The Chico Unified School District Board of Education welcomes you to this meeting and invites you to participate in matters before the Board.

**INFORMATION, PROCEDURES AND CONDUCT OF CUSD BOARD OF EDUCATION MEETINGS**

*No disturbance or willful interruption of any Board meeting shall be permitted. Persistence by an individual or group shall be grounds for the Chair to terminate the privilege of addressing the meeting. The Board may remove disruptive individuals and order the room cleared, if necessary. In this case, further Board proceedings shall concern only matters appearing on the agenda.*

**CONSENT CALENDAR**
The items listed on the Consent Calendar may be approved by the Board in one action. However, in accordance with law, the public has a right to comment on any consent item. At the request of a member of the Board, any item on the consent agenda shall be removed and given individual consideration for action as a regular agenda item. Board Bylaw 9322.

**STUDENT PARTICIPATION**
At the discretion of the Board President, student speakers may be given priority to address items to the Board.

**PUBLIC PARTICIPATION FOR ITEMS ON THE AGENDA (Regular and Special Board Meetings)**
The Board shall give members of the public an opportunity to address the Board either before or during the Board's consideration of each item of business to be discussed at regular or special meetings.
- Speakers will identify themselves and will direct their comments to the Board.
- Each speaker will be allowed three (3) minutes to address the Board.
- In case of numerous requests to address the same item, the Board may select representatives to speak on each side of the item.

**PUBLIC PARTICIPATION FOR ITEMS NOT ON THE AGENDA (Regular Board Meetings only)**
The Board shall not take action or enter into discussion or dialog on any matter that is not on the meeting agenda, except as allowed by law. (Government Code 54954.2) Items brought forth at this part of the meeting may be referred to the Superintendent or designee or the Board may take the item under advisement. The matter may be placed on the agenda of a subsequent meeting for discussion or action by the Board.
- Public comments for items not on the agenda will be limited to one hour in duration (15 minutes at the beginning of the meeting and 45 minutes at the end of the meeting).
- Initially, each general topic will be limited to 3 speakers.
- Speakers will identify themselves and will direct their comments to the Chair.
- Each speaker will be given three (3) minutes to address the Board.
- Once 2 speakers have shared a similar viewpoint, the Chair will ask for a differing viewpoint. If no other viewpoint is represented then a 3rd speaker may present.
- Speakers will not be allowed to yield their time to other speakers.
- After all topics have been heard, the remainder of the hour may be used by additional speakers to address a previously raised issue.

**WRITTEN MATERIAL:**
The Board is unable to read written materials presented during the meeting. If any person intends to appear before the Board with written materials, they should be delivered to the Superintendent's Office or delivered via e-mail to the Board and Superintendent 10 days prior to the meeting date.

**COPIES OF AGENDAS AND RELATED MATERIALS:**
- Available at the meeting
- Available on the website: www.chicousd.org
- Available for inspection in the Superintendent's Office prior to the meeting
- Copies may be obtained after payment of applicable copy fees

**AMERICANS WITH DISABILITIES ACT**
Please contact the Superintendent's Office at 891-3000 ext. 149 should you require a disability-related modification or accommodation in order to participate in the meeting. This request should be received at least 48 hours prior to the meeting in order to accommodate your request.

Pursuant to Government Code 54957.5, If documents are distributed to board members concerning an agenda item within 72 hours of a regular board meeting, at the same time the documents will be made available for public inspection at the Chico Unified School District, Superintendent’s Office located at 1163 East Seventh Street, Chico, CA 95928 or may be viewed on the website: www.chicousd.org.

9. DISCUSSION/ACTION CALENDAR

9.1. EDUCATIONAL SERVICES

9.1.1. Information: Educational Services Review of Summer Programs and Opening of School Update
At 6:18 p.m. Assistant Superintendent Dave Scott and the Educational Services Directors presented a review of Summer Programs and Opening School Updates

9.1.2. Discussion/Action: CUSD Representative on Inspire Board
At 6:56 p.m. Director John Bohannon explained that the CUSD Board has the authority to choose one representative to sit on the Inspire School of Arts and Sciences Board and can choose a sitting Board member or it can direct staff to create a list of possible representatives to bring back to the Board. Board Member Griffin moved to direct staff to bring a list to the Board in September; seconded by Board Clerk Robinson.

9.3 HUMAN RESOURCES

At 7:56 p.m. Randy Gilzean presented the annual report on Athletics, Sports Boosters, and status of sports at the High Schools.

9.3.2. Discussion/Action: Cheerleading Designated as a Sport

At 8:10 p.m. Assistant Superintendent Bob Feaster explained the District believes Cheerleading should be recognized as a sport so long as appropriate criteria are met, including, but not limited to: 1) Competing in at least one sanctioned competition per semester; 2) the Coach is appropriately certified; 3) it is open and available to all students who pass a physical examination; and 4) do not engage in stunts that conflict with District insurance guidelines. Board Member Griffin moved to approve Cheerleading as a sport as long as the above enumerated requirements were followed; seconded by Board Member Hovey.

AGENDA ITEM: Rosedale Elementary School – 6th Grade Environmental Hike to Mt. Lassen National Park

Prepared by: Tim Cariss, Principal, Samantha Grimaldo, Lucia Hernández and Adan Mota – 6th Grade Teachers

☐ Consent

☐ Information Only

☐ Discussion/Action

Board Date Sep. 17th, 2014

Background Information

The Rosedale 6th graders would like to visit Mt. Lassen National Park for a hike and a camping trip. We would depart Rosedale at 7:00 am, set up camp and hike a trail. We will have a study session, prepare dinner and camp overnight. The next day we eat breakfast, take down camp and hike again. We will be back on campus at about 5:30 pm.

Educational Implications

6th Grade study: Earth Science

The most exciting parts of the trip are the volcanoes, but there are many other aspects of Earth science clearly evident in the park such as rocks, minerals, other land forms and erosion. Grade 6 Earth Science Standards Set 1, 2, 3, 4, 5, and 6 all apply to this field trip. Ref: Science Framework for California Public Schools K through 12, 2004 California Department of Education.

Fiscal Implications

We are asking for volunteer drivers and donations for food costs.

Revised 8/04
PROPOSED AGENDA ITEM: Youth Development Summit Over Night Request

Prepared by: Jen Skinner

☐ Consent

☐ Information Only

☐ Discussion/Action

Board Date Sept. 17th, 2014

Background Information

The Youth Development Summit is a BCDBH sponsored leadership conference that has been a part of the Chico Community for almost 20 years. It is a club sponsored activity as a part of Friday Night Live and Club Live. Young people are challenged to increase their awareness of what is happening on their school campus and in their communities. They are also challenged to step up, get involved, become advocates for positive change and to follow through in helping to make that positive change happen. YD Summit provides students with the opportunity to participate in local “in action” events that help reduce youth access to alcohol. They also get to sit down and discuss local issues with local community leaders and then work together to create solutions. Participants also have the opportunity to write a grant that will support creating positive campus climate changes on our local school campuses. It is a unique opportunity and a conference experience unlike any other.

Education Implications

Students learn decision making and problem solving skills that they will take back into their classrooms. Conference attendees do miss 2 days of school. Both young people and adults who have attended can attest to the value of this conference experience.

Fiscal Implications

1. The conference costs $75 for each young person to attend. Those conference fees are paid by the student and many have raised funds to cover that cost. The $75 covers all lodging and food so additional expenses to the students are not incurred. 2. Students are also responsible for providing their own transportation to and from the event so their are not transportation costs to the district. 3. Each school site requires a chaperone (10:1 ratio) and each school site coordinator works closely with administration to determine who the chaperone is and how that person is paid for. Ex. Some principals cover the sub fee for a teacher, others send a counselor or student teacher, and other time the club raises funds to cover the cost of the sub.

Additional Information

YD Summit dates this year are Wednesday, October 1st-Thursdasy, October 2nd, 2014. The required ratio is 1 adult to 10 students. The CUSD schools who are sending students groups are: Bidwell Junior High School, Chico Jr High School, Chico High School, Fairview High School and Pleasant Valley High School. If you have any additional questions, please contact Jen Skinner. 530.891.2891 OR jskinner@buttecounty.net Thank you for your time in reviewing this request!

PROPOSED AGENDA ITEM:
Chico High A Cappella Choir Trip to New York City/
Carnegie Hall March 24th, 2015 - March 29th, 2015

Prepared by: Sue Delgado

☐ Consent
☐ Information Only
☐ Discussion/Action

Board Date September 17, 2014

Background Information
The Chico High A Cappella Choir has been invited to a music festival in Carnegie Hall, based on their festival ratings in San Francisco. This is an opportunity for the choir students to sing in Carnegie Hall with 500 other invited choirs and esteemed guest conductor Andre Thomas. We will also get to perform and be adjudicated, as well as see several sights.

Education Implications
Students will perform in Carnegie Hall and work with a guest director (and be adjudicated). They will get to travel to New York City, visit the 911 Memorial, the Statue of Liberty, Central Park and see a Broadway show.

Fiscal Implications
We will fund raise and ask for donations, give concerts, etc. The cost of the trip is approximately $1,800.00 per student and adult who attend. This cost will cover the cost of a substitute teacher for three days.

Additional Information
ADA recovery will be used for all students attending. If we don't reach our goal, all funds received will go toward a trip to San Francisco to a festival.

AGENDA ITEM: Consultant Agreement for Sandra Waterhouse

Prepared by: Janet Brinson, Director

☐ Consent
☐ Information Only
☐ Discussion/Action

Board Date September 17, 2014

Background Information

The board previously approved a consultant agreement for Sandra Waterhouse on August 5, 2014 in the amount of $20,031.20. To properly support the YouthBuild Program it’s been determined that additional time needs to be allocated for the remaining 10 months of the fiscal year. This increase in time has been budgeted in the grant. We request your approval for the amended consultant agreement.

Educational Implications

This will allow the consultant more time on site to give hands-on support to the YouthBuild staff.

Fiscal Implications

None to the General Fund.

7. Neither party shall assign nor delegate any part of this Agreement without the written consent of the other party.

8. The work completed herein must meet the approval of the District and shall be subject to the District’s general right of inspection to secure the satisfactory completion thereof. Consultant agrees to comply with all Federal, State, Municipal and District laws, rules and regulations that are now, or may in the future become applicable to Consultant, Consultant’s business, equipment and personnel engaged in operations covered by this Agreement or occurring out of the performance of such operations.

9. The District will determine whether the Consultant will be paid by vendor check as a Consultant or payroll check as a Contract Employee (with taxes withheld) by reviewing the completed Certificate of Independent Consultant Agreement (a blank sample may be viewed at: http://www.chischool.org/Documents/BUSINESS/Consultant_Agreement/BS_3515.6_DAm.pdf). IRS Publication SW 40 and IRS Ruling 87-41 will assist in determining the payment method applied to this Agreement.

10. Consultant shall provide an original invoice to the Originating Administrator. Consultant shall be paid within 30 days of receipt of invoice and authorization of payment forwarded to the CUSD Accounts Payable department along with the original invoice.

11. Either party may terminate this agreement, with or without cause, upon 30 days’ written notice to the other. Vendor shall be paid for work actually performed as of the date of receipt of such notice.

12. AGREED TO AND ACCEPTED: (If determined to be a Contract Employee, a payroll check will be issued with applicable taxes withheld.)

AGENDA ITEM: Consultant Agreement with Foley Jones and Associates

Prepared by: Janet Brinson, Director

☑ Consent  Board Date  September 17, 2014

☐ Information Only

☐ Discussion/Action

Background Information

The Chico Unified School District was awarded a three-year Carol M. White Physical Education Program (PEP) grant to incorporate physical education and nutritional activities and instruction into our after-school programs at nine (9) sites (Chapman, Citrus, Neal Dow, Rosedale, McManus, Parkview, Fair View, Chico Junior, and Bidwell) as they have for the past two years.

Foley/Jones and Associates will continue to provide the required evaluation services for this program.

Education Implications

This grant will extend the standards-based physical education program provided into the school day, the after school program, and will link it to other initiatives within the community (such as Let’s Move). Nutrition education will also be emphasized with the ultimate goal of empowering students to make lifelong healthy choices.

Fiscal Implications

None to the General Fund.

AGENDA ITEM:  Nord Country School Material Change to Add 7th and 8th Grade

Prepared by:  John Bohannon, Director

☐ Consent  Board Date  September 17, 2014

☐ Information Only

☐ Discussion/Action

Background Information
Since its initial charter petition was approved by the CUSD Board, Nord Country School has operated as a Kindergarten – 6th grade program.

Nord is now submitting a material change to its petition to add a 7th and 8th grade program.

Per California Education Code, material changes must be approved by the authorizing school board utilizing the same criteria utilized for a charter petition. Charter petitions are reviewed to ensure they meet the sixteen elements listed in the California Education Code.

Nord has submitted the material change request that details changes necessary to the sixteen elements to meet the needs when adding 7th and 8th grade.
AGENDA ITEM: Charter School Annual Site Visit Reports

Prepared by: John Bohannon, Director

☐ Consent  Board Date September 17, 2014  ☐ Information Only

☐ Discussion/Action

**Background Information**
As the chartering agency, Chico Unified School District is responsible for Oversight of the charter schools we authorize. Per Education Code 47604.32, an annual visit to each charter school is specified. Site Visit Team Members conducted visits and the compiled reports are presented tonight for board approval.

**Educational Implications**
As one part of Oversight responsibility, CUSD is responsible for monitoring the educational quality of the schools we charter.

**Fiscal Implications**
As one part of Oversight responsibility, CUSD is responsible for monitoring the fiscal health of the schools we charter.

**Additional Information**
Per previous board direction, drafts of the Site Visit reports were shared with the respective administrators for each of the charter schools. Those administrators had the opportunity to review the reports and suggest edits, if necessary. Those edits have been incorporated into the reports presented tonight.

AGENDA ITEM: Notice of Completion for 2014 Loma Vista Portables

Prepared by: Julia Kistle, Director Facilities & Construction

☐ Consent  Board Date September 17, 2014

☐ Information Only

☐ Discussion/Action

Background Information

On June 30, 2014 work began on adding two refurbished portable classrooms at Loma Vista School. The project was completed on August 29, 2014.

The filing of a Notice of Completion (NOC) begins a thirty-five day lien period during which unpaid subcontractors, suppliers and other vendors can file a mechanics lien.

Educational Implications

The District’s Strategic Plan states: “A safe, nurturing and inspiring environment is essential for individuals to thrive.”

Fiscal Implications

This project was funded with Developer Fees.

Recommendation

It is requested that the Board of Education authorize the Superintendent or Designee to approve and execute the Notice of Completion for the new portable classrooms at Loma Vista School.

Background Information
The California Environmental Quality Act (CEQA) applies to all discretionary activities proposed to be carried out by California public agencies including school districts. Most of the District’s ongoing activities are covered by specific exemptions within the law. New construction projects are generally subject to the CEQA process. The first step of this process involves conducting an initial study. The results of this study indicate which course of action is called for to identify potential impacts and to mitigate these impacts. Possible courses of actions include: filing a negative declaration declaring there is no impact; filing a mitigated negative declaration which recognizes there may be impacts but they can be mitigated to less than potential levels; or completing an environmental impact report (EIR).

Chico Unified School District has employed the services of PMC to conduct the initial study for the Marsh Jr. High School Multipurpose Building Project. The results of the initial study indicate that a mitigated negative declaration is appropriate to address potential long-term impacts triggered by added light from the project and dust, emissions, impacts on migratory birds, the discovery of cultural resources (prehistoric, paleontological, human remains) and noise during the short-term construction activities of the project as outlined in the document. The initial study / mitigated negative declaration has been prepared and is ready for review and adoption. A copy of this document can be reviewed online at http://www.chicousd.org/Departments/Facilities--Construction/Marsh-Jr.-High-School-Initial-StudyMitigated-Negative-Declaration/index.html.

If the mitigated negative declaration has been approved a Notice of Determination will be recorded with the County Recorder's office.

Educational Implications
The District’s Strategic Plan states: “A safe, nurturing and inspiring environment is essential for individuals to thrive.”

Fiscal Implications
This project is being funded with Measure E bond funds. The proposed project qualifies as a project defined in the voter approved Measure E ballot language.

Recommendation
It is requested that, after holding a public hearing, the Board of Education adopt the Initial Study / Mitigated Negative Declaration for Marsh Jr. High School Multipurpose Building Project and authorize staff to record the Notice of Determination with the Butte County Recorders’ Office.

Project Location (include county)
The project is located on the Marsh Junior High School campus located at 2253 Humboldt Road in the City of Chico, in the County of Butte, California. The Assessor Parcel Number is 002-180-090.

Project Description:
The Chico Unified School District proposes to construct a new ±12,000-square-foot single-story multipurpose building incorporating a performing arts classroom space, storage/janitorial supply room, kitchen/food preparation space, and main dining area/assembly space. The structure would incorporate restroom facilities accessible from the exterior of the building as well as a covered outdoor gathering and exterior dining space located on the west side of the structure. In order to accommodate the needed space for the multipurpose building, the existing greenhouse and school garden will be relocated. The existing dining facility/multipurpose room, consisting of four relocatable buildings, will be sold and removed. The project also includes a new outdoor instructional/assembly space incorporating hardscape elements, a raised stage area, and concrete seating pads in the center of campus. In addition, the project includes construction of a new single-story ±7,300-square-foot classroom instructional building to be located east of the existing parking lot on the western portion of campus. The classroom instructional building will include four laboratories and a teacher workroom. Improvements associated with the project include walking paths, maintenance and delivery roads, pedestrian bridges, accessible routes of travel, installation of new water-efficient landscape and irrigation, new outdoor recreation space (basketball courts), and service (trash) enclosures. Minor infrastructure improvements include the installation of new storm drainage inlets and electrical power conduit. Minor infrastructure modifications include reduction of a fence enclosure, removal of a bike rack, relocation of irrigation lines, and relocation of a flag pole.
This is to advise that the Chico Unified School District Board of Education, acting in its role as the CEQA Lead Agency, approved the above described project on Wednesday, September 17, 2014, and has made the following determination regarding the project:

1. The project [X] **will not** have a significant effect on the environment.
2. A Negative Declaration was prepared and adopted for this project pursuant to the provisions of the California Environmental Quality Act.
3. Mitigation measures [X] **were** made a condition of the approval of the project.
4. A mitigation reporting and monitoring plan [X] **was not** adopted for this project.
5. A statement of Overriding Considerations [X] **was not** adopted for this project.
6. Findings [X] **were** made pursuant to the provisions of CEQA.

This is to certify that the Negative Declaration and the record of project approval are available to the General Public at the Chico Unified School District Officer of Education, 1163 East Seventh Street, Chico, CA 95928.

AGENDA ITEM: Resolution 1259-14, Certification of Provision of Standards-Aligned Instructional Materials

Prepared by: Joanne Parsley, Director

☐ Consent  Board Date September 17, 2014

☐ Information Only

☒ Public Hearing/Discussion/Action

Background Information

Education Code Section 60119 requires that each pupil within the Chico Unified School District be provided sufficient textbooks and instructional materials aligned to the content standards and consistent with the cycles and content of the curriculum frameworks in the areas of history/social science, mathematics, reading/language arts and science. The attached Certification of Provision of Standards-Aligned Instructional Materials states that we are currently sufficient for the 2014-15 school year. As such, the Educational Services Department requests approval of Resolution No. 1259-14.

Education Implications

All students will be provided with sufficient textbooks and instructional materials in the core instructional areas for in-class work as well as homework.

Fiscal Implications

Standards-aligned instructional materials are purchased out of the state provided funds.

Additional Information

As required by CCR, Title 5, Section 9531, instructional materials for students in grades K-8 were purchased from an approved standards-aligned state adoption list and instructional materials purchased for students in grades 9-12 are aligned with the state content standards and are approved by the CUSD Board of Education following district review of the materials.
RESOLUTION NO. 1259-14

Whereas, the governing board of Chico Unified School District, in order to comply with the requirements of Education Code section 60119 held a public hearing on September 17, 2014, at 6:00pm, which is on or before the eighth week of school and which did not take place during or immediately following school hours, and;

Whereas, the governing board provided at least ten days notice of public hearing posted in at least three public places within the district that stated the time, place and purpose of the hearing, and;

Whereas, the governing board encouraged participation by parents, teachers, members of the community and bargaining unit leaders in the public hearing, and;

Whereas information provided at the public hearing and to the governing board at the public meeting detailed the extent to which textbooks and instructional materials were provided to all students, including English learners, in the district, and;

Whereas, the definition of “sufficient textbooks or instructional materials” means that each pupil has a textbook or instructional materials, or both, to use in class and to take home;

Whereas sufficient textbooks and instructional materials were provided to each student, including English learners, in mathematics, science, history-social science, and English/language arts, including the English language development component of an adopted program, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks;

Whereas, sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and;

Whereas, laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive;

Therefore it is resolved that for the 2014-15 school year, the Chico Unified School District has provided each pupil with sufficient textbooks and instructional materials aligned to the content standards and consistent with the cycles and content of the curriculum frameworks.

Adopted this 17th day of September, 2014

Certification of Provision of Standards-Aligned Instructional Materials

The local governing board of the Chico Unified School District hereby certifies that as of this date, each pupil in the district, in kindergarten through grade twelve, has been provided with a standards-aligned textbook or basic instructional materials in each of the following areas:

- History/social science
- Mathematics
- Reading/language arts
- Science

For students in K-8, the instructional materials were purchased from an approved standards-aligned state adoption list as required by CCR, Title 5, Section 9531.

For students in grades 9-12, the instructional materials were adopted by the local governing board following district review of the materials and their alignment with state content standards as required by CCR, Title 5, Section 9531. Certification was approved by the local governing board at a public meeting held on September 17, 2014.

The local governing board of the Chico Unified School District has provided each pupil in Kindergarten through grade eight with a state adopted standards-aligned textbook or basic instructional materials in the following subjects by the date indicated below to meet the 24 month rule in EC 60422 (a):

☑ Discussion/Action  

Board Date  September 17, 2014

Background Information
The CUSD Board of Education has the authority to choose one representative to sit on the Inspire School of Arts and Sciences Board. The CUSD Representative may be a sitting CUSD Board member.

Jann Reed has served as the representative for CUSD on the Inspire board since its inception, but she will exit the Inspire Board in October.

Board member Eileen Robinson has volunteered to be the CUSD Representative on the Inspire Board.
AGENDA ITEM:  Moving Sixth Grade to Middle Schools

Prepared by:  John Bohannon, Director

☐ Consent  Board Date  September 17, 2014

☐ Information Only

☒ Discussion/Action

Background Information
At a Special Board Meeting on October 23, 2013, as part of the extensive facilities master planning process, the CUSD Board made the decision to move sixth grade to the junior high schools to create 6th – 8th grade middle schools. It was further clarified at that meeting the change would not take place in the 2014-2015 school year, but would take place in the 2015-2016 school year.

Since the decision to move the sixth grade program was made by the Board, the CUSD Educational Services team has been working to explore best ways to facilitate the move educationally, and the CUSD Facilities department has continued to work on how to ensure the junior high facilities are ready for the additional students.

This report will give an update on both parts of the planning process.

What is known is the upgrades needed at the junior high facilities to support the additional students will not be complete in time for the 2015-2016 school year. Therefore, input is needed from the Board.

Options include re-instuting a sixth grade optional program in 2015-2016 with a full move following in 2016-2017, or pushing back the start of the entire move to the 2016-2017 school year.
AGENDA ITEM: Public Hearing/Information on the August 2014 Developer Fee Study from Government Financial Strategies; and
a) Adoption of Resolution No. 1260-14 Regarding Establishing an Impact Fee on Residential and Commercial-Industrial Development

Prepared by: Julia Kistle, Director, Facilities & Construction

☐ Consent  Board Date  September 17, 2014
☐ Information Only
☒ PUBLIC HEARING/Discussion/Action

Background Information
Education Code section 17620 authorizes school districts to levy a fee, charge, dedication, or other form of requirement against any development project (including commercial, industrial, and residential) for the construction and reconstruction of school facilities. This proposed resolution would implement residential and commercial-industrial developer fees.

In January 2014, the State Allocation Board (SAB) approved increases of the developer fee rates per Government Code Section 65995 (b) to $3.36 per square foot of residential development and $0.54 per square foot of commercial-industrial development.

Educational Implications
The District has a statutory responsibility to provide an education for all students within its boundaries but has limited capacity to house these students. As the community grows, the District must find ways of housing the additional students.

Fiscal Implications
Adoption of these fees allows the District to assist in funding facilities for students attributable to new development.

Additional Information
The law requires the maximum assessment for development be adjusted every two years by changing the Class B construction cost index, as determined by the State Allocation Board at its January meeting.

Recommendation
It is recommended that the Board of Education adopt Resolution No. 1260-14 authorizing the District to establish a fee on new residential and commercial-industrial construction at $3.36 per square foot-Residential and $0.54 per square foot-Commercial-Industrial. Rental Self-Storage will decrease to $0.09 per square foot.
RESOLUTION NO. 1260-14

A RESOLUTION OF THE GOVERNING BOARD OF THE CHICO UNIFIED SCHOOL DISTRICT ADJUSTING IMPACT FEES ON RESIDENTIAL AND COMMERCIAL OR INDUSTRIAL DEVELOPMENT

WHEREAS, the Board of Education (hereinafter “Board”) of the Chico Unified School District (hereinafter “District”) has previously adopted resolutions and imposed development fees pursuant to Education Code section 17620, including fees on new residential construction and certain reconstruction, as well as new commercial or industrial construction, in an amount authorized by Government Code section 65995 (“Level 1 Fees”), which resolutions are hereby incorporated by reference to this Resolution, to partially mitigate the impacts of new development on school facilities;

WHEREAS, Government Code section 65995(b)(3) provides that the maximum rates allowed for such Level 1 Fees for residential and commercial or industrial development under Government Code section 65995(b)(1) and (2) may be increased according to the adjustment for inflation in the statewide cost index for Class B construction as determined in the year 2000 and every two years thereafter by the State Allocation Board;

WHEREAS, the 2014 maximum Level 1 Fee rates under Education Code section 17620 and Government Code section 65995(b)(1) and (2) are $3.36 per square foot for new residential construction and certain reconstruction, and $0.54 per square foot for new commercial or industrial construction;

WHEREAS, the Board caused to be prepared, and has now received both written and oral information and data on the subject of Level 1 Fees pursuant to Education Code sections 17620 et seq. and Government Code section 66001 et seq., prior to the adoption and adjustment of such fees; and

WHEREAS, the District desires to increase the Level 1 Fees as supported by the written and oral information and data referred to above and in accordance with the inflation adjustment authorized by the State Allocation Board.

NOW THEREFORE, be it resolved by the Board as follows:

1. Recitals. The Board hereby finds and determines that the foregoing recitals and determinations are true and correct.

2. Procedure and Public Hearing. The Board hereby finds that prior to the adoption of this Resolution, the Board conducted a duly noticed public hearing, as part of the Board’s regularly scheduled September 17, 2014 meeting, at which oral and written information was provided. Notice of the time and place of the hearing, including a general explanation of the matter to be considered and a statement that the data required by Government Code section 66016 was available, has been published twice in a newspaper in accordance with Government Code sections 6062a, 66004 and 66018, and was mailed at least 14 days prior to the
meeting to any interested party who had filed a written request with the District for mailed notice of the hearing on new or increased Level 1 Fees or service charges within the period specified by law. Additionally, at least 10 days prior to the hearing, the District made available to the public, data indicating the amount of the cost, or estimated cost, required to provide the facilities for which the Level 1 Fees are to be charged pursuant to this Resolution, and the revenue sources anticipated to provide such facilities, including general fund revenues. By way of such public hearing, the Board received oral and written evidence and testimony from District staff and consultants and the public. Such evidence and testimony, including a report entitled, “Developer Fee Justification Study,” dated August 2014 and prepared by Government Financial Strategies Inc. (“Study”), attached hereto as Exhibit A and incorporated herein by reference, formed the basis for the action taken pursuant to this Resolution.

3. **Overcrowding of School Facilities.** As set forth in the Study, students from new development are projected to exceed current capacity at the elementary, junior high and high school levels, and to contribute to the need for and cost of construction and/or reconstruction of school facilities to create additional capacity for such students.

4. **Level 1 Fees.** Based upon the findings contained herein, the Board hereby adjusts the District’s Level 1 Fees to the amount of $3.36 per square foot of residential development, $0.54 per square foot of commercial or industrial development, and $0.09 per square foot of rental self-storage development.

5. **Purpose and Use of Level 1 Fees.** The purpose of the Level 1 Fees, and the use to which the proceeds thereof will be put, are to finance the construction and/or reconstruction of school facilities as identified in the Study. The proceeds shall also be used for reimbursement of the administrative costs incurred in collecting and repaying the Level 1 Fees and for the costs of performing any study and otherwise making the findings and determinations required by law related to the adoption of this Resolution, as well as any other use permitted by the law.

6. **Nexus Findings.** The Board has reviewed the Study as it relates to the proposed and potential development, the resulting school facilities needs, the cost thereof, and the available sources of revenue, including the adjustment to Level 1 Fees provided by this Resolution, and based thereon and upon all other written and oral presentations to the Board, the Board hereby approves and adopts the Study and makes the following findings:

   A. Enrollment at the various District schools is presently at or approaching capacity;

   B. Additional development projects within the District, whether new residential construction or residential reconstruction involving increases in habitable areas, or new commercial or industrial construction will increase the need for school facilities;

   C. Without the addition of new school facilities, further residential development projects or commercial or industrial development projects within the District will result in a significant decrease in the quality of education presently offered by the District;
D. Residential development and commercial or industrial development is projected within the District’s boundaries, and the enrollment produced thereby will exceed the capacity of the schools of the District. Projected development within the District, without additional school facilities, will result in conditions of overcrowding, which will impair the normal functioning of the District’s educational programs;

E. The Level 1 Fees proposed in the Study and to be adjusted pursuant to this Resolution are for the purpose of providing adequate school facilities to maintain the quality of education offered by the District;

F. The Level 1 Fees proposed in the Study and to be adjusted pursuant to this Resolution will be used as set forth at Paragraph 5 above;

G. There is a reasonable relationship between the use of the Level 1 Fees, as proposed in the Study and to be adjusted pursuant to this Resolution, and the type of development projects on which they are imposed;

H. There is a reasonable relationship between the need for the above described public facilities and the type of development project on which the Level 1 Fees, as proposed in the Study and to be adjusted pursuant to this Resolution, are imposed;

I. Based upon the categories evaluated in the Study, the Level 1 Fees for commercial or industrial development, as proposed in the Study and to be adjusted pursuant to this Resolution, bear a reasonable relationship and are limited to the needs of the community for school facilities and are reasonably related and limited to the need for school facilities caused by such development;

J. There is a reasonable relationship between the amount of the Level 1 Fees, as proposed in the Study and to be adjusted pursuant to this Resolution, and the cost of the public facilities or portion of the public facilities attributable to the development on which they are imposed; and

K. The Level 1 Fees, as proposed in the Study and to be adjusted pursuant to this Resolution, do not exceed the estimated reasonable cost of providing the service or facility for which such fees are imposed, and in making this finding, the Board declares that it has considered the availability of revenue sources anticipated to provide such service or facility, including general fund revenues.

7. Fee Adjustments and Limitations. The Level 1 Fees adjusted herewith shall be subject to the following:

A. The amount of the Level 1 Fees levied by the District shall be reviewed periodically to determine if a fee increase according to the adjustment for inflation set forth in the statewide cost index for Class B construction as determined by the State Allocation Board is justified;

B. The Level 1 Fees adjusted pursuant to this Resolution do not apply during the term of any contract entered into between a subdivider or builder and the District, or
any applicable city or county on or before January 1, 1987, that requires the payment of a fee, charge or dedication for the construction of school facilities as a condition to the approval of residential development;

C. To the extent that the District is collecting fees pursuant to Government Code sections 65995.5 and 65995.7, commonly known as SB 50, the District’s Level 1 Fees adjusted herein shall not apply to any new residential construction; and

D. The term “development project” as used herein is as defined by Section 65928 of the Government Code.

8. Notification of Local Agencies. A copy of this Resolution shall be transmitted after its effective date, to the County of Butte and the City of Chico, accompanied by all relevant supporting documentation and a map clearly indicating the boundaries of the area subject to the Level 1 Fees. The Level 1 Fees levied hereunder are not subject to the restrictions set forth in Government Code Section 66007(a), and the transmittal shall include notice to that effect. Separately, a Notice of Exemption from CEQA shall be filed with the Butte County Clerk-Recorder.

9. Condition to Issuance of Building Permit. No city or county may issue a building permit for any residential, commercial or industrial development project, as defined by law, absent certification by the Assistant Superintendent, Business Services or his/her designee of (1) compliance by that project with the Level 1 Fees set forth under this Resolution or (2) his/her determination that the Level 1 Fees do not apply to the development project.

10. Payment of Fees. In order to obtain the Certificate of Compliance for a building permit, the development project shall pay to the District the applicable Level 1 Fees as defined by law and set forth in this Resolution. Pending further review, no Level 1 Fees will be levied on senior citizen housing as defined in Government Code section 65995.1 and subject to the conditions set forth therein.

11. Validity of Certificate of Compliance. Any Certificate of Compliance in compliance with the requirements of this Resolution, issued based upon a representation to the District of the square footage of the development project in question, shall be automatically canceled in the event that the representation is not accurate for any reason. Also, in the event the Level 1 Fees paid pursuant to Paragraph 10 of this Resolution fails to compensate the District for the amount required therein, e.g., a check presented for payment is not honored or is returned by the payer’s bank for any reason, the related Certificate of Compliance shall be automatically canceled.

12. Form of Payment. Nothing herein shall preclude satisfaction of the requirement of payment of the amounts set forth herein by dedication of land on terms acceptable to the Board; or preclude acceptance by the Board of fees, charges, or land whose value exceeds that required by this Resolution. In the absence of any such agreement to accept a dedication of land, the above amounts shall be collected in the form of the Level 1 Fees.

13. Negotiation with Development Projects. The Assistant Superintendent, Business Services or his/her designee is authorized to enter into negotiations with representatives
of residential, commercial or industrial development projects, subject to Board acceptance, regarding the substitution of charges, dedications, or other requirements in lieu of the payment of the Level 1 Fees as described herein; provided, however, that the value of such charges, dedications, or other requirements shall be at least comparable to the amounts specified herein.

14. **Time for Payment of Fees.** The Level 1 Fees shall be paid or granted directly to the District prior to issuance of the Certificate of Compliance and a building permit, unless the District and the developer mutually agree otherwise in writing, or unless the District enters into a contract with the appropriate city or county to collect and otherwise administer the fees, charges, dedications and other requirements established herein, in which case, the developer shall adhere to the terms of the contract. In accordance with Government Code section 66007(b)(1), the Board hereby determines that the Study is a proposed construction plan for purposes of requiring payment of Level 1 Fees prior to the issuance of any building permit, and all Level 1 Fees will be collected for public improvements or facilities for which an account has been established, as set forth in Paragraph 17, and appropriated for the purpose of such construction plan.

15. **Collection by Other Government Agencies.** The Assistant Superintendent, Business Services or his/her designee is authorized to promptly enter into negotiations, subject to Board acceptance, for such agreements as may be necessary and appropriate with any other government agency to implement the collection and acceptance of the Level 1 Fees; the issuance and revocation of the Certificate of Compliance; the deposit of fees and charges; and any matter related thereto. Nothing herein shall be construed to authorize any delay beyond the date specified herein in levying the Level 1 Fees.

16. **Payment Contract.** The Assistant Superintendent, Business Services or his/her designee is directed to request that each city and county require the contract, recordation, and notification provided for in Government Code Section 66007(c).

17. **Maintenance of Separate Account.** All Level 1 Fees, along with any interest income earned thereon, shall be deposited in a separate capital facilities account or fund in a manner to avoid any co-mingling of the Level 1 Fees with other revenues and funds of the District, except for temporary investments, and shall be expended solely for the purposes for which the Level 1 Fees are collected. For each separate account or fund, the Assistant Superintendent, Business Services or his/her designee shall, within one hundred eighty (180) days of the close of each fiscal year, make available to the public the beginning and ending balance for the fiscal year; the amount of the Level 1 Fees collected and interest earned, and other income deposited to the account or fund; the amount of expenditures listed by public facility; and the amount of any refunds made under Paragraphs 18 and 19 of this Resolution. The Board shall review this information at the next regularly scheduled public meeting, held not less than fifteen (15) days after the availability of this information. Notice of the time and place of the meeting, including the address where this information may be reviewed, shall be mailed, at least fifteen (15) days prior to the meeting, to any interested party who files a written request with the District for mailed notice of the meeting. Any written request for mailed notices shall be valid for one year from the date on which it is filed unless a renewal request is filed. Renewal requests shall be filed on or before April 1 of each year.
18. **Refund of Fees.** In the event that a project qualifies for refund of the Level 1 Fees under Education Code Section 17624 (i.e., refund after expiration of building permit without construction), repayment shall be made, less the amount of the administrative costs incurred in collecting and repaying the Level 1 Fees. The Assistant Superintendent, Business Services or his/her designee shall determine said administrative costs. Regulations governing the calculation of said administrative costs shall be made available by the Assistant Superintendent, Business Services or his/her designee to members of the public no later than sixty (60) days from the date of this Resolution.

19. **Funds Unexpended after Five Years.** As required by law, on the fifth (5th) anniversary following the first deposit into the fund or account described in Paragraph 17 above, and every five (5) years thereafter, the Board shall make the following findings with respect to any portion of the Level 1 Fees remaining unexpended or uncommitted in its account five (5) or more years after deposit of such fee: (a) identify the purpose to which the Level 1 Fees are to be put; (b) demonstrate a reasonable relationship between the Level 1 Fees and the purpose for which such fees were charged; (c) identify all sources and amounts of funding anticipated to complete financing in incomplete improvements identified in the Study; and (d) designate the approximate dates on which the funding referred to in (c) is expected to be deposited into the appropriate account or fund. The District shall refund to the then-current record owner or owners of lots or units of the development project, on a pro-rated basis, the unexpended or uncommitted portion of the Level 1 Fees and any interest accrued thereon, for which need cannot be demonstrated by making the findings described above. If the administrative costs exceed the amount to be refunded, the District may, after holding a public hearing in accordance with Government Code section 66001(f), allocate the funds as authorized by law.

20. **Procedure for Protest of Fees.**

A. Developers of projects wishing to protest payment of Level 1 Fees on a specific project shall do each of the following:

1. Tender the required payment in full or provide evidence satisfactory to the Assistant Superintendent, Business Services or his/her designee of arrangements to ensure performance of the conditions necessary to meet the requirements of the imposition; and

2. Serve written notice on the Assistant Superintendent, Business Services or his/her designee stating (a) that the required payment is tendered in full, or that any conditions which have been imposed are provided for or satisfied, under protest; and (b) informing the District of the factual elements of the dispute and the legal theory forming the basis of the protest.

B. The burden of establishing the basis for the protest shall be on the party pursuing it.
C. The written protest must be filed with the Assistant Superintendent, Business Services or his/her designee within ninety (90) days after the imposition of the Level 1 Fees on the particular project.

D. Upon receipt of an acceptable written protest, the Assistant Superintendent, Business Services or his/her designee will, within thirty (30) days, provide a written response to the developer which shall either:

1. Grant the protest in whole or in part; or

2. Deny the protest in whole or in part and provide the basis for denial; or

3. Request additional information for further consideration of the protest.

E. If the developer is not satisfied with the response, the developer must request an appeal hearing on the protest before the Board. Said request must be filed with the Assistant Superintendent, Business Services or his/her designee within thirty (30) days of the date of the protest response.

F. Notice of the date and time of the Board hearing shall be sent to the developer within fifteen (15) days of receipt for hearing. The Board shall be provided copies of the written protest and the response of the Assistant Superintendent, Business Services or his/her designee prior to the hearing.

G. The developer and District staff may present additional information and statements at the hearing, and the Board may question the developer and staff.

H. The decision of the Board shall be made at the conclusion of the hearing and shall be final. The decision of the Board is reviewable by a court under Code of Civil Procedure Section 1094.5.

21. Administrative Regulation. The Assistant Superintendent, Business Services is authorized to promulgate and publish administrative regulations defining and implementing the provisions of this Resolution. The administrative regulations shall describe all legal exemptions from and limitations on the Level 1 Fees. The administrative regulations shall provide a procedure for claiming an exemption. The administrative regulations shall also include relevant legal definitions where appropriate.

22. Other Mitigation Methods Not Precluded. Except as expressly provided by applicable law, nothing herein shall be interpreted to preclude the District from taking any other action including, but not limited to, levying any other fee, charge or requirement of dedication of land which the Board determines to be necessary in order to obtain and provide school facilities which meet the needs of the District, its students, and the community.

23. California Environmental Quality Act. The Board hereby finds that the adjustment to Level 1 Fees as provided by this Resolution is for the purpose of obtaining funds
for capital projects necessary to maintain service within the District and that therefore, this action is statutorily exempt from the California Environmental Quality Act ("CEQA") (Public Resources Code sections 21000 et seq.).

24. **Effective Date.** The Level 1 Fees set forth in this Resolution become effective on the 60th day following the date of adoption of this Resolution, as set forth below.

25. **Severability.** If any provision of the Resolution is held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining portions shall not in any way be affected or impaired thereby.

EXECUTIVE SUMMARY

Pursuant to Government Code Section 65995 et. seq. and Education Code Section 17620 et. seq., school districts are authorized to levy fees on new residential and commercial-industrial development to fund the "construction or reconstruction of school facilities" necessary to accommodate the students from new development. Currently, the maximum statutory fees allowed by law are $3.36 per square foot of residential development and 54¢ per square foot of commercial-industrial development.

New residential development in the Chico Unified School District ("District") will increase the number of students in the District. The District's schools do not have the capacity to accommodate all of these additional students. Consequently, a developer fee is needed to fund the acquisition and construction of school facilities to serve this increase in enrollment.

The District's elementary and junior high school grade configurations are currently K - 6 and 7 - 8, respectively. However, because the District plans to adjust these configurations to K - 5, 6 - 8 in the immediate future, as documented in the District's 2014 Facilities Master Plan ("FMP"), the analysis in this Developer Fee Justification Study ("Study") assumes elementary and junior high grade configurations of K - 5 and 6 - 8, respectively.

The District has 5,215 K - 5 students, 209 below its current elementary capacity of 5,424. Therefore, of the 2,397 K - 5 students that could be yielded by new development, 2,188 will require additional school facilities.

With respect to junior high school students, the District has 2,627 students in grades 6 - 8, 475 below its planned (after accounting for eight planned new classrooms to be funded from bond proceeds on-hand) junior high capacity of 3,102. Therefore, of the 1,257 junior high students that could be yielded by new development, 782 will require additional school facilities.

At the high school level, the District's enrollment of 3,641 is 886 students below its current high school capacity of 4,527. Therefore, of the 1,965 high students that could be yielded by new development, 1,079 will require additional school facilities.

Based upon the analyses and findings contained in this Study, each additional home within the boundaries of the District will cause $8,796 in school facilities costs, which equates to $5.02 per square foot for the expected average size (1,753 square feet) new home. Since the impact per square foot exceeds the statutory fee ($3.36), the District is justified in imposing the maximum statutory residential fee of $3.36 per square foot on all new residential development to the extent allowed by law.

Education Code Section 17620 authorizes the imposition of developer fees on commercial-industrial development. Commercial-industrial development generates school facility needs because the new jobs created bring new families, and consequently new school-aged children, into the District. This Study shows that even after accounting for projected residential developer fee revenues, the fiscal impact of various types of commercial-industrial development in the District exceeds 54¢ per square foot for every business type except "rental self-storage". Therefore, the District is justified in charging a developer fee of 54¢ per square foot on all new commercial-industrial construction except "rental self-storage", in which case 9¢ per square foot is the justified charge.

---

1 Although the residential cost impact was calculated based on new homes, for the purposes of this Study it is assumed that new residential construction, demolition and replacement, as well as additions of more than 500 square feet, are all the same type of development - residential. Thus, whether residential square footage is added via new construction, reconstruction, or additions, the number of resulting students per square foot and fiscal impacts per square foot are the same or substantially similar.
INTRODUCTION

As of the date of this Study, the developer fees authorized by Government Code Section 65995 et. seq. are as follows:

- Residential Development: $3.36 per square foot
- Commercial-Industrial Development: 54¢ per square foot

A school district must make a number of findings before establishing new developer fees. When "establishing, increasing, or imposing" developer fees, the District must (Government Code Section 66001(a)):

1. Identify the purpose of the fee,

2. Identify the use to which the fee is to be put,

3. Determine how there is a reasonable relationship between the use of the fee and the type of development on which the fee is imposed,

4. Determine how there is a reasonable relationship between the need for the public facility and the type of development on which the fee is imposed, and

5. Determine how there is a reasonable relationship between the amount of the fee and the cost of the public facility.

This Study has been prepared to assist the District with making the findings necessary to justify charging developer fees.
AVAILABLE CAPACITY

Table 1 (below) identifies the District’s elementary, junior high and high school capacities, and compares them with their respective enrollments (based on implementation of the District’s plans to adjust its elementary and junior high grade configurations to K - 5 and 6 - 8, respectively, as documented in the District’s FMP). It can be seen that there is excess capacity available at all three grade levels.

(1) K - 5 capacity = total elementary capacity shown on page 10 of the District’s 2014 Facilities Master Plan - Final ("FMP"). 6 - 8 capacity = total junior high capacity shown on page 10 of the FMP + 264 spaces gained by the future net increase of 8 classrooms (33 students per classroom), the cost of which is expected to be funded from Measure E bond proceeds on-hand and other non-developer fee revenue (information regarding new classrooms and funding source provided by Chico Unified School District - July 2014). Total high school capacity based on capacity of Pleasant Valley High School shown in FMP + Chico High School capacity [excluding Inspire] provided by Chico Unified School District (June 2014). Capacity does not include Inspire, Alternative Education, or Loma Vista.

ADDITIONAL CAPACITY REQUIRED TO SERVE NEW DEVELOPMENT

Projecting the additional capacity required to serve new development requires comparing the number of students expected to result from new development with the capacity available for these students.

The first step in this process is to determine the number of elementary, junior high and high school students that each new home will yield. Table 2, below, shows the District's student yield rates based on 2009-10 resident student (enrollment adjusted for inter-district transfers in and out) data and the 2010 U.S. Census count of the total number of households (i.e. occupied homes) within the District. It can be seen that, on average, each home yielded 0.122 elementary (K - 5) students, 0.064 junior high (6 - 8) students and 0.100 high (9 - 12) school students. For the purposes of this Study, it is assumed that each new home will yield the same number of students.

(1) 2009-10 enrollment increased by number of inter-district transfers out and decreased by number of inter-district transfers in (information provided by Chico Unified School District).
(2) 2010 U.S. Census (U.S. Census Bureau).

The second step is to project the number of new homes that could potentially be constructed in the District. As shown in Table 3, below, based on information for the City of Chico's Sphere of Influence, the boundaries of which are entirely within the District, the current estimated number of additional homes that could be constructed is 19,647.

(2) Equals 2008 count of homes in City of Chico sphere of influence (41,438 - City of Chico 2030 General Plan, Land Use Element, Table LU-4) increased by estimated 4.46% increase in City of Chico home count from January 2008 through June 2014 (January 2008 count from California Department of Finance, Demographic Research Unit. June 2014 count based on January 1, 2014, count from California Department of Finance, Demographic Research Unit plus January 2014 to June 2014 residential building permit data from City of Chico).
ADDITIONAL CAPACITY REQUIRED TO SERVE NEW DEVELOPMENT (CONT.)

As shown in Table 4, below, the third step is to project the number of students from new development by applying the per-home student yield rates to the projected number of new homes.

Table 4 shows that the potential new homes could yield 2,397 elementary students, 1,257 junior high students, and 1,965 high school students.

The number of new classroom spaces needed to accommodate the students from new homes equals the number of such students that cannot be accommodated with existing facilities. The first part of Table 5, below, compares the number of projected students (derived in Table 4) with the number of available spaces (derived in Table 1) to determine the number of students from new development in excess of current capacity. It is projected that the District will need to provide additional classroom capacity for 2,188 elementary school students, 782 junior high students and 1,079 high school students. Table 5 also shows that even after taking into account planned additional capacity at existing schools, new schools may be needed to serve the increased enrollment.

(1) Represents planned projects which are not funded from bond proceeds on-hand and for which the District does not currently have a definitive non-developer fee revenue source (developer fees may be spent on these projects, but for the purposes of determining justified developer fees, capacity to be funded from developer fees is not counted as already funded. Planned additional elementary capacity based on adding 18 classrooms to the regular elementary schools (not including Lorna Vista) and assuming an average loading of 26 students per classroom. 28 students per classroom loading is weighted average based on four grades (K - 3) loaded at 24:1 and two grades (4 and 5) loaded at 30:1. Loading from FMP.

(2) Information provided by Chico Unified School District.

(3) Rounded to nearest whole number. Although the assumed capacity of a new junior high school (900) exceeds the required additional capacity shown herein, the required capacity is fairly close. Further, if a smaller school were constructed, the cost per student shown in Table 6 would not necessarily be less, and could be more because of fixed costs associated with constructing new schools (e.g., the need for administrative facilities). Although the assumed capacity of a comprehensive high school (1,800) exceeds the required additional capacity shown herein, the District could adjust boundaries to increase the enrollment at the new school and, even if a smaller school were constructed, the cost per student shown in Table 6 would not necessarily be less, and could be more because of fixed costs associated with constructing new schools (e.g., the need for administrative facilities).
FACILITY COSTS PER STUDENT SPACE ADDED

As mentioned previously, additional facilities will be required to accommodate the elementary, junior high and high school students from new residential development. Table 6 [below] summarizes the estimated cost to the District of providing additional classroom space for these students.

The cost of providing elementary school facilities for students from new development is based on the estimated cost per student of adding new classrooms at the existing schools and constructing new schools. It can be seen that the estimated cost per student served by each new classroom at existing schools is $26,257 and the estimated cost per student served at new schools is $30,503.

The cost of providing junior high school facilities for students from new development is based on the estimated cost per student of constructing a new school. Based thereon, it can be seen that the estimated cost per student served is $57,899.

The cost of providing high school facilities for students from new development is based on the estimated cost per student of constructing a new school. Based thereon, it can be seen that the estimated cost per student served is $58,202.

(1) Based on doubling the State new construction grant per elementary student (as of January 2014). The State new construction grant amount is doubled because the State grant amount is only intended to fund 50% of the cost per student. State grant amounts are used because the District does not currently have cost estimates exclusively for the new classroom projects.

(2) Planning/soft costs estimated to equal 30% of construction costs (information provided by Persinger Architects - April 2014).

(3) Cost estimate for each new elementary school based on May 2002 estimate of $10,150,000 (information provided by Chico Unified School District) increased by the 57.01% increase in the statutory developer fee caps (the State increases the developer fee caps based on a construction cost index) from 2002 to 2014. Cost estimate (as of July 2014) for new junior-high school provided by Chico Unified School District (July 2014). Cost estimate for new high school based on March 2006 estimate of $92,000,000 (information provided by Chico Unified School District) increased by the 27.76% increase in the statutory developer fee caps (the State increases the developer fee caps based on a construction cost index) from 2006 to 2014.

(4) Elementary land acquisition costs based on two additional sites needed (the District currently owns the land required for one of the three schools needed - 12 acres in the Bella Vista area), 12 acres per site, and $105,000 per acre, which is the price per acre the District paid in 2004 to acquire the site for Canyon View High School. Junior-high land acquisition costs based on one additional site needed, 20 acres per site, and $105,000 per acre. No high school land acquisition costs are required because the District already owns the land required for a new high school.

(5) Number of new schools required multiplied by capacity per new school (Table 5).
RESIDENTIAL DEVELOPER FEE JUSTIFIED

In Table 5 [page 5], this Study identified the number of additional spaces needed to accommodate the students from new residential development. And Table 6 [page 6] identified the cost of the facilities needed to accommodate these students. Based on this information, Table 7, below, calculates the cost of providing these facilities for each square foot of new residential development.

Table 7 shows that the students from each new home constructed in the District will cost $8,796 to accommodate, which equates to $5.02 per square foot for the estimated average size new home (1,753 square feet). Therefore, the District is justified in charging the maximum residential developer fees of $3.36 per square foot on all new residential development to the extent allowed by law.

[1] The District has committed bond proceeds on-hand towards adding 8 new classrooms at the junior high schools [information provided by District - July 2014], and this additional capacity has been accounted for in Table 1. The District has no other funds on-hand which are committed to projects which would add capacity for students from future new development [information provided by District - July 2014]. The District's developer fees on-hand are not counted for this purpose because those funds are for mitigating the impact of the new development (for which building permits have already been issued) which paid those fees.

Although the residential cost impact was calculated based on new homes, for the purposes of this Study it is assumed that new residential construction, demolition and replacement, as well as additions of more than 500 square feet, are all the same type of development - residential. Thus, whether residential square footage is added via new construction, reconstruction, or additions, the number of resulting students per square foot and fiscal impacts per square foot are the same or substantially similar.

Chico Unified School District
COMMERCIAL-INDUSTRIAL FEES

As commercial-industrial properties develop, new jobs are created. Many of the people hired into these new jobs move into the community and bring families with them. The children from these families will increase the need for additional school facilities. Consequently, commercial-industrial development will impact the District.

The cost of accommodating these students is lessened by the amount of residential developer fees paid for new homes. Therefore, subject to statutory limits, commercial-industrial fees are justified to the extent that the residential developer fees paid fall short of mitigating the total financial impact of each new home.

The methodology used to analyze the impact of commercial-industrial development on the District must quantify the relationship between the creation of new jobs and the fiscal impact on the District of new employees moving into the community. The results of this analysis for the District are summarized in Table 8 (next page).

Education Code Section 17621 allows for the use of employee generation figures from a report produced by the San Diego Association of Governments (SANDAG). This report provides estimates for the average number of employees per square foot of space for various types of businesses. Column 1 of Table 8 shows the number of employees per 1,000 square feet for each of twelve types of businesses.

Column 2 of Table 8 represents the estimated number of employees who will live in the District per 1,000 square feet of commercial-industrial development. These figures were derived by multiplying each business' employees per 1,000 square feet by 58%, the estimated percentage of these employees who also live in the District. Although this percentage is an estimate, the actual percentage of jobs held by residents would have to be less than 20% before the justified amount would be less than 54¢ per square foot for every business category (except rental self-storage).

Column 3 represents the number of District households per 1,000 square feet. These numbers were derived by multiplying each business type's District employees per 1,000 square feet by 0.95, the estimated number of households per employee. Although this figure is an estimate, the actual number of households per employee would have to be less than 0.30 before the justified amount would be less than 54¢ per square foot for every business category (except rental self-storage).

The projected school facility costs per 1,000 square feet for each business type (column 4) were calculated by multiplying each business' District households per 1,000 square feet by the average cost per household ($8,796). These costs range from $264 to $23,221. The developer fees paid per 1,000 square feet (column 5) were derived by multiplying the households per 1,000 square feet by the fees expected to be paid for the average household ($5,890). The fees paid range from $177 to $15,550 per 1,000 square feet.

Column 6, the net unfunded costs per 1,000 square feet, represents the amount by which the projected costs per 1,000 square feet exceed the projected developer fees paid per 1,000 square feet. Division of this figure by 1,000 square feet yields the net unfunded costs per square foot (column 7). It can be seen that the net unfunded costs per square foot exceeds 54¢ per square foot for every business type except "rental self-storage". Therefore, the District is justified in charging a developer fee of 54¢ per square foot on all new commercial-industrial construction except "rental self-storage", in which case 9¢ per square foot is the justified charge.

### Assumptions/Data:

- 58% of workers who both work and live within boundaries of District (2)
- 0.95 households per employee (3)
- $3.36 Statutory Maximum Residential Developer Fee
- 1.753 square feet; estimated average size of new home in District
- $5,890 Average Developer Fees Paid Per Home
- $8,798 School Facilities Costs Per Home (4)

---

2. Based on data from the 2012 American Community Survey 1-Year Estimates, 58% of workers 16 years of age and older who did not work from home and who lived in the District had a commute time to work of less than 15 minutes (U.S. Census Bureau). For the purposes of this Study, it is assumed that this percentage is reasonably reflective of the percentage of employees of new businesses in the District who will also live within the District.
3. It is estimated that there are approximately 89,052 occupied housing units located in and 93,600 employed people living in Butte County (State Department of Finance, Demographic Research Unit, City/County Population and Housing Estimates - January 2014; State of California Employment Development Department, Labor Market Information Division - January 2014). This equates to 0.95 households/occupied homes per employee (89,052 ÷ 93,600). For the purposes of this Study, it is assumed that this ratio is reasonably reflective of the ratio of homes to employees for people who both live and work within the boundaries of the Chico Unified School District.
4. See Table 7.
NEXUS FINDINGS

Purpose of Fee

The purpose of the fees is to assist with paying for legal capital expenditures related to accommodating students from new development.

Use of Fee

The District plans to use the fees to assist with paying any and all expenses related to providing school facilities needed to accommodate students from new development.

Reasonable Relationship Between Fee's Use and Development on Which Fee is Imposed

New residential space [e.g. new homes, additions of more than 500 square feet, etc.] provides capacity for additional school-aged children to live within the District’s boundaries. To the extent that they cannot be accommodated with existing school facilities, these school-aged children will require additional school facilities. The fees to be imposed by the District as justified by this Study will be used to help fund these additional facilities. Therefore, there is a reasonable relationship between residential development and the use of the fees.

As commercial-industrial properties develop, new jobs are created. Many of the people hired into these new jobs will move into the community, bringing families with them. The children from these families will require school facilities. The fees to be imposed by the District as justified in this Study will be used to help fund these facilities. Therefore, there is a reasonable relationship between commercial-industrial development and the use of the fees.

Reasonable Relationship Between Need for Facilities and Development on Which Fee is Imposed

As described above, to the extent that school-aged children from new residential development cannot be accommodated with existing school facilities, these school-aged children will require additional school facilities. Therefore, the District needs to charge the residential developer fee authorized pursuant to law and justified by this Study in order to provide additional school facilities for the children produced by new residential development.

Similarly, to the extent that school-aged children drawn into the community from commercial-industrial development cannot be accommodated with existing facilities, these students will increase the need for additional school facilities. Therefore, the District needs to charge the commercial-industrial developer fees authorized pursuant to law and justified by this Study in order to provide additional school facilities for the children produced by new commercial-industrial development.

Reasonable Relationship Between Amount of Fee and Cost of Public Facility

As shown in this Study, the cost of providing school facilities to accommodate new development equates to $5.02 per square foot of residential development. Since the District will not seek to charge more than this amount, there is a reasonable relationship between the amount of the fee for residential development and the cost of the required school facilities.

As further shown in this Study, after accounting for the residential developer fees expected to be paid by the average new home, the additional cost of providing school facilities to accommodate students from new commercial-industrial development ranges from 9¢ to 54¢ per square foot. Since the District will not charge any type of commercial-industrial development more than the lesser of the applicable fiscal impact or 54¢, there is a reasonable relationship between the amount of the fee for commercial-industrial development and the cost of the required school facilities.

Chico Unified School District
ACCOUNTING PROCEDURES

Deposit and Accounting of Fee Revenue

Revenue derived from development fees shall be deposited, invested, accounted for, and expended in accordance with Government Code Section 66006.

Funds are being deposited in a separate capital facilities account so that there will be no commingling of fees with other revenue, except for temporary investments. The fees will be expended solely for the purpose for which they were collected. Any interest earned by such an account will be deposited in that account and expended solely for the purpose for which it was originally collected.

Within 180 days after the last day of each fiscal year, the information specified in Government Code Section 66006(b) shall be made available to the public.

Unexpended or Uncommitted Fee Revenue

Pursuant to Government Code Section 66001(d), on the fifth (5th) anniversary following the first deposit into the developer fee fund or account, and every five years thereafter, findings will be made with respect to that portion of the fund or account remaining unexpended.

The findings will identify the purpose to which the fee will be put, demonstrate a reasonable relationship between the fee and the purpose for which it was charged, identify all sources and amounts of funding anticipated to complete financing in incomplete improvements, and designate the approximate dates on which this funding is expected to be deposited into the appropriate account or fund. Findings will not be made with respect to letters of credit, bonds, or other instruments taken to secure payment of the fee at a future date. If the findings are not made, the unspent funds and any interest thereon may be refunded to the then current record owner or owners of the development project.

Pursuant to Government Code Section 66001(e), within 180 days of the determination that sufficient funds have been collected to complete financing on incomplete projects, an approximate date by which construction may commence will be identified or the unspent funds and any interest thereon may be refunded to the then current record owner or owners of the development project.
CONCLUSION

This Study demonstrates that each square foot of new residential development creates a fiscal impact of $5.02 upon the Chico Unified School District. Therefore, the District is justified in imposing the statutory residential developer fee of $3.36 per square foot on all new residential development (e.g. new construction, demolition and replacement, additions of more than 500 square feet to existing homes, etc.) to the extent allowed by law.

Further, this Study shows that even after accounting for projected residential developer fee revenues, the fiscal impact of various types of commercial-industrial development in the District exceeds 54¢ per square foot for every business type except "rental self-storage". Therefore, the District is justified in charging a developer fee of 54¢ per square foot on all new commercial-industrial construction except "rental self-storage", in which case 9¢ per square foot is the justified charge.

---

3 Although the residential cost impact was calculated based on new homes, for the purposes of this Study it is assumed that new residential construction, demolition and replacement, as well as additions of more than 500 square feet, are all the same type of development - residential. Thus, whether residential square footage is added via new construction, reconstruction, or additions, the number of resulting students per square foot and fiscal impacts per square foot are the same or substantially similar.

☒ Discussion/Action

Board Date September 17, 2014

Background Information

State and federal free or reduced property is offered to qualified agencies that have an application on file with the Department of General Services – Office of Fleet and Asset Management. Chico Unified School District (CUSD) is updating its application to include current staff members and Computers For Classroom (CFC) staff members as authorized representatives to acquire surplus property through the auspices of the California State Agency for Surplus Property.

Educational Implications

Use of surplus property can assist the district in providing an engaging environment for learning to take place.

Fiscal Implications

Surplus property can be acquired at little or no cost to the district. CFC refurbishes surplus computer equipment which CUSD uses to update technology resources for students. The CFC program provides substantial savings to CUSD in annual computer replacement costs.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION – LOWER TIER COVERED TRANSACTIONS

This certification is required by the General Services Administration regulations implementing Executive Order 12549-41 CFR 105-68 – for all lower tier transactions meeting the requirements stated at 41 CFR 105-68.110.

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department of agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms “covered transaction,” “debarred,” suspended,” ineligible,” “lower tier covered transaction,” “participant,” “person,” “primary covered transaction,” “principal,” “proposal,” and “voluntarily excluded,” as used in this clause, have the meanings set out in the Definitions and Coverage section of rule implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction,” without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under CFR part 9, subpart 9.4, debarred, suspended, in eligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction by any Federal department or agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
