AGENDA ITEM: Educational Services Proposals for Local Control Budget

Prepared by: Educational Services

☐ Consent  Board Date  April 3, 2013

☒ Information Only

☐ Discussion/Action

**Background Information**
The Governor's proposal to shift to a Local Control Budget continues the trend in California to move once restricted Categorical funds into the unrestricted General Fund budget. The trend started when Tier III flexibility became a reality in the 2007-2008 school year. At that time, Chico Unified, like most districts, had to move the flexible Tier III funds into the General Fund to offset the state’s budget cuts. The CUSD Board has voted to keep those funds in the General Fund every year since 2007-2008. Several of those programs supported by those funds continue to be supported by the General Fund.

The new Local Control Budget, if approved and implemented, would move most of the remaining Categorical Funds into the General Fund. These funds provide valuable support to students at every school site.

Educational Services has been meeting with Principals to develop a plan to maintain the valuable programs that had been supported by Categorical Funds.

The result of these meetings is the list of potential recommendations from Educational Services should LCFF come to fruition.

**Fiscal Implications**
Programs and staff once funded by Categorical Funds would impact the General Fund if the recommendations are approved.
State Budget Changes & CUSD Proposals
Objective

1. To build an understanding of the ever changing State Budget as it relates to the shifting of Categorical Funds into the General Fund.

2. Make a proposal to the CUSD board for maintaining programs with the General Fund (formerly funded with Categorical Funds)

1,005,000

Since 2007-2008, Ed Services has recommended to continue the above programs from General Funds and the CUSD board has approved the recommendations. Initially the programs were maintained via one-time Federal ARRA Funds, but the ARRA funds have now been exhausted.
Reduced Technology Support

Many sites utilized funds from the School and Library Improvement Block Grant to provide computer tech time.

The district utilized carryover Categorical Funds to keep four computer techs. Currently, the four computer techs maintain 5324 computers or 1331 computers per computer tech.

The district no longer has Categorical carryover funds that can be utilized for Computer Techs.
Proposed Local Control Changes

Governor Brown's Local Control Funding Formula moves remaining state Categorical Funds into the General Fund.

Potential Recommendations

Ed Services met with principals to discuss the impact loss of the EIA funding would have on programs at the school sites. It was clear that these funds support essential programs for students at all school sites. Therefore, Ed Services and Principals support the following recommendation:

Continue funding programs already shifted to the General fund, and utilize the General Fund to maintain programs formerly funded by State Categorical Funds as noted in the following chart:
