## **Measure E Community Input Meetings**

District Facilities Master Plan

# It's YOUR turn!

The CUSD Board of Education wants to ensure that Staff, Students, Parents and Community Members participate in the identification and prioritization of Measure "E" projects throughout the District.

## We are looking for your thoughts on...

- What facility need is holding your school back from being the best it can be?
- What facilities improvements have the most impact?
- Are there additional facilities related changes that will make your schools safer?
- When choosing a school what facilities do you look for?
- Is there a facilities improvement that will help your child learn?

**Come and tell us what changes you would like to see!**

With the recent passage of Measure "E" Chico USD the opportunity to make necessary building improvements, repairs and upgrades to technology.

## What Is Measure "E"?

It is a \$78 million dollar tax extension to improve the Chico schools by providing more access to modern technology, repairing leaky roofs, replacing plumbing, electrical and heating/cooling units, updating building and school sites and constructing new facilities
