AGENDA ITEM: Field Trip Request for PVHS IB Student Group (Grades 11 and 12) to Go on a Student Service Trip to Quito, Ecuador and the Galapagos

Prepared by: Amy Besnard

☐ Consent  
☐ Information Only  
☐ Discussion/Action

Board Date: February 15, 2017

Background Information
In hopes to support the ideals of the IB program, we are working with an outside organization (Bright Light Volunteers) to provide IB students with an opportunity to participate in a service learning trip to Quito, Ecuador and the Galapagos Islands. Bright Light Volunteers organizes our travel, accommodations, food, activities, and service opportunities. They provide a minimum of two guides with our group (in addition to our two teacher chaperones).

Educational Implications
Students will be exposed to Ecuadorian culture and history. In addition, our work will address the eight core values of the IB program: awareness, challenges, initiative, collaboration, commitment, global value, ethics, and new skills. Many of these can be found in the Common Core standards. The hope is that the attributes the students gain on this trip will transfer into the classroom, their community, and future lives.

Fiscal Implications
There is no fiscal responsibility on the district. All funds are handled through Bright Light Volunteers. Students may pay, some have fund-raised, and some have received scholarships.

Additional Information
This is a life changing trip. I have facilitated and chaperoned service trips to Costa Rica, Cambodia, Peru, and Greece with students and have watched their lives dramatically change. Some previous participants are now even organizing service trips at Universities and working for Bright Light Volunteers.

Background Information
On Tuesday, February 28, 2017, the Pleasant Valley Mock Trial team will compete at the Superior Courthouse in Oroville to represent Butte County in the State competition at Riverside on March 24 to March 25.

Educational Implications
The Mock Trial activity provides 20 students with speech and debate skills plus an introduction to criminal law procedure. Each school fields two 9-student teams: prosecution and defense. Each team contains attorneys, witnesses, and support personnel. Teams play against a fixed-set, imaginary scenario; a new case is written each year. In competition, students present before Superior Court judges or Law School professors.

Fiscal Implications
The team has been funded by coaches and parents. Students may participate with no financial obligation. Parent generosity carried us to Riverside last year. The team seeks no financial support from district or student body.

Additional Information
Mock Trial is a service of the Constitutional Rights Foundation. Approximately 30 California schools compete in the State finals. The Butte County competition is coordinated by the Butte County Superintendent of Schools.

The students have practiced every Monday night since September. They have competed against high schools in Mendocino, Shasta, and Sacramento counties. They are supported by several deputy District Attorneys and several local private attorneys.

Discussion/Action

Board Date February 15, 2017

Background Information

Cheer Teams that compete through a national recognized cheer company such as USA, UCA and NCA have the opportunity to compete nationally if the score high enough at a regional competition. Teams will compete regionally to obtain a bid to Nationals. Each team must score a minimum of 75 points to be eligible. If you compete through USA, your National Competition will be in Anaheim, CA. If you compete UCA, your National Competition will be held in Orlando, Florida. I am not sure where Nationals are held for NCA. We attended two regional competitions and received a bid to Nationals both times. We are hoping to fund-raise enough money to attend the Nationals in Anaheim, CA.

Education Implications

Taking the PV Cheer team to Nationals will be an experience they will never forget. Getting there requires hard work, learning new skills, balancing their personal life and keeping up with their grades. Attending the National Competition will expose all the cheerleaders to many things, a couple being scouts for scholarships or being asked to try out and join a national recognized cheer team such as USA. The girls will need to cooperate with one another and have the trust it takes to pull off the stunts required to compete. Going to this competition will also help them with their social skills in having to communicate with one another when the stunts are not hitting. They need to talk with one another to find out what is going wrong and what adjustments need to take place. I have seen tremendous growth with the PV Cheer team since we started stunting a couple of years ago. This opportunity will also give the girls a positive experience in being proud of their hard work and accomplishments. Lastly, they will be interacting with other cheer teams to see the next level of skills they can and will be learning.

Fiscal Implications

PV Competition Cheer will be fundraising for this event. They will not be asking the district for any support. The parents are providing transportation to Anaheim on 3-23-17 and back to Chico on 3-26-17. PV Competition Cheer team, 17 members, will be fundraising for lodging, food and entertainment. We are projecting that the cost will be about $9500.00. Please see page 1 of this document for breakdown of the cost to go to Nationals in Anaheim.

Background Information

The HERO Program was a part of the curriculum on Pleasant Valley High School's Campus for twenty (20) years. Due to recent changes in the CTE requirements, the course has been modified to fulfill the CTE framework for public schools. This revised class will serve as the introductory course for the Public Service Pathway adaptation of the HERO program for 9th and 10th graders investigating career opportunities in the Public Service sectors of law enforcement, emergency medical service, fire service, mental health and human services.

Educational Implications

This course will fulfill the introductory requirements in the CTE Public Service pathway. There are over 20 local, state and federal agencies in the Chico area whom have been actively involved previously as advisors for this pathway and its predecessors the HERO program and its previous capstone course, Introduction to Administration of Justice which is an articulated course of study through Butte College. This modified course framework will mirror the HERO Program but complies with the CTE framework. Staff is anxious to have this offering to help students transition to career and college readiness.

Fiscal Implications

The course fiscal impacts are not known at the time. Once a textbook has been identified, the overall cost will be better estimated; however, the course textbook will be the major fiscal expenditure requirement. CTE Incentive funds (CTEIG) and Perkins can help with the development of instructional materials, texts and needed media.

Background Information

The HERO Program was a part of the curriculum on Pleasant Valley High School's Campus for twenty (20) years. Due to recent changes in the CTE requirements, the course has been modified to fulfill the CTE framework for public schools. This revised class will serve as the capstone course for the Public Service Pathway adaptation of the HERO program for 11th and 12th graders interested in career opportunities in the Public Service sectors. Students participating in this CTE pathway will prepare for careers in law enforcement, emergency medical service, fire service, mental health and human services as well as gain skills required in job or educational readiness for immediate placement or postsecondary studies in these career fields.

Educational Implications

This course will fulfill the capstone requirements in the CTE Public Service pathway. There are over 20 public service agencies in the Chico representing local, state and federal entities whom have been actively involved as advisors for this pathway and its predecessors the HERO program and its previous capstone course, Introduction to Administration of Justice, which is an articulated course of study through Butte College. This course will fulfill foundational standards in leadership, ethical behavior, and teamwork through job shadow and internships with local Public Service agencies.

Fiscal Implications

The course fiscal impacts are not known at the time. Once a textbook has been identified, the overall cost will be better estimated; however, the course textbook will be the major fiscal expenditure requirement. CTE Incentive funds (CTEIG) and Perkins can help with the development of instructional materials, texts and needed media.

NEW COURSE PROPOSAL OUTLINE

Course Title: Film & Media Studies
Grade Level: 11 & 12
Required/Elective: Elective
Length/Credits: Year 10 Credits
Prerequisites: None

I. Course Rationale and Description:

*On the UC A-G Site there are 114 Film Studies Courses offered by 108 institutions.*

Storytelling is the most common way that we communicate with one another. Stories told through film have a tremendous influence on our attitudes and perceptions of the world around us. In fact, films may be one of the most powerful tools in modern culture for shaping values and conveying information. By viewing, studying, discussing, and writing about film students will develop and demonstrate skills in technological, cultural, and media literacy, as well as critical thinking and problem solving - skills that will serve them well in the real world.

This course is based on the California State Standards for Career and Technical Education (CTE) in Arts Media and Entertainment to help students develop technical knowledge and skills needed for success in the audio video production industry. The course also includes California's Common Core State Standards as well as some VAPA Visual Arts Content Standards. This course will be added to the AME House of BLUE Pathway at Pleasant Valley High School and will add both rigor and relevance to the already existing production based pathway courses.

II. Instructional and Supplemental Materials:

Approved Core Instructional Materials:
All instructional and supplemental materials will adhere to current AME California Career Technical Education Curriculum Standards. And "Design, Visual, & Media Arts" Anchor Standards.

Supplemental Materials:
Reading literary articles, short stories, film scripts, and the viewing of several films ranging from early Hollywood classics, to modern day films, and covering a diverse range of film genres will be important elements of this course. In addition, lecture, class presentations, CTE guest speakers, handouts, film reviews, and presentations and research papers will all be included in the course content.
Student objectives for this course are as follows:
1. To understand the nature and process of film production.
2. To learn how to read and analyze film as you would a novel, a poem or a short story.
3. To familiarize ourselves with certain theoretical ideas presented by major film theorists.
4. To learn how to develop, write and revise workable screenplays.
5. To explore the major aesthetic trends in the history of cinema.
6. To be able to communicate information in an effective manner while using persuasive dialogue and synthesizing new ideas.
7. To work collaboratively with our peers to produce short films in a variety of different ways.
8. To gain a greater understanding of how filmmaking works—how it manipulates reality to make a thematic point and address issues which are political, social, philosophical, aesthetic, and controversial.
III. Course Outline/Standards/Instructional Methods/Assessments:
Prepare a course outline that indicates the following: 1) name of unit; 2) time allocated for the unit; 3) standards addressed in each unit (please use Content Standards Framework numbering system and write out each standard); 4) Instructional strategies used in each unit; 5) Assessments utilized. AGENDA ITEM: Charter Review Committee Recommendation – Nord Country School

Prepared by: John Bohannon, Director

☐ Consent  Board Date  February 15, 2017
☐ Information Only
☒ Discussion/Action

**Background Information**
Nord Country School was founded as a charter school in 2005. The Nord charter was most recently renewed for a five-year term in 2012. The current charter will expire June 2017.

CUSD received a charter renewal petition for Nord Country School on December 14, 2016. Pursuant to California Education code, the CUSD Board of Directors held a public hearing regarding the renewal on January 18, 2017.

The CUSD Charter School Review Committee met to review the Nord Renewal petition and is ready to make a recommendation to the Board.

**Educational Implications**
Nord Country School offer students in grades TK-8 another educational option.

**Fiscal Implications**
Nord is a direct funded charter, which means any ADA generated flows to the school and will not come to CUSD.

**Additional Information**
When a charter petition is renewed, Education Code mandates the term of the renewal is for five years.
To: Board of Education  
From: John Bohannon, Director State and Federal Programs  
Date: February 15, 2017  
RE: Nord Country School Renewal Request

**Action Requested:** Approve Nord Country School renewal because the charter school has met the standards and expectations set forth in the Charter Schools Act, Education Code 47605(b)(5), which governs charter school renewals.

**Summary:** Staff recommends approval based on the following factors:

1. Nord Country School will continue to work to ensure its academic achievement is comparable to similar CUSD schools.
2. Nord Country School's governance and finance support the schools vision and function.
3. The Nord Country Charter Petition meets the 16 required elements of a charter petition and neither the school or petition display any of the reasons necessary for denial of a charter petition.

**Governing Law:** Under the California Charter Schools Act, authorizers are required to apply the "standards and criteria" set forth for the review and approval or denial of a charter school petition. The following excerpt is taken from section 47605 of the California Charter Schools Act:

A school district governing board shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice.

The governing board of the school district shall not deny a petition for the establishment (or renewal) of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one of more of the following findings:

1. The charter presents an unsound educational program for the pupils to be enrolled in the charter school.
2. The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.
3. The petition does not contain the number of signatures required by subdivision (a). (not a requirement for renewal)
(4) The petition does not contain an affirmation of each of the conditions described in subdivision (d).

(5) The petition does not contain reasonably comprehensive descriptions of all of the required charter elements.

**Academic Performance:** Pursuant to Education Code 47607(a)(3)(A) the most important factor in determining whether to grant a charter renewal is the increase in pupil academic achievement for all groups of pupils served by the charter school.

The California Assessment of Student Performance and Progress (CAASPP) System only contains two years of data. The state has not yet approved an official tool for utilizing CAASPP data to evaluate school performance in order to compare multiple schools. Nord will complete an MOU with CUSD stating it will achieve similar results on an approved state tool as demographically comparable schools in CUSD when the state approves the tool.

**Procedural Background:**

1. Nord Country School submitted its renewal petition on December 14, 2016, at the regularly scheduled Board of Education Meeting.

2. CUSD Charter Committee met for first discussion of the submission on January 10, 2017

3. A public hearing was held on January 18, 2017. Representatives from the petitioning group presented.

4. CUSD Charter Committee completed matrix of the 16 required elements of a charter petition between January 9 and February 7, 2017.

☒ Discussion/Action

Background Information
On November 6, 2012 Chico Unified School District successfully passed Measure E, a $78 million dollar School Bond. With the passage of the Bond, the District must establish a Citizens’ Bond Oversight Committee (CBOC) to develop and approve Committee Bylaws.

Per Education Code Section 152789(a), the committee shall consist of at least seven (7) members to serve a two year term, without compensation.

Currently, the CBOC has six members, with two members’ terms nearly completed. District Staff have made numerous attempts to recruit new CBOC members.

Applicants applying for CBOC membership are Tami Adams, Administrative Manager at California State University, Chico department of Alumni and Parent Engagement and Dr. Kelly Crockett, Adjunct Online Assistant Professor in Public Administration at California State University, San Diego.

No impact to the General Fund.

Recommendation
It is recommended that the Board approve the CBOC membership applications for Tami Adams to fill the category of Parent-Teacher Organization Member and Dr. Kelly Crockett to fill the category of At-Large Community Member.

AGENDA ITEM:  
Board Policy – Debt Management

Prepared by:  
Kevin Bultema – Assistant Superintendent, Business Services

☐ Consent  
☐ Information Only  
☒ Discussion/Action

Board Date  
February 15, 2017

Background Information
Chico Unified School District (CUSD) is preparing to issue Measure K general obligation bonds as approved by voters on November 8, 2016. CUSD’s bond financing plan estimates Measure K Series A bonds in the amount of $45 million be issued in two parts with approximate repayment terms of 5-8 years and 20-25 years. Senate Bill (SB) 1029 requires CUSD adopt local debt policies and certify policies have been adopted before issuing debt on or after January 21, 2017.

Senate Bill (SB) 1029 Section I (c) State and local agencies should adopt comprehensive written debt management policies pursuant to the recommendation of the Government Finance Officers Association, a professional organization of over 18,000 public officials united to enhance and promote the professional management of governmental financial resources. These policies should reflect local, state, and federal laws and regulations.

SB1029 Section 2.9 (i) (1) The issuer of any proposed debt issue of state or local government shall, no later than 30 days prior to the sale of any debt issue, submit a report of the proposed issuance to the commission by any method approved by the commission. This subdivision shall also apply to any nonprofit public benefit corporation incorporated for the purpose of acquiring student loans. The commission may require information to be submitted in the report of proposed debt issuance that it considers appropriate. Failure to submit the report shall not affect the validity of the sale. The report of proposed debt issuance shall include a certification by the issuer that it has adopted local debt policies concerning the use of debt and that the contemplated debt issuance is consistent with those local debt policies.

The debt policy being submitted to the CUSD board for consideration is recommended by California School Board Association (CSBA) and meets the requirements of SB 1029.

Educational Implications
The District’s Strategic Plan states: “A safe, nurturing and inspiring environment is essential for individuals to thrive.”

Fiscal Implications
General obligation bonds are repaid through local property taxes. The issuance of bond debt will not impact CUSD’s operations budget. Approval of debt policies meets the requirements of SB 1029 and assures CUSD’s compliance with the law before issuing Measure K Series A bonds.

Recommendation
Administration recommends the board adopt the board policy on debt management as presented.
Debt Issuance and Management

The Governing Board is committed to long-term capital and financial planning and recognizes that the issuance of debt is a key source for funding the improvement and maintenance of school facilities and managing cash flow. Any debt issued by the district shall be consistent with law and this policy.

(cf. 3000 - Concepts and Roles)
(cf. 3460 - Financial Reports and Accountability)
(cf. 7110 - Facilities Master Plan)
(cf. 7210 - Facilities Financing)

The district shall not enter into indebtedness or liability that in any year exceeds the income and revenue provided for such year, unless two-thirds of the voters approve the obligation or one of the exceptions specified in law applies. (California Constitution, Article 16, Section 18)

When the Board determines that it is in the best interest of the district, the Board may issue debt or order an election to issue debt. The Superintendent or designee shall make recommendations to the Board regarding appropriate financing methods for capital projects or other projects that are authorized purposes for debt issuance. When approved by the Board and/or the voters as applicable, the Superintendent or designee shall administer and coordinate the district's debt issuance program and activities, including the timing of issuance, sizing of issuance, method of sale, structuring of the issue, and marketing strategies.

The Superintendent or designee may retain a financial advisor, municipal advisor, investment advisor, and other financial services professionals as needed to assist with the structuring of the debt issuance and to provide general advice on the district's debt management program, financing options, investments, and compliance with legal requirements. Contracts for services provided by such advisors may be for a single transaction or for multiple transactions, consistent with the contracting requirements in Education Code 17596. In the event that the district issues debt through a negotiated sale, underwriters may be selected for multiple transactions if multiple issuances are planned for the same project. In addition, the district shall select a legal team on an as-needed basis to assist with debt issuances or special projects.

(cf. 3312 - Contracts)
(cf. 3600 - Consultants)
(cf. 9270 - Conflict of Interest)

Goals
The district's debt issuance activities and procedures shall be aligned with the district's vision and goals for providing adequate facilities and programs that support student learning and well-being. When issuing debt, the district shall ensure that it:

1. Maintains accountability for the fiscal health of the district, including prudent management and transparency of the district's financing programs
2. Attains the best possible credit rating for each debt issue in order to reduce interest costs, within the context of preserving financial flexibility and meeting capital funding requirements
3. Takes practical precautions and proactive measures to avoid financial decisions that could negatively impact current credit ratings on existing or future debt issues

Policy Adopted: NEW
4. Maintains effective communication with rating agencies and, as appropriate, credit enhancers such as bond insurers or other providers of credit or liquidity instruments in order to enhance the creditworthiness, liquidity, or marketability of the debt

5. Monitors the district's statutory debt limit in relation to assessed valuation within the district and the tax burden needed to meet long-term debt service requirements

6. When determining the timing of debt issuance, considers market conditions, cash flows associated with repayment, and the district's ability to expend the obtained funds in a timely, efficient, and economical manner consistent with federal tax laws

7. Determines the amortization (maturity) schedule which will fit best within the overall debt structure of the district at the time the new debt is issued

8. Considers the useful lives of assets funded by the debt issue, as well as repair and replacement costs of those assets to be incurred in the future

9. Preserves the availability of the district's general fund for operating purposes and other purposes that is not funded by the issuance of voter-approved debt

10. Meets the ongoing obligations and accountability requirements associated with the issuance and management of debt under state and federal tax and securities laws

(cf. 0000 - Vision)  
(cf. 0200 - Goals for the School District)  
(cf. 7000 - Concepts and Roles)

**Authorized Purposes for the Issuance of Debt**

The district may issue debt for any of the following purposes:

1. To pay for the cost of capital improvements, including acquiring, constructing, reconstructing, rehabilitating, replacing, improving, extending, enlarging, and/or equipping district facilities

2. To refund existing debt

3. To provide for cash flow needs

(cf. 3100 - Budget)  
(cf. 3110 - Transfer of Funds)

Pursuant to Government Code 53854, general operating costs, including, but not limited to, items normally funded in the district's annual operating budget, shall not be financed from debt payable later than 15 months from the date of issuance. The district may deem it desirable to finance cash flow requirements under certain conditions so that available resources better match expenditures within a given fiscal year. To satisfy both state constitutional and statutory constraints, such cash flow borrowing shall be payable from taxes, income, revenue, cash receipts, and other moneys attributable to the fiscal year in which the debt is issued.
Authorized Types of Debt

The Superintendent or designee shall recommend to the Board potential financing method(s) that result in the highest benefit to the district, with the cost of staff and consultants considered. Potential financing sources may include:

1. Short-Term Debt
   a. Short-term debt, such as tax and revenue anticipation notes (TRANs), when necessary to allow the district to meet its cash flow requirements (Government Code 53850-53858)
   b. Bond anticipation notes (BANs) to provide interim financing for capital bond projects that will ultimately be paid from general obligation bonds (Education Code 15150)
   c. Grant anticipation notes (GANs) to provide interim financing pending the receipt of grants and/or loans from the state or federal government that have been appropriated and committed to the district (Government Code 53859-53859.08)

2. Long-Term Debt
   a. General obligation bonds for projects approved by voters (California Constitution, Article 13A, Section 1; Education Code 15100-15262, 15284-15276; Government Code 53506-53509.5)

(cf. 7214 - General Obligation Bonds)

3. Lease financing, including certificates of participation (COPs)
   a. Lease financing to fund capital equipment purchases when pay-as-you-go financing is not feasible (Education Code 17450-17453.1)
   b. Lease financing to fund facilities projects when there is insufficient time to obtain voter approval or in instances where obtaining voter approval is either not feasible or unavailable (Education Code 17400-17429, 17456)

4. Special financing programs or structures offered by the federal or state government, such as Qualified Zone Academy Bonds or other tax credit obligations or obligations that provide subsidized interest payments, when the use of such programs or structures is determined to result in lower financing costs compared to traditional tax-exempt bonds, COPs, and/or revenue bonds; other types of financing methods including special tax bonds issued pursuant to the Mello-Roos Community Facilities Act of 1982 (Government Code 53311-53388.3) or bonds issued pursuant to the Marks-Roos Local Bond Polling Act of 1985 (Government Code 6584-6599.1)

5. Temporary borrowing from other sources such as the County Treasurer

COPs, TRANs, revenue bonds, or any other non-voter approved debt instrument shall not be issued by the district in any fiscal year in which the district has a qualified or negative certification, unless the County Superintendent of Schools determines, pursuant to criteria established by the Superintendent of Public Instruction, that the district's repayment of that indebtedness is probable. (Education Code 42133)
Relationship of Debt to District Facilities Program and Budget

Decisions regarding the issuance of debt for the purpose of financing capital improvement shall be aligned with needs for acquisition, development, and/or improvement of district property and facilities as identified in the district's facilities master plan or other applicable needs assessment, the projected costs of those needs, schedules for the projects, and the expected resources.

When considering a debt issuance, the Board and the Superintendent or designee may evaluate both the short-term and long-term implications of the debt issuance and additional operating costs associated with the new projects involved. Such evaluation may include, but is not limited to, the projected ratio of annual debt service to the tax burden on the district's taxpayers and the ratio of annual debt service secured by the general fund to general fund expenditures.

The district may enter into credit enhancement agreements such as municipal bond insurance, surety bonds, letters of credit, and lines of credit with commercial banks, municipal bond insurance companies, or other financial entities when their use is judged to lower borrowing costs, eliminate restrictive covenants, or have a net economic benefit to the financing.

Structure of Debt Issues

The district shall consider the overall impact of the current and future debt burden of the financing when determining the duration of the debt issue.

The district shall design the financing schedule and repayment of debt so as to take best advantage of market conditions, ensure cost effectiveness, provide flexibility, and, as practical, recapture or maximize its debt capacity for future use. Principal amortization will be structured to meet debt repayment, tax rate, and flexibility goals.

For new money debt issuances for capital improvements, the district shall size the debt issuance with the aim of funding capital projects as deemed appropriate by the Board, as long as the issuance is consistent with the overall financing plan, does not exceed the amount authorized by voters, and, unless a waiver is sought and received from the state, will not cause the district to exceed the limitation on debt issuances specified in the California Constitution or Education Codes 15102, 15106, 15268, or 15270, as applicable.

To the extent practicable, the district shall also consider credit issues, market factors, and tax law when sizing the district's bond issuance. The sizing of refunding bonds shall be determined by the amount of money that will be required to cover the principal of, any accrued interest on, and any redemption premium for the debt to be paid on the call date and to cover appropriate financing costs.

Any general obligation bond issued by the district shall mature within 40 years of the issuance date or as otherwise required by law. (California Constitution, Article 16, Section 18; Government Code 53508.6)

The final maturity of equipment or real property lease obligations will be consistent with State law.

Method of Sale

For the sale of any district-issued debt, the Superintendent or designee shall recommend the method of sale with the potential to achieve the lowest financing cost and/or to generate other benefits to the district. Potential methods of sale include:

1. A competitive method of sale, in which the issuer solicits bids from underwriting firms to purchase its bonds, and sells bonds to the firm or bond syndicate offering the lowest interest rate bid
2. A negotiated method of sale, in which the issuer selects the underwriting firm or firms in advance of the proposed sale and the final purchase price is negotiated at the time designated for the sale of bonds.

3. A private placement sale method of sale, in which the issuer sells bonds directly to a single or limited number of purchasers without a public offering.

**Investment of Proceeds**

The district shall actively manage the proceeds of debt issued for public purposes in a manner that is consistent with state law governing the investment of public funds and with the permitted securities covenants of related financing documents executed by the district. Where applicable, the district’s official investment policy and legal documents for a particular debt issuance shall govern specific methods of investment of bond-related proceeds. Preservation of principal shall be the primary goal of any investment strategy, followed by the availability of funds and then by return on investment.

(cf. 3430 - Investing)

With regard to general obligation bonds, the district shall invest new money bond proceeds in the county treasury pool as required by law. (Education Code 15146)

The management of public funds shall enable the district to respond to changes in markets or changes in payment or construction schedules so as to ensure liquidity and minimize risk.

**Refunding/Restructuring**

The district may consider refunding or restructuring outstanding debt if it will be financially advantageous or beneficial for debt repayment and/or structuring flexibility. When doing so, the district shall consider the maximization of the district’s expected net savings over the life of the debt issuance and, when using a general obligation bond to refund an existing bond, shall ensure that the final maturity of the refunding bond is no longer than the final maturity of the existing bond.

**Internal Controls**

The Superintendent or designee shall establish internal control procedures to ensure that the proceeds of any debt issuance are directed to the intended use. Such procedures shall assist the district in maintaining the effectiveness and efficiency of operations, properly expending funds, reliably reporting debt incurred by the district and the use of the proceeds, complying with all laws and regulations, preventing fraud, and avoiding conflict of interest.

(cf. 3314 - Payments for Goods and Services)
(cf. 3400 - Management of District Assets/Accounts)

The district shall be vigilant in using bond proceeds in accordance with the stated purposes at the time such debt was incurred as defined in the text of the voter-approved bond measure. (Government Code 53410)

When feasible, the district shall issue debt with a defined revenue source in order to preserve the use of the general fund for general operating purposes.

In addition, the Superintendent or designee shall ensure that the district completes, as applicable, all performance and financial audits that may be required for any debt issued by the district, including disclosure requirements applicable to a particular transaction.

**Records/Reports**

At least 30 days prior to the sale of any debt issue, the Superintendent or designee shall submit a report of the proposed issuance to the California Debt and Investment Advisory Commission (CDIAC). Such report shall

Policy Adopted: NEW
include a self-certification that the district has adopted a policy concerning the use of debt that complies with law and that the contemplated debt issuance is consistent with that policy. (Government Code 8855)

On or before January 31 of each year, the Superintendent or designee shall submit a report to the CDIAC regarding the debt authorized, the debt outstanding, and the use of proceeds of the issued debt for the period from July 1 to June 30. (Government Code 8855)

The Superintendent or designee shall provide initial and any annual or ongoing disclosures required by 17 CFR 240.10b-5 and 240.15c2-12 to the Municipal Securities Rulemaking Board, investors, and other persons or entities entitled to disclosure, and shall ensure that the district's disclosure filings are updated as needed.

The Superintendent or designee shall maintain the official transcript for the financing, including documentation evidencing the expenditure of proceeds, the use of debt-financed property by public and private entities, the sources of payment or security for the debt, and investment of proceeds, which shall be kept for as long as the debt is outstanding, plus the period ending three years after financial payment date of the debt or the final payment date of any obligations or series of bonds issued to refund directly or indirectly all of any portion of the debt, whichever is later.

Exceptions and Modifications
The District acknowledges that the capital marketplace fluctuates, municipal finance products change from time to time, and that issuer and investor supply and demand vary. These fluctuations may produce situations that are not anticipated or covered by this policy. As such, the Governing Board may make exceptions or modifications to this policy to achieve the debt management goals outlined above. Management flexibility is appropriate and necessary in such situations, provided specific authorization is granted by the Governing Board.

Policy Development
The Superintendent or designee may develop additional specific elements of a debt management framework through rules and regulations which, along with this policy, shall be reviewed periodically in consideration of changing laws, District needs and market conditions.

AGENDA ITEM: Sunshine Openers (CUTA) for the 2017-18 Negotiation Session

Prepared by: Jim Hanlon – Assistant Superintendent of Human Resources

☐ Consent  Board Date  February 15, 2017

☐ Information Only

☒ Discussion/Action

Background Information  Pursuant to Articles 15 and 19 of the Collective bargaining Agreement between CUTA and the District, the two parties exchanged openers on February 3, 2017 for the 2017-18 school year. Articles 8 (Wages) and 9 (Benefits) are automatically opened as per the Collective Bargaining Agreement.

Additionally, the district opened Article 6 (Hours of Employment). CUTA declined to open additional articles at this time.

Educational Implications  A timely settlement will ensure that all certificated staff continue to provide quality services to our students.

Fiscal Implications  Subject to the outcome of negotiations in the area of wages and benefits there may be fiscal implications depending on the settlement. Factors the directly impact the settlement include the 2017-18 education budget from the state, district reductions to selected programs, enrollment and attendance rates of students.
January 26, 2017

Charlie Snyder, CUTA Negotiations Chair
Kevin Moretti, CUTA President

In accordance with Article 15, Section 15.2 of the Collective Bargaining Agreement (CBA) which states, “Not later than February 1, the CUTA and District shall exchange their initial proposals for the next school year(s). The proposals shall be presented to the Governing Board at the next meeting of the Board.”

After final discussions with the Governing Board on January 18, 2017 we have completed our decision process regarding the sunshining of our proposal for the 2017-2018 school year. The District will be opening Article 8 (Wages), Article 9 (Health and Welfare Benefits) and Article 6 (Hours of Employment).

As outlined in Article 15 we will be making our openers public at the February 1, 2017 School Board meeting with the intent to begin negotiations on February 9, 2017 in compliance with Section 15.2.1 of the CBA and Section 3543.3 of the Government Code.

We look forward to working with you.

Sincerely,

Jim Hanlon
Assistant Superintendent, Human Resources

Board of Education  
Chico Unified School District  
Ms. Kelly Staley, Superintendent  
1163 East Seventh Street  
Chico, CA 95928

Honorable Members and Ms. Staley:

Pursuant to Articles 15 and 19 of the Collective Bargaining Agreement between CUTA and the District, CUTA does hereby give notice of our intent not to open any articles for negotiations in 2017-18, with the exception that by the terms of the current collective bargaining agreement, we are ready to begin negotiations regarding Article 8 (Wages) and Article 9 (Benefits).

The success of the interest based bargaining model makes us feel comfortable that we can discuss and make progress on many different contractual issues. The last two years have been a positive and welcome development. We look forward to working together productively.

Respectfully submitted,

Charles Snyder  
Bargaining Chair

AGENDA ITEM: Adoption of the 2018-19 & 2019-20 Student Calendars
Prepared by: Jim Hanlon – Assistant Superintendent of Human Resources

☐ Consent
☐ Information Only
☒ Discussion/Action

Board Date February 15, 2017

Background Information The CUSD Board currently has an approved student calendar through the 2017-18 school year. In an effort to look ahead for planning purposes we are bringing forward proposed calendars for 2018-19 and 2019-20. We have requested and received input from all CUSD staff. Additionally, the CUTA bargaining team has proposed some adjustments to the calendar. We have posted the proposed calendar on our website and Facebook pages and at this time received no parent/community input.

Since the basic structure of the calendar is very similar to past calendars there appears to be little controversy with the proposal at this time. Staff input was used to make modest changes as discussed at the previous public hearing.

Educational Implications The student calendar is designed to provide the best possible schedule for student learning while considering the needs of our students’ families with regards to family time/vacations. The calendar accommodates important date considerations such as elementary parent conferencing, state testing schedules, finals schedules for secondary students as well as the state required minutes for instruction.

Fiscal Implications Complying with the stated mandated number of school days/minutes is critical to the district in regards to state funding.

AGENDA ITEM: Resolution 1364-17, Reduction in Certificated Staff Due To Reduction or Elimination of Particular Kinds of Service

Prepared by: Jim Hanlon, Assistant Superintendent, Human Resources

☐ Consent

☐ Information Only

☒ Discussion/Action

Board Date February 15, 2017

Background Information
The District must identify those positions and/or services that may not be needed next school year. This process requires that the Board pass a resolution identifying which particular kinds of services or programs may be reduced or eliminated for the 2017/18 school year.

The process is bound by timelines that require formal written notification to affected staff no later than March 15. An analysis of credentialing, the seniority list and other factors will determine those individuals who will receive a possible layoff notice. The determination of the particular kinds of services that may not be necessary is a necessary first step in this process.

Educational Implications
There will likely be fewer certificated staff members in the District next year based primarily on the loss of some grant funds. The possible elimination of the services in this resolution will not change the staffing levels required per the Collective Bargaining Agreement (CBA) between the District and the Chico Unified Teachers Association (CUTA). The loss or reduction of grant funding will likely result in fewer opportunities for intervention support for students and/or afterschool programs.

Fiscal Implications
The precise amount of savings cannot be determined until school starts. It is fair to plan for a savings of approximately $62,000 per FTE that is eliminated. The District's fiscal health is dependent on staffing as close to the CBA as possible.
CHICO UNIFIED SCHOOL DISTRICT  
Resolution 1364-17  

Reduction in Certificated Staff Due  
To Reduction or Elimination of Particular Kinds of Service  

WHEREAS, Sections 44949 and 44955 of the California Education Code require action by the governing board if the services of certificated staff are to be reduced or eliminated in order to permit the layoff of certificated employees.

NOW, THEREFORE, BE IT RESOLVED by the Board that:

1. The services set forth in Exhibit “A” shall be reduced or eliminated at the close of the 2016/17 school year for the 2017/18 school year.

2. The Board has considered anticipated certificated employee attrition (resignation, retirements, non-reelections, temporary teacher releases, etc.). Nevertheless, it is still necessary to terminate certificated full-time equivalent positions as referenced in Exhibit “A.”

3. It will be necessary to retain the services of certificated employees, regardless of seniority, who possess qualifications and competencies needed in the projected educational program for the 2017/18 school year which are not possessed by more senior employees thereby subject to layoff.

4. The Superintendent, or designee, is authorized and directed to send notice(s) of recommendation of non-reemployment pursuant to Sections 44949 and 44955 of the California Education Code to any employee whose services shall be terminated by virtue of this Resolution.

AGENDA ITEM: Resolution 1365-17, Release/Non-Reelection of Temporary (including "Probationary 0") Certificated Employees

Prepared by: Jim Hanlon, Assistant Superintendent, Human Resources

☐ Consent

☐ Information Only

☒ Discussion/Action

Board Date February 15, 2017

Background Information
Each year the District employs "temporary" certificated staff. Certificated staff members can be employed under this "temporary" status for various reasons per Education Code including short term positions, long term positions based on the need for additional employees because of leave or illness of another employee and for categorically funded programs. Per Education Code 44954, the District is required to notify such "temporary" certificated staff members on or before March 15 if they are to be released or non-reelected at the end of the current school year. Approving this resolution will initiate the process of notifying all such "temporary" certificated staff members that their services will not be needed after the end of the current school year.

Educational Implications
This will provide the District with needed flexibility to staff appropriately for the 2017/18 school year given variables such as staff returning from leaves of absence and adjustments needed for changes in enrollment and funding.

Fiscal Implications
Unknown at this point as many of these positions may be filled next school year but this provides needed flexibility for current certificated staff returning from leave and any enrollment and funding changes.
CHICO UNIFIED SCHOOL DISTRICT

Resolution 1365-17

Release/Non-Reelection of Temporary (including “Probationary 0”) Certificated Employees

WHEREAS, Education Code section 44954(b) requires that the governing board shall notify a temporary employee, in a position requiring certification qualifications, of the decision to release/non-reelect the employee from such a position for the next succeeding school year; and

WHEREAS, certain employees hired in a temporary capacity by the District may retain certain employment protections even though these employees are unable to accrue permanent status in the manner of probationary employees (such employees are otherwise referred to as having “Probationary 0” status).

NOW, THEREFORE, BE IT RESOLVED by the Board that:

1. The employees listed by employee number in Exhibit “A” are temporary employees of the District employed in a position requiring certificated qualifications (including “Probationary 0” employees who are providing a service which has been eliminated or reduced for the 2017/18 school year) and each such employee shall be released/non-relected at the end of the 2016/17 school year for the 2017/18 school year.

2. The Superintendent, or designee, is authorized and directed to give notice to each affected employee of this decision. Notice shall be given:
   a. in the manner required by law; and
   b. in conformity with the mandated timeline.

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.
I have served on the Delegate Assembly for 2 years, the connections I've made with other delegates has been valuable to me and my Board. I would like to spend more time with the other school boards in my region (4-B) to relay the information I receive through CSBA and to better understand their needs and concerns.

Please describe your activities and involvement on your local board, community, and/or CSBA.
I have been a Board Member for 6 years. Before that, as now, I am very active in our schools. The education of our children is my passion. I have taken this passion from PTA to Site Council to Board Member to Delegate Assembly and possibly I'll take it even further. The education of our children is the best hope for the future.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?
The two biggest challenges we face are adequate funding and Charter School Reform. Both of these are being addressed and supported by CSBA.
Changing Charter School Law so there is a more equitable playing field is important and CSBA has made this a priority this last year. With the support of the Delegate Assembly and School Boards across the state, we can make a difference.

Are you a continuing Delegate? □ Yes □ No  If yes, how long have you served as a Delegate?

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

I wish to represent Chico Unified and other districts in Butte County to bring voice to the needs and opinions of districts with 15,000 ADA or less. My experience in governance through a statewide organization goes back 40 years and includes representative offices in PTA, the California School Employee’s Association and the National Committee on Equity Pay for Women and Minorities. I served as a Director for Area A, CSEA and chaired many statewide committees including, Legislative, Comparable Worth Committee, Member Education and Staff Development Committee and the Judicial Panel. I organized and conducted member training seminars on Collective Bargaining and other related topics. I have lobbied in Sacramento on many public education related issues such as adequate funding for education, employee rights, and training for school board members.

Please describe your activities and involvement on your local board, community, and/or CSBA.

I have served on the district’s Nutrition and Health and Facilities committees, served as the certificated negotiations observer, and helped to develop criteria for the Special Education workshop. I have advocated for the City of Chico to plan to improve traffic safety around various schools, speaking at City Council meetings. I schedule regular school site observations and attend special recognition ceremonies. I attended CSBA and ACSA Legislative Lobby Days in 2015-16. I served two (2) years as the CUSD representative to the Board of Directors of Inspire School of Arts and Sciences a CUSD charter school.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

I believe the biggest challenge is increasing member capacity on such issues as I.CAP development, increasing the number of students meeting a-g requirements, increasing CTE pathway offerings, understanding trends in test score results, understanding district budget priorities and controls and how they must be tied to the LCA? three year planning outlook. Learning to disaggregate data to determine whether or not district programs are resulting in closing the achievement gap, increasing graduation rates and supporting the social/mental needs of students is critical. CSBA can help by target trainings to help build capacity in these areas by being mindful that trainings need to be adaptable for districts of any size ADA.
