2. DISCUSSION/ACTION CALENDAR
2.1 BUSINESS SERVICES
1. Discussion/Action: Covered Walkway Re-roof at Pleasant Valley High School – Emergency Dry Rot Repairs
   At 6:01 p.m. Michael Weissenborn explained that when Four Seasons Roofing ripped off the existing roofing on a covered walkway on the Pleasant Valley High School campus, it was discovered that there was an urgent need for major dry rot repairs to be completed as soon as possible. In cases of emergency when repair or replacements are necessary, the District can complete the work without going through the lengthy bid process with 4/5ths of the Board’s approval. The extent of the dry rot was reviewed by the project structural engineer and it was determined the repairs should be conducted by a General Contractor rather than a Roofing Contractor. Therefore, the recommendation is to enter into an agreement with Broward Builders to complete the dry rot repairs since they are currently completing the Center for the Arts on the PVHS campus and have extensive experience with the type of structural systems of the covered walkway, have personnel currently working on the site and they have the ability to expedite the procurement of materials for the necessary repairs. Board Member Kaiser recommended entering into an emergency contract with Broward Builders to make the necessary dry rot repairs on a time and material basis; seconded by Board Clerk Thompson.
   AYES: Reed, Thompson, Kaiser, Griffin
   NOES: None
   ABSENT: Rees

3. ADJOURNMENT
