# CONTINGENCY INSTRUCTIONAL MODELS

**Chico Unified plans to open in a full school day, in-person instructional model for the 2021-22 School Year.**

**Contingency Models** are being developed in the event of State or local government **MANDATED** closures.

## HYBRID LEARNING

---

- A modified traditional in-person (AM/PM or A/B) instructional model will only be utilized if mandated by the State.
- Schools will resume in-person instruction within 10 school days of when mandates are lifted.

## DISTANCE LEARNING

---

- Distance learning will only be utilized if school closures are mandated by the State.
- Instruction will be provided by classroom teachers for the time schools are mandated to be online.
- Schools will resume in-person instruction within 10 school days of when mandates are lifted.

While we hope to remain in a full-time, in-person instructional model for all of 2021-2022, we are making contingency plans to ensure a smooth transition should changes to the school day be mandated by the State.

# HYBRID IN-PERSON INSTRUCTIONAL MODEL

The Hybrid AM/PM Model (or A/B Model) will only be utilized if required to meet State mandates. The Hybrid Models allow for a more restrictive educational environment while still allowing for in-person learning.

## ELEMENTARY SCHEDULE (GRADES TK-5)

# DISTANCE LEARNING (NO IN-PERSON) INSTRUCTIONAL MODEL

**The Distance Learning Model will only be utilized if required to meet State mandates.** Distance Learning is the most restrictive educational environment. Students receive instruction remotely in an online model. Most students will not receive in-person instruction. There may be limited in-person instruction for students with identified needs.

## **FOR ALL GRADE LEVELS**

- There will be daily instruction utilizing an online platform as well as daily online teacher contact. Standards-based instruction and assessment will continue. Student grades will be based upon completion of work assigned and subject area competency.

## **ELEMENTARY STUDENTS (GRADES TK-5)**

- All students transition to online learning utilizing designated curriculum software (Elementary: [“Wonders”](#) Program by McGraw Hill for Language Arts and iReady for Math).
