AGENDA ITEM: Consultant Agreement with Club Z In-Home Tutoring Services, Inc.

☐ Discussion/Action

Background Information
All schools that receive Title I funding and Local Educational Agencies (LEAs) that do not make Adequate Yearly Progress (AYP) are identified as Program Improvement (PI) and must implement required program components and interventions. The District must notify students attending PI schools in years 3-5 of Supplemental Services opportunities. Supplemental Educational Services are tutoring or other supplemental enrichment activities beyond the regular school day. Services are to be high quality, research-based and designed to improve the students' academic achievement. Students are eligible for services if they are in Title I schools in PI status and 1) not meeting State Standards in reading and math, and 2) from low income families. Only State Board of Education (SBE) approved providers qualify to offer supplemental services. Currently Club Z has increased their amount of students because we had three providers not return this year. Due to the increase of students, it has caused the cost of services to increase.

Educational Implications
The state-approved Supplemental Service Providers will render services to qualified students based on their academic needs.

Fiscal Implications
None to the General Fund.

AGENDA ITEM: Professional Development – Using Technology To Support High-Quality Instruction

Prepared by: Michael Morris, Director

☑ Consent

Board Date April 6, 2016

☐ Information Only

☐ Discussion/Action

Background Information

Computer Using Educators (CUE) is a non-profit, national professional development provider and consultant group with expertise in supporting educators in building their capacity to effectively utilize technology to teach, lead and learn. Teachers and administrators have attended CUE events for the past several years to gain knowledge and skills in using technology to support high quality, rigorous instruction.

The proposed contract is to provide the CUE Rock Star Butte County Administrator and Teacher Camps in August 2016. These camps (2 days for administrators and 1 day for teachers) are purposely designed and focused on assisting teachers and administrators in leading the changes that are most pressing in K-12 education right now: deploying devices, changing classroom pedagogies, leading change, social media challenges and technological skills for leaders.

Educational Implications

These professional development days will assist teachers and administrators with actively building their capacity to examine, support and refine their knowledge and skills in effectively utilizing technology to support high quality instruction. The central focus is on continually improving instruction with technology as a tool to improve student learning. This work will also provide opportunities for teachers and administrators to collaborate with other educators from around Butte County to share insights, challenges and practices, while building a greater sense of cohesion with other Chico Unified educators. This supports the overarching student achievement goals of CUSD.

Fiscal Implications

Costs for the presenters provided by CUE noted in the CUE contracts include costs for CUSD participants and participants from other charter schools and districts that choose to participate. CUSD will be reimbursed for costs from participants from other charter schools and districts that choose to participate.
Costs for the presenters provided by CUE for the August 10-11 administrative workshops are $100 per participant.

- Costs for August 10-11 for CUSD are anticipated to be 50 x $100 = $5,000
- Costs for other districts and/or charter schools would be reimbursed to Chico Unified.

These costs include costs paid to CUE and include all travel fees and other expenses. The final costs for the admin camp may change depending upon the particular presenters secured. The admin camp expenses are higher than the teacher camp because the admin camp is two days and the presenter costs are higher.

Costs for the August 16 teacher workshops are estimated at $100 per person.

- Costs for August 16 CUSD are estimated at 730 x $100 = $73,000.
- Anticipated costs for other districts and/or charter schools would range from a minimum of 110 x $100 = $11,000 to 470 x $100 = $47,000.
- Costs for other districts and/or charter schools would be reimbursed to Chico Unified.

These costs include costs paid to CUE and include all travel fees and other expenses.

Additional costs to be determined may include morning coffee/refreshments and lunch.

Funding for CUSD participants will be provided from multiple sources including Educator Effectiveness Funds, Title II.

AGENDA ITEM: Proposition 30 Extension

Prepared by: Jim Hanlon / Kevin Moretti

☑ Consent  Board Date April 6, 2016

☐ Information Only

☐ Discussion/Action

Background Information

Proposition 30 has been essential to school funding for the past four years. In order to avoid a decrease in funding, which would result in a decrease in services to K-12 students, a proposition to extend the Prop 30 taxes will be on the November 2016 ballot.

Educational Implications

If the Proposition 30 tax is allowed to lapse, K-12 schools in California will see a reduction in funding resulting in reduced services to students, including the possibility of increased class sizes, fewer educational options, and reduced support services.

Fiscal Implications

An extension of Proposition 30 would raise $8 to 11 billion per year through 2030.
RESOLUTION 1328-16
Resolution to Support
Children’s Education and Health Care Protection Act

WHEREAS, the Chico Unified School District Board of Education is committed to making policy and financial decisions that enable the school district to provide quality educational programs and services to the school-age children of our community; and

WHEREAS, during the recent recession, the state cut more than $56 billion from education, healthcare and other critical services; and public schools statewide experienced unprecedented funding reductions and apportionment deferrals; and

WHEREAS, California public schools rank 42nd out of the 50 states in per-pupil spending; California public schools are the most crowded in the nation; and California provides fewer guidance counselors and librarians per student than any other state in the nation;¹ and

WHEREAS, many of California’s school children come from low-income families that lack access to the health care services needed to keep those children in school and learning; and

WHEREAS, passage of Proposition 30 in 2012 helped increase state revenues, providing a significant boost to California’s K-12 school spending and sending funds directly to school districts through the Education Protection Account;

WHEREAS, the revenues from Proposition 30 will decline after 2016 and will disappear completely after 2018, the last year its provisions will be in effect; and

WHEREAS, the Children’s Education and Health Care Protection Act would extend Proposition 30’s temporary income tax rates for an additional 12 years, to continue funding the Education Protection Account and boost spending on health care for low income families; and

WHEREAS, unless Californians extend Proposition 30’s temporary tax increases, the state’s schools most likely will receive relatively fewer dollars in the years ahead, raising the prospect that California’s school spending will fall even further behind the nation; and

WHEREAS, the loss of Education Protection Account funds will negatively impact the district; and

BE IT RESOLVED that the Chico Unified School District Board of Education joins school districts around the state in supporting the Children’s Education and Health Care Protection Act and in urging the Legislature to work with the public education community to identify stable, long-term, adequate funding solutions for public schools; and

BE IT FURTHER RESOLVED, that this body, the Chico Unified School District, supports the passage of the Children’s Education and Health Care Protection Act because it provides needed revenue to public schools and will specifically benefit this district for the reasons described herein.

Adopted by the Governing Board of the Chico Unified School District on April 6, 2016, by the following vote of the Board:

<th>Question</th>

<tbody>
<tr>
<td>Is the initiative an extension of Proposition 30?</td>
<td>Yes. This initiative temporarily extends the income tax rates on the wealthiest Californians created under Prop 30. Revenues from the extension will increase funding for public schools and colleges, increase revenues in the Rainy Day Fund, while at the same time freeing up dollars in the general fund and, if certain criteria are met, increasing funding towards health care.</td>
</tr>
<tr>
<td>Are the taxes temporary, like the current Prop 30?</td>
<td>Yes. The current Prop 30 income tax rates would be temporarily extended for 12 years.</td>
</tr>
<tr>
<td>Does the initiative continue the Prop 30 sales tax increase?</td>
<td>No. The quarter-cent sales tax increase will expire in 2016.</td>
</tr>
<tr>
<td>How much revenue will this initiative bring in?</td>
<td>An estimated $8-11 billion annually.</td>
</tr>
<tr>
<td>Where do the revenues from the initiative go?</td>
<td>Simply - the extension revenues do 3 things: 1. Increase funding for public schools and colleges 2. Increase funding into rainy day fund 3. By helping the state to meet and expand its obligation to schools and colleges, the initiative frees up budget dollars to be spent on healthcare and other priorities.</td>
</tr>
<tr>
<td>Does the initiative increase funding for education and the Prop 98 guarantee – the public education spending requirement?</td>
<td>Yes. Revenues will continue to be deposited into the Education Protection Account, a special fund that goes to fund K-12 public schools and community colleges. These funds will be used to help students by reducing class sizes, updating textbooks, hiring new teachers and help to keep</td>

tuition costs from skyrocketing – not administrative costs.

By helping the state maintain and fund critical resources for education, the state will then be freed up to use funds that would have otherwise been necessary for education, to help fund critical services like health care and other essential services, invest in the Rainy Day Fund and maintain a balanced budget.

<td>Yes. If certain budgetary requirements are met, the initiative will provide up to $2 billion annually in funds for health care for low-income children and their families.</td>

<tr>
<td>Does the initiative help maintain a balanced budget?</td>
<td>Yes. This initiative has built-in flexibility that allows for restoration of general fund spending cuts and provides for relief in budget emergencies.</td>
</tr>
<tr>
<td>Are there auditing and disclosure requirements?</td>
<td>Yes. This initiative is subject to full audit and disclosure requirements. They include audits by the State Controller and audits of the each school district and community college receiving funds. Districts and colleges must post on their websites how the funds were spent.</td>

| What are the tax rates and tax brackets?                       | This Initiative temporarily extends the original Prop 30 income tax rates and brackets:

<tr>
<td>Are the revenues subject to the Gann state appropriations limit?</td>
<td>Yes. CA passed an initiative that limits how much money the state can spend in a single year (Gann Limit). Any money that the state receives over that limit must be split evenly between refunds to taxpayers and spending on public education. In this initiative, revenues above the limit will continue to be split between taxpayer refunds and public education spending.</td>

<td>2. Remaining funds – those that are left after the state meets its Proposition 98, general fund budget, and Proposition 2 requirements – would now be split 50/50 (rather than 55/45) between the General Fund and Health care programs.</td>

AGENDA ITEM: Career and Technical Education in CUSD

Prepared by: Dave McKay, John Bohannon, Kristin Lower

☐ Consent  Board Date April 6, 2016
☐ Information Only
☐ Discussion/Action

Background Information
The current push from CDE in the way of career and technical education is to create career pathway options for secondary students as vehicles for college and career readiness (as per the California Common Core State Standards). Generally, a pathway is defined as a sequence of at least three CTE courses in grades 9-12. Ideally these pathways would extend into the middle grades as well. These pathways would not be chosen as alternatives to a college prep pathway; they would offer the “whole package” with A-G college prep courses, articulations with community colleges, certifications, and built-in work-based learning experiences. Over the last two years CUSD has been the beneficiary of three CTE grants (California Career Pathways Grant rounds one and two, and the CTE Incentive Grant) which are allowing CUSD to build and grow our Career pathways at all three high-schools.

Educational Implications
CUSD’s LCAP Goal #3 is to “Support High Levels of Student Achievement in a Broad Range of Courses: Provide all CUSD students the support and guidance to succeed in a broad range of challenging courses preparing them to successfully enter higher education and a viable career.” Currently we offer five career pathways at Pleasant Valley High School, five career pathways at Chico High School, and four career pathways with various focus options at Inspire. Through the Career Pathways Trust grants, we have defined a pathway as mentioned above with the additional details: the sequence of at least three CTE courses is integrated with at least one core class in the first year of pathway implementation, and another core academic is added/ integrated in the second year. Our desire is to unite core and CTE teachers under the same goal of preparing students for both college and career through the California Common Core State Standards.

Fiscal Implications
CDE’s California Career Pathways Grant, round one, awarded the Butte-Glenn Career Pathways Consortium 5.5 million dollars; and the CCPT grant, round two, awarded the BGCPC 5.3 million dollars. These funds benefit 19 schools in Butte and Glenn Counties, and CUSD’s three high schools are beneficiaries. CUSD promised matching dollars largely covered through certificated pathway teachers’ salaries. CUSD was also awarded $818,673 through CDE’s CTE Incentive Grant for 2016/17. This grant requires CUSD to provide a dollar for dollar match for 16/17. CUSD may reapply for CTE Incentive funds for both 2017/2018 and 2018/2019; those funds will require a $1.5 to $1 match in 17/18, and a $2 to $1 match for 18/19. Both pathway teachers’ salaries and Perkins funds may be used as match. The goal is the sustainability of robust pathways post grant money.
PROPOSED AGENDA ITEM: Approval of Board Policy Adoptions/Updates

Prepared by: Administration

☐ Consent  Board Date  April 6, 2016

☐ Information Only

☒ Discussion/Action

Background Information
In order to govern effectively, Districts are required to have accurate and up-to-date Board Policies. By law, Districts are mandated to adopt many policies to ensure legal compliance. Working in conjunction with the California School Boards Association (CSBA) Policy Services, CUSD continues to update and revise Board Policies to ensure CUSD is legally compliant.

Education Implications
Up-to-date policies provide clarity to the expectations for students, parents, and staff.

Fiscal Implications
CUSD is required to have up-to-date and legally compliant policies. Failure to have such policies in place jeopardizes funding opportunities, especially in regards to Categorical dollars.
