Memorandum of Understanding (MOU) between Butte County Office of Education and Chico Unified School District for network rack space hosting.

Effective March 1st 2017 through March 1st 2018, this agreement will automatically renew annually through March 2021 without written notice of termination.

Butte County Office of Education agrees to pay $15k annually to Chico Unified School District for hosting BCOE’s WAN rack space (due March 25th of each year). The WAN rack space is used to host BCOE or vendor-owned networking equipment which connects surrounding School’s & BCOE Programs.

Chico Unified will provide BCOE with ½ of a full vertical rack space. The rack space will require infrequent vendor access to run network cabling in-between the MPOE and the Chico USD Datacenter.

BCOE’s networking equipment will utilize the existing power outlets in the rack space.

Sincerely,

Butte County Office of Education

"WHERE CHILDREN COME FIRST"
AGENDA ITEM: Declaration of Surplus Personal Property and Authorization to Sell

Prepared by: Julia Kistle - Director, Facilities and Construction

☐ Consent       Board Date    April 5, 2017

☐ Information Only

☐ Discussion/Action

Background Information
In order to accommodate an increase in attendance at Shasta Elementary School on June 24, 2016, the District acquired real property located at 193 Leora Court adjacent to the Shasta Elementary School Site, that included a residential structure. The residential structure is not needed for school purposes nor suitable for school use. In order to facilitate the anticipated construction of additional classroom space, the structure needs to be demolished and/or removed. District staff believes there is some value that could be obtained by selling the residence versus simply demolishing the structure. The District will require that bidders remove the structure from the Leora Court Property at their sole responsibility and risk and shall be required to provide insurance and indemnification to the District for such activities as determined appropriate by the District.

In accordance with the California Ed Code 17545 and Board Policy 3270 Chico Unified School District’s personal property may be disposed of by any of the following methods:

Other Personal Property
The district may sell other surplus or obsolete district-owned personal property through any of the following methods:

1. The Superintendent or designee may advertise for bids by posting a notice in at least three public places in the district for at least two weeks, or by publishing a notice at least once a week for at least two weeks in a newspaper having a general circulation in the district and, if possible, publishing within the district. The district shall sell the property to the highest responsible bidder or shall reject all bids. (Education Code 17545, 17548)

   Property for which no qualified bid has been received may be sold, without further advertising, by the Superintendent or designee. (Education Code 17546)

2. The property may be sold by means of a public auction conducted by district employees, employees of other public agencies, or by contract with a private auction firm. (Education Code 17545). The district may sell the property without advertising for bids under any of the following conditions: The Board members in attendance at a meeting have unanimously determined that the property does not exceed $2,500 in value. (Education Code 17546)

3. Money received from the sale of surplus personal property shall be deposited in the district reserve or general fund or credited to the fund from which the original purchase was made. (Education Code 17547)

Educational Implications
The District’s Strategic Plan states: "A safe, nurturing and inspiring environment is essential for individuals to thrive."

Fiscal Implications
The sale of the residential structure may defray some of the costs of preparing the property for potential use by the Shasta Elementary school.

Recommendation
It is recommended that the Board of Education adopt Resolution No. 1379-17 for the Declaration of Surplus Personal Property and Sale of the Personal Property located at 193 Leora Court.
WHEREAS, the Education Code Section 17545 allows the governing board of a school district to sell for cash any personal property belonging to the district if the personal property belonging to the District is not required for school purposes; and

WHEREAS, on or about June 26, 2016, the Chico Unified School District ("District") purchased real property located at 193 Leora Court ("Leora Court Property") for the potential expansion of the Shasta Elementary School Site ("School Site"); and

WHEREAS, the purchase and sale of the Leora Court Property included a residential structure which is not needed for school purposes nor suitable for school use ("Personal Property"); and

WHEREAS, the Personal Property must be disposed of in order to facilitate the potential construction of new classroom space and expansion of the School Site; and

WHEREAS, the public auction of the Personal Property shall be conducted in accordance with the requirements of Education Code Sections 17545 et seq.; and

WHEREAS, there shall be no sale of the Personal Property until notice has been given by posting in at least three (3) public places in the District for not less than two weeks, or by publication for at least once a week for a period of not less than two weeks in a newspaper published in the District and having a general circulation therein; and

WHEREAS, the sale of the Personal Property shall be made by means of a public auction conducted by an employee of the District; and

WHEREAS, the Personal Property shall be sold to the highest bidder, with the District reserving the right to reject all bids; and

WHEREAS, the District will require that bidders remove the structure from the Leora Court Property at their sole responsibility and risk and shall be required to provide insurance and indemnification to the District for such activities as determined appropriate by the District; and

WHEREAS, if no qualified bid is received pursuant to the public auction process set forth in this Resolution, the Personal Property may be sold at a private sale; or if the Personal Property is of insufficient value to defray the costs of arranging a sale, the Personal Property may be donated to a charitable organization deemed appropriate by the Board, or may be otherwise disposed of; and

WHEREAS, the money received from the sale of the Personal Property shall be placed to the credit of the fund from which the original expenditure was made or in the general or reserve fund of the District;

NOW, THEREFORE, BE IT RESOLVED, that the Board of Education of Chico Unified School District finds:

1. The above recitals are true and correct.
2. The Board authorizes the sale of the Personal Property by public auction to the highest bidder or else reject all bids.
3. That Julia Kistle, Director of Facilities and Construction is hereby authorized and directed to conduct such sale in accordance with this Resolution and to sign all necessary documents relating thereto.

AGENDA ITEM:  2017/2018 Demographic Analysis and Student Housing Report

Prepared by:  Julia Kistle, Director Facilities & Construction

☐ Consent  Board Date  April 5, 2017

☐ Information Only

☒ Discussion/Action

Background Information
The District relies upon demographic data to project its student housing needs into the future. It is important that this data be revised on a regular basis. The analysis and compilation of student population data, utilizing geographical information systems (GIS), enables the District to make well planned decisions regarding future housing, facilitates the application for available state funding for upcoming District facilities projects and provides a useful tool for analyzing possible boundary modifications. We have asked JM King & Associates to update these enrollment projections. JM King & Associates also analyzed, reviewed, and updated all new construction and modernization eligibility in order to optimize State funding for District facilities.

JM King & Associates will present the 2017/2018 Demographic Analysis and Student Housing Report for the Chico Unified School District.

Educational Implications
The District’s Strategic Plan states: “A safe, nurturing and inspiring environment is essential for individuals to thrive.”

Fiscal Implications
The Demographic and Enrollment Projections Study cost $12,150. State School Facility Consulting Services are charged hourly at $135 per hour, not to exceed 240 hours. Both services are paid from the Developer Fee Fund (Fund 25). There is no fiscal impact to the General Fund.

Recommendation
It is recommended the Board adopt the 2017-2018 Demographic Analysis and Student Housing Report along with any additional comments or edits as suggested by the Board.
AGENDA ITEM: Approval to Purchase (4) Vans for Athletics

Prepared by: Kevin Bulterma, Assistant Superintendent

☐ Consent Board Date April 5, 2017

☐ Information Only

☒ Discussion/Action

Background Information
Chico Unified School District (CUSD) owns passenger vans for extra-curricular educational activities including athletics. Our current fleet of vans is older with substantial mileage and in need of replacement. Administration has researched options and received a quote to replace four (4) vans at a total cost of $81,907.28. Our Maintenance, Operations and Transportation (MOT) department is requesting to allocate $50,000 of Routine Restricted Maintenance Account (RRMA) capital equipment budget to the unrestricted general fund to be used to pay a portion of this expense. The remaining balance of would be paid from unrestricted funds maintained in the Chico High School Parking Lot account (resource code 0022).

Educational Implications
The proper accounting, reporting, and use of the district's financial resources supports high quality and broad based educational programs for the students of the Chico Unified School District.

Fiscal Implications
The cost will be paid from the unrestricted general fund with a reduction in the RRMA contribution of $50,000 and carryover dollars from the Chico High School Parking Lot account in the amount of $31,907.28.

Recommendation
Administration recommends the board approve the purchase of four (4) vans.
AGENDA ITEM: Approval of Carl Moyer Memorial Air Quality Standards Attainment Funding Application for Bus Replacement

Prepared by: Kevin Bullema, Assistant Superintendent

☐ Consent  
Board Date April 5, 2017

☒ Discussion/Action

Background Information

Chico Unified School District (CUSD) qualifies to apply for bus replacement funding from the 2017 Carl Moyer Program State Reserve Funds. CUSD has six (6) buses that qualify for funding with three (3) eligible for full funding for new buses.

These six buses will be required to be non-operational as of January 1, 2019 due to their non-compliance with current air-quality standards. This application would provide funding to replace these buses and save the district substantial capital investment expense to keep our current number of buses in service.

Educational Implications

The proper accounting, reporting, and use of the district's financial resources supports high quality and broad based educational programs for the students of the Chico Unified School District.

Fiscal Implications

If CUSD receives funding, it will save the district $634,560.81 in capital expense to replace buses.

Recommendation
Administration recommends the board approve the CUSD application for funding from the Carl Moyer Program 2016-17 State Reserve Project.

AGENDA ITEM: District Office Facility Improvements & Information Technology move to Marsh Junior High School

Prepared by: Kevin Bultega, Assistant Superintendent

☐ Consent  Board Date  April 5, 2017
☐ Information Only
☒ Discussion/Action

Background Information
The District Office is in need of some facility maintenance and improvements. There is need to add additional parking as many times during the work week employees and visitors are required to park on the street. The interior of the building needs painting and flooring replaced. There is also a need for more meeting space and administration recommends converting the break room in the main building into a conference room. There is currently a break room located in the large conference room.

There is also need to move the district Information Technology (IT) staff from Chico Jr. High School as future enrollment projections along with educational program needs require the facility space currently housing the district IT staff. Administration recommends moving IT to the former Marsh Jr. High School multi-purpose room. This requires renovation of the space creating offices, adding electrical, and modernization the building. This would take approximately half the square footage of former multi-purpose building.

The work would be completed in the summer.

Educational Implications
The District's Strategic Plan states: "A safe, nurturing and inspiring environment is essential for individuals to thrive."

Fiscal Implications
CUSD received a one-time distribution from the Special Education Local Plan Area (SELPA) of unrestricted money in the amount of $363,011. These dollars would be used for the improvements in the amounts as follows:

- 35 additional parking spaces paved, surface drainage, parking bumpers, striping  $ 90,897
- Renovate break room to conference room including furniture and equipment  $ 20,000
- Paint interior of District Office and install new flooring  $104,000
- Renovation of former Marsh multi-purpose building for district IT staff  $100,000

Total Estimated Cost  $314,897

Recommendation
Administration recommends the board approve the facility improvement projects at the District Office and at the former Marsh Jr. High School multi-purpose building to be paid from the SELPA one-time unrestricted funds distribution.

AGENDA ITEM: Approval of Tentative Agreement with CSEA (2016-17)

Prepared by: Jim Hanlon, Assistant Superintendent – Human Resources

☐ Consent  Board Date  April 5, 2017

☒ Discussion/Action

Background Information  The CUSD and CSEA bargaining teams have been meeting since October 2016. On March 10, 2017 we reached agreement in all areas. Attached are the 2016-17 Tentative Agreement (TA) and a Memorandum of Understanding (MOU) relating to the merger of four job classifications (IPS Classroom, IPS Healthcare, IA Special Ed and IA) into one job classification (Instructional Paraprofessional). The TA settles all issues under Article 2 (Wages), Article 7 (Health and Welfare Benefits), Article 5 (Leaves) and Article 8 (Safety Conditions of Employment). CSEA membership ratified the Tentative Agreement on March 28, 2017.

Educational Implications  Having a current and timely agreement with all bargaining groups is a top priority for the Human Resources department. Timely agreements mean good relations with our employees. Good relations make CUSD a positive and attractive place to work which translates into high morale and happy staffs. This positive working environment carries over into our schools and classrooms which directly impact our students and parents who we serve daily.

Fiscal Implications  The utilization of one-time dollars for the 2016-17 school year to help address the increased costs of Health and Welfare Benefits will cost the district $659,000. The ongoing costs of a total 1% increase for Wages and Health & Welfare Benefits package totals $217,000 annually.

Note: See attached copies of the signed Tentative Agreement and Memorandum of Understanding.

MEMORANDUM OF UNDERSTANDING
Between
Chico Unified School District
and the
California School Employees Association, Chapter #110

The intent of this MOU is to combine the classifications of Instructional Assistant-Special Education, Instructional Paraprofessional Specialized-Classroom/Instructional Paraprofessional Specialized-Healthcare, and Instructional Assistant into the new classification of Instructional Paraprofessional. It is believed by the parties that consolidation of the classifications results in greater opportunities for employees and creates greater efficiencies for school operations. It is agreed that through integration of special education students into classrooms that the makeup of students in classrooms are changing and that one classification of Instructional Paraprofessionals best meets the needs of the students of the school district. It is also agreed that combination of these classifications provides more options for incumbents in terms of transfers and changing their hours, provides fair pay for specialized duties when appropriate, and protects our most senior incumbents.

1. Consolidation of Classifications:
   - Instructional Paraprofessional Specialized-Classroom (IPS-Classroom)
   - Instructional Paraprofessional Specialized-Healthcare (IPS-Healthcare)
   - Instructional Assistant-Special Ed (IA-Special Ed)
   - Instructional Assistant (IA, Grandfather)

2. Seniority:
   At the time of consolidation, employees holding a position in more than one of the above classifications will retain their most senior date.
   For example: If an employee holds an IA-Special Education position with a seniority date of 1/1/2006 and an IPS-Healthcare position with a seniority date of 3/1/2009, the employee will retain the 1/1/2006 seniority date.

   At the time of consolidation, employees holding a position in the same classification with the same seniority date will retain their current seniority order on the seniority list. For example:
   IA-Special Ed 8/1/2015 1 Doe Jane
   IA-Special Ed 8/1/2015 2 Smith John
   Based on the example above, Jane Doe would retain her placement over John Smith on the seniority list at 8/1/2015.
At the time of consolidation, employees with the same seniority date but in different classifications will have the tie in seniority broken by a lottery, CBA 13.11.1. For example:

3. **Internal Notices:** Job Site Transfer/Seniority, Re-employment, and Lateral Transfer notices will include in the notice:
   - Hours Per Day
   - Days per Week
   - Work Year Calendar
   - Start/End of Shift Times
   - Classroom Teacher
   - Position Type (1:1, ED, SDC, Autism, etc.)

4. **Stipends:** A stipend of 2.5% of the employees’ current hourly wage will be paid to employees administering one or all approved procedures that require training. Examples of procedures requiring training are:
   - All types of tube feeding
   - Measuring and administering of certain approved medicines
   - Suctioning
   - Nebulizer treatments
   - Toileting
   - Lifting

5. **Stipends will commence** on the first day of an assignment requiring the Paraprofessional to provide an approved, trained-upon procedure and will continue, whether or not the employee actually performs any of the procedures, until the end of the pay period when it is determined by the program administrator or designee that services are no longer needed. Employees will be notified of the procedure/stipend cancellation.

For an employee who transfers from a position requiring the employee to administer an approved, trained-upon procedure to a position that does not require the employee to administer an approved, trained-upon procedure, the stipend will end on the last work day in the position that required the administration of the approved, trained-upon procedure.
6. Paraprofessionals may be assigned to perform any of the procedures on a temporary/substitute basis. Temporary assignments occur during the absence of the regularly assigned Paraprofessional or while recruiting to fill a vacant position. If assigned on a temporary basis, the Paraprofessional will receive the stipend for each day so assigned, whether or not the employee performs the above duties during the day(s) assigned. Payment of a stipend for a temporary assignment will be noted on the employee’s Substitute/Extra Assignment sheet or other appropriate document.

7. It is the responsibility of the program administrator or designee to periodically review all assignments receiving a stipend to determine continuation of an approved procedure. If the administrator/designee determines that the services are no longer needed, he/she will notify the Paraprofessional advising that the stipend will cease at the end of the pay period.

It shall be the responsibility of the administrator/designee to notify the Payroll department to stop payment of the stipend at the end of the pay period. Failure to notify the Payroll department will entitle the Paraprofessional to continue receiving the stipend until the end of the pay period during which the Payroll department is notified.

8. Stipends for employees assigned to a position requiring the administration of any of the approved procedures applies to all days in a paid status, including sick leave, personal necessity, vacation, holidays, etc.

Stipends for employees assigned to a temporary/substitute position requiring the administration of any of the approved procedures applies only to the work days the employee is actually assigned the duties.

9. Training: Employees will receive paid training in the area(s) listed in #3 above, or other agreed upon procedures, for work that they previously have not performed and for which they will receive a stipend either as part of their permanent assignment or as a substitute for a current employee or vacancy. Training of any of the above duties will occur prior the first day of the assignment.

10. Grandfather: Except as a result of the elimination of his/her position, all Instructional Assistants (IA) hired prior to 12/03/2013 affected at the time of the consolidation will be grandfathered to allow them to remain in classrooms serving the same types of students that they served prior to the merger. Such employees will not be required to serve a different student population except as a result of the elimination of his/her position and subject the process outlined in 10(a) below. Nothing in this section is intended to prohibit such employees from applying for a voluntary transfer into any other position in the classification (IA) that they are currently assigned.

MOU, Consolidation of Classifications, page 3
Except as a result of the elimination of his/her position, all Instructional Assistants hired after 12/04/2013 affected at the time of the consolidation will be grandfathered for one (1) year to allow them to remain in classrooms serving the same types of students that they served prior to the merger. Such employees will not be required to serve a different student population except as a result of the elimination of his/her position and subject the process outlined in 10(a) below. Nothing in this section is intended to prohibit such employees from applying for a voluntary transfer into any other position in the classification (IA) that they are currently assigned.

11. This section does not apply to Paraprofessionals hired after the date of consolidation. Every employee who is hired under the new job description that consolidates the above-mentioned classifications will be required to perform the duties under the job description and will have no right of consideration of a final decision by an administrator of their assignment.

If a current IA accepts an assignment outside of a current traditional IA assignment, the employee is no longer considered grandfathered for IA purposes.

a. In the event that a grandfathered employee’s position is eliminated, he/she shall first be allowed to bump into another less senior “Paraprofessional” position to protect both his/her work profile (IA) and assignment type (regular education v. special education). If there are no grandfathered “Paraprofessionals” with less seniority, or if there are no “Paraprofessional” positions that protect his/her work profile (e.g. Hrs/day, days/week, days/year) and assignment type, the District will seek volunteers to swap positions who have the same work profile (e.g. Hours/day, days/week, days/year) and assignment type. If there are no volunteers, the District will continue the layoff process.

b. For employees displaced from their grandfathered position, the District will make reasonable efforts to place the displaced employee back into a traditional IA position. The District will follow the order of offers for vacant traditional IA position.

c. If IA employees who would like to transfer to a vacancy in the new classification within 30 days of the signing of the TA, the employees can transfer and will retain their current seniority date in the IA classification. However, the employees’ grandfathering rights will cease with the transfer.

d. If an IA position is eliminated or an incumbent leaves his/her assignment, such as retirement, resignation, transfer, or promotion, the Order of Offers as established in the CBA is followed and any open position remaining is permanently eliminated.

12. Recordkeeping: The District will create, prior to the implementation of this agreement, a master database that reflects the current assignment of each employee holding a regular position in the classifications affected.

13. Review: The District and CSEA will meet 3 to 6 months after the signing of this agreement to make any agreed changes as necessary.
14. New Hires: If a new employee, during his/her probationary period, requests to work with a different student subgroup (i.e. Autism vs. Emotional Disturbed or Severely Handicapped), the program administrator will release the employee from the current position and the employee will return to the eligible list for the remainder of time the eligible list is in effect. The employee cannot accept any position with the same student subgroup from which the employee was released. If the employee is rehired from the eligible list to a subgroup from which he/she was not released, the employee begins a new six (6) month probationary period and the employee cannot request a transfer for a period of one year to the original subgroup from which the employee requested removal and was released.

The administrator will determine whether the probationary employee was unable to effectively work with the subgroup versus the employee was not meeting the requirements of the job because of poor performance or cause issues and will decide if the employee might be a good fit in another position; thus returning the employee to the eligible list.
