7. DISCUSSION CALENDAR

7.1 Randy Meeker, Assistant Superintendent - Business Services provided a budget update. Late on May 5, 2003, the Governor signed into law six bills that created $4.6 billion in reduced spending over 24 months. The primary piece of this bill was the issuance approval of Pension Obligation Bonds. This bill will provide the funding necessary to pay STRS and PERS payment obligations. In addition, there were K-12 cuts totaling $161.9 million, which consist primarily of deferrals and savings from prior year balances not yet distributed to districts. This amount was actually the amount SB1X18 lacked in bringing Prop 98 down to its minimum based on earlier estimates.

Sacramento Policymakers agree that the 2003/04 budget will reflect a budget that is much worse than the one portrayed in the Governor’s January 10th proposal. Governor Davis will present the May Revise on May 14th. K-12 education has been expecting $1.5 to $1.6 billion in K-12 cuts during 2003/04. According to ACSA lobbyist, Brett McFadden, this number may approach $2.3 billion.

With revenues declining, Prop 98 funding will actually be above its minimum again. School Services preliminary indicators, show K-12 Prop 98 funding may be over appropriated by $225 to $280 million. At this moment, the Legislature has not presented a plan to further reduce current year Prop 98 funding levels for K-12.

As we have discussed in prior meetings, the long-term debt of California is escalating rapidly and has reached a level of $26 billion. California creditors are becoming skeptical of the State’s ability to make the necessary decisions to present and adopt a balanced budget. As a result, the State of California’s bond rating has been lowered a couple times throughout the spring and is only second to Louisiana and New York. The state pays .5% more in interest charges for their debt than every state except two. It is widely reported that the state will run out of cash in July with ongoing expenditures coming due of $10 billion. Wall Street may guide the budget process this fiscal year, as they may require a budget be adopted before any more loans are approved.

It appears the Legislature will move rapidly after the May Revise is released on May 14th. Given the Legislature’s past record on budget approval and the speed in which they reached agreement this spring on mid-year budget reductions, ACSA has reported that they are not hopeful of a quick adoption.

7.2 Deborah Rosenow, Teacher at PVHS reviewed the new textbook proposal which is alignment with state standards:
   > Advanced Mathematical Concepts Pre-Calculus with Applications

7.3 Mike Weissenborn, Manager - Facilities/Construction provided the monthly facilities update.
