Agenda Item 
February 5, 2014

Prepared by: Michael Weissenborn, *Director of Facilities & Construction*

**Background information**

On November 14, 2012 the Board of Education directed staff to issue a Request for Qualifications (RFQ) in order to develop a pool of qualified architectural firms to begin programming and conceptual design services for the development of construction documents for a new elementary school at the Henshaw-Guynn property; a multi-purpose building at Marsh Jr. High School; and the modernization of buildings B,C,D, E and V at Pleasant Valley High School. Facilities issued the RFQ on December 10, 2012. On January 23, 2013 the Board authorized staff to amend the RFQ to include Facilities Master Planning and upcoming Master Plan projects.

A selection committee was established to evaluate the Statements of Qualifications (SOQ’s) in response to the RFQ. This committee was comprised of the following individuals: Kathleen Kaiser-Board Member, Andrea Lerner Thompson-Board Member, Maureen Fitzgerald-Assistant Superintendent, Business Services, and Mike Weissenborn-Director of Facilities & Construction.

Twenty-four impressive SOQ’s were received on February 7, 2013. On February 12, 2013 the committee met to discuss and evaluate each firm in order to develop a “short list” of firms to move on to the interview stage of the selection process. Nine firms were selected to be interviewed, they are: Darden Architects, DLR Group, Rainforth Grau Architects, Stafford King Wiese Architects, Nichols, Melburg & Rosetto Architects and Engineers, LPA Architects, Anova Nexus Architecture, Lionakis, and Williams + Paddon.

The selection interviews were held on March 5 & 6, 2013. The interview committee was comprised of the following individuals: Linda Hovey-Board Member, Andrea Lerner Thompson-Board Member, Sean Greenwald-Oversight Committee Member, Julie Kistle-CUSD Construction Manager, and Mike Weissenborn-Director of Facilities & Construction. The interviews were also attended by Maureen Fitzgerald-Assistant Superintendent, Business Services and Bob Michael-CUSD Construction Supervisor.

Previously, the Facilities Department brought forward recommendations for Master Planning (Darden Architects) and the Multipurpose Building at Marsh Jr. High (Rainforth Grau Architects) on March 27, 2013. Those projects are currently underway.
Utilizing the pool of firms from the selection process the committee is recommending that the District enter into negotiations for Architectural Services for the following Facilities Master Plan Phase II Projects.

- Bidwell Jr. High (Junior High to Middle School Model/Conversion) — Lionakis
- Chico Jr. High (Junior High to Middle School Model/Conversion) — Darden Architects
- Marsh Jr. High (Junior High to Middle School Model/Conversion) — Rainforth Grau Architects

**Educational Implications**

The District’s Strategic Plan states: “A safe, nurturing and inspiring environment is essential for individuals to thrive.”

**Fiscal Implications**

The projects identified will be funded with Measure E. All available State reimbursement will be pursued.

The proposed projects qualify as projects defined in the voter approved Measure E ballot language.

**Recommendation**

It is recommended that the Board of Education accept the architectural participants selected by the committee and grant staff the authority to enter into contracts for the identified projects with the following firms:

PROPOSED AGENDA ITEM:  California Common Core State Standards, Smarter Balanced Assessment Consortium (SBAC) Assessments: Instructional Changes and Challenges

Prepared by:  Michael Morris

☐ Consent  Board Date  February 5, 2014

☑ Information Only

☐ Discussion/Action

Background Information
The California Common Core State Standards provide a consistent, clear understanding of what students are expected to learn, so teachers and parents know what they need to do to help them. The standards are designed to be robust and relevant to the real world, reflecting the knowledge and skills that our young people need for success in college and careers. It will take several years to implement curriculum, instructional materials, instructional changes and assessments based on the new California Common Core State Standards. This board workshop agenda item is an informational update and discussion about current implementation efforts and issues.

Education Implications
The planning and implementation of effective and efficient instruction that meets the needs of every student requires broad support. It is an obligation of everyone, including administrators, teachers, college and university personnel, community members, and parents. Each of these groups is an important contributor. The stakeholders at each school or school district form a support system that assists in the design, implementation, and evaluation of effective instructional programs. The appropriate integration of technology into teaching and learning can provide students with additional learning support.

Fiscal Implications
The implementation of the California Common Core State Standards and the new assessment system will impact multiple areas of the budget over time including, but not limited to, professional development, instructional materials, curriculum, instruction, assessment, and technology.

Prepared by: Administration

☐ Consent Board Date February 5, 2014

☐ Information Only

☐ Discussion/Action

**Background Information**
In order to govern effectively, Districts are required to have accurate and up-to-date Board Policies. By law, Districts are mandated to adopt many policies to ensure legal compliance. Working in conjunction with the California School Boards Association (CSBA) Policy Services, CUSD continues to update and revise Board Policies to ensure CUSD is legally compliant.

**Education Implications**
Up-to-date policies provide clarity to the expectations for students, parents, and staff.

**Fiscal Implications**
CUSD is required to have up-to-date and legally compliant policies. Failure to have such policies in place jeopardizes funding opportunities, especially in regards to Categorical dollars.
