Background Information

For the past 15 years, the Senior AP classes at Chico High have travelled to Ashland, Oregon to see world-class performances of the literature we study in class.

Education Implications

As a result of these trips, we derive powerful insights into the meanings and implications of the literature. In addition, these deeper understandings of the works provide students additional resources for their efforts on the AP test in May.

Fiscal Implications

We raise our own funds. We need $135 per student.

Prepared By: Janet Brinson

☐ Discussion/Action

Board Date: October 20, 2010

Background Information

As part of a larger district effort to support English learners, Chapman Elementary School moved assertively in the summer of 2010 to begin building a foundation for intensified, grammar-based English language development instruction. The school, like others in the district, enrolls a high percentage of English learners, with more than 50% possessing an English-language performance profile that can be described as “fossilized intermediate”. Together with English learners at CELDT levels beginning and early intermediate, this student population has a substantial impact on the school’s ability to meet state and federal English-learning and academic standards.

Education Implications

Site and district leaders have expressed an interest in exploring how the precepts, methods and teacher development support services employed in the early-back intensive ELD program can be generalized to a larger teacher pool and student population during the 2010-11 school year. This process will also assist the ELD specialists and other district-wide staff gain important knowledge and skills to design, develop, implement and monitor and accelerated ELD program at their respective sites.

Fiscal Implications

There is no impact to the general fund.

PROPOSED AGENDA ITEM:  Monthly Enrollment and ADA Report (1st School Month)

Prepared by:  Jan Combes, Assistant Superintendent, Business Services

Board Date  October 20, 2010

☐ Information

☐ Discussion/Action

Background Information:
On February 20, 2008 the Board received the Fiscal Recovery Plan as prepared by Sheila Vickers, fiscal advisor to the district. The plan recommended that the Board receive monthly updates of enrollment and ADA.

Education Implications:
Monitoring of enrollment is critical to ensuring that classes are of the appropriate size and configuration, ensuring that instructional opportunities are provided for all students.

Fiscal Implications/Analysis of Attached Reports:

Enrollment:
As of the end of the first school month on August 27, we had 124 fewer students than this same time last year. 263 of these students are in Inspire, an internal charter school, which drive separate funding.

The district projected 12,048 students for 10-11 which included 280 for Inspire and 11,768 for non-charter students. On August 27 there were 12,200 students which included 263 for Inspire and 11,937 non-charter students. As of the end of the first school month it appears that enrollment exceeds expectations by 169 across all schools of the district.

ADA:
As of the end of the first school month, average daily attendance was 11,830, including 243 from Inspire. ADA divided by enrollment produces a rate of 96.95%. Over the course of the year ADA to enrollment will be about 95% due to both excused and unexcused absences increasing after the flu season hits, and because more students come to school on a regular basis at the beginning of the year.

We have projected ADA of 11,387 in the budget, including 266 for Inspire. At the moment ADA for Month 1 is 11,830 which exceeds prior year by 289, and exceeds budget projections by 443! This characteristic is heavily influenced by the fact that school has only been in session for few weeks, and will be evaluated at First Interim for the impact this will have on our Multi Year Projections. Increased ADA will impact our 2011-12 budget but has no effect on 2010-11 because we are funded on prior year ADA of 12,148.

B. The status of any project required or authorized to be funded as identified in subdivision (a) of section 53410. Section 53410 states, “On or after January 1, 2001, any local bond measure that is subject to voter approval that would provide for the sale of bonds by a local agency shall provide accountability measures that include, but are not limited to, all of the following: (a) A statement indicating the specific purposes of the bond.”
The Measure A Bond ballot asked, "Shall Chico Unified School District construct an additional high school to reduce classroom overcrowding; build and renovate additional classrooms and school facilities; renovate school bathrooms; replace old heating, cooling and ventilation systems; repair worn-out playgrounds and pavement; improve student drop off zones in front of elementary schools; acquire a school site and classrooms; and install wiring to support classroom technology by issuing $48,725,000 of bonds at an interest rate within the legal limit?"

Measure A, Series A issued $18,000,000 worth of bonds in 1998. A portion of these bonds have been used for various facilities improvement projects throughout the District.

On September 19, 2007 the Board of Education adopted Resolution Number 998-07, enclosed. This resolution is significant in that it recognizes that the students projected in 1994-95 to be at our high schools had not materialized, and also that changes in educational delivery were dramatically different then when the bond was passed.

Following several meetings with the community regarding potential use of project funds, the Board directed staff to proceed with the development of a Performing Arts Center at Pleasant Valley High School and new permanent classrooms at Chico High School utilizing Measure A proceeds at their December, 2007 meeting.

In addition to these two major projects, staff developing a list of additional projects which will meet the existing high schools facility needs. In order to meet these additional needs, Bond Measure A, Series B in the amount of $30,725,000 was authorized on March 26, 2008, by Board Resolution #1015-08.

The Performing Arts Center at PVHS designed by Nichols, Melburg and Rossetto is the final stages of construction by Broward Builders with an estimated completion date of October 2010. Total project costs are expected to be $11,000,000. The New Classroom project at Chico High School designed by DLR Group is under construction by Modern Building with an estimated completion date of December 2010. Total project costs are expected to be $13,000,000. Both of these projects are utilizing the lease-leaseback delivery system.

The District has made a commitment to leverage bond funds by applying for State School Facility Program dollars. The passage of Proposition 1D included special funding to support the development of Career Technology facilities. Local bond dollars have matched by over $2 million in state school building funds as a result of careful planning and prioritization of bond needs for career technical education:

A. Modernization and renovation of Unit E at PVHS for the Welding Technology and Building Trades grant. A commitment of $352,807.92 for bond funds was made to match a $250,000 grant from CTEFP. This project was completed in April 2010 at a total cost of $602,807.92.

B. Modernization and renovation of the Williams Theater, I-Tech classrooms and construction of two new classrooms in the New Classrooms building project at Chico High School, for the Arts, Media and Entertainment Industry grant. The State is recognizing $963,223 of the New Classroom Building as the District's match for a $963,223 grant from CTEFP, pending audit.

C. Build an Agriculture science laboratory and renovate the Agriculture classrooms and covered work area. The Agriculture science laboratory will is located in the New Classrooms building project at Chico High School. The State is recognizing $831,872 of the New Classroom Building as the District's match for an $831,872 grant from CTEFP, pending additional approvals.
D. Modernization and renovation of two classrooms at PVHS for the Hospitality and Tourism grant. A commitment was made to use $473,447 of bond proceeds to match a $473,447 grant from CTEFP, pending additional approvals. During the programming portion of this project, it was determined that the actual project cost would be in excess of $2 million, far exceeding the projected grant allowance. This project has been discontinued.

The District is continuing to identify additional projects appropriate for completion with the remaining Measure A funds. As determined by community input during 2007, these projects include a new field house at CHS, modernization or replacement of Lincoln Hall at CHS, new classrooms on the PVHS campus, permanent classroom facilities for Inspire School of Arts and Sciences, additional Alternative Education facilities and other support facilities. This list far exceeds Measure A funding and requires prioritization by the Board. Discussion is scheduled to occur during 2010-11.

PROPOSED AGENDA ITEM:  Adding Junior Varsity Girl’s Soccer

Prepared by:  Pam Jackson, PVHS Athletic Director

☐ Consent  Board Date  October 20, 2010

☐ Information Only  

☒ Discussion/Action

Background Information

Through surveys sent out to students, student participation, and Athletic Director interviews, we see a need to add Junior Varsity girl’s soccer to our athletic opportunities at both Chico High and Pleasant Valley High schools. They would play in the EAL with the four Redding schools and Red Bluff.

Educational Implications
This would allow more girls to be involved in sports at the high schools, thus keeping more kids connected to their school

Fiscal Implications
This would be a self-funded program.
Junior Varsity Soccer Proposal

Add a junior varsity girl’s soccer team for the upcoming 2011 season at Chico and Pleasant Valley High School

Purpose: To get more female athletes involved in athletics at the two high schools.

The league will consist of: Red Bluff, Enterprise, Foothill, Shasta, and U-Prep
   The Varsity team already plays each of these teams in league.
   Teams would travel together on a bus and play back to back as all of the above
   listed teams have turf fields
   Our home game times would need to be moved up to make accommodations for
   light

Uniforms: Each school has uniforms that the JV can use
   Teams would be allowed to fundraise to purchase new ones if they choose

Equipment: Each school has enough equipment for the JV to use
   Teams would be allowed to fundraise to purchase new equipment

Fields: The JV and varsity teams would have to share the existing field
   This is already done with field hockey

Officials: The officials cost will be approximately $1300.00 (based on the bill recently
   received for the boys officials)

Coaches Stipend: The stipend can vary from 1336.00 up to nearly 4000.00.

This would need to be a self funded program like boys volleyball and ski team. We feel
that it would not be fair to add any more financial burden on the already strapped booster
programs. Teams would be allowed to participate in the car give-away fundraiser.
PROPOSED AGENDA ITEM: Charter Review Committee Recommendation – Wildflower Open Classroom

Prepared by: John Bohannon

☐ Consent  Board Date  October 20, 2010

☐ Information Only

☒ Discussion/Action

Background Information
Wildflower Open Classroom intends to serve students in grades K-8, using Open Classroom philosophy. A proposed charter petition was delivered to the district in August. Per Education Code, a public hearing for Wildflower Open Classroom followed. The District Charter Review Committee has examined the petition, discussed areas of concern with the petitioners, and received revisions to the original document addressing our concerns. By mutual agreement of the petitioners and the district, the timeline for a decision from the CUSD board was extended an additional thirty days.

Educational Implications
Students from throughout our area will have another educational option.

Fiscal Implications
The proposed school intends to be direct funded, which means that any ADA generated will flow back to the school and will not come to CUSD.

Additional Information
The founders group has had on-going communication with Charter Liaison John Bohannon throughout the process. If approved, the Wildflower founders intend to apply for a Charter School grant from the state, use the 2010-11 school year to plan and open with students for the 2011-12 school year.
PROPOSED AGENDA ITEM: Update on State Budget 2010-11

Prepared by: __________________________

Background Information

On Friday October 8, the Governor signed the State Budget. The budget is significant in that it is Governor Schwarzenegger’s last budget in office and it is 100 days late.

Educational Implications

Having a delayed state budget makes it more difficult for school districts to plan effectively.

Fiscal Implications

The budget is an improvement over the May Revise projections. It may, however, be somewhat unrealistic. The state budget counts on improved state revenues from economic recovery and additional federal money that may or may not materialize.

It produces about $3 million more for Chico USD than previously expected. It also puts in place a new mid-year deferral. Schools will receive zero revenue limit income for the current school month (October, 2010) and will also shift more money due in June, 2011 out to August, 2011. So while income has improved, cash flow has been negatively impacted.

Jan Combes will provide a brief informational report. The working budget is in process of revision, which is scheduled for approval as part of the First Interim on December 15, 2010.
PROPOSED AGENDA ITEM: Allocation of One-Time Federal Funds

Prepared by: Jan Combes, Assistant Superintendent, Business Services

☒ Discussion/Action

Board Date October 20, 2010

Background Information

Senate Bill 847 (Chapter 220, Statutes of 2010) was approved on September 10, 2010 providing $1,067,888,104 in federal monies under the Education Jobs Fund, and representing 90% of $1.2 billion dollars provided to support kindergarten through twelfth grade education. Chico Unified School District is scheduled to receive $2,117,109.

Assembly Bill 185 provided the authority for the state to distribute an additional $271 million in funding for K-12 schools for Phase II of the State Fiscal Stabilization Fund program designed to stabilize local school budgets. This program will provide an estimated $553,840 for Chico Unified School District.

Educational Implications

These dollars were provided by the federal government for the intended purpose of retaining existing employees, or to recall or rehire former employees, and to hire new employees in order to provide education services.

Fiscal Implications

A total of $2,670,949 in one-time funds is made available for use through the end of the month of September, 2012. Interest earned on these funds must be returned to the federal government.

Recommendation:

Allocate the use of these dollars for unrestricted general fund payroll costs incurred during the month of September, 2010, thereby expending the dollars quickly and expeditiously and minimize the interest earned on unspent funds. Authorize staff to expend these monies on site level employees including teachers, clerical support staff, and site level administration. This expense is intended to reduce general fund, unrestricted costs on one-time basis for 2010-11.
TITLE: Solar Power Purchase Agreement

Action  
Consent  X  
Information  

October 20, 2010  

Prepared by: Michael Weissenborn, Facilities Planner/Construction Manager

Background Information
On April 7, 2010 the Board authorized Staff to enter into a consultant agreement with Newcomb Anderson McCormick Energy Engineers (NAM) to assist the District in pursuing savings attainable by energy conservation and the production of renewable energy through photovoltaic (PV) systems. The responding proposers were Borrego Solar, Chico Electric, Enfinity-DRI and Solar City.

With professional assistance from NAM, the District has completed a feasibility analysis to determine which district sites are appropriate for the development of PV systems, circulated an RFP for Power Purchase Agreements, and interviewed and evaluated proposals from solar energy firms. Russell Driver with NAM facilitated the review of the proposals and will be discussing the analysis as well as staff recommendations with the Board.

Educational Implications
The District’s Strategic Plan states: “A safe, nurturing and inspiring environment is essential for individuals to thrive.”

Fiscal Implications
Part of the feasibility analysis includes reviewing the proposals in the context of a power purchase agreement (PPA) and the context of ownership by the District. The PPA would involve the solar improvements being financed by the provider, and District ownership would involve the District financing the improvements. These two options require further analysis as part of the negotiations with the proposed provider.

Recommendation
It is requested that the Board of Education authorize the Assistant Superintendent, Business Services to begin negotiations in order to explore addition value and cost saving options with the selected vendor.
PROPOSED AGENDA ITEM: Public Disclosure of AB 1200 Document and Approval of a Tentative Agreement between CUSD and CUTA

Prepared by: Jan Combes, Assistant Superintendent of Business Services
Bob Feaster, Assistant Superintendent of Human Resources

☐ Consent

☐ Information

☒ Discussion/Action

Board Date October 20, 2010

Background Information
In accordance with Assembly Bill 1200, Statutes of 1991, Chapter 1213 and with Government Code Sections, 3547.5 and 3540.2, the District is required to disclose the financial implications of a collective bargaining agreement. The Board of Education (District) is also required to approve the tentative agreement, as is the Chapter, prior to the agreement being put into effect.

Discussion
On Friday, October 8, 2010 the District and the Chico Unified Teachers Association (CUTA) reached a tentative agreement regarding negotiations for the 2009/10, 2010/11 and 2011/12 school years. The agreement provides the following:

- Two (2) unpaid furlough days for the 2010/11 school year. One (1) day will be a student attendance day and one (1) day will be a student non-attendance day.
- Two (2) unpaid furlough days for the 2011/12 school year. One (1) day will be a student attendance day and one (1) day will be a student non-attendance day.
- CUTA relinquishes its claim to changes in the medical plan for the 2010/11 school year.
- The negotiations process was modified such that the parties will exchange initial proposals on the February 1 in the year prior to the year to be bargained and the proposals will be presented at the next meeting of the Board of Education. Negotiations will begin no later than eight (8) days after that meeting of the Board of Education.
- The District and CUTA will establish two voluntary unpaid committees to explore;
  - Retirement incentives that create savings for the District
  - Improve the percentage of the current rate of student attendance
- The District agreed to withdraw its letter giving notice of its intent to reopen the entire contract in August 2012.

The agreement also provides "triggers" should the actual funded Base Revenue Limit (BRL) increase or decrease.

- Should the BRL increase by $50 the District will eliminate one (1) of the furlough days.
- Should the BRL decrease by $100 the District and CUTA agree to immediately reopen negotiations.
- The District agreed to withdraw its letter giving notice of its intent to reopen the entire contract in August 2012.
Educational Implications:
The agreement will require that the student calendar be reduced by one (1) day each for the 2010/11 and 2011/12 school years. This will change the number of student instructional days for each of those years from the current 180 to 179. The specific date will be determined by the District in consultation with CUTA.

Financial Implications:
The concessions provide an estimated $781,226 in budget savings for 2010-11, 2011-12 and $301,000 in 2012-13.

In disclosing this agreement, the District identifies new revenues. The Federal Jobs Bill and American Recovery and Reinvestment Act School Fiscal Stabilization Funds Phase II, totaling about $2.6 million, was discussed in the previous Board action to be used to offset other unrestricted general fund salaries and benefits at the site level. In addition, this agreement was made dependent on the state budget which was signed by the Governor on Friday, October 8, 2010, providing about $3 million in additional unexpected revenues for Chico Unified School District’s 2010-11 budget. Both the new federal money and the unexpected state funds were key to being able to reach this tentative agreement with Chico Unified Teachers Association.

Recommended Action:
Approve the AB 1200 Disclosure of Savings as presented and approve the tentative agreement between the District and CUTA dated October 8, 2010.

Disclosure of Collective Bargaining Agreement

Attachment No. 2
16. What was the negotiated percentage increase approved? For example, if the increase in “Year 1” was for less than a full year, what was the percentage increase given, what is the effective date of the increase, and what is the annualized percentage increase?

2009-10, 2010-11 and 2011-12 are closed for salaries and benefits with the following agreements:

CUTA accepted two furlough days and a corresponding 1.09% decrease in salary.

CUTA also agreed to forgo any compensation for the changes made to the Red Plan benefits beginning with the 2010-11 Plan Year.

17. Were any additional steps, columns, or ranges added to the schedules? (If yes, please explain)

None

18. Proposed negotiated changes in non-compensation items (e.g., class size adjustments, staff development days, teacher prep time, etc.)

The contract is "closed" for 2009-10, 2010-11 and 2011-12. Beginning with the 2012-13 school year, Articles 8 and 9 shall be opened (salaries and benefits) plus one other article or topic of bargaining from each party. The language clarifies that negotiations for 2012-13 shall commence no later than Feb 1, 2012 and presented at the next scheduled board meeting, with bargaining beginning no later than eight (8) days after the initial proposals have been presented.

In addition, the district shall establish two voluntary unpaid committees to investigate retirement incentives and strategies for improving student attendance. Savings for retirement incentive require that the District save at least $1 more than that provided by savings from staffing reductions due to reduced enrollment and normal retirement attrition.

19. What contingency language is included in the proposed agreement (i.e., re-openers, etc.)?

The agreement was founded on a Na-COLA projection for 2011-12. If in 2011-12 there is an increase in the BRL $80, for each $50 one furlough day shall be eliminated. If there is a decrease in BRL of $100, the district may immediately re-open negotiations for 2011-12. The basis for comparison shall be the BRL funded from 2010-11, as established by the passage of the State Budget for 2010-11 that was proposed on October 6, 2010. Language in the agreement does not specify a dollar amount per ADA, but the District has since calculated the amount for the purpose of this disclosure. Funded BRL for Chico USD, based on the SSG Inc. Board published October 11, 2010 is:

$6,390.62 (09-10 BRL) - $25 (.39% COLA) x .82037 (17.963%) deficit = $5,222.16.
CERTIFICATION NO. 1: CERTIFICATION OF THE DISTRICT’S ABILITY TO MEET THE COST OF COLLECTIVE BARGAINING AGREEMENT

The disclosure document must be signed by the district Superintendent and Chief Business Officer at the time of public disclosure.

In accordance with the requirements of Government Code Section 3547.5, the Superintendent and Chief Business Officer of Chico Unified School District (District), hereby certify that the District can meet the costs incurred under the Collective Bargaining Agreement between the District and the Chico Unified Teachers Association Bargaining Unit, during the term of the agreement from 7/1/2009 to 6/30/2012.

The following pending revisions to the 2010-11 Budget and MYP were taken into account when developing this multi year agreement with CUTA. They will be acted upon Dec. 15, 2010 as part of the First Period Interim Report:

Increase budget and MYP for new factors following the adoption of the 2010-11 State Budget, including SSC Inc projected Dartboard Factors of 0% COLA 11-12 and 1.9% funded COLA in 12-13.

Adjust budget for having received the 08-09 MAA funding

Adjust budget for Federal Jobs Bill Funding and ARRA Phase II

Adjust budget for increased enrollment (impacts income projected for 11-12) less charter adjustments.

15.2.3 At the conclusion of each negotiating session, a memorandum of the meeting shall be mutually agreed upon and executed. 1 The 2009 Budget Revision did not include the 11.428% deficit for 2008-09, which was proposed in the May Revision. Instead, the Budget Revision required school districts, COEs, and charter schools to reduce revenue limits by $252.99 per ADA on a one-time basis in 2009-10.

2 The Charter School Categorical Block Grant rates do not include Economic Impact Aid funding, which is provided separately. For charter schools that began operation in or after 2008-09, there is an additional $159 per ADA supplemental categorical block grant.

Jan Reed
Board of Trustees, President
Chico Unified School District

Re: AB 2756 Public Disclosure for Tentative Agreement with Chico Unified Teachers Association (CUTA)

Dear Ms. Reed,

Assembly Bill (AB) 2756 requires school districts reaching a tentative agreement with labor groups to submit their tentative agreement with the multi-year financial impact to their respective county office of education. The Butte County Office of Education (BCOE) may comment on the tentative agreement between CUSD and CUTF.

Chico Unified School District (CUSD) has been in Assembly Bill (AB) 1200 fiscal oversight and the district has been noted as a "going concern" stating the district will be unable to meet its financial obligations in the current or subsequent fiscal year. With this designation BCOE has authority to "stay or rescind" any action of the board that is determined to be inconsistent with the school district's ability to meet its obligations for the current or subsequent fiscal year.

The public disclosure forms are for the period July 1, 2009 through June 30, 2012. We have reviewed the public disclosure document, the multi-year projection and supporting calculations in conjunction with the tentative agreement. BCOE makes the following comments:

- Key provisions of the agreement:
  - 2 unpaid furlough days (1 student attendance day and 1 non-student attendance day)
  - CUTA relinquishes claim on Health Plan changes
  - Change in negotiation procedure timelines
  - Restoration / contingency language regarding possible future state funding changes

- The tentative agreement is signed by both the Superintendent and Chief Business Officer certifying the district can meet the costs incurred under the collective bargaining agreement for the term of the agreement

- The projections used in the multi-year projection appear reasonable

- The tentative agreement improves the district's financial projections moving the district to an estimated qualified budget certification at 1st Interim

- The tentative agreement settles negotiations through the 2011-12 fiscal year with restoration and/or contingency language

- The tentative agreement improves the procedure timelines for future negotiations

- This agreement does not solve the districts financial challenges as 2012-13 represents significant deficit spending (this is consistent with other Local Education Agencies (LEA's) as class-size reduction flexibility, categorical program flexibility, and federal one-time money ends)

"WHERE CHILDREN COME FIRST"
BCOE acknowledges the positive work this agreement represents for the Board of Trustees, CUSD administration and the CUTA leadership to reach agreement on concessions to employee compensation. Although these types of agreements are being made across the state due to cuts in education funding, the reality of concessions is very difficult for all involved at the local level.

This tentative agreement improves the district’s ability to meet its financial obligations in the current and subsequent year as evidenced in the multi-year projection. The district meets its economic reserve requirement in 2011-12 with an additional $4.6 million in fund balance. Based on this information, BCOE will not exercise its “stay and rescind” authority related to this tentative agreement.

BCOE appreciates the opportunity to comment on the fiscal impact of negotiated agreements per AB2756 as we fulfill our responsibilities to provide financial oversight per AB1200. We acknowledge the effort of the Board of Trustees, CUSD administration and the CUTA leadership to work towards a solution to improve the district’s financial condition.
