports inform the Board and the community regarding progress made in negotiations as well as potential impact on the District’s negatively certified budget.
PROPOSED AGENDA ITEM: Grants and Resource Development Update

Prepared by: Liz Metzger

Consent
X Information Only
___ Discussion/Action

Board Date: August 18, 2010

Background Information

Grant funding is an increasingly important supplement to our budget, and a way to develop and maintain quality programs and options for students. The Chico Unified School has had relatively good success through the years with competitive grants from both the state and the federal government. During the past year, as state education budgets across the country have dwindled, the number of applicants for federal grants has increased significantly. Yet the amount of funding devoted to federal competitive grants has also increased, making federal grants an area worth continuing to pursue. In the past two years, through the efforts of multiple individuals in the district, we have been awarded $6.29 million in competitive grants. By October 1, 2010 we expect to hear about five more that—if awarded—would bring in another $6.5 million.

Education Implications

As will be presented at the August 18 Board meeting, the grants received during these past two years support and improve student learning through the development of programs (such as the construction academy at Fair View), through adding technology and other supplies to classrooms, and through enhancing the learning environment (by offering a Healthy Start program at McManus, and by increasing emergency readiness and school safety districtwide).

Fiscal Implications

Grants received by the district generate indirect costs at the state-approved rate (3.13% for 2010-11); these costs go into the general fund. Additional payments to the district for specific grant-related services (mid-year and end-of-year reports, evaluations, etc.) are written into grants where appropriate.
PROPOSED AGENDA ITEM: Safe Schools

Prepared by: Bernard Vigallon

☐ Discussion/Action

Background Information

Mr. Vigallon will give a brief overview of 2009-2010 and goals for 2010-2011.

Educational Implications

This ongoing program will continue to be implemented for/with all CUSD schools.

Fiscal Implications
PROPOSED AGENDA ITEM: Update on Chico Country Day School Proposition 39/Proposition 1d

Prepared by: John Bohannon, Julie Kistle, and Mary Leary

☐ Consent  
☐ Information Only  
☐ Discussion/Action

Board Date August 18, 2010

Background Information
California school districts are required by law to provide housing for charter school students. In accordance with the law, CUSD made a Proposition 39 offer to Chico Country Day School (CCDS) that included three classrooms for instruction on the Rosedale campus. CCDS accepted this offer. This is an update on the progress of the Facilities Use Agreement between CCDS and CUSD for these classrooms.

In addition, the CUSD board approved the Prop 1d use agreement and addendum that had previously been approved and signed by the CCDS board. CCDS later asked to negotiate some of the items in this agreement. The board will also be updated on these discussions.

Educational Implications
Currently CCDS is planning to occupy three classes on the Rosedale campus. This will require two schools to share space on the same campus.

Fiscal Implications
California school districts are required by law to provide housing for charter school students, even though the district does not receive funds for the charter school students.

The use of our facilities by charter schools is a negative impact on the budget on two fronts. First, they reduce enrollment in district schools. Secondly, the district is required to spend remaining resources to provide facilities and negotiate agreements that often involve attorney fees due to the complexity of the issues.

CUSD must establish clear and transparent agreements with its charter schools with the intent of protecting and maintaining our limited resources to the maximum extent permitted by law, as well as providing reasonably equivalent facilities for in-District charter school students in compliance with applicable law.
PROPOSED AGENDA ITEM:  Board Policy 1330 Use of School Facilities

Prepared by:  Jan Combes, Assistant Superintendent, Business Services  
Michael Weissenborn, Facilities Planning/Construction Manager  
Kip Hansen, Director of Maintenance and Operations/Transportation

☐ Consent  
☐ Information/Discussion  
☒ Discussion/Action

Board Date  August 18, 2010

Background Information:
Board Policy 1330 is up for review and revision. The proposed change is identified in the strikeouts and bold print on the attached draft. Note that the policy is in alignment with language suggested by the California School Boards Association (CSBA) other than the italicized letters which are added by the district for emphasis.

Financial Implications
Previous policy provided free use of district facilities and grounds to non-profit youth groups, co-curricular (i.e. associated student body groups), and school-connected organizations (such as Parent Teacher Organizations and Associations).

The proposed policy identifies that all groups will be charged at least direct costs. Direct costs is defined as the cost of supplies, utilities, janitorial services, and the services of other district employees and the salaries necessitated by the group’s use of the facilities or grounds.

There are many current agreements, both verbal and written, that provide use of our schools and grounds to outside groups. Some of these agreements have been made directly with school sites, bypassing the Facility Use Agreements managed by the Maintenance and Operations Department at the Corporation Yard.

After the Board revises Policy 1330, the Superintendent and designated staff will work to revise the administrative regulations, putting procedures in place to enact the change over the course of the 2010-11 school year. As agreements are put in place for 2010-11, the change in policy will be applied. It is expected that several existing agreements with community groups, and others, will require review and potentially some agreements may not be able to be changed until 2011-12.

It is unclear at this time what the financial implications will be. The change should result in abatement of some cost for facilities use that is currently going unreimbursed. The change in policy will also help to ensure that some of the operational costs associated with the new Center for the Arts are reimbursable, when that facility is used for purposes other than direct instruction to students.
USE OF SCHOOL FACILITIES

The Board of Education recognizes that district facilities and grounds are a community resource and authorizes their use by community groups for purposes provided for in the Civic Center Act when such use does not interfere with school activities.

(cf. 6145.5 - Student Organizations and Equal Access)

All school-related activities shall be given priority in the use of facilities and grounds under the Civic Center Act. Thereafter, the use shall be on a first-come, first-served basis.

The Superintendent or designee shall maintain procedures and regulations for the use of school facilities and grounds that: (Education Code 38133)

1. aid, encourage and assist groups desiring to use school facilities for approved activities;
2. preserve order in school buildings and on school grounds and protect school facilities, designating a person to supervise this task, if necessary; and
3. ensure that the use of school facilities or grounds is not inconsistent with their use for school purposes and does not interfere with the regular conduct of school work.

Fees

The Board shall grant the use of school facilities or grounds without charge to school-related organizations whose activities are directly related to or for the benefit of district schools. Other groups requesting the use of school facilities under the Civic Center Act shall be charged at least direct costs.

The Board believes that the use of school facilities or grounds should not result in costs to the district. The Board shall charge at least direct costs to all groups granted facility use under the Civic Center Act, including non-profit youth groups and school-connected organizations.

Groups shall be charged fair rental value when using school facilities or grounds for entertainment or meetings where admission is charged or contributions solicited and net receipts are not to be expended for charitable purposes or for the welfare of the District’s students, as required by Education Code 38134.

Title: Facilities Update – Project progress during summer break

August 18, 2010

Prepared by: Michael Weissenborn, Facilities Planner/Construction Manager

Background information

The purpose of this item is to update the Board of Education on the status of projects which were completed, or are currently in progress, over the summer of 2010. These projects include the CUSD Center for the Arts, the new classroom building at Chico High School, the Arts, Media and Entertainment career and technical education (CTEFP) project at Chico High School and the Agriculture and Natural Resources career and technical education project at Chico High School. In addition, the District is currently circulating a Request for Proposals for Power Purchase Agreements for Solar Power to be put in place on District sites.

Educational Implications

The District’s Strategic Plan states: “A safe, nurturing and inspiring environment is essential for individuals to thrive.”

Fiscal Implications

The Center for the Arts is being funded with Measure A funds. The new classroom building at Chico High School is also funded by Measure A. The two CTEFP projects at Chico High School are funded by Proposition 1D Career Technology Grants. The District is utilizing a portion of the new classroom building as the match for these grants. Measure A funds cannot be used for General Fund expenditures.

Measure A - Phase 1 – CUSD Center for the Arts

The Center for the Arts is 98% complete. The remaining items to be completed include a low voltage lighting system for the gallery, display cases in the lobby, the delivery and installation of an orchestra pit cover and other minor components. The Theater has been utilized for a Board workshop, the Pleasant Valley High School Freshman Parents Orientation and a Pleasant Valley High School faculty meeting. We are working at scheduling events in the near future including the “Arts for All” Gala scheduled for October 29, 2010. A draft set of proposed procedures for the use of the facility is currently circulating for input.

Classes are underway in the Band and Choir classrooms. Band Camp was held in the Band Classroom during the week of August 2.

Measure A – Phase 2 – Permanent Classrooms at Chico High School

The Chico High Classrooms project is nearing completion. The exterior of the buildings are largely complete and the focus of the work is on the interior improvements. The project consists of 18 classrooms, 3 laboratories, staff offices and collaboration rooms, a large public meeting space, restrooms and other support facilities.

One of the first steps at the beginning of the project was to establish a set of memorable goals to measure the project outcome against. These goals are:

- Develop engaging environments that support and encourage all learners and teachers.
- Provide supportive intervention strategies which improve student performance and attitudes.
- Create a welcoming environment that improves community pride and embraces school and community history.
- Improve student learning by enhancing staff interaction and collaboration.
- Provide students with expanded educational choices and opportunities that change and adapt to their needs.

The project is the District’s first Collaborative for High Performing Schools (CHPS) certified project. CHPS focuses on improving the learning environment by utilizing sustainable design and materials.
Chico High School Arts Media and Entertainment (AME) CTEFP Project

The AME CTEFP project is made of multiple components. The District is contributing two of the classrooms being constructed in the new Classroom Building as a match against State funds. Modifications and additions to the Williams Theater and the I-Tech Building are being completed under a separate contract. In addition to the facility additions and improvements the grant is funding equipment purchases. These purchases have largely been completed over the summer. The Williams Theater improvements will be completed this fall.

Chico High School Agriculture & Natural Resources CTEFP Project

The Agriculture & Natural Resources CTEFP project is made of multiple components. The District is contributing a laboratory being constructed in the new Classroom Building as a match against State funds. Modifications and additions to the Ag shop have been completed under a separate contract. Modifications are also being made to the greenhouses. In addition to the facility additions and improvements the grant is funding equipment purchases.

Solar Power Purchase Agreement RFP

The District has been utilizing the services of Newcomb Anderson and McCormick Energy Engineering and Consulting to determine the feasibility of developing solar power on District sites and to structure an RFP to determine if these approaches are viable for the District. Invitations were sent out to over 50 firms. A site walk has been conducted and the RFPs are due to the District on August 19, 2010.
PROPOSED AGENDA ITEM: Refinancing of 1998 Construction Bonds

Prepared by: Jan Combes, Assistant Superintendent, Business Services

☐ Information/Discussion

☐ Discussion/Action

Board Date August 18, 2010

Background Information:

In 1998 the district authorized the sale of facilities bonds that were tied to two different bond elections.

As a result of the current competitive interest rates, we have been approached about refinancing the bonds by two companies that could coordinate the competitive bidding process on our behalf.

Financial Implications

It is estimated that refinancing at this time could reduce the burden on the local taxpayer by about $1.43 million in expectation of a reduced interest rate.

Both firms are providing us estimates of what the costs of issuance would be.

There would be no general fund impact as the cost of issuance is included as part of the debt service when, and if, the refinancing occurs.

Recommended Action

The Board will discuss the feasibility of refinancing 1998 Series A and 1998 Refunding of General Obligation Bonds (from a 1988 election) and provide direction to staff regarding the selection of a vendor to coordinate the competitive sale. No action needed at this time.
