Background Information

All schools that receive Title I funding and local educational agencies (LEAs) that do not make Adequate Yearly Progress (AYP) are identified as Program Improvement (PI) and must implement required program components and interventions. The District must notify students attending PI schools in years 3-5 of Supplemental Services opportunities. Supplemental Educational Services are tutoring or other supplemental enrichment activities beyond the regular school day. Services are to be high quality, research-based, and designed to improve the students’ academic achievement. Students are eligible for services if they are in Title I schools in PI status and 1) not meeting State Standards in reading and math, and 2) from low income families. Only State Board of Education (SBE) approved providers qualify to offer supplemental services.

Education Implications

The state-approved Supplemental Service Providers will render services to qualified students based on their academic needs.

Fiscal Implications

None to the General Fund.

Board Date October 2, 2013

Background Information
Education Code requires that each Board of Education notify the CDE of any schools that do not have a school safety plan. The Plans have been reviewed for each school in Chico Unified School District. The plans submitted do meet the State requirements. Therefore all schools in CUSD remain in compliance with respect to school site safety plans. The Board is asked to accept the school site safety plans.

Educational Implications
Having appropriate school safety plans allows for a more orderly and well prepared educational environment. CUSD has a long and rich history of being a leader in Northern California with respect to preparing for, managing, responding and debriefing school crises. We have an excellent relationship with emergency service providers that have served the community well.
