Background Information

ERATE program provides discounts to assist most schools and libraries. The Schools and Libraries program supports connectivity for communications using telecommunications services and/or the Internet. Due to the complexity of the program and the rules which must be followed, Chico USD has used a consultant for many years to help with this process.

With the need to maximize any and all funding sources, we find the need to have a consultant who can provide us with more than just filling in the forms and answering questions when they arise. Mattison Enterprises helps meet all the requirements and shows us all our telecommunications billing/credits as part of the ERATE program. This helps to assure we are getting the full refunds we qualify for and are completing all parts of the process correctly.

Fiscal Implications

There is no impact to the general fund. Mattison Enterprises bills at an hourly rate of $110 per hour. The estimate for our district is between 60-80 hours or $6,600-$8,800. We are billed only for the hours used.

With the change in IT Directors and ERATE rules, we used more hours than usual during the 2014-15 school year. We are asking for an additional $446.25 to compensate Mattison Enterprises for this extra time.

Board Date  August 18, 2015

Background Information

The Chico Unified School District (CUSD) was notified that its application to the Drought Response Outreach Program for Schools (DROPS) administered by the State Water Resources Control Board (SWRCB) has been approved for funding, and is one of 29 projects funded throughout California. In its application, staff proposed to implement low-impact development (LID) projects for stormwater capture and drought mitigation to conserve and capture stormwater runoff and infiltrate it into the soil at nine (9) campuses including: Parkview, Chapman, Citrus, McMannus, Neal Dow, and Rosedale Elementary schools, Bidwell and Chico Junior High schools, and Fairview High.

Plans also include implementing a comprehensive stormwater education program targeting after-school programs by establishing a “Clean Water Science Ambassador” program for each project school to provide academic enrichment tied directly with implementation of LID demonstration sites on each campus. The educational program will be developed through a collaboration with the CA Urban Streams Alliance-The Stream Team and will inspire and empower students by providing opportunities for them to positively impact the health of their home watershed, while community collaborations expose students to exciting career options in environmental fields.

Stormwater is the most common cause of water pollution in the United States. Unlike pollution from industries and sewer treatment facilities, which are direct source, storm water pollution is caused by daily activities from a variety of sources. For this reason, the DROPS grant, will allow CUSD to implement stormwater pollution prevention measures that would not otherwise be possible, while also engaging students in implementing LID projects on their campuses.

Grant Project Team:  John Bohannon, Director, State and Federal Programs; John Carver, Maintenance Supervisor; Shannon Payne, Teacher on Special Assignment for After School Programs; Timmarie Hamill, Director, CA Urban Streams Alliance-The Stream Team; Engineering and Construction Consultants (Foothill Associates, Rolls Anderson and Rolls, Urban Rain Designs, and others as needed)

Recommendation: Passage of resolution authorizing CUSD to enter into a drought response outreach program for schools grant agreement and approval of consultant agreement with CA Urban Streams Alliance-The Stream Team.

Fiscal Implications

This contract agreement with CA Urban Streams Alliance-The Stream Team has no impact on the general fund. Funds will come directly from the DROPS Grant. CUSD's grant award is for $445,220.
Resolution No. 1297-15

A Resolution Authorizing Chico Unified School District (CUSD) to Enter into a Drought Response Outreach Program for Schools Grant Agreement

WHEREAS, the State Water Resources Control Board authorizes approximately $30.2 million (Propositions 13, 40, and 50) to implement the Drought Response Outreach Program for Schools (DROPS) grant to reduce stormwater pollution; and

NOW, THEREFORE, BE IT RESOLVED, BY THE BOARD OF CHICO UNIFIED SCHOOL DISTRICT AS FOLLOWS:

The Board hereby:

1. Authorizes the CUSD Superintendent or designee to conduct all negotiations, execute and submit all documents, including but not limited to applications, contracts, agreements, amendments, payment requests, which may be necessary for acceptance of the DROPS grant and completion of the Project; and

2. Agrees to comply with all applicable federal, state, and local laws, ordinances, rules, regulations, and guidelines related to the DROPS grant; and

3. Authorizes a Consultant Agreement with CA Urban Streams Alliance – The Stream Team in the Amount of $95,723 to assist in project implementation, day-to-day grant management and coordination with CUSD After School Program Director, and Maintenance Supervisor; and

4. Authorizes subsequent Consultant Agreements with Engineering and Construction firms as needed to implement LID treatments on school campuses (up to $245,700).

Passed and adopted by the Chico Unified School District Board of Education at a regular meeting, thereof, held on the 19th day of August 2015.

PROPOSED AGENDA ITEM: First Reading of Board Policy Adoptions/Updates

Prepared by: Administration

☐ Consent  Board Date August 19, 2015

☒ Information Only

☐ Discussion/Action

Background Information
In order to govern effectively, Districts are required to have accurate and up-to-date Board Policies. By law, Districts are mandated to adopt many policies to ensure legal compliance. Working in conjunction with the California School Boards Association (CSBA) Policy Services, CUSD continues to update and revise Board Policies to ensure CUSD is legally compliant.

Education Implications
Up-to-date policies provide clarity to the expectations for students, parents, and staff.

Fiscal Implications
CUSD is required to have up-to-date and legally compliant policies. Failure to have such policies in place jeopardizes funding opportunities, especially in regards to Categorical dollars.
