AGENDA ITEM: Field Trip Request for CHS AG/FFA Students to Attend the CA State FFA Conference in Fresno, CA

Prepared by: Sheena Sloan

☒ Consent  Board Date  March 5, 2014

☐ Discussion/Action

Background Information
The State FFA Conference is the highlight of an FFA members’ school year. Delegates from each chapter conduct the business of the state association and elect officers to represent them during the coming year. A major part of the FFA State Convention is the presentation of the State FFA degrees’ and recognition of individual and chapter achievements in FFA career development events and awards.

Education Implications
Attending the conference is an honor. All members of the CHS FFA chapter may apply to attend and are selected by a group of CHS administrators. They are scored on a rubric scale that is based on GPA, FFA/Ag commitment, good standing in discipline and attendance and a well written application.

Fiscal Implications
ASB FFA, Ag Incentive, and FFA Parent Boosters will assist in various ways to pay for this trip but this year due to lower funds in all accounts, the CHS FFA will pay for the two voting delegates and the remaining eight members will pay $200.00 to cover conference and hotel costs.

Background Information
The Chico High English AP 12 class has an annual trip to Ashland, Oregon to attend the Oregon Shakespeare Festival after studying Shakespeare in class.

Education Implications
This trip enriches the students’ understanding of live theater while allowing them to experience a Shakespeare play the way it was meant to be experienced—on stage. We will see three plays, reviewing them beforehand and writing about them afterward. This trip is a rewarding culmination of months of focused study.

Fiscal Implications
We raise all of our own funds, with the understanding that all students who want to go, will go, regardless of their ability to pay.

Additional Information
Parents take care of the driving duties. The adult to student ratio is usually quite high, currently 1 adult to every 1.8 students.

AGENDA ITEM: Rosedale Elementary School – 6th Grade Environmental trip to Oroville Recreational Area

Prepared by: Tim Cariss, Principal, Jiorgina Romo and Adan Mota – 6th Grade Teachers

☐ Consent
☐ Information Only
☐ Discussion/Action

Board Date March 5, 2014

Background Information

The Rosedale 6th graders would like to visit Oroville Dam, Visitor Center and Feather Falls Scenic Trail for a hike. We would depart Rosedale at 8:00 am on Thursday, April 3rd, set up camp and visit Oroville Dam. From the Dam, we would hike to the Visitor Center. While at the Visitor Center, students would participate in three, ranger led, educational activities. Upon return to camp, students will take part in a hands on math lesson that meets the Common Core State Standards for 6th grade mathematics. After the math activity we would prepare dinner and camp overnight. The next day we would eat breakfast and take down camp. A local farm would give a presentation on the importance of soil conservation and the impact of the current California drought on farmland. The final activity would be to hike Feather Falls Scenic Trail. We would be back on campus at about 4:00 pm on Friday, April 4th.

Educational Implications

6th Grade study: Earth Science

The main focus of the trip is Earth science. Students will see firsthand how water running downhill shapes the landscape and how rivers and streams erode and transport sediment. Through a ranger led hike students will learn about the organism that is found in the ecosystem around the Visitor Center and the ecological role that the organisms play in their biomes. Grade 6 Earth Science Standards Set 2, 5, and 6 all apply to this field trip. Ref: Science Content Standards for California Public Schools K through 12, 2004 California Department of Education.

6th Grade Mathematics

During the math activity the students will be working on developing all eight of the Standards for Mathematical Practice. The content of the less will focus on Ratios and Proportional Relationships and Expression and Equations. Ref: K-12 California’s Common Core Content Standards for Mathematics.

Fiscal Implications

We are asking for volunteer drivers and donations for food costs.

Background Information
Schools that receive state and federal categorical funding are required to prepare a Single Plan for Student Achievement (SPSA). The SPSA is a blueprint to improve the academic performance of all students to the level of performance goals included in the Academic Performance Index (API) and the Adequate Yearly Progress (AYP) measures.

Educational Implications
The purpose of the SPSA is to coordinate all educational services at the school. The SPSA shall, at a minimum, address how funds provided to the school through categorical funding sources will be used to improve the academic performance of all pupils to the level of the performance goals, as established by the API and AYP. The SPSA must integrate the purposes and requirements of all state and federal categorical programs in which the school participates.

The SPSA serves as the organizer for an individual school's improvement process. The Plan should be developed with a deeper understanding of root causes of student academic challenges and identify and implement research-based instructional strategies to raise the achievement of students who are not yet proficient at state standards.

Fiscal Implications
All expenditures of categorical program funds have been described and budgeted in each school's SPSA. These plans have been presented and approved by the respective School Site Council.
PROPOSED AGENDA ITEM: 2014-15 E-Rate Internal Connections and Telecommunications Recommendations

Prepared by: Jason Gregg, Director of Technology

X Consent Board Date March 5th, 2014

Discussion/Action

Background Information

E-Rate is the commonly used name for the Schools and Libraries Program of the Universal Service Fund, which is administered by the Universal Service Administrative Company (USAC) under the direction of the Federal Communications Commission (FCC). E-Rate provides discounts to eligible schools and libraries for Telecommunications Services, Internet Access, and Internal Connections. We participate in the E-Rate program every year for telecommunications and Internet access and in the internal connections for schools with a high percentage of students qualifying for free and reduced meals. The discounts and rebates are based on a calculation from the free and reduced meals. We posted seven Requests for Proposals (RFP) for the 2014-15 E-Rate year. The RFPs included, Wireless networking (WLAN), networking electronics, network cabling, telecommunications for ISP and Fiber Optic Ethernet Services, and telecom services including local and long distance. The calculated discounts are the percentage that USAC will cover for eligible services and CTF is the California Teleconnect Fund (CTF) from the Public Utilities Commission (PUC). Below is a summary of the projects and projected funding totals.

All Sites Total: $1,493,880.57 $1,244,158.92 $59,094.00 $190,627.65

We selected the above Recommended Vendors for internal connection and new telecommunication contracts in the 2014-15 E-Rate year. All five vendors had the lowest responsible bid as specified in the RFP.

Educational Implications

All our campuses are in great need of replacing the network cabling and equipment. The projects for internal connections at all included sites would give the campuses a better, more reliable network and expand wireless (WiFi) access to all included campuses. This would improve accessibility for student and teachers.

Fiscal Implications

The projects will bring nearly $1.5 million of new infrastructure to CUSD at an approximate cost to the district $191,000. The CUSD portion for Internal Connection Projects could be paid for by measure E (bond) money or from the general fund. The ISP is an ongoing cost we pay and this is a renewal of the contract as specified in the Educational Code. The Fiber Optic Ethernet Service will be a new service and will have an ongoing cost to the general fund. The chance of approval from USAC for Telecommunications Projects is very good. The chance for Internal Connection Projects is unknown due to higher demands and no increase funding from the FCC.

Recommendation:

Approval to sign PO/contract with recommended vendors and our ongoing telecommunications contracts (local, long distance and cellular services) effective for the 2014-15 E-rate funding year if USAC approves funding.

AGENDA ITEM: Facilities Master Planning—Loma Vista Pre-School Options

Prepared by: Julie Kistle, Director, Facilities & Construction

☐ Consent  Board Date  March 5, 2014

☐ Information Only

☒ Discussion/Action

Information
In November, 2012, the Chico Community passed the Measure E Bond initiative providing $78 million to improve CUSD schools over the course of 20 years. In March of 2013, the CUSD Board hired Darden Architects to complete a Districtwide Facilities Master Plan (FMP). This plan specifically included all CUSD schools and facilities with the goal of ensuring that all sites were carefully reviewed and that the expenditure of Measure E funds proceeded in the most cost effective manner possible.

On November 25, 2013, the District received the current draft of the FMP from Darden Architects. To ensure that those directly impacted were aware of the recommendation, CUSD Facility and District Office staff met at Citrus school on December 12, 2013, to share the FMP recommendation specific to Citrus school directly with Citrus staff. On December 6, 2013, district staff met with Citrus school volunteers to also share the FMP recommendation as it pertained to Citrus School. Facility and District staff also met with Loma Vista staff regarding the implications for Loma Vista school. These meetings were held prior to the Facility Master Plan being presented to the CUSD Board.

At their December 11, 2013, meeting, the CUSD Board of Education approved Phase 1 and Phase 2 of the Districtwide Facilities Master Plan (FMP). At that same meeting, the Board requested more exploration and community input regarding the architect’s Facility Master Plan recommendation to relocate the Loma Vista Pre-School Program to Citrus Elementary School, a recommendation that would lead to the displacement of the existing elementary program on the Citrus campus over the next four years.

As requested by the Board, community and staff meetings were held during the month of January and early February. These meetings included all campuses affected by the recommendation to relocate Loma Vista to Citrus Elementary School: Citrus, Loma Vista, Emma Wilson, Neal Dow and Chapman.

The concerns, ideas and suggestions from those meetings will be shared with the Board of Education at tonight’s meeting. In addition, staff will present detailed information regarding site constraints, as well as the program, financial and schedule implications of the alternatives that were originally considered prior to development of the draft master plan. Staff will also share alternatives that were provided by the community at the Master Facility Plan community meetings.

Fiscal Implications
The Facilities Master Plan will be funded with Measure E.

Recommendation
It is requested that the Board of Education analyze the potential options for the relocation of the Loma Vista program and provide staff with direction as to the desired next steps in the Facility Master Plan adoption process.
November 2012
Measure E Bond Passed

January 2013

AGENDA ITEM: Agreement for Architectural Services for Relocatable Classroom at Loma Vista – Third Shoe, Inc. Architects

Board Date March 5, 2014

Background Information
On January 22, 2014, the Board approved the Student Housing Committee's recommendation to add one relocatable classroom to the Loma Vista campus to accommodate the growing enrollment. However, initially the Student Housing Committee had planned to recommend the addition of two relocatables to the Loma Vista Campus. In an attempt to keep the cost low on this stop-gap housing measure, the recommendation of only one relocatable came to the board on January 22, 2014. Given the apparent need to house students through the 2014/15 school year, we would now like to change that recommendation to the addition of two relocatables. It will cost less to add both classrooms in one project than to add one at a later date.

Third Shoe, Inc. Architects has provided a proposal for architectural services for this project. The scope of work shall include the relocation of two existing relocatable classroom buildings from Pleasant Valley High School to Loma Vista Elementary School.

The work shall include all site work including the aggregate base building pads, power from existing electrical services, connecting the buildings fire alarm devices to the existing school's fire alarm panel, connection to existing clock, speakers, phone and data, ADA accessible path of travel to existing facilities, new interior finishes for flooring, walls and ceiling and painting of existing exterior of building. Gates and fire access will be based upon a review of the existing site and acceptance by local fire authority.

Educational Implications
The District's Strategic Plan states: "A safe, nurturing and inspiring environment is essential for individuals to thrive."

Fiscal Implications
The completion of the construction documents will be funded out of Developer Fees.

Recommendation
It is requested that the Board of Education grant authorization to the Superintendent or designee to enter into an Architectural Services Agreement with Third Shoe, Inc. Architects to complete the design for the relocatable classroom project at Loma Vista School.

Board Date March 5, 2014

Background Information

On December 11, 2013, the CUSD Board of Education approved Phase 1 and Phase 2 of the Districtwide Facilities Master Plan (FMP). Phase II of the proposed FMP addresses modifications to junior high sites to accommodate the proposed 6th-8th grade configuration. The FMP has conducted detailed analysis of each individual campus clearly establishing existing conditions. The FMP also includes a high level set of Educational Guidelines which was developed with input from District administrators and a series of focus groups. Additional work must be completed to program site specific Educational Specifications for each campus. This work will become the basis of the designs to be developed by the project architects.

Tim Haley and Ellen Mejia-Hooper are currently providing services to assist the District with programming needs.

The following tasks have been completed to date:

- Kick-off meeting with Staff to review process, timeline, meeting dates and current District standards was held on January 15, 2014.

- A series of meetings to define and refine the District-wide standard for the junior high schools to accommodate a middle school format was held on January 15, 2014.

Tonight Mr. Haley and Ms. Mejia-Hooper will provide an update regarding their programming progress and the next steps in the process.
AGENDA ITEM: Amended Resolution # 1239-14, Reduction in Certificated Staff Due To Reduction or Elimination of Particular Kinds of Service

Prepared by: Bob Feaster, Assistant Superintendent, Human Resources

☒ Discussion/Action

Background Information
This is an amended version of Resolution 1239-14 that was approved by the Board on February 19, 2014. Exhibit A was minimally changed. The number of FTE of cuts remains the same, but the elementary level cuts were renamed from “Self-Contained Classroom” to “Elementary Education” to reflect that not all of the elementary education cuts were for self-contained classroom positions.

Due to declining enrollment and the loss of some State and Federal Categorical funds, the District is forced to identify those positions and/or services that may not be needed next school year. This process requires that the Board pass a resolution identifying which particular kinds of services or programs may be reduced or eliminated for the 2014-2015 school year.

The process is bound by timelines that require formal written notification to affected staff no later than March 15. An analysis of credentialing, the seniority list and other factors will determine those individuals who will receive a possible layoff notice. The determination of the particular kinds of services that may not be necessary is a necessary first step in this process.

Educational Implications
There will likely be fewer certificated staff members in the District next year based primarily to staffing as closely as possible to contract requirements and the ongoing decline in enrollment. The possible elimination of the services in this resolution will not change the staffing levels required per the Collective Bargaining Agreement (CBA) between the District and the Chico Unified Teachers Association (CUTA). These possible eliminations are being recommended based on enrollment projections as the District responds to declines in our student population. The implementation of these reductions will result in fewer sections of courses being offered to students and may restrict students’ choices for classes. The loss or reduction of categorical funding will likely result in fewer opportunities for intervention support for students and perhaps reduced after school programs.

Fiscal Implications
Given the current structural budget deficit and diminishing funding, it is only prudent to staff with these reductions in place. The precise amount of savings cannot be determined until school starts. It is fair to plan for a savings of approximately $62,000 per FTE that is eliminated. The District’s fiscal health is dependent on staffing as close to the CBA as possible.

Amended Resolution 1239-14

Reduction in Certificated Staff Due
To Reduction or Elimination of Particular
Kinds of Service

WHEREAS, Sections 44949 and 44955 of the California Education Code require action by the governing board if the services of certificated staff are to be reduced or eliminated in order to permit the layoff of certificated employees.

NOW, THEREFORE, BE IT RESOLVED by the Board that:

1. The services set forth in Exhibit “A” shall be reduced or eliminated at the close of the 2013/2014 school year for the 2014/2015 school year.

2. The Board has considered anticipated certificated employee attrition (resignation, retirements, non-reelections, temporary teacher releases, etc.). Nevertheless, it is still necessary to terminate certificated full-time equivalent positions as referenced in Exhibit “A.”

3. It will be necessary to retain the services of certificated employees, regardless of seniority, who possess qualifications and competencies needed in the projected educational program for the 2014/15 school year which are not possessed by more senior employees thereby subject to layoff.

4. The Superintendent, or designee, is authorized and directed to send notice(s) of recommendation of non-reemployment pursuant to Sections 44949 and 44955 of the California Education Code to any employee whose services shall be terminated by virtue of this Resolution.

AGENDA ITEM: Amended Resolution 1242-14, Release/Non-Reelection of Temporary Certificated Employees

Prepared by: Bob Feaster, Assistant Superintendent, Human Resources

☐ Consent

☐ Information Only

☒ Discussion/Action

Board Date March 5, 2014

Background Information
This is an amended version of Resolution 1242-14 that was approved by the Board on February 19, 2014. Exhibit A was changed to reflect:

1. the fact that certain Probationary 0 employees originally on the list have been non-reelected, and will not be released pursuant to this Resolution; and
2. the fact that certain categorical probationary 0 employees cannot be released pursuant to this resolution because their categorical funding has not been cut.

Each year the District employs “temporary” certificated staff. Certificated staff members can be employed under this “temporary” status for various reasons per Education Code including short term positions, long term positions based on the need for additional employees because of leave or illness of another employee and for categorically funded programs. Per Education Code 44954, the District is required to notify such “temporary” certificated staff members on or before March 15 if they are to be released or non-reelected at the end of the current school year. Approving this amended resolution will initiate the process of notifying all such “temporary” certificated staff members that their services will not be needed after the end of the current school year.

Educational Implications
This will provide the District with needed flexibility to staff appropriately for the 2014-15 school year given variables such as staff returning from a leaves of absence and adjustments needed for changes in enrollment and funding.

Fiscal Implications
Unknown at this point as many of these positions may be filled next school year but this provides needed flexibility for current certificated staff returning from leave and any enrollment and funding changes.
CHICO UNIFIED SCHOOL DISTRICT

Amended Resolution 1242-14

Release/Non-Reelection of Temporary (including “Probationary 0”) Certificated Employees

WHEREAS, Education Code section 44954(b) requires that the governing board shall notify a temporary employee, in a position requiring certification qualifications, of the decision to release/non-reelect the employee from such a position for the next succeeding school year; and

WHEREAS, certain employees hired in a temporary capacity by the District may retain certain employment protections even though these employees are unable to accrue permanent status in the manner of probationary employees (such employees are otherwise referred to as having “Probationary 0” status).

NOW, THEREFORE, BE IT RESOLVED by the Board that:

1. The employees listed by employee number in Exhibit “A” are temporary employees of the District employed in a position requiring certificated qualifications (including “Probationary 0” employees who are providing a service which have been eliminated or reduced for the 2014/2015 school year) and each such employee shall be released/non-relected at the end of the 2013/2014 school year for the 201/2015 school year.

2. The Superintendent, or designee, is authorized and directed to give notice to each affected employee of this decision. Notice shall be given:

   a. in the manner required by law; and

   b. in conformity with the mandated timeline.
