PREQUALIFICATION PROCEDURES

Notice is hereby given by Chico Unified School District ("District") that general contractors and mechanical, electrical and plumbing subcontractors planning to participate in bidding on District projects (each a "Project") in the twelve months following prequalification will be required to prequalify prior to bidding, and must adhere to the following procedures, submit the following documentation and information, and be found by the District to prequalify, as a condition of bidding. Prequalification application packages are available on the District’s website at [http://www.chicousd.org/Departments/Facilities--Construction/Business-Opportunities/index.html](http://www.chicousd.org/Departments/Facilities--Construction/Business-Opportunities/index.html). For questions, please email K. Tiner at ktiner@chicousd.org or call (530) 891-3000 x 20602.

No bid will be accepted from a contractor that has failed to comply with these requirements. If two or more business entities submit a bid on a project as a Joint Venture, or expect to submit a bid as part of a Joint Venture, each entity within the Joint Venture must be separately qualified to bid.

The prequalification packet includes, in part, a questionnaire and financial statement, to be verified under oath. The District will use the information and documentation required herein, as the basis for rating contractors in respect to the size and scope of contracts upon which each contractor is qualified to bid. The District reserves the right to check other sources available. The District’s decision will be based on its uniform rating system, including in part, objective evaluation criteria and references.

Contractors are encouraged to submit prequalification packages as soon as possible, so that they may be notified of prequalification status well in advance of the bid process. Note that neither the fact of prequalification, nor any prequalification rating, will preclude the District from a post-bid consideration of the responsiveness of the lowest apparent bid on any Project or the lowest apparent bidder’s responsibility to perform the Project.

The prequalification packages should be sealed, marked “CONFIDENTIAL PREQUALIFICATION,” and mailed to the following:

**Chico Unified School District-Corporation Yard**  
**Facilities & Construction Department**  
**Attention: Ms. Julia Kistle**  
2455 Carmichael Drive  
Chico, CA 95928

The questionnaire answers and financial statements included in the prequalification packages submitted by contractors are not public records and are not open to public inspection. All such information provided will be kept confidential to the extent permitted by law, although the contents may be disclosed to third parties for the purpose of verification, investigation of substantial allegations, and in the process of any subsequent proceedings. State law requires that the names of contractors applying for prequalification status shall be public records subject to disclosure, and the first page of the questionnaire will be used for that purpose.

Each questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the contractor on whose behalf that person is signing. If any information provided by a contractor becomes inaccurate, the
A contractor must immediately notify the District and provide updated accurate information in writing, under penalty of perjury.

A contractor who has timely submitted a completed application form, and who receives a rating of “not qualified” from the District, may appeal that determination. There is no appeal from a finding that a contractor is not prequalified because of a late application or a failure to submit required information. A contractor may appeal the District’s decision with respect to its request for prequalification, by giving notice to the District no later than five (5) business days after receipt of notice of its qualification status. Notice shall be sent to the address listed above. Unless a contractor files a timely appeal, the contractor waives any and all rights to challenge the qualification decision of the District, whether by administrative process, judicial process or any other legal process or proceeding. The District reserves the right to resolve appeals before or after bid opening or award of any contract. The date for submission and opening of bids for a specific project and any subsequent contract award will not be delayed or postponed to allow for completion of an appeal process.

The District reserves the right to waive minor irregularities and omissions in the information contained in the prequalification application submitted and to make all final determinations.

A contractor may be found not prequalified for bidding on a contract for a specific Project, or on all Project contracts to be let by the District during the year specified above. In addition, a contractor may be found not prequalified for either an omission of requested information, falsification of information, or a failure to use the forms provided by the District. The District shall post and continually update on its website a list of all general contractors, mechanical, electrical and plumbing subcontractors that are prequalified for District Projects.

General contractors must use prequalified Mechanical, Electrical and Plumbing Subcontractors in order for their bid to be “responsive”, whenever that is specified in the bid documents.

The contractor’s qualified limit will be the lesser of the following (stated in U.S. currency): (a) the largest public works contract the contractor has fully performed within the last five years (as defined by the original contract price, plus additive and deductive change orders), plus 10%; or (b) the contractor’s current bonding capacity (as determined by the surety with which the contractor currently has the highest bonding limit).

The District reserves the right to amend the prequalification packet at any time. Additionally, a determination by the District that a contractor is prequalified, does not amount to a final determination that such contractor is responsible or responsive for purposes of bid evaluation. The District may, in accordance with applicable law reject a prequalified contractor’s bid, and the District may additionally reject all bids if it determines such action is in the best interest of the public.
