On December 11, 2013, the CUSD Board of Education directed Staff to proceed with Phase 1 of the Facilities Master Plan (FMP). The Information Technology Department issued a Request for Proposals (RFP) on September 30, 2014 for Phase 1C Technology Projects that included cabling infrastructure upgrades at Emma Wilson, Neal Dow and Shasta Elementary.

Five responses were received on October 17, 2014. Below is a table of the results.

The Information Technology Department thoroughly reviewed each response and recommends KS Telecom to be approved for this project.

Educational Implications

The District’s Strategic Plan states: “A safe, nurturing and inspiring environment is essential for individuals to thrive.”

Fiscal Implications

Facilities Master Plan Projects identified by the Board of Education will be funded with Measure E Bond funds. The use of these funds may facilitate leverage to gain additional funding from the State of California.

The proposed projects qualify as projects defined in the voter approved Measure E ballot language.

Recommendation

It is recommended that the Board of Education authorize the Superintendent or designee to enter into a Lease-Leaseback Agreement with KS Telecom with a Guaranteed Maximum Price (GMP) of $384,000.00.
AGENDA ITEM: Adoption of Resolution No. 1264-14 Adoption of Bidder Prequalification Process

Prepared by: Julia Kistle, Director, Facilities & Construction

☐ Consent  
☐ Information Only  
☐ Discussion/Action  

Board Date November 5, 2014

Background Information
Beginning January 1, 2014, Public Contract Code section 20111.6 ("Statute") requires the District to conduct a prequalification process for general contractors, and mechanical, plumbing and electrical subcontractors, prior to those contractors and subcontractors bidding on District projects over $1,000,000 that will utilize State funding. Prequalification requires contractors to meet certain criteria, designed to assess their experience, expertise and overall ability to carry out work with the District, prior to bidding. The Statute permits the District to conduct prequalification on a quarterly, annual or project-by-project basis. The Statute requires the District to adopt procedures, including a standardized qualification form and uniform rating system for evaluating applicants.

It has been common practice for Chico Unified School District to utilize the Lease-Leaseback project delivery method allowed by Ed. Code on all projects in excess of $1,000,000 and not bid the projects per public contract code. On September 18, 2014, the law was amended by AB 1581 to include projects utilizing section 17406 and section 17407 of the Education Code (Lease-Leaseback project delivery method). The amendments made to this section by the act shall apply only to contracts awarded on or after January 1, 2015.

The following documents are attached for your consideration:
1. Resolution No. 1264-14 for adoption
2. Exhibit “A” - Application for Prequalification provided by the Department of Industrial Relations (DIR)
3. List of Scoreable Questions and the Scoring Instructions, provided by the DIR
4. Sample Announcement of Prequalification Procedures and open dates for annual prequalification

Educational Implications
N/A

Fiscal Implications
The purpose of the law is to ensure a decrease in labor code violations on public works projects. The law is to be re-evaluated in 2019.
The prequalification process will create additional workload for staff. Annual, as opposed to quarterly or project-by-project, prequalification will most effectively utilize District resources.

**Additional Information**

Public Contract Code section 20111.6, subsection (a), states: “(a) This section shall apply only to public projects, as defined in subdivision (c) of Section 22002, for which the governing board of the district uses funds received pursuant to the Leroy F. Greene School Facilities Act... or any funds from any future state school bond for a public project that involves a projected expenditure of one million dollars ($1,000,000) or more.”

Public Contract Code section 20111.6, subsection (b), states: “if the governing board of the district enters into a contract meeting the criteria of subdivision (a), then the governing board of the district shall require that prospective bidders for a construction contract complete and submit to the board of the district a standardized prequalification questionnaire and financial statement. The questionnaire and financial statement shall be verified under oath by the bidder in the manner in which civil pleadings in civil actions are verified. The questionnaires and financial statements shall not be public records and shall not be open to public inspection.

Public Contract Code section 20111.6, subsection (c), states: “The board of the district shall adopt and apply a uniform system of rating bidders on the basis of the completed questionnaires and financial statements.”

Public Contract Code section 20111.6, subsection (d), states: “The questionnaire and financial statement described in subdivision (b), and the uniform system of rating bidders described in subdivision (c), shall cover, at a minimum, the issues covered by the standardized questionnaire and model guidelines for rating bidders developed by the Department of Industrial Relations pursuant to subdivision (a) of Section 20101.”

Public Contract Code section 20111.6, subsection (g), states: “The board of the district may establish a process for prequalifying prospective bidders pursuant to this section on a quarterly or annual basis and a prequalification pursuant to this process shall be valid for one calendar year following the date of initial prequalification.”

Public Contract Code section 20111.6, subsection (i), states: “For purposes of this section, bidders shall include the general contractor and, if utilized, all electrical, mechanical, and plumbing subcontractors.”

**Recommendation**

It is recommended that the Board of Education adopt Resolution No. 1264-14 Bidder Prequalification Process and direct staff to implement the adopted process.

WHEREAS, District staff have developed a Contractor’s Prequalification Questionnaire ("Questionnaire") and a uniform system of rating prospective bidders based upon the completed Questionnaires ("Rating System") in accordance with PCC section 20111.6; and

WHEREAS, the District intends that the Questionnaire, Financial Statement and Rating System shall be used to prequalify prospective bidders on any construction project meeting the threshold requirements of PCC section 20111.6; and

WHEREAS, the Questionnaire, Financial Statement and Rating System cover, at a minimum, the issues covered by the standardized questionnaire and model guidelines for rating bidders developed by the Department of Industrial Relations; and

WHEREAS, the Questionnaire includes a process for prospective bidders to appeal certain decisions with respect to the Prequalification Process ("Appeal Process"); and
WHEREAS, the District intends to adopt the Questionnaire, Rating System, Prequalification Process, and Appeal Process for prequalification on District projects meeting the threshold set forth in PCC section 20111.6 consistent with the documents attached as Exhibit “A”, but tailored to each particular construction project contemplated by the District, and consistent with and in compliance with Public Contract Code section 20111.6; and

Section 2. That the Questionnaire, Procedure, Rating System, Prequalification Process, and Appeal Process are approved and adopted pursuant to Public Contract Code section 20111.6.

Prequalification Application
PREQUALIFICATION PROCEDURES

Notice is hereby given by Chico Unified School District ("District") that general contractors and mechanical, electrical and plumbing subcontractors planning to participate in bidding on District projects (each a "Project") in the twelve months following prequalification will be required to prequalify prior to bidding, and must adhere to the following procedures, submit the following documentation and information, and be found by the District to prequalify, as a condition of bidding. Prequalification application packages are available on the District’s website at http://www.chicousd.org/Departments/Facilities--Construction/index.html or at the District’s Facilities office.

No bid will be accepted from a contractor that has failed to comply with these requirements. If two or more business entities submit a bid on a project as a Joint Venture, or expect to submit a bid as part of a Joint Venture, each entity within the Joint Venture must be separately qualified to bid.

The prequalification packet includes, in part, a questionnaire and financial statement, to be verified under oath. The District will use the information and documentation required herein, as the basis for rating contractors in respect to the size and scope of contracts upon which each contractor is qualified to bid. The District reserves the right to check other sources available. The District’s decision will be based on its uniform rating system, including in part, objective evaluation criteria and references.

Contractors are encouraged to submit prequalification packages as soon as possible, so that they may be notified of prequalification status well in advance of the bid process. Note that neither the fact of prequalification, nor any prequalification rating, will preclude the District from a post-bid consideration of the responsiveness of the lowest apparent bid on any Project or the lowest apparent bidder’s responsibility to perform the Project.

The prequalification packages should be sealed, marked “CONFIDENTIAL PREQUALIFICATION,” and mailed to the following:

Chico Unified School District-Corporation Yard  
Facilities & Construction Department  
Attention: Julia Kistle  
2455 Carmichael Drive  
Chico, CA 95928

The questionnaire answers and financial statements included in the prequalification packages submitted by contractors are not public records and are not open to public inspection. All such information provided will be kept confidential to the extent permitted by law, although the contents may be disclosed to third parties for the purpose of verification, investigation of substantial allegations, and in the process of any subsequent proceedings. State law requires that the names of contractors applying for prequalification status shall be public records subject to disclosure, and the first page of the questionnaire will be used for that purpose.

Each questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the contractor on whose behalf that person is signing. If any information provided by a contractor becomes inaccurate, the
contractor must immediately notify the District and provide updated accurate information in writing, under penalty of perjury.

A contractor who has timely submitted a completed application form, and who receives a rating of "not qualified" from the District, may appeal that determination. There is no appeal from a finding that a contractor is not prequalified because of a late application or a failure to submit required information. A contractor may appeal the District's decision with respect to its request for prequalification, by giving notice to the District no later than five (5) business days after receipt of notice of its qualification status. Notice shall be sent to the address listed above. Unless a contractor files a timely appeal, the contractor waives any and all rights to challenge the qualification decision of the District, whether by administrative process, judicial process or any other legal process or proceeding. The District reserves the right to resolve appeals before or after bid opening or award of any contract. The date for submission and opening of bids for a specific project and any subsequent contract award will not be delayed or postponed to allow for completion of an appeal process.

The District reserves the right to waive minor irregularities and omissions in the information contained in the prequalification application submitted and to make all final determinations.

A contractor may be found not prequalified for bidding on a contract for a specific Project, or on all Project contracts to be let by the District during the year specified above. In addition, a contractor may be found not prequalified for either an omission of requested information, falsification of information, or a failure to use the forms provided by the District. The District shall post and continually update on its website a list of all general contractors, mechanical, electrical and plumbing subcontractors that are prequalified for District Projects.

General contractors must use prequalified Mechanical, Electrical and Plumbing Subcontractors in order for their bid to be "responsive", whenever that is specified in the bid documents.

The contractor's qualified limit will be the lesser of the following (stated in U.S. currency): (a) the largest public works contract the contractor has fully performed within the last five years (as defined by the original contract price, plus additive and deductive change orders), plus 10%; or (b) the contractor's current bonding capacity (as determined by the surety with which the contractor currently has the highest bonding limit).

The District reserves the right to amend the prequalification packet at any time. Additionally, a determination by the District that a contractor is prequalified, does not amount to a final determination that such contractor is responsible or responsive for purposes of bid evaluation. The District may, in accordance with applicable law reject a prequalified contractor's bid, and the District may additionally reject all bids if it determines such action is in the best interest of the public.

Contractor will be immediately disqualified if the answer to any of questions 6, 7, 8 or 9 is “yes.” If the answer to question 8 is “yes,” and if debarment would be the sole reason for denial of prequalification, any prequalification issued will exclude the debarment period.

   □ Yes       □ No

   NOTE: Notarized statement must be from the surety company, not an agent or broker.

---

1 A “no” answer to Question 4 will not be disqualifying if the contractor is exempt from complying with Question 4, for reasons explained in footnote 7.
2 A contractor disqualified solely because of a “Yes” answer given to question 6, 7, or 9 may appeal the disqualification and provide an explanation of the relevant circumstances during the appeal procedure.

A List Of The Scorables Questions And The Scoring Instructions
A LIST OF THE SCORABLE QUESTIONS AND THE SCORING INSTRUCTIONS

The scorable questions arise in three different areas:

(I) History of the business and organizational performance;

(II) Compliance with occupational safety and health laws, workers’ compensation and other labor legislation; and

(III) Completion of recent projects and quality of performance.

The interview questions (interviews by the public agency of project managers on projects completed recently by the contractor) are included in group III. In a prequalification procedure for a single project, this last category would also include a scoring of the number of recently completed projects that are similar to the project on which prequalification is at issue. However, scoring linked to the similarity of past projects would probably not be possible or useful if the public agency as part of a procedure to pre-qualify contractors for an extended period.

Note: Not all questions in the questionnaire are scorable; some questions simply ask for information about the contractor firm’s structure, officers and history. This document includes only those questions that are “scorable.” The question numbers in this document are the numbers used in the questionnaire. Thus, the questions included here begin with question number 6, and there are a few breaks in the numerical sequence.

The Scores Needed for Prequalification

To prequalify, a contractor would be required to have a passing grade within each of the three large categories referred to above.

For Section I, “History of the business and organizational performance,” DIR recommends use of a passing score of 57 on this portion of the questionnaire (of a maximum score of 76 on this portion of the questionnaire).

For Section II, Compliance with occupational safety and health laws, workers’ compensation and other labor legislation DIR recommends use of a passing score of 38 on this portion of the questionnaire (of a maximum score of 53 points on this portion of the questionnaire).

Section III, Completion of recent projects and quality of performance, includes a series of interview questions, and may also include questions about recently completed (public or private) construction projects. For the interview questions, DIR recommends that a public agency interview project managers for the owners of two completed projects. DIR recommends a scoring system that would allow a maximum score of 120 points for each interview. For these questions, DIR recommends qualification for a contractor whose score on each of two interviews is 72 points or more; a denial of prequalification for a contractor whose score on either interview is less than 55 points; and an additional interview with another reference if the score resulting from one interview is between 55 points and 72 points.
DIR makes no recommendation about how to score a contractor’s answers about recently completed past projects. Because of the wide range of projects that a public agency may be planning, and the similarly wide range in the skills, abilities, and experience that a public agency will consider most important for a pending project, it is impossible to propose a useful model scoring system to apply to the answers given about a contractor’s completed projects.

Scoring of previous projects completed:

For prequalification for a single project that may require specific skills and capabilities, public agencies may choose to score contractors for the number of similar projects completed, and the degree of similarity between past projects and the planned project. DIR has not suggested any scoring for this aspect of the prequalification process, because of the numerous possible variations in both the type of project to be built and the points of similarity between the pending project and past projects that may be significant to the public agency.

PROCEDURES AND OPEN DATES

PREQUALIFICATION
ANNOUNCEMENT OF PREQUALIFICATION PROCEDURES AND OPEN DATES FOR ANNUAL PREQUALIFICATION

Notice is hereby given that on __________, 2015, the Chico Unified School District determined that all bidders on public works to be undertaken by the Chico Unified School District must be prequalified prior to submitting bids for public works. It is mandatory that all Licensed Contractors who intend to submit bids fully complete the prequalification questionnaire, provide all materials requested herein, and be approved by Chico Unified School District to be on the final Bidders list. No bid will be accepted from a Contractor that has failed to comply with these requirements. If two or more business entities submit a bid on a project as a Joint Venture, or expect to submit a bid as part of a Joint Venture, each entity within the Joint Venture must be separately qualified to bid.

Prequalification applications may be submitted annually, from January 1 through January 30 and as necessary on a project by project basis. Contractors who submit a complete prequalification package will be notified by first class mail of their qualification status, such notice to be mailed no later than fifteen business days after submission of the information.

Answers to questions contained in the attached questionnaire, information about current bonding capacity on an aggregate and per project limit, notarized statement from surety, and the most recent reviewed or audited financial statements, with accompanying notes and supplemental information, are required. Chico Unified School District will use these documents as the basis of rating Contractors in respect to the size and scope of contracts upon which each Contractor is qualified to bid. Chico Unified School District reserves the right to check other sources available. Chico Unified School District’s decision will be based on objective evaluation criteria.

Prequalification approval will remain valid for one (1) calendar year from the date of notice of qualification, except that Chico Unified School District reserves the right during that calendar year to adjust, increase, limit, suspend or rescind the prequalification ratings based on subsequently learned information and after giving notice of the proposed action to the Contractor and an opportunity for a hearing consistent with the hearing procedures described below for appealing a prequalification determination.

While it is the intent of the prequalification questionnaire and documents required therewith to assist Chico Unified School District in determining bidder responsibility prior to the submission of bids and to aid Chico Unified School District in selecting the lowest responsible bidder, neither the fact of prequalification, nor any prequalification rating, will preclude Chico Unified School District from a post-bid consideration and determination on a specific project of whether a bidder has the quality, fitness, capacity and experience to satisfactorily perform the proposed work, and has demonstrated the requisite trustworthiness. Contractors are encouraged to submit prequalification packages as soon as possible, so that they may be notified of prequalification status well in advance of upcoming projects.

The prequalification packages should be submitted under seal and marked “CONFIDENTIAL” to Julia Kistle, 2455 Carmichael Drive, Chico, CA 95928.

The prequalification packages (questionnaire answers and financial statements) submitted by Contractors are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law, although the contents may be disclosed to third parties for the purpose of verification, investigation of substantial allegations, and in the process of an
appeal hearing. State law requires that the names of contractors applying for prequalification status shall be public records subject to disclosure, and the first page of the questionnaire will be used for that purpose.

Each questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the Contractor on whose behalf that person is signing. If any information provided by a Contractor becomes inaccurate, the Contractor must immediately notify Chico Unified School District and provide updated accurate information in writing, under penalty of perjury.

Chico Unified School District reserves the right to waive minor irregularities and omissions in the information contained in the prequalification application submitted, to make all final determinations, and to determine at any time that the prequalification procedures will not be applied to a future public works project.

A contractor who has submitted a completed application form, and who receives a rating of “not qualified” from Chico Unified School District may appeal that determination. There is no appeal from a finding that a contractor is not prequalified because of a failure to submit required information, but re-application during one of the designated time periods is permitted. A contractor may appeal Chico Unified School District’s decision with respect to its request for prequalification, and request a hearing, by giving notice to Chico Unified School District no later than ten business days after receipt of notice of its qualification status. Unless a Contractor files a timely appeal, the Contractor waives any and all rights to challenge the qualification decision of Chico Unified School District whether by administrative process, judicial process or any other legal process or proceeding.

If the Contractor gives the required notice of appeal and requests a hearing, the hearing shall be conducted so that it is concluded no later than ten business days after Chico Unified School District’s receipt of its Notice of Appeal. The hearing so provided shall be an informal process conducted by a panel to whom the Chico Unified School District Board of Education has delegated responsibility to hear such appeals (the “Appeals Panel”). At or prior to the hearing, the Contractor will be advised of the basis for Chico Unified School District’s prequalification determination. The Contractor will be given the opportunity to present information and present reasons in opposition to the prequalification determination. At the conclusion of the hearing or no later than one day after completion of the hearing, the Appeals Panel will render its decision. The date for submission and opening of bids for a specific project will not be delayed or postponed to allow for completion of an appeal process.

**Note:** A contractor may be found not prequalified for bidding on a specific public works contract to be let by Chico Unified School District, or on all contracts to be let by Chico Unified School District until the contractor meets Chico Unified School District’s requirements. In addition, a contractor may be found not prequalified for either:

1. Omission of requested information or
2. Falsification of information

* * * * *

**NOTICE:** To contractors who are using subcontractors for this job, please be advised that Chico Unified School District may require, as to subcontractors, one of the following:
The qualification of subcontractors in the following crafts or trades, following acceptance of your bid, but before the award is made:

☐ Prequalification of all subcontractors.

☐ Prequalification of subcontractors in certain crafts.

☐ Post-bid qualification review.

Discussion/Action

Board Date November 5, 2014

Background Information
California School Board Association (CSBA) has requested that K-12 Districts across California consider joining the Children's Movement of California. Member districts are identified as "Pro-Kid" with the stated goal of "wanting children to be prioritized in policy-making".

Educational Implications
Membership provides access to information and resources on a wide variety of issues related to student health, welfare and education.

Fiscal Implications
There is no charge for membership.
Are you Pro-Kid?

What is The Children's Movement of California?
The Movement resulted from years of research and interviews around the state asking the question: “Almost everyone cares about kids, so why do kids fare so poorly in the public policymaking process?” The answer: the strong, broad-based, diverse support for kids’ well-being is too diffuse to have the impact it should on the policymaking process.

The response: The Children’s Movement of California. Over 1,000 business, labor, education, parent, health, local government, civil rights, and faith-, community- and ethnic-based organizations around the state have already joined the “Pro-Kid” list, demonstrating their powerful support for children. All of these groups receive information on a range of children’s issues and opportunities to opt-in to policy campaigns, so that hundreds of diverse organizations are unified in their message to make children the top priority.

What does membership in the Movement mean?
Joining the Movement simply means being publicly identified as “Pro-Kid” and wanting children prioritized in policymaking. That’s it. That’s the only commitment.

Once your organization signs up, it will be listed with hundreds of other organizations throughout the state that are also Pro-Kid. Individuals are also welcomed to join. Pro-Kid organizations and individuals receive information and resources on a variety of issues, easy-to-use tools to support local advocacy around children, and opportunities to opt-in to collective statewide action campaigns.

How do I get involved?

1 JOIN the Movement
Declare you’re Pro-Kid by connecting your organization or yourself to the Movement, signifying your support for “prioritizing children’s health and education in public policymaking.”

2 GET tools and resources
Gain access to updates on key issues impacting kids and what needs to happen to better ensure their well-being.

3 OPT-IN to campaigns
Opt in to collective action campaigns supporting Pro-Kid policies.

Who is Children Now? Children Now is a non-partisan, umbrella research, policy development, and advocacy organization dedicated to promoting children’s health, education, and child welfare in California. The organization coordinates The Children’s Movement of California.
