Dear Parents/Guardians/Students,

Welcome to Chico Unified School District! We are looking forward to the upcoming school year and hope it is a wonderful one for both parents/guardians and students.

Chico Unified School District supports a school culture that promotes high expectations, mutual respect, and positive interpersonal relationships. This booklet is designed to acquaint you with CUSD policies and procedures as well as how to access district staff for information and assistance.

California state law requires that school districts annually notify parents/guardians and students of various rights and responsibilities. It further requires that school districts maintain written records confirming that parents/guardians and students have been so informed. Therefore, it is important that you complete the forms made available to you via Aeries so that we are able to provide you and your family with all of the possible services. Your help and cooperation in completing all forms is greatly appreciated.

If you have any questions regarding the information contained in this document, please feel free to call the principal of your child’s school or the District Office.

We look forward to working with you to make this a positive and productive school year.

Sincerely,

Kelly Staley
Kelly Staley

CUSD MISSION

CUSD Mission
The mission of the Chico Unified School District, a partnership of students, staff, families and community, is to ensure all students achieve high levels of academic and personal success, contribute to their community and confidently compete in a changing global society by engaging in quality educational programs that address diverse student needs and promote learning throughout life.

Professional Standards for All Employees
The Board of Education expects district employees to maintain the highest ethical standards, exhibit professional behavior, follow district policies and regulations, abide by state and federal laws, and exercise good judgment when interacting with students and other members of the school community. Employee conduct should enhance the integrity of the district, and advance the goals of the district's educational programs, and contribute to a positive school climate. (see Appendix F)

Notice to Parents/Guardians, Students, and Teachers: Complaint Rights
Parents, Guardians, Pupils and Teachers:
Pursuant to California Education Code Section 35186 you are hereby notified that:
1. There should be sufficient textbooks and instructional materials. That means each pupil, including English learners, must have a textbook, instructional materials, or both to use in class and take home.
2. School facilities must be clean, safe, and maintained in good repair.
3. There should be no teacher vacancies or misassignments. There should be a teacher assigned to each class and not a series of substitutes or other temporary teachers. The teacher should have the proper credential to teach the class, including the certification required to teach English learners, if present.
   a. Teacher vacancy means a position to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year, or, if the position is for a one-semester course, a position to which a single designated certificated employee has not been assigned at the beginning of a semester for an entire semester.
   b. Misassignment means the placement of a certificated employee in a teaching or services position for which the employee does not hold a legally recognized certificate or credential or the placement of a certificated employee in a teaching or services position that the employee is not otherwise authorized by statute to hold.

A complaint form may be obtained at the school office, district office, or downloaded from the school district’s website (www.chicousd.org) or the California Department of Education’s website (http://www.cde.ca.gov/re/cp/uc/). Complaints regarding CUSD staff should be linked to the conduct outlined in Appendix F: Professional Standards of All Personnel.
ENROLLMENT AT CUSD

Summary: CUSD exists for the educational benefit of children in the greater Chico area. Read this section to learn more about who is eligible for enrollment, when students may be enrolled, and which school your child may attend.

Residency Requirements (EC §§48204, 48206.3, 48207, 48208, 48850, 42 USC 11431, Et Seq.)
A pupil shall be deemed to have complied with the residency requirements for school attendance in CUSD if they have met the requirements outlined in Sections 48200 and 48204 of the California Education Code. This code makes provision for migratory children by stipulating these children must be allowed to continue in their schools of origin for the duration of their status as migratory children (EC 48204.7).

Minimum Age of Entrance to Kindergarten (EC §48000)
Children who will have their fifth (5) birthday on or before September 1 of the school year shall be admitted to kindergarten at the beginning of that school year. Those with birthdays between September 2 and December 2 are eligible for Transitional Kindergarten (TK).

Public Schools of Choice (EC §§35160.5(b), 48980(h))
The CUSD Board of Education endorses the neighborhood school concept. The Board recognizes, however, that parents may wish to choose a school of attendance other than their neighborhood school. The Board of Education believes that parental choice should be included as an integral feature of a well-rounded educational environment.

Neighborhood school attendance areas are established to optimize use of existing facilities. Requests for intra-district transfers may be made because of personal preference based on many different reasons including special programs, needs of the family or child, after-school activities, instructional philosophy, location, specific child or family needs, etc. These requests are approved on a space-available basis on set dates (e.g., the beginning of the school year or the beginning of a semester).

Where requests of similarly situated students to attend a school in the attendance area exceed openings, the selection process must be random and unbiased, except: 1) The District has the authority to keep appropriate racial and ethnic balances among its schools; 2) Federal law (Board Policy #5116.1) requires that within a reasonable amount of time following the incident, any student who becomes the victim of a violent criminal offense has the option to transfer to another school. The Superintendent/designee shall identify eligible schools and consider the student’s needs and parent/guardian preferences in assigning the student. If the parents/guardians choose to transfer the child, the transfer shall be completed as soon as practicable. Should a school be designated “persistently dangerous” by the California Department of Education, the Superintendent or designee shall notify parents/guardians in a timely manner. Included in the notification will be an explanation of their option to transfer. Parents/guardians who desire to transfer their child out of a “persistently dangerous” school shall provide written notice and shall rank-order their preferences from among the schools identified by the superintendent/designee as eligible to receive transfers. Transfers shall remain in effect as long as the student’s school of origin is identified as “persistently dangerous.” The superintendent/designee may choose to make the transfer permanent based on the educational needs of the student and other factors affecting the student’s ability to succeed if returned to the school of origin; or 3) Siblings of pupils already in attendance in a particular attendance area may be given priority attendance in the same school. Students who transfer from one high school to another during their four years of schooling may have eligibility problems concerning athletics. The California Interscholastic Federation (CIF), the governing body of high school sports, passed statewide transfer rules, effective July 1, 2007, which limit students to a one-time transfer without a valid change of residence. Parents and students should contact the athletic directors before assuming that the student is automatically eligible to participate.

Intra-district transfer applications are available the first week of December for the upcoming school year. Applications received by January 15 will be included in a lottery if deemed necessary. Further information is available at the appropriate school site or the district website at www.chicousd.org.

School Accreditation (EC 35178.4)
Chico Unified will notify each parent or guardian of a pupil in a school that has lost its accreditation status and the potential consequences of the school's loss of status, in writing or by posting the information on the school’s website.

Notice of Alternative Schools (EC 58501)
California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to:
(a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
(b) Recognize that the best learning takes place when the student learns because of his desire to learn.
(c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects.
(d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
(e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal’s office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.

### Interdistrict Attendance Agreements (EC §§46600, 46601, 48204, 48980)

A parent/guardian may apply for an Interdistrict Attendance Agreement for his/her child to attend a school outside his/her resident district. The school districts involved in the interdistrict request are encouraged under the law to take into account the childcare needs of the affected students. A student who lives with one or more parents who is employed (but does not reside) within the boundaries of a particular school district may request a transfer to that district. The school district chosen may reject such a request so long as it does not discriminate based on race, ethnicity, sex, parental income, academic achievement, or any other arbitrary consideration. Either the district of parent residence or the district of parent employment may prohibit the proposed transfer if it is determined that the transfer will cause a negative financial impact on the district. Parents may appeal a denial of an interdistrict attendance permit or attendance request to the Board of Education for the county in which the parent resides. There are strict procedures and timelines related to any appeal. Interdistrict transfer applications are available the first week of December for the upcoming school year. Further information is available at the district office, the appropriate school site or the district website (www.chicousd.org).

School districts must approve the request of a bullying victim, as defined, to transfer to another school within the district. If the requested school is at capacity, the school district must accept a request for an alternate site. If the school district of residence has only one school available, the school district of residence must honor the student’s interdistrict transfer request if the school district of proposed enrollment approves the transfer (EC 46600).

Course of Study
CUSD shall adopt a course of study for elementary grades that sufficiently prepares students for the secondary course of study. The district shall offer all otherwise qualified students in grades 7-12 a course of study that prepares them, upon graduation from high school, to meet the requirements and prerequisites for admission to California public colleges and universities and to attain entry-level employment skills in business or industry (BP 6000, EC §51228) At the beginning of the school year, teachers shall communicate homework expectations to students and their parents/guardians. Per Cal. Educ. Code 49091.14, the curriculum, including titles, descriptions, and instructional aims of every course offered by a public school, shall be compiled at least once annually in a prospectus. Each school site shall make its prospectus available for review upon request. When requested, the prospectus shall be reproduced and made available. School officials may charge for the prospectus an amount not to exceed the cost of duplication. See BP 6154 for more details.

Consistent with the District philosophy and goals, high school principals will issue a diploma certifying high school graduation to each student who meets the District’s required course of study. This course of study shall be described in a list provided annually to all students in grades 9-12 and their parents/guardians, and shall be readily available (such as through this Parent Rights and Responsibilities document) (BP 6143; EC §51229, 66204). In addition, students must pass 10 credits of coursework that meet or exceed the academic content standards for Algebra I or Integrated Math 1. Those students who have met all District graduation requirements prior to the Commencement Ceremony qualify to participate in the Commencement Ceremony. Students not passing the Algebra/Integrated Math I requirement, but meeting all other graduation requirements will receive a Certificate of Completion. Those students who have met the requirements for a Certificate of Completion prior to the Commencement Ceremony qualify to participate in the Commencement Ceremony.

Students with an Individualized Education Plan who do not meet diploma requirements will qualify for a Certificate of Attendance by meeting the standards specified in his/her Plan. The Plan may include differential standards specifically designed for the student. If differential standards are specified in the Plan, those standards should be attainable by the student, yet represent a reasonable level of proficiency that will enable the student to become a self-sufficient citizen. Those students who have met the requirements for a Certificate of Attendance prior to the Commencement Ceremony qualify to participate in the Commencement Ceremony.

A foster youth, homeless student, former juvenile court school student, child of a military family, migrant student who transfers into the district or between district schools any time after completing his/her second year of high school, or newly-arrived immigrant student who is in the third or fourth year of high school and is participating in a newcomer program shall be required to complete all graduation requirements specified in Education Code 51225.3, but shall be exempted from any additional district-adopted graduation requirements adopted by the Board that are in addition to statewide course requirements. This exemption shall not apply if the Superintendent or designee makes a finding that the student is reasonably able to complete the requirements in time to graduate by the end of his/her the fourth year of high school. The Superintendent or designee will notify any eligible student of the availability of the exemption and whether the student qualifies for it within 30 days of the student’s transfer.

Since individual students learn and achieve at varying rates, it is understood that students will not all meet graduation standards within the same time frame. The District will provide students with the opportunity to receive a diploma or certificate at the end of each semester of the regular school year and at the end of the summer when a summer session is provided. If a student is unable to pass a course in Algebra/Integrated Math 1, school personnel will place the student in class(es) or program(s) where remediation will be provided.

CUSD schools may help pay for all or part of the costs of one or more advanced placement (AP) examinations charged to economically disadvantaged pupils.

Parents or guardians may request the professional qualifications of the student's classroom teacher(s) and assigned paraprofessional(s). Permits parents to request information regarding the professional qualifications of the student's classroom teachers, including the following:

• Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
• Whether the teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived.
• The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.
• Whether the child is provided services by paraprofessionals and, if so, their qualifications.
In addition to the information that parents may request regarding their child’s teacher, parents may also request:

- Information on the level of achievement of the parent's child in each of the State academic assessments, and
- Timely notice that the parent's child has been assigned, or has been taught for four (4) or more consecutive weeks by a teacher who is not highly qualified.

Parents may obtain this information by logging on to www.ctc.ca.gov/ and looking up the child’s teacher’s credentials by entering the first and last name. The law also requires that parents be notified when a teacher who is not highly qualified is hired and teaches the child four (4) consecutive weeks or more.

**California Student Aid Commission – Notice to Parents/Guardians of 11th Grade Students**

Student Grade Point Average will be submitted to the California Student Aid Commission unless the school receives a parent opt out request by September 1st.
The California Student Aid Commission (CSAC) has a goal of making education beyond high school financially accessible to all Californians. California law requires that public schools, including charter schools, electronically submit a grade point average (GPA) to the California Student Aid Commission (CSAC) for all grade 12 pupils by October 1st each academic year.

High schools will upload all senior GPA’s by October 1st to ensure that all students are considered for Cal Grants unless the school receives a written request from the parent to NOT upload the student’s GPA. This will opt the student out of the Cal Grant program.

Parents and 18-year-old students may choose to opt out of the electronic GPA submission by submitting a request on the district GPA OPT-OUT form in writing. If you would like to opt out, please obtain the OPT-OUT form from your high school counseling office and submit it to your high school counseling office prior to September 1st of the student’s senior year. Please note that if you do decide to opt out of the GPA submission process, your student will not be eligible to receive a Cal Grant. You may still complete the FAFSA application and possibly receive government aid in the form of a Pell Grant. A Cal Grant is money for college you don’t have to pay back. To qualify, you must meet the eligibility and financial requirements as well as any minimum GPA requirements. Cal Grants can be used at any University of California, California State University or California Community College, and qualifying independent colleges, career colleges, and technical schools in California.

A student with temporary disabilities that make attendance in regular school day classes impossible or inadvisable shall receive educational services as provided by the district. Parents are requested to notify the school principal of their student's temporary disability and the need for individual instruction. Note that “temporary disability” means a physical, mental, or emotional disability that will allow the student to return to school after a reasonable period. Temporary disability is not a disability identified for special education.

A student with a temporary disability who is placed in a hospital or other residential health facility (excluding a state hospital) located outside of the school district in which you reside will comply with the school residency requirements in the school district in which the facility is located. Parents/guardians are requested to notify the school district in which their student is housed of the student's presence and the need for instructional services.

Integrated English Language Development happens throughout the school day with highly qualified teachers who are trained in strategies to help make content comprehensible for English Learners. Designated English Language Development is a protected time where teachers provide students with the opportunity to learn how English works and practice their English skills by interacting in meaningful ways. The focus of designated instruction is on student language production and the acceleration of language acquisition and proficiency. Students are grouped by their current language level during designated ELD instruction in order to target their specific linguistic needs.

**Outreach to Parents of Limited English Proficient Students**

The District maintains an outreach program to inform parents of limited English proficient students of how the parents can be involved in their children’s education, including how the parents can help their children attain English proficiency, high achievement levels in core academic subjects, and meet State standards. This policy allows for notice of opportunities for and holding regular meetings.

Per Section 504 of the U.S. Rehabilitation Act, the District provides appropriate accommodations to ensure that all students with handicaps have equal access to a free and appropriate public education. In order to meet the needs of individuals with disabilities, Chico Unified participates as a member of a Special Education Local Plan Area (SELPA) with other districts and the county office of education pursuant to Education Code 56195.1.

The District is obligated to provide a free, appropriate public education (FAPE) to students with disabilities and to uphold the rights of parents/guardians to be involved in educational decisions regarding their child. CUSD recommends early, information resolution at the school level of any disputes between the district and the parent/guardian of a student with disabilities regarding the identification, assessment, or educational placement of the student or the provision of FAPE to the student. The district or parent/guardian may also request mediation and/or due process hearing (BP 6159.1)

EDUCATION FOR ENGLISH LEARNERS
When the district is unable to provide direct special education and/or related services to students with disabilities, the Board may enter into a contract with a nonpublic, nonsectarian school or agency (NPS/A) to meet the students' student needs consistent with the comprehensive local plan of the Special Education Local Plan Area. No district student shall be placed in a nonpublic, nonsectarian school or agency NPS/A unless the student's individualized education program (IEP) team has determined that an appropriate public education alternative does not exist and that the nonpublic, nonsectarian school or agency placement is appropriate for the student. For more information, see BP 6159.2.

**Special Education (Individuals with Disabilities Education Act or IDEA 2004; EC 56301)**

The term “special education” means specifically designed instruction, at no cost to parents, to meet the unique needs of a child with a disability within educational settings, including:

1. instruction conducted in the classroom, in the home, in hospitals and institutions, and in other settings; and
2. instruction in physical education.

A student shall be referred for special education services only after the resources of the regular education program have been considered and, where appropriate, utilized. Students with qualifying disabilities between ages 3 and 21 who cannot obtain appropriate educational benefit in the regular education programs of the District are entitled to special education services and supports in order to obtain a free and appropriate public education.

**Special Education Referral Process**

Parents, teachers, administrators, or other individuals who suspect that a student may require special education services may refer the student for an assessment for eligibility for special education services by contacting the principal at the student’s school or the Director of Student Services at 891-3000, ext. 20138. The District’s written policies pertaining to assessment, including the parent’s right to obtain an independent assessment and to appeal a determination by the District, are available upon request.

**Alternative Achievement Standards**

California’s academic standards—the things we want students to know and be able to do—are designed so students graduate ready for college and a career. One way we measure their progress is through the California Assessment of Student Performance and Progress (CAASPP) assessments. Students across California in grades 3–8 and high school take these assessments each spring. These tests were created specifically to gauge each student’s performance in English language arts/literacy (ELA), mathematics, and science. Students with the most significant cognitive disabilities, as designated in their individualized education program (IEP), are eligible to take alternate assessments, as detailed below.

Students in grades three through eight and grade eleven who have an IEP that designates the use of an alternate assessment are eligible to take the California Alternate Assessments (CAAs) in ELA, mathematics, and science. The goal of the CAAs is to help students with the most significant cognitive disabilities attain increasingly higher achievement levels and leave high school ready for academic or career options. The test items are aligned with the Common Core State Standards for ELA and mathematics and are based on the Core Content Connectors (CCC’s), which were developed with three tiers of complexity.

Parents may obtain information regarding the California Assessment of Student Performance and Progress (CAASPP) and the California Alternate Assessment (CAA) from the California Department of Education at the following links:

**Parent Complaints Regarding Special Education (CCR 3200-3205)**

The District has detailed procedures for handling complaints regarding special education eligibility and programs. Any parent who believes the District is in violation of federal or state law governing the identification or placement of a student entitled to or suspected of having special education needs or related issues, may file a written complaint with the District by contacting the Director of Student Services at the District Office or by calling 891-3000, ext. 20138.

**Attorney’s Fees (Individuals with Disabilities in Education Act (IDEA))**

The Individuals with Disabilities in Education Act states that a court may award reasonable attorneys’ fees to a parent/guardian of a disabled pupil who is a prevailing party in any action or proceeding brought under the procedural safeguards of the Act. A court can also order that the parents or their attorney pay the District’s attorney fees if it is determined that they have pursued a claim that is “frivolous, unreasonable or without foundation” or for any “improper purpose” such as “to harass, to cause unnecessary delay, or to needlessly increase the cost of litigation.”

**BEHAVIOR EXPECTATIONS AND DISCIPLINE**

Summary: In order to provide constructive learning environments, CUSD administrators and teachers expect students at all schools to treat themselves and others in ways that are safe, respectful, and responsible. Read on to learn more about these expectations and the responsibilities of staff, students, and parents.
Duty of District Regarding Student Conduct (EC §44807, 49000)

Every teacher and administrator is required to hold pupils accountable for their conduct on the way to and from school, on school grounds, and at school-related activities and events. Teachers and administrators will exert the amount of physical control over students that is legally permissible and reasonably necessary to maintain order, protect property, protect the health and safety of students and staff, and maintain proper and appropriate conditions conducive to learning.

Student Behavior Standard (EC §35291)

The Chico Unified School District Board of Education believes that every student has a legal right to attend a safe and secure school and its related activities. The school staff has the authority and support to maintain discipline in order for the schools to function in accordance with their intended purpose. The Board will not tolerate activities which threaten the safety and well-being of students, staff, or property. School personnel will hold students accountable for their conduct at school and at all school related activities. A copy of Policy 5142.2, Safe Schools, is available at the district office, school sites or our website (www.chicousd.org).

Each student in the district is expected to abide by all federal, state, local and school laws and regulations. Students shall be expected to exhibit appropriate conduct that does not infringe upon the rights of others or interfere with the school program. Any student who fails to comply with the district's student behavior standard is subject to disciplinary action.

A student is subject to school disciplinary action (1) while on school grounds, (2) while going to or coming from school, (3) during the lunch period, whether on or off the school campus, or (4) during, or while going to or coming from a school-sponsored activity.

A student may be suspended or expelled from school when it is deemed that the student has:

1. caused, attempted to cause, or threatened to cause physical injury to another person; willfully used force or violence upon the person of another, except in self-defense;
2. A student who aids or abets the infliction or attempted infliction of physical injury on another person, as defined in Penal Code 31, may be suspended, but not expelled. However, a student may be suspended or expelled pursuant to Education Code 48900(a) once he/she has been adjudged by a juvenile court to have committed, as an aider or abettor, a crime of physical violence in which the victim suffered great or serious bodily injury. [Education Code 48900(s)];
3. possessed, sold or otherwise furnished any firearm, knife, explosive or other dangerous objects unless, in the case of possession of any such object, the student had obtained written permission to possess the item from a certificated school employee, which is concurred in by the principal or the designee of the principal. A principal shall immediately suspend any student found to be in possession of a firearm at school or at a school activity and recommend expulsion to the board;
4. unlawfully possessed, used, sold or otherwise furnished, or been under the influence of any controlled substance as defined in the Health and Safety Code (commencing with Section 11053), an alcoholic beverage, or an intoxicant of any kind;
5. unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in the Health and Safety Code (commencing with Section 11053), an alcoholic beverage or an intoxicant of any kind and then either sold, delivered or otherwise furnished to any person another liquid, substance or material represented as a controlled substance, alcoholic beverage or intoxicant;
6. committed or attempted to commit robbery or extortion;
7. caused or attempted to cause damage to school property or private property, including electronic files, other databases, and computer information;
8. stolen or attempted to steal school property or private property, including electronic files, other databases, and computer information;
9. possessed or used tobacco or any products containing tobacco or nicotine products including, but not limited to, cigarettes, cigars, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets, and betel. However, this does not prohibit use or possession by a student of his or her own prescription products;
10. committed an obscene act or engaged in habitual profanity or vulgarity;
11. unlawfully possessed, offered, arranged, or negotiated to sell any drug paraphernalia as defined in the Health and Safety Code Section 11014.5;
12. knowingly received stolen school property or private property;
13. possessed an imitation firearm. As used in this section, “imitation firearm” means a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm;
14. committed or attempted to commit sexual assault (as defined in Section 261, 266c, 286, 288, 288a, or 289 of the Penal Code) or sexual battery (as defined in Section 243.4 of the Penal Code);
15. harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness or to retaliate against that student for being a witness;
16. unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
q. engaged or attempted to engage in hazing; or engaged in an act of bullying.

2. Students in grades 4-12 are also subject to suspension or recommendation for expulsion when it is determined that they have:
   a. committed sexual harassment as defined in Education Code 212.5 (Education Code 48900.2);
   b. caused, attempted to cause, threatened to cause, or participated in an act of hate violence as defined in Education Code 233 (Education Code 48900.3);
   c. intentionally engaged in harassment, threats or intimidation against district personnel or students that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of school personnel or students by creating an intimidating or hostile educational environment (Education Code 48900.4); or
   d. engaged in an act of bullying, including bullying committed by means of an electronic act, directed toward a pupil or toward school personnel. [Education Code 48900(r)].

The following California Education codes inform Chico Unified School District’s policies about student behavior.

EC §48900.2:
A student may be suspended or recommended for expulsion when it is determined that the student has committed sexual harassment as defined in Government Code Section 212.5. The conduct must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the student’s academic performance or to create an intimidating, hostile, or offensive educational environment. (This section shall not apply to students enrolled in kindergarten and grades 1 to 3, inclusive.) Copies of CUSD Policy 5145.7 (Appendix D), which defines sexual harassment and the grievance procedures, are available at the district office, school sites, or www.chicousd.org. In addition, each secondary school also publishes a student discipline handbook with information specific to that school.

EC §48900.3:
In addition to the reasons specified, a student in any of grades 4 through 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the student is enrolled determines that the student has caused, attempted to cause, threatened to cause, or participated in an act of hate violence, as defined in subdivision (e) of Section 233.

EC §48900.4:
In addition to the grounds specified, a student enrolled in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the student is enrolled determines that the student has intentionally engaged in harassment, threats, or intimidation directed against school district personnel, a student, or group of students that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of that school personnel or student or group of students by creating an intimidating or hostile educational environment.

EC §48900.7:
(a) In addition to the reasons specified in Sections 48900, 48900.2, 48900.3, and 48900.4, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has made terrorist threats against school officials, school property, or both.

(b) For the purposes of this section, “terroristic threat” shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family’s safety, or for the protection of school district property, or the personal property of the person threatened or his or her immediate family.

EC §48915:
(a) Except as provided in subdivisions (c) and (e), the principal or the superintendent of schools shall recommend the expulsion of a pupil for any of the following acts committed at school or at a school activity off school grounds, unless the principal or superintendent finds that expulsion is inappropriate due to the particular circumstance:
   1. Causing serious physical injury to another person, except in self-defense.
   2. Possession of any knife or other dangerous object of no reasonable use to the pupil.
   3. Unlawful possession of any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, except for the first offense for the possession of not more than one avoidirdpsus ounce of marijuana, other than concentrated cannabis, or the possession of over-the-counter medication for use by the pupil for medical purposes or medication prescribed for the pupil by a physician.
   4. Robbery or extortion.

BEHAVIOR EXPECTATIONS AND DISCIPLINE
5. Assault or battery, as defined in Sections 240 and 242 of the Penal Code, upon any school employee.

(b) Upon recommendation by the principal, superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board may order a pupil expelled upon finding that the pupil committed an act listed in subdivision (a) or in subdivision (a), (b), (c), (d), or (e) of Section 48900. A decision to expel shall be based on a finding of one or both of the following:
1. Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
2. Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

(c) The principal or superintendent of schools shall immediately suspend, pursuant to Section 48911, and shall recommend expulsion of a pupil that he or she determines has committed any of the following acts at school or at a school activity off school grounds:
1. Possessing, selling, or otherwise furnishing a firearm. This subdivision does not apply to an act of possessing a firearm if the pupil had obtained prior written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal. This subdivision applies to an act of possessing a firearm only if the possession is verified by an employee of a school district. The act of possessing an imitation firearm, as defined in subdivision (m) of Section 48900, is not an offense for which suspension or expulsion is mandatory pursuant to this subdivision and subdivision (d), but it is an offense for which suspension, or expulsion pursuant to subdivision (c), may be imposed.
2. Brandishing a knife at another person.
3. Unlawfully selling a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code.
4. Committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or committing a sexual battery as defined in subdivision (n) of Section 48900.
5. Possession of an explosive.

(d) The governing board shall order a pupil expelled upon finding that the pupil committed an act listed in subdivision (c), and shall refer that pupil to a program of study that meets all of the following conditions:
1. Is appropriately prepared to accommodate pupils who exhibit discipline problems.
2. Is not provided at a comprehensive middle, junior, or senior high school, or at any elementary school.
3. Is not housed at the school site attended by the pupil at the time of suspension.

(e) Upon recommendation by the principal, superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board may order a pupil expelled upon finding that the pupil, at school or at a school activity off of school grounds violated subdivision (f), (g), (h), (i), (j), (k), (l), or (m) of Section 48900, or Section 48900.2, 48900.3, or 48900.4, and either of the following:
1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
2. That due to the nature of the violation, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

(f) The governing board shall refer a pupil who has been expelled pursuant to subdivision (b) or (e) to a program of study which meets all of the conditions specified in subdivision (d). Notwithstanding this subdivision, with respect to a pupil expelled pursuant to subdivision (e), if the county superintendent of schools certifies that an alternative program of study is not available at a site away from a comprehensive middle, junior, or senior high school, or an elementary school, and that the only option for placement is at another comprehensive middle, junior, or senior high school, or another elementary school, the pupil may be referred to a program of study that is provided at a comprehensive middle, junior, or senior high school, or at an elementary school.

(g) As used in this section, "knife" means any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing, a weapon with a blade fitted primarily for stabbing, a weapon with a blade longer than 3 1/2 inches, a folding knife with a blade that locks into place, or a razor with an unguarded blade.

(h) As used in this section, the term "explosive" means "destructive device" as described in Section 921 of Title 18 of the United States Code.

Nondiscrimination
This policy shall apply to all acts constituting unlawful discrimination or harassment related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.
The Governing Board desires to provide a safe school environment that allows all students equal access and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status,
Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also occurs when prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. In addition, the Superintendent or designee shall post the district's policies prohibiting discrimination, harassment, intimidation, and bullying and other required information on the district's web site in a manner that is easily accessible to parents/guardians and students, in accordance with law and the accompanying administrative regulation.

The Superintendent or designee shall provide training and/or information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. The Superintendent or designee shall report the findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students. Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

Drug Free Campuses
Possession, use, and sale of narcotics, alcohol, marijuana (including derivatives) or other controlled substances (except as otherwise provided by law) is strictly prohibited. This prohibition is strictly enforced at all school facilities and school activities. Records will be forwarded to local law enforcement and the District will impose appropriate discipline in response to any violations.

Prohibition of Tobacco on Campus (EC §48901)
All individuals, including students, staff, and community members, are prohibited from using tobacco products on District property, including vehicles, buildings, parking areas, grounds, and at District events.

Gang Policy (EC §35183)
Gang-related conduct or activities on school campuses, during any school-sponsored activity, and to and from school are a threat to the safety of others and are strictly prohibited. The Board of Education intends to maintain campuses which are safe in accordance with California law.

The Board rejects any form of gang activity which advocates hazing, drug use, violence, vandalism, disruptive behavior or other illegal activities on the way to or from school, on school grounds or at school functions. Students wearing, carrying, or displaying gang paraphernalia, making gestures which symbolize gang association, or intimidating another student may be subject to appropriate disciplinary action.

Gang-related conduct/activities include, but are not necessarily limited to: producing graffiti, wearing of apparel, displaying “colors,” conducting hazing such as rites of initiations, displaying hand signals, and clothing arrangements, producing, displaying, or advocating trademarks, accessory items, or any other symbols or actions which would denote membership/involvement/association with gangs as identified by the administration or by law enforcement.

The Board establishes that gang related conduct or activities are a source of potential violence. Students who engage in gang related activities shall be subject to disciplinary procedures outlined in Board Procedure, which may include suspension and/or expulsion from school. A copy of Policy 5136, Gangs, is available at the district office, school sites or on our website (www.chicousd.org).

Skateboards, Roller-Blades, and Scooters
In accordance with Chico Unified School District safety and liability guidelines, no skateboards, roller-blades, or scooters are allowed to be operated on any Chico Unified School District site.

Student Dress Code (EC §35183)
Student dress has been shown to influence behavior and the learning environment. The Board of Education finds that regulation of student dress in general and gang-related apparel in particular is necessary to protect the health and safety of students and staff. It is expected that all students shall wear clothes that are clean, appropriate, safe, and not disruptive to the teaching and learning process.

Students may not wear, display, or be in possession of clothing and/or accessories which are interpreted by school personnel to be negative, derogatory, or inappropriate. This includes clothing and/or accessories which indicate association with a group (gang) which is determined to be detrimental to the safety and well-being of the school community. The wearing of clothing and/or adornment that advertises or otherwise promotes the use and/or abuse of alcohol, tobacco, other drugs, sexual innuendos, or gang involvement/association is prohibited on school grounds and at school activities on or off campus.

Students shall not be prohibited from dressing in a manner consistent with their gender identity or gender expression or with their religious or cultural observance. In addition, the dress code shall not discriminate against students based on hair texture and protective hairstyles, including, but not limited to, braids, locks, and twists.
The principal or designee is authorized to enforce this policy. The dress code shall not be enforced in a manner that discriminates against a particular viewpoint or results in a disproportionate application of the dress code based on students’ gender, sexual orientation, race, ethnicity, household income, or body type or size.

A copy of Policy 5132, Dress and Grooming, is available at the district office, at school sites or on our website at www.chicousd.org.

**Finality of Changing Grades, Effect of Physical Education Apparel on Grades (EC §49066)**
The grade given to each pupil shall be the grade determined by the teacher of the course. The determination of the pupil’s grade by the teacher, in the absence of clerical or mechanical mistake, fraud, bad faith, or incompetence, shall be final.

The governing board of the District and the Superintendent of such District shall not order a pupil’s grade to be changed unless the teacher who determined such grade is, to the extent practicable, given an opportunity to state orally, in writing, or both, the reasons for which such grade was given and is, to the extent practicable, included in all discussions related to the changing of such grade.

No grade of a pupil participating in a physical education class may be adversely affected due to the fact that the pupil does not wear standardized physical education apparel where the failure to wear such apparel arises from circumstances beyond the control of the pupil.

**Open Campus at High Schools (EC §44808.5)**
The governing board of the school district has decided to permit the students enrolled at Chico High and Pleasant Valley High Schools to leave the school grounds during the lunch period with the following exceptions: 1) all ninth grade students and 2) those tenth grade students receiving an “F” grade in the preceding semester shall be required to stay on campus during lunch. Section 44808.5 further states: “Neither the school district nor any officer or employee thereof shall be liable for the conduct or safety of any pupil during such time as the pupil has left the school grounds pursuant to this section.”

**Parent/Guardian Liability for Pupil Misconduct (EC §48904(a))**
The parent or guardian of a minor is liable for all damages caused by the willful misconduct of the minor that results in the injury or death of any pupil, school district or private school employee, or school volunteer. The parent or guardian is also liable for damages to real or personal property belonging to the school district or private school, or personal property belonging to a school employee resulting from the willful misconduct of the minor. The liability of the parent or guardian is limited to $19,200, adjusted annually for inflation.

Government Code Section 53069.5 allows local agencies to offer and pay a reward for information leading to the identification and apprehension of any person who willfully damages or destroys property, or whose willful misconduct results in injury or death to any person. Any person whose actions have resulted in injury or death or injury for a Chico Unified student or employee shall be liable for the amount of any reward. If the offender is a minor, the parent or guardian of a minor is liable for any reward, not exceeding $20,300 adjusted annually for inflation, paid pursuant to Government Code Section 53069.5.

The District shall, in writing, notify the parent or guardian of the pupil, of the pupil’s alleged misconduct before withholding the pupil’s grades, diploma, or transcripts. When the minor and parent are unable to pay for the damages, or to return the property, the school District shall provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the grades, diploma, and transcripts of the student shall be released.

**TECHNOLOGY USE**

Administrative Regulation 6163.4
The Governing Board intends that technological resources provided by the district be used in a safe and responsible manner in support of the instructional program and for the advancement of student learning. All students using these resources shall receive instruction in their proper and appropriate use.

(cf. 0440 - District Technology Plan)
(cf. 1113 - District and School Web Sites)
(cf. 1114 - District-Sponsored Social Media)
(cf. 4040 - Employee Use of Technology)
(cf. 6163.1 - Library Media Centers)

Teachers, administrators, and/or library media specialists are expected to review the technological resources and online sites that will be used in the classroom or assigned to students in order to ensure that they are appropriate for the intended purpose and the age of the students.

The Superintendent or designee shall notify students and parents/guardians about authorized uses of district technology, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities in accordance with this Board.
policy and the district's Acceptable Use Agreement.

District technology includes, but is not limited to, computers, the district’s computer network including servers and wireless computer networking technology (wi-fi), the internet, email, USB drives, wireless access points (routers), tablet computers, smartphones and smart devices, telephones, cellular telephones, personal digital assistants, pagers, MP3 players, wearable technology, any wireless communication device including emergency radios, and/or future technological innovations, whether accessed on or off site or through district-owned or personally owned equipment or devices.

Before a student is authorized to use district technology, the student and his/her parent/guardian shall sign and return the Acceptable Use Agreement. In that agreement, the parent/guardian shall agree not to hold the district or any district staff responsible for the failure of any technology protection measures or user mistakes or negligence and shall agree to indemnify and hold harmless the district and district staff for any damages or costs incurred.

(cf. 6162.6 - Use of Copyrighted Materials)

The district reserves the right to monitor student use of technology within the jurisdiction of the district without advance notice or consent. Students shall be informed that their use of district technology, including, but not limited to, computer files, email, text messages, instant messaging, and other electronic communications, is not private and may be accessed by the district for the purpose of ensuring proper use. Students have no reasonable expectation of privacy in use of the district technology. Students’ personally owned devices shall not be searched except in cases where there is a reasonable suspicion, based on specific and objective facts, that the search will uncover evidence of a violation of law, district policy, or school rules.

(cf. 5145.12 - Search and Seizure)

Whenever a student is found to have violated Board policy or the district’s Acceptable Use Agreement, the principal or designee may cancel or limit a student’s user privileges or increase supervision of the student’s use of the district’s equipment and other technological resources, as appropriate. Inappropriate use also may result in disciplinary action and/or legal action in accordance with law and Board policy.

(cf. 5125.2 - Withholding Grades, Diploma or Transcripts)
(cf. 5144 - Discipline)
(cf. 5144.1 - Suspension and Expulsion/Due Process)
(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

The Superintendent or designee shall regularly review and update procedures to enhance the safety and security of students using district technology and to help ensure that the district adapts to changing technologies and circumstances.

**Internet Safety**

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that protects against access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced. (20 USC 6777; 47 USC 254; 47 CFR 54.520)

To reinforce these measures, the Superintendent or designee shall implement rules and procedures designed to restrict students’ access to harmful or inappropriate matter on the internet and to ensure that students do not engage in unauthorized or unlawful online activities.

Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest and is matter which depicts or describes, in a patently offensive way, sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors. (Penal Code 313)

The district’s Acceptable Use Agreement shall establish expectations for appropriate student conduct when using the internet or other forms of electronic communication, including, but not limited to, prohibitions against:

1. Accessing, posting, submitting, publishing, or displaying harmful or inappropriate matter that is threatening, obscene, disruptive, or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs;
(cf. 5131 - Conduct)
(cf. 5131.2 - Bullying)
(cf. 5145.3 - Nondiscrimination/Harassment)
(cf. 5145.7 - Sexual Harassment)
(cf. 5145.9 - Hate-Motivated Behavior)
2. Intentionally uploading, downloading, or creating computer viruses and/or maliciously attempting to harm or destroy district equipment or materials or manipulate the data of any other user, including so-called “hacking;”

3. Distributing personal identification information, including the name, address, telephone number, Social Security number, or other personally identifiable information, of another student, staff member, or other person with the intent to threaten, intimidate, harass, or ridicule that person.

**Internet Acceptable Use Policy Statement (BP 0440.1)**

**Mission:** The district provides electronic information resources to students and staff. It is our mission to improve learning and teaching through interpersonal communication, student access to information, research, teacher training, collaboration and dissemination of successful educational practices, methods and materials. The Board of Education supports the right of students, employees, and community members to have reasonable access to various information formats and believes it is incumbent upon users to utilize this privilege in an appropriate and reasonable manner.

**Safety Procedures and Guidelines:** The Superintendent shall develop and implement appropriate procedures to provide guidance for access to electronic information. Internet safety measures shall be implemented that address the following, within technical and budgetary constraints (or limitations):
- Controlling access by students to inappropriate matter on the internet and World Wide Web;
- Providing safety and security for students when they are using electronic mail, chat rooms, and other forms of electronic communication;
• Preventing unauthorized access, including “hacking” and other unlawful activities by students online;
• Unauthorized disclosure, use and dissemination of personal information regarding students; and
• Restricting students’ access to materials harmful to them.

District procedures shall address teacher supervision of student computer use, ethical use of electronic media (including, but not limited to, the internet, e-mail, and other district technology resources), and issues of privacy versus administrative review of electronic files and communications. In addition, guidelines shall prohibit utilization of networks for prohibited or illegal activities, the intentional spreading of embedded messages, or the use of other programs with the potential of damaging or destroying programs or data.

   (cf. 5144 - Discipline)
   (cf. 5144.1 - Suspension and Expulsion/Due Process)
   (cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

The following uses of the district system are considered unacceptable:

1. **Personal Safety (Personal safety restrictions are for students only.)**
   a. Users will not post personal contact information about themselves or other people. Personal contact information includes address, telephone, photographs, school address, work address, etc.
   b. Users will not agree to meet with someone they have met online without their parent’s/guardian’s approval and participation.
   c. Users will promptly disclose to their teacher or other school employee any message they receive that is inappropriate or makes them feel uncomfortable.
   d. **Student Photographs:**
      K-6: Parent/guardians may notify the site principal if they object to the publishing of individual or group photographs, where their student is not identified. If schools wish to publish photos with student identification, parent/guardian permission is required.
      7-12: Parent/guardians may notify the site principal if they do not wish to have photographs of their students published, whether or not the student can be identified.

2. **Illegal Activities**
   a. Users will not attempt to gain unauthorized access to the district system or to any other computer system through the district system, or go beyond their authorized access. This includes attempting to log in through another person’s account or access another person's files. These actions are illegal, even if only for the purposes of “browsing.”
   b. Users will not make deliberate attempts to disrupt the computer system performance or destroy data by spreading computer viruses or by any other means. These actions are illegal.
c. Users will not use the district system to engage in any other illegal act, such as arranging for a drug sale or the purchase of alcohol, engaging in criminal gang activity, threatening the safety of another person, etc.

3. System Security
   a. Users are responsible for the use of their individual account(s) and should take all reasonable precautions to prevent others from being able to use their account. Under no conditions should a user provide their password to another person.
   b. Users will immediately notify the system administrator if they have identified a possible security problem. Users will not go looking for security problems.
   c. Users will avoid the inadvertent spread of computer viruses by following the district virus protection procedures.
   d. The district reserves the right to monitor any online communications for improper use. Electronic communications and downloaded material, including files deleted from a user’s account, may be monitored or read by district officials to ensure proper use of the system.

4. Inappropriate Language
   a. Restrictions against inappropriate language apply to public messages, private messages, and material posted on web pages.
   b. Users will not use obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful language.
   c. Users will not post information that, if acted upon, could cause damage or a danger of disruption.
   d. Users will not engage in personal attacks, including prejudicial or discriminatory attacks.
   e. Users will not harass another person. Harassment is persistently acting in a manner that distresses or annoys another person. If a user is told by a person to stop sending them messages, they must stop.
   f. Users will not knowingly or recklessly post false or defamatory information about a person or organization.

5. Respect for Privacy
   a. Users will not repost a message that was sent to them privately without permission of the person who sent them the message.
   b. Users will not post private information about another person.

6. Respecting Resource Limits
   a. Users will use the system only for educational and professional or career development activities, and limited personal research and exploration activities.
   b. Users will not download large files unless absolutely necessary. If necessary, users will download the file at a time when the system is not being heavily used. Large downloaded files should be immediately erased from shared resources.
   c. Users will not post chain letters or engage in “spamming.” Spamming is sending an annoying or unnecessary message to a large number of people.
   d. Users will check their email frequently, delete unwanted messages promptly, and stay within their email quota.
   e. Users will subscribe only to high quality discussion group mail lists that are relevant to their education or professional/career development.

   b. Users will respect the rights of copyright owners. Copyright infringement occurs when an individual inappropriately reproduces a work that is protected by a copyright. If a work contains language that specifies acceptable use of that work, the user should follow the expressed requirements. If the user is unsure whether or not they can use a work, they should request permission from the copyright owner. (Refer to CUSD Board Policy # 6162.6 for complete policy on use of copyrighted material.)

8. Inappropriate Access to Material
   a. Users will not use the district system to access material that is profane, vulgar or obscene (pornography), that advocates illegal acts, or that advocates violence or discrimination towards other people (hate literature). For students, a special exception may be made for hate literature if the purpose of such access is to conduct research and access is approved by both the teacher and the parent/guardian. District employees may access the above material only in the context of legitimate research.
   b. If a user inadvertently accesses such information, they should immediately disclose the inadvertent access in a manner specified by his/her school. This will protect users against an allegation that they have intentionally violated the Acceptable Use Policy/Procedure.

The student and his/her parent/guardian shall agree to not hold the district responsible and shall agree to indemnify and hold harmless the district and all district personnel for the failure of any technology protection measures, violations of copyright restrictions, users’ mistakes or negligence, or any costs incurred by users.
STUDENT SAFETY ON CAMPUS

Summary: To keep our students and staff safe, CUSD implements plans to prevent and respond to emergency situations. If an emergency occurs, parents should not rush immediately to their children’s schools, but follow emergency procedures as outlined below. Read this section to learn about school-initiated precautions and expectations regarding student safety.

Safe Schools (5 C.C.R. 11993(k); 20 U.S.C. 7912, EC 4450)
The Chico Unified School District takes proactive measures to protect the safety of all our students and staff members. Chico Unified School District representatives work in collaboration with local, state, and federal health, safety, and emergency personnel to develop and maintain plans for coping with a variety of emergency response situations. Each school’s safety plan is reviewed and updated. School system personnel practice emergency response drills on a regular basis. Actions taken during any type of emergency situation depend a great deal on the specifics of the incident. For example, one of three things may occur for students and families: 1) Students may be dismissed on an early dismissal schedule; 2) Schools may experience a “Code Red” lockdown. In a Code Red lockdown, classes may continue with all outside activities discontinued; all doors/windows locked and individual classrooms secured; or 3) Schools may experience a shelter-in-place for students. A shelter-in-place is a short-term measure used to temporarily separate people from a hazardous outdoor environment and school staff is prepared to maintain as safe and normal an environment as possible within the school.

If an incident occurs at a school, parents are NOT to go directly to the school. In times of emergency, a variety of local media will be used to provide information. Parents should tune into local radio and television stations, call the district office at (530) 891-3000, visit the district website at www.chicousd.org, or visit our Facebook page for emergency updates. Parents will also be notified of any emergency by phone, text, and email via Aeries Communication powered by Parent Square. Students will not be released to parents if public safety officials have declared it is dangerous for parents to travel to the school to pick up students, if the lives of persons in the school would be jeopardized in opening the outside school doors, or if the school is otherwise restricted by officials. Students will be released to parents as soon as officials have determined it is safe. When students are released, they will be released to parents or other individuals listed in the student’s Emergency Contacts in Aeries only. No student will be release to any individual who is not specifically listed in the Emergency Contacts in Aeries, including an older sibling. All adults must show photo ID when picking up a student. Parents can help by giving the most accurate, up-to-date health and emergency information to the school office. It is important to notify the school office at any time there is a change in contact information.

Student Searches
For the safety and welfare of students and personnel, and to maintain order and discipline, school administrators may physically search students and their lockers, desks, cubby holes, clothing, backpacks, purses, book bags, briefcases, other such containers, and student vehicles when there are reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating either the law or school rules. Dogs may be used to assist in the detection of contraband.

Searches will be reasonable in light of both age and sex of the student and the nature of the suspected infractions. Reasonable suspicion searches may be conducted of a student while the student (and/or effects) is (are) on school grounds, under school or district supervision, engaged in a school or district activity. The products of such a search may be turned over to the proper legal authorities, including, but not limited to, the Chico Police, Butte County Sheriff, and/or the District itself for ultimate disposition and/or use as evidence. If illegal substances are found or if students refuse to cooperate, appropriate school disciplinary actions will be implemented.

Because students’ lockers, desks, cubby holes, and similar storage areas are the property of the District and the control of such areas is joint as between the student and the district, these areas are subject to search at any time. A copy of Policy 5145.12, Search and Seizure, is available at the district office, school sites or on our website at www.chicousd.org.

Injurious Objects (EC §49332)
The parent or guardian of a pupil from whom an injurious object has been taken may be notified by school personnel of the confiscation.

Release of Pupil to Peace Officer (EC §48906)
When a principal or other school official releases a minor pupil to a peace officer for the purpose of removing the minor from the school premises, the school official shall take immediate steps to notify the parent, guardian, or responsible relative of the minor regarding the release of the minor to the officer, and regarding the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse, as defined in California Penal Code Section 11165.6, or pursuant to California Welfare and Institutions Code Section 305. In those cases, the school official shall provide the peace officer with the address and telephone number of the minor's parent or guardian. The peace officer shall take immediate steps to notify the parent, guardian, or responsible relative of the minor that the minor is in custody and the place where he or she is being held. If the officer has a reasonable belief that the minor would be endangered by a disclosure of the place where the minor is being held, or that the disclosure would cause the custody of the minor to be disturbed, the officer may refuse to disclose the place where the minor is being held for a period not to exceed 24 hours. The officer shall, however, inform the parent, guardian, or responsible relative whether the child requires and is receiving medical or other treatment. The juvenile court shall review any decision not to disclose the place where the minor is being held at a subsequent detention hearing.

HEALTH AND WELLNESS INITIATIVES
Summary: In order to qualify for enrollment at a CUSD school, students must have all state-required immunizations. In order to best meet our students’ needs, CUSD also urges families to provide their schools with all medical information that might affect their children’s ability to thrive in school. Read this section to learn about these requirements and understand the steps CUSD is taking to promote students’ current and lifelong health and wellness.

Immunization Requirements, Prevention and Control of Communicable Diseases (EC §48216, 49403)
Each student must receive all immunizations required by the State of California to qualify for school enrollment. The district is responsible for maintaining records to ensure that all students have met these requirements. Homeless students retain the right to enroll without immunization records and must obtain appropriate immunizations once enrolled.

The District shall cooperate with the local health officer in measures necessary for the prevention and control of communicable diseases in school age children. In cooperation with parents, physicians and/or the Health Department, the District will communicate any immunization needs to you. Failing to comply with the immunization requirements will result in your child being sent home and not permitted to return until the immunization requirements have been met.

Whenever there is good reason to believe that a student is suffering from a recognized contagious or infectious disease, the student shall be sent home and shall not be permitted to return until the school authorities are satisfied that the condition is no longer contagious.

As of January 2016, personal beliefs are no longer grounds for exemption from immunization, and as of January 1, 2021, the standardized certification form developed by the California Department of Public Health is the only acceptable documentation of a medical exemption from immunizations. (Health and Safety Code section 120372(a.).)

Medical Service and Emergency Information
It is mandatory that each student has current emergency information on file at the school. It is extremely important that the information is complete, current, and accurate, particularly the address and phone number. Prior to the opening of school, this information must be submitted to the school, either online into Aeries via the Parent Portal, or by completing a written emergency card per school procedures. Parents/Guardians who do not have a Parent Portal account may contact the school office for assistance in establishing an account. This emergency data will let school officials know which physician, relative, or family friend to contact in case of emergency and also serves as authorization to allow the student to receive emergency medical services. If district personnel request consultative services (e.g. transportation or other medical services) for a student, N. T. Enloe Memorial Hospital will provide these services free of charge to the District, twenty-four hours a day, seven days a week. If a student requires services other than consultative services, hospital representatives will deliver the needed services and parents/guardians will be charged accordingly.

Health Screening (EC §§49451-49457)
Systematically, health screenings are provided for children. These include screening students for scoliosis, vision and hearing. If you do not wish to consent to screening examinations of our student, you may annually submit written notification to your child’s principal. Such notification will exempt your child from any screening examination.

Suicide Prevention (BP 5141.52)
The Governing Board recognizes that suicide is a leading cause of death among youth and that school personnel who regularly interact
with students are often in a position to recognize the warning signs of suicide and to offer appropriate referral and/or assistance. In an effort to reduce suicidal behavior and its impact on students and families, the Superintendent or designee shall consult with school staff and teachers, mental and health professionals, and other experts in order to develop age-appropriate measures and strategies.

Strategies for suicide prevention, intervention, and postvention shall include staff suicide awareness education, instruction to students for problem-solving and coping skills, and more. For more information, see Board Policy #5141.52.

**Student Access to Mental Health Services (EC 49428)**
For information regarding available mental health services for students, please contact your school’s office or access the [Health and Wellness Resources](#) page on the district website.

**Child Health and Disabilities Prevention Program (Cal. Health & Safety Code §124085)**
Physical examinations are required as a prerequisite for enrollment in the first grade. Free health screening may be available through the county health department or other service providers. Failure to comply with this requirement or sign an appropriate waiver may result in exclusion from school for up to five days.

**Health and HIV/AIDS Prevention Instruction**
The Board of Directors desires to provide a well-planned, integrated sequence of medically accurate and inclusive instruction on comprehensive sexual health and human immunodeficiency virus (HIV) prevention. The district’s education program shall provide students with the knowledge and skills necessary to protect them from sexually transmitted infections, unintended pregnancy, sexual assault, sexual abuse, and human trafficking. Instruction will provide pupils with knowledge and skills necessary to have healthy, positive, and safe relationships and behaviors. The district’s educational program shall promote understanding sexuality as a normal part of human development, developing healthy attitudes and behaviors concerning adolescent growth and development, body image, gender, gender identity, gender expression, sexual orientation, relationships, marriage, and family.

The district's comprehensive sexual health education program includes information on the affirmative consent standard. Affirmative consent is defined as affirmative, conscious, and voluntary agreement to engage in sexual activity.

At the beginning of each school year or at the time of a student’s enrollment, the Superintendent or designee shall notify parents/guardians about the coming year’s planned instruction in comprehensive sexual health education and HIV prevention education, as well as research on student health behaviors and risks. Parents/guardians shall be notified at this time that they may request in writing that their child be excused from participating in comprehensive sexual health and HIV prevention education. Students so excused by their parents/guardians shall be given an alternative educational activity.

**California Healthy Kids Survey (CHKS)**
The California Department of Education requires schools and districts to ask students about alcohol, tobacco, and other drug issues, as well as questions about school safety and the learning environment. The CHKS is anonymous and voluntary on the part of the student. No names or any other identifying information are connected to the answers except for the name of the school. CHKS is administered to students in grades 7, 9, and 11 every other school year. Prior to the administration of the CHKS, you will be notified and provided the opportunity to opt your child out of participation in the CHKS. You may review the survey on the CUSD website (www.chicousd.org), at your child’s school site, and at [http://chks.wested.org/administer/download](http://chks.wested.org/administer/download).

**Medical and Hospital Services Related to School Attendance, Activities, or Events (EC §§49470–49474)**
The District does not provide insurance or medical or dental services, including ambulance service, to pupils injured at school or school-sponsored events, including athletic activities, or while being transported in connection with school events or activities.

**Sun Protection (EC §35183.5)**
The District allows students to utilize sun-protective clothing and sunscreen during the school day.

**Head Lice**
CUSD is committed to minimizing the spread of head lice within the school community while promoting students’ participation in the educational process. Students found to have head lice will be readmitted to school ONLY after they have been checked by appropriate school staff and are found to be free of head lice. If the parents provide evidence of an appropriate treatment for head lice (e.g. an anti-louse shampoo bottle), the student may be readmitted to school if treated nits are present. Students will NOT be readmitted if head lice are present. CUSD staff works with parents and students to enhance knowledge of prevention and treatment activities regarding the control of head lice. A copy of Policy 5141.33, Procedure for Control of Head Lice in Schools, is available at the District Office, school sites or on our website at [www.chicousd.org](http://www.chicousd.org)

**CAMPUS SAFETY MEASURES**
Summary: To contribute to students’ health and safety while on their school campuses, CUSD endeavors to keep our school sites clean and in good repair. We conduct regular inspections for asbestos and spray to prevent insect infestations. CUSD campuses are
also equipped with security cameras to contribute to student and facility safety.

**School Accountability Report Card (EC 35256, 35258)**
The School Accountability Report Card provides parents and other interested members of the community a variety of information about the school, its resources, its successes, and the areas where it needs improvement. On or before February 1 of each year, an updated copy of the School Accountability Report Card for each BCOE operated school is prominently displayed on each school’s website. A hard copy will also be provided upon request to any student’s parent or guardian.

**Asbestos Management (40 CFR §763.93)**
Chico Unified School District schools/facilities have been inspected for asbestos containing materials and “Asbestos Management Plans” have been developed for each facility in the District. A copy of the “Asbestos Management Plan” for each school in the District is available on our website at http://www.chicousd.org/dept/business/maintenance_operations/Asbestos/index.html or the District Corporation Yard, 2455 Carmichael Drive. As required by law, surveillance of all facilities in the District will be completed every six months.

Chico Unified School District has hired Entek Consulting Group, Inc. (Entek, Inc.), to complete the required three-year re-inspection of all asbestos-containing building materials in the District. This three-year re-inspection was most recently conducted in March 2019 and has been incorporated into the Management Plan.

Schools scheduled for reconstruction will receive asbestos abatement services when those schools are reconstructed. Additionally, small amounts of material containing asbestos will be periodically encased and/or removed on an as-needed basis to complement the use and maintenance of those facilities.

**Pesticide Use (EC §§17612, 48980.3)**
On September 27, 2000, Governor Gray Davis signed AB 2260, the Healthy Schools Act (Education Code Sections 17608, et seq.), which encourages school districts to act responsibly in applying pesticides and to consider alternative methods, besides pesticides, in controlling routine pests such as weeds and insects. One of the requirements of the Healthy Schools Act is that all school districts must annually provide to all parents, guardians, and staff members, a list of all anticipated pesticides to be applied for the year. See the list below.
*There will be no pesticide applications during regular school hours, unless the presence of that pest is deemed more dangerous than the treatment.

**This list complies with the Healthy Schools Act, which requires that all parents and staff be informed, on an annual basis, of the pesticides that may be applied on their school campus for the year. Therefore, the reader of this list should not draw any conclusions about actual pesticide application in the District. Because the Chico Unified School District adheres to an IPM policy (a reduced-pesticide approach to pest control), actual applications of any of the above pesticides will vary from site to site depending on the situation. The Maintenance and Operations Department has record of any and all pesticide applications. This record is viewable to the public, upon request, at 2455 Carmichael Drive, Chico, CA. You may also visit the Chico Unified website at http://www.chicousd.org/Departments/Maintenance--Operations/Pest-Management/index.html or the Department of Pesticide Regulation (DPR) website at http://www.cdpr.ca.gov for more information.

CAMPUS SAFETY MEASURES
Also, in accordance with AB2260, every recipient of this notification may register with the Chico Unified School District, in order to receive notification of any pesticide application at a school site 72 hours prior to the application. **Surveillance on School Property**

For the safety of our students, staff, and visitors, the School District employs camera surveillance equipment for security purposes. This equipment may or may not be monitored at any time.
Surveillance cameras will generally be utilized only in public areas where there is no “reasonable expectation of privacy.” Public areas may include school buses; building entrances; hallways; parking lots; front offices where students, employees, and parents come and go; gymnasiums during public activities; cafeterias; and supply rooms. However, it is not possible for surveillance cameras to cover all public areas of District buildings or all District activities.

District surveillance cameras will not be installed in “private” areas such as restrooms, locker rooms, changing areas, private offices (unless consent by the office owner is given), or classrooms.

**SEXUAL ABUSE & HARRASSMENT PREVENTION**

Summary: CUSD employees are committed to creating a school environment free from sexual harassment. All CUSD staff, teachers, and employees are mandated reporters. This means all adults at our schools have a legal obligation to report known or suspected child maltreatment.

**Mandated Reporters – Child Abuse Prevention (Cal. Penal Code §§11164, 11166, 11172)**

When a teacher, administrator or other employee in the district is told by a student, observes, or reasonably suspects that a student has been physically, mentally or sexually abused, that person is required by California law to immediately file a verbal report with the police, sheriff, probation, welfare department, or the Children’s Services office. A follow-up written report must also be filed within 36 hours. The name of the person required to file the report shall be confidential. When Children’s Services follows up on a referral, they may talk to your child without first calling for parental permission, as they are acting in an official investigative capacity.

**Sexual Harassment Prohibition (EC §§212.5, 231.5, 48900.1, and 5 CCR §4917)**

The Board of Education is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone based on the student’s actual or perceived race, color, ancestry, national origin, nationality, ethnicity, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity or gender expression, or association with a person or group with one or more of these actual or perceived characteristics. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint, testifies about, or otherwise supports a complainant in alleging sexual harassment. Appendix D, Sexual Harassment Board Policy 5145.7, is attached at the end of this handbook.

California Education Code section 212.5 defines sexual harassment as any unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature made by someone from or in the work or educational setting, under any of the following conditions:

a) Submission to the conduct is explicitly or implicitly made a term or a condition of an individual’s employment, academic status, or progress.
b) Submission to, or rejection of, the conduct by the individual is used as the basis of employment or academic decisions affecting the individual.
c) The conduct has the purpose or effect of having a negative impact upon the individual’s work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment.
d) Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution.

**Megan’s Law (Cal. Penal Code §290.4)**

Parents and other members of the public are entitled to review information pertaining to registered sex offenders. For further information, please contact your local police department or sheriff’s office.

**MEDICATIONS ON CAMPUS**

Summary: Your child’s teacher and school nurse should be informed of any ongoing medical conditions that could affect your child’s physical and emotional health. Regardless of the student’s grade level, parents should inform school officials of any ongoing medical conditions and medications.

**Ongoing Medication (EC §§49423, 49480)**

The parent or legal guardian of any student on continuing medication for a non-temporary condition shall inform the school nurse or other designated school employee of the medication being taken, the current dosage, and the name of the supervising physician. With the parent or guardian’s consent, the nurse may communicate with the physician and may counsel with school personnel regarding the possible effects of the drug on the child’s physical, intellectual and social behavior, as well as possible signs and symptoms of adverse side effects, omission, or overdose.

**Medication During the School Day (EC §§49423, 49480)**

SEXUAL ABUSE & HARRASSMENT PREVENTION
Any student who is required to take, during the regular school day, medication prescribed for him/her by a physician, may be assisted by the school nurse or other designated school personnel if the school district receives (1) a CUSD Health 11a form with a written statement from the child’s physician detailing the method, amount, and time schedules by which such medication is to be taken, and (2) a written statement from the parent or guardian of the student indicating the desire that the school district assist the student in the matters set forth in the physician’s statement. This applies to non-prescription medicine also. Students may not have any medication in their possession at school without permission of the school nurse and the principal.

**Epi-Pens At School (EC §§49423, 49480)**
Students may carry and self-administer prescription auto-injectable epinephrine (Epi-pen) upon the school’s receipt of specified written confirmation and authorization from the student’s physician, surgeon, and parent. Each School site has standing orders for use of emergency Epi-pens. If a student should have a possibly life-threatening allergic reaction while at school, staff members are trained to administer the Epi-pen. In the event the Epi-pen is used, 911 will be called.

**Medicinal Cannabis**
Because of the conflict between state and federal law regarding the legality of medicinal cannabis, the Board prohibits the administration of medicinal cannabis to students on school grounds by students, parents/guardians, or school personnel. For the administration of non-Tetrahydrocannabinol (THC) Cannabidiol (CBD) products of a non-smoke/vape manner to students during school or school-related activities, please contact your school regarding options for allowing a parent/guardian to administer non-Tetrahydrocannabinol (THC) Cannabidiol (CBD) products to the child at school.

**School Insurance (EC §32221)**
Students may be subject to injury when engaged in school activities. While the District does not provide medical or dental insurance and does not recommend any specific insurance plan, a link to studentinsuranceusa.com is available in the Parent/Community Forms section of the district website. It is offered for your consideration. If you would like to insure your student through this program, you will need to click on the link provided, complete the registration form and remit payment directly to Student Insurance. Please understand that you will need to process any claims directly through the insurance company. The School District is not involved in claims processing.

California law (Education Code Sections 32220-21) requires every member of any interscholastic athletic team, as well as those associated directly with any interscholastic athletic event, including cheerleaders, team mascots, band member, team managers, etc., to possess accidental bodily injury insurance providing at least $1500 of scheduled medical and hospital benefits. Students are not to engage in interscholastic athletic practice, games or associated activities until the pertinent parts of this certificate have been completed and filed with the assistant principal of their school.

California Education Code 32221.5: Some students may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. Information about these programs may be obtained by calling Medi-Cal at 800-541-5555 or Medi-Cal Families Program at 800-880-5305.

Chico Unified does not offer medical or hospital services for injuries arising from school-related activities (Education code 49471, 49472).

If there are questions, please contact: Diane Olsen, Section 504 Coordinator, Chico Unified School District, 1163 East 7th Street, Chico, CA 95928, (530) 891-3000, ext. 20156.

**Discrimination and Harassment-Free Environment (EC §§221.5, 234, 234.1)**

We continue to work together as an organization to create and maintain a discrimination, harassment, and retaliation-free environment for our students and staff. A discrimination-free school environment is based on each student's self-respect, as well as their respect for others with whom they come in contact during the course of their school day. It is our goal to have an environment where each student feels safe and protected; in order to accomplish this, we need everyone's participation. We want our students to be able to focus on the positive aspects of learning.

All members of the school community--students, faculty, classified staff, and administration--are under protected status. The District has a discrimination and harassment policy, Policy 5145.7 (Appendix D) and complaint procedure for students which was developed to provide information and guidelines regarding the law and the proper procedure for addressing inappropriate conduct directed toward our students by their peers or staff. Copies of the policy and procedure are available by contacting your school principal, or by contacting the Equity Compliance Officer, Tina Keene, at kkeene@chicousd.org We review our practices to ensure all students understand discrimination and harassment, can recognize it, and respond appropriately should it occur. If you have any suggestions as to how we can better protect our students from discrimination and harassment, please contact the Equity Compliance Officer.

CUSD staff have the opportunity to speak with children about the process for notifying us when they have problems, parents can be aware of changes to their children’s normal patterns of behavior and can intervene more quickly. Let your children know that if they feel harassed, they have the support of both parents and the school to get it resolved. If you feel that your child is being treated in a sexually harassing, discriminatory, or retaliatory manner, please contact your school principal or the Assistant Superintendent, Human Resources for assistance. You are encouraged to take immediate action so the situation can be resolved as quickly as possible to lessen the negative effects on all involved.

For information regarding the manner in which complaints of discrimination and harassment may be filed externally and the appropriate timeframe in which to file a complaint, you may also contact the Office for Civil Rights.

We take matters of discrimination and harassment in our schools seriously. It is our expectation that you will also take it seriously and will assist us when interacting with your child. We can achieve our goal of a discrimination and harassment-free learning environment by working together.

The Chico Unified School District Board of Education recognizes that the district has responsibility for monitoring compliance with Title IX. Parents, students or staff who feel that discrimination is occurring or access to educational programs is being restricted on the basis of sex should contact our Title IX Coordinator, named below.

**Hate Behavior and Hate Crimes (EC §§233, 233.5, 48900.3)**

It is the intent of the Chico Unified School District to promote harmonious human relationships that enable students to gain a true understanding of the rights and responsibilities of people in our society. Such verbal or physical acts are inflammatory to those victimized by such acts, jeopardize the safety of students and staff, are damaging to one’s self-esteem, and will not be tolerated within our schools.

**Uniform Complaint Procedure (UCP) (EC §§35146, 35160.5, CAL. GOV. Code §§950-950.8, 54957-54957.8, Title 5 CCR §§3080, 4600-4671)**

For complaints that cannot be resolved informally and that allege the District has committed unlawful discrimination or violated federal or state laws or regulations governing educational programs, Chico Unified has a uniform complaint procedure, as stipulated in 5 CCR 4600-4670. Please note that complaints regarding special education, child nutrition programs, Williams Complaints, and state preschool health and safety issues may no longer be brought under the Uniform Complaint Procedures (UCP), but must be submitted through different processes. To learn more about grounds for complaints, see “Uniform Complaint Procedure” in the Appendix.

NONDISCRIMINATION INFORMATION
The following procedures shall be used to address all formal complaints. The district compliance officer shall maintain a record of each complaint and subsequent related actions, including all information required for compliance with 5 CCR 4631 and 4633.

The District compliance officer for the Categorical Programs Uniform Complaint Procedure is Tina Keene, Director of State and Federal Programs, (891-3000, ext. 20105), kkeene@chicousd.org, 1163 E. Seventh Street, Chico, CA 95928.

District Responsibilities

All Uniform Complaint Procedure-related complaints shall be investigated and resolved within 60 calendar days of the District’s receipt of the complaint unless the complainant agrees in writing to an extension of the timeline. All parties involved in allegations shall be notified when a complaint is filed and when a decision or ruling is made. However, the compliance officer shall keep all complaints confidential except when the disclosure is necessary to carry out the investigation, take subsequent corrective action, conduct ongoing monitoring, or maintain the integrity of the process (5CCR 4630, 4964).

Filing of Complaints

All complaints shall be filed in writing, signed by the complainant, and submitted to the compliance officer listed above. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, District staff shall assist in the filing of the complaint (5CCR 4600). The compliance officer shall maintain a log of complaints received. Complaints alleging discrimination based on race, color, national origin, sex, gender, disability, or age may also be filed with the U.S. Department of Education, Office for Civil Rights at www.ed.gov/ocr within 180 days of the alleged discrimination.

Mediation

Within three business days of receiving the complaint, the compliance officer may informally discuss with all the parties the possibility of using mediation. Mediation shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving an allegation of sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. If the parties agree to mediation, the compliance officer shall make all arrangements for this process.

Investigation of Complaint

Within 10 days of receiving the complaint, the compliance officer shall begin an investigation into the complaint. The investigation may include providing the complainant the opportunity to present information, collecting and reviewing all available documents and evidence, interviewing associated parties, and consulting additional staff or legal counsel. A complainant’s failure or refusal to provide the District's investigator with documents or other evidence related to the allegations in the complaint may result in the dismissal of the complaint because of a lack of evidence to support the allegation (5 CCR 4631).

Report of Findings

Within 30 calendar days of receiving the complaint, the compliance officer shall prepare and send a written decision to the complainant. If dissatisfied with the compliance officer’s decision, the complainant may file a written complaint with the Board within five business days. The Board may consider the matter at its next regular Board meeting or at a special Board meeting and send a final decision to the complainant within the 60-day time limit. Alternatively, the Board may decide not to hear the complaint, in which case the compliance officer’s decision shall be final. In resolving any complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying), the respondent also shall be sent the district’s decision and, in the same manner as the complainant, may file a complaint with the Board if dissatisfied with the decision.

Final Written Decision

Copies of the District’s decision on how it will resolve the complaint shall be sent to the complainant and respondent (5 CCR 4631). In consultation with district legal counsel, information about the relevant part of a decision may be communicated to a victim who is not the complainant and to other parties that may be affected by the complaint or involved in implementing the decision, as long as the privacy of the parties is protected. The decision may also include follow-up procedures to prevent recurrence or retaliation and to enable reporting of any subsequent problems. The District shall ensure meaningful access (including language translation when necessary) to all relevant information for parents/guardians with limited English proficiency.

For more information on the complaint process, visit http://www.chicousd.org/Our-District/Board-Information/CUSD-Board-Policies/ or http://www.chicousd.org/Departments/Educational-Services/Title-IX-Information/index.html.

MARRIED/PREGNANT/PARENTING STUDENTS

Summary: CUSD will provide opportunities for students who become pregnant or become parents to receive the support they need to reach their academic goals.

No rules shall be applied concerning a student’s actual or potential parent, family, or marital status that treats students differently on
the basis of sex.
Pregnant and parenting students shall retain the right to participate in any comprehensive school or educational alternative program. The classroom setting shall be the preferred instructional strategy unless an alternative is necessary to meet the needs of the student and/or his/her child.

No student shall be excluded or denied from any educational program or activity solely on the basis of the student’s pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery therefrom.

Any education program or activity, including any class or extracurricular activity, that is offered separately to such students shall be equal to that offered to other district students. A student's participation in such programs shall be voluntary.

As required for other students with physical or emotional conditions or temporary disabilities, the Superintendent or designee may require a student, based on pregnancy, childbirth, false pregnancy, termination of pregnancy, or related recovery, to obtain certification from a physician indicating that the student is physically and emotionally able to participate in an educational program or activity.

To the extent feasible, educational and related support services shall be provided, either through the district or in collaboration with community agencies and organizations, to meet the needs of pregnant and parenting students and their children. Such services may include, but are not limited to:

1. Child care and development services for the children of parenting students on or near school site(s) during the school day and during school-sponsored activities
2. Parenting education and life skills instruction
3. Special school nutrition supplements for pregnant and lactating students pursuant to Education Code 49553, 42 USC 1786, and 7 CFR 246.1-246.28
4. Health care services, including prenatal care
5. Tobacco, alcohol, and/or drug prevention and intervention services
6. Academic and personal counseling
7. Supplemental instruction to assist students in achieving grade-level academic standards and progressing toward graduation

Pregnant or parenting students may be excused for absences related to confidential medical appointments in accordance with BP/AR 5113 - Absences and Excuses.

Parental Leave
A pregnant or parenting student shall be entitled to eight weeks of parental leave in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant. Such leave may be taken before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction. The Superintendent or designee may grant parental leave beyond eight weeks if deemed medically necessary by the student's physician. (Education Code 46015; 34 CFR 106.40)

The student, if age 18 years or older, or the student's parent/guardian shall notify the school of the student's intent to take parental leave. No student shall be required to take all or part of the parental leave. (Education Code 46015) (cf. 5112.3 - Student Leave of Absence)

When a student takes parental leave, the attendance supervisor shall ensure that absences from the regular school program are excused until the student is able to return to the regular school program or an alternative education program. A pregnant or parenting student shall not be required to complete academic work or other school requirements during the period of the parental leave. (Education Code 46015) Following the leave, a pregnant or parenting student may elect to return to the school and the course of study in which the student was enrolled before taking parental leave or to an alternative education option provided by the district. Upon return to school, a pregnant or parenting student shall have opportunities to make up work missed during the leave, including, but not limited to, makeup work plans and reenrollment in courses. (Education Code 46015)

When necessary to complete high school graduation requirements, the student may remain enrolled in school for a fifth year of instruction, unless the Superintendent or designee makes a finding that the student is reasonably able to complete district graduation requirements in time to graduate by the end of the fourth year of high school. (Education Code 46015).

A parenting student may request exemption from attendance because of personal services that must be rendered to a dependent. (cf. Education Code 48205)

Lactation Accommodations
When necessary, the district shall provide reasonable accommodations to pregnant and parenting students to enable them to access the educational program.

A pregnant student shall have access to any services available to other students with temporary disabilities or medical conditions. (34 CFR 106.40, cf. 6183 - Home and Hospital Instruction). The school shall provide reasonable accommodations to any lactating student to express breast milk, breastfeed an infant child, or address other needs related to breastfeeding. A student shall not incur an academic penalty for using any of these reasonable accommodations, and shall be provided the opportunity to make up any work missed due to such use. Reasonable accommodations include, but are not limited to: (Education Code 222)

1. Access to a private and secure room, other than a restroom, to express breast milk or breastfeed an infant child
2. Permission to bring onto a school campus a breast pump and any other equipment used to express breast milk
3. Access to a power source for a breast pump or any other equipment used to express breast milk
4. Access to a place to store expressed breast milk safely
5. A reasonable amount of time to accommodate the student's need to express breast milk or breastfeed an infant child

Complaints
In accordance with California Code of Regulations (CCR) and Board Policy/Administrative Regulations (BP/AR), any complaint of discrimination shall be addressed through the district’s Uniform Complaint Procedures. Complaints may be made on the basis of discrimination due to pregnancy, marital, or parental status or noncompliance with the requirements to provide reasonable accommodations for lactating students. A complainant who is not satisfied with the District's decision may appeal the decision to the California Department of Education (CDE). If the District or the CDE finds merit in an appeal, the District shall provide a remedy to the affected student. (Education Code 222; 5 CCR 4600-4687; BP/AR 1312.3)

PARENT/GUARDIAN INVOLVEMENT

Summary: CUSD encourages parents and guardians to take an active role in their children’s education. Read this section to learn about volunteering at your child’s school and supporting your child at home.

Parent Involvement (EC §51100, 51101)
Parents/guardians (“parents”) are encouraged to be involved in their children’s education. Each school’s coordinated plan includes information and training sessions to integrate parent involvement in supporting their child's academic efforts, developing parenting skills, and building consistent and effective home-school communications.

Parent volunteers are a valued addition to the educational program. Volunteers are required to check in at the office before proceeding to a classroom. See Appendix A for a copy of Board Policy 6020 (Parent Involvement).

Visits to Campus (EC §51100, 32212)
All visitors to a campus, including parents, must check in at the Main Office immediately upon arriving at a school campus.

Parent in the Classroom (EC §51100)
The District welcomes parents into their children’s classrooms as volunteers subject to the schools’ program needs and for observation in order to assist in making educational decisions regarding the students. In order to insure student safety and to limit disruptions that may compromise instruction, any classroom visits must be scheduled with the teacher ahead of time. In the case of emergency, parents should contact the Office of the Principal.

Parent Involvement for Students At Risk of Failing
The District maintains a formal written policy that establishes the District’s expectations for parental involvement in the planning and implementation of the District’s Title I Programs (programs serving students who are failing or are at risk of failing; see Appendix A). This policy is provided to the parents of all children who participate in Title I programs and is available upon request by contacting the District office.

Non-Pupil Children and Pets
It is not appropriate for parents to bring their non-pupil children or pets (except animals related to assistance based on disability) to the classroom.

Right to Information about Teacher Qualifications
Title 1-20 U.S.C. 6311 permits parents to request information regarding the professional qualifications of the student's classroom teachers, including the following:

- Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether the teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived.
- The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.
- Whether the child is provided services by paraprofessionals and, if so, their qualifications.

In addition to the information that parents may request regarding their child’s teacher, parents may also request:

- Information on the level of achievement of the parent's child in each of the State academic assessments, and
- Timely notice that the parent's child has been assigned, or has been taught for four (4) or more consecutive weeks by a teacher who is not highly qualified.
Parents may obtain this information by logging on to www.ctc.ca.gov/ and looking up the child’s teacher’s credentials by entering the first and last name. The law also requires that parents be notified when a teacher who is not highly qualified is hired and teaches the child four (4) consecutive weeks or more.

**Rights of Parents or Guardians to Information and Participation (EC 51101)**

Parents/guardians of pupils enrolled in public schools have the right and should have the opportunity, as mutually supportive and respectful partners in the education of their children within the public schools, to be informed by the school, and to participate in the education of their children, as follows:

- Within a reasonable period of time following making the request, to observe the classroom or classrooms in which their child is enrolled or for the purpose of selecting the school in which their child will attend.
- Within a reasonable time of their request, to meet with their child's teacher or teachers and the principal of the school in which their child is enrolled.
- To volunteer their time and resources for the improvement of school facilities and school programs under the supervision of BCOE employees, including, but not limited to, providing assistance in the classroom with the approval, and under the direct supervision, of the teacher. Although volunteer parents may assist with instruction, primary instructional responsibility shall remain with the teacher.
- To be notified on a timely basis if their child is absent from school without permission.
- To receive the results of their child's performance on standardized tests and statewide tests and information on the performance of the school that their child attends on standardized statewide tests.
- To request a particular school for their child, and to receive a timely response. This paragraph does not obligate the school/BCOE to grant the parent's request.
- To have a school environment for their child that is safe and supportive of learning.
- To examine the curriculum materials of the class or classes in which their child is enrolled.
- To be informed of their child's progress in school and of the appropriate school personnel whom they should contact if problems arise with their child.

- To be informed in advance about school rules, including disciplinary rules and procedures, attendance policies, dress codes, and procedures for visiting the school.
- To receive information about any psychological testing the school does involving their child and to deny permission to give the test.
- To participate as a member of a parent advisory committee, school-site council, or site-based management leadership team, in accordance with any rules and regulations governing membership in these organizations. In order to facilitate parental participation, school-site councils are encouraged to schedule a biannual open forum for the purpose of informing parents about current school issues and activities and answering parents' questions. The meetings should be scheduled on weekends, and prior notice should be provided to parents.
- To question anything in their child's record that the parent feels is inaccurate or misleading or is an invasion of privacy and to receive a response from the school.
- To be notified, as early in the school year as practicable pursuant to EC 48070.5, if their child is identified as being at risk of retention and of their right to consult with school personnel responsible for a decision to promote or retain their child and to appeal a decision to retain or promote their child. Parents and guardians of pupils, including those parents and guardians whose primary language is not English, shall have the opportunity to work together in a mutually supportive and respectful partnership with schools, and to help their children succeed in school. BCOE has developed jointly with parents and guardians, and adopt, a policy that outlines the manner in which parents or guardians of pupils, school staff, and pupils may share the responsibility for continuing the intellectual, physical, emotional, and social development and well-being of pupils at each school-site.
- The policy includes, but is not necessarily limited to, the following:
  1. The means by which the school and parents or guardians of pupils may help pupils to achieve academic and other standards of the school.
  2. A description of the school's responsibility to provide a high-quality curriculum and instructional program in a supportive and effective learning environment that enables all pupils to meet the academic expectations of the school.
  3. The manner in which the parents and guardians of pupils may support the learning environment of their children, including, but not limited to, the following:
     (a) Monitoring attendance of their children.
     (b) Ensuring that homework is completed and turned in on a timely basis.
     (c) Participation of the children in extracurricular activities.
     (d) Monitoring and regulating the television viewed by their children.
     (e) Working with their children at home in learning activities that extend learning in the classroom.
(f) Volunteering in their children's classrooms, or for other activities at the school.
(g) Participating, as appropriate, in decisions relating to the education of their own child or the total school program.

**SUPPORT FOR LOW-INCOME FAMILIES**

Summary: In pursuit of giving all children the tools they need for success, CUSD has resources available for families experiencing financial hardship or any type of homelessness.

**Homeless Education Assistance Act (McKinney-Vento (44 U.S.C. §11431, et seq.))**

Families who live in a shelter, motel, vehicle, or campground; on the street; in an abandoned building or trailer; doubled up with friends or relatives because they cannot find or afford housing; or in other inadequate accommodations, preschool-aged and school-aged children have certain rights or protections under the McKinney-Vento Homeless Education Assistance Act.

Children who are homeless as defined above have the right to:

- Go to school, no matter where they live or how long they have lived there. They must be given access to the same public education, including preschool education, provided to other children.
- Continue in the school they attended before becoming homeless or the school they last attended, if that is their choice and it is feasible. If a school sends a child to a school other than the one families request, the school must provide families with a written explanation and offer the right to appeal the decision.
- Receive transportation to the school they attended before becoming homeless or the school they last attended, if a guardian requests such transportation.
- Attend a school and participate in school programs with children who are not homeless. Children cannot be separated from the regular school program because they are homeless.
- Enroll in school without giving a permanent address. Schools cannot require proof of residency that might prevent or delay school enrollment.
- Enroll in and attend classes while the school arrange for the transfer of school and immunization records or any other documents required for enrollment.
- Enroll in and attend classes in the school of choice even while families and the school seek to resolve a dispute over enrolling children.
- Receive the same special programs and services, if needed, as provided to all other children served in these programs.
- Receive transportation to school and to school programs.

When families who are homeless as defined above move, they should do the following:

- Contact the school district’s local liaison for homeless education (see phone number below) for help in enrolling children in a new school or arranging for children to continue in their former school. (Or, someone at a shelter, social services office, or the school can direct families to the person to contact.)
- Contact the school and provide any information may assist the teachers in helping children adjust to new circumstances.
- Ask the shelter provider or a social worker for assistance with clothing and supplies, if needed.

Local Area Contact: Ted Sullivan, Homeless and Foster Youth Liaison, 1163 East Seventh Street, Chico, CA 95928 (530) 891-3000, ext. 20105.

**STUDENT RECORDS & RECORDS**

Summary: CUSD values protecting our students and their confidential information. Read this section to learn what information may be shared and with whom. Personal information concerning students and their families is kept private in accordance with the law.

**Student Records and Release of Student Directory Information (EC §§49060-49085; 20 U.S.C. §1232g, et seq.; Title 34 CFR Part 99, et seq.)**

Each school maintains student records (permanent, interim, and permitted). Student records are any items of information that are directly related to an identifiable student and maintained by the district. Most records are under the supervision of the school principal and are located at the school; however, some psychological records are under the supervision of the Director of Student Services and are located at the District Office.

Access to student records is supervised by the school principal and/or Assistant Superintendent of Educational Services, who determines the legitimacy of educational interest. There is no cost charged to parents for reproducing copies of records upon request. Individuals with access to student records are:

- natural parents, adoptive parents or legal guardians

SUPPORT FOR LOW-INCOME FAMILIES
• Chico Unified School District employees as directed by school officials
• officials of other public schools or school systems
• authorized representatives of selected government offices where such information is necessary pursuant to federal or state law
• pupils and former pupils age 18 and older
  pupils age 14 and over who are unaccompanied, homeless youth
• parents of a student 18 years of age or older who is a dependent
• a student 16 years of age or older who has completed the tenth grade

If you (the legal custodial parent or legal guardian) disagree with the content of your student's records, you may question the content of those records and request that the school principal and/or the Assistant Superintendent of Educational Services authorize requested modifications. Parents have the right to file a complaint with the US Department of Education concerning alleged failures of school districts to comply with the provisions of the General Provisions Act (Cal. Edu. Code 49063).

**Student Directory Information (EC §§49061–49085; AR 5125.1, 20 U.S.C. §1232g, et seq.; Title 34 CFR Part 99, et seq.)**

Chico Unified has determined the following are “directory information.” Directory information may be released to third parties, such as our student database management system, for education effectiveness. Name

Similarly, the District or school may release directory information of former students unless the District receives a written request from the former student prohibiting the release of that information. Federal law requires the District to provide military recruiters, upon request, with three Directory Information categories – names, addresses and telephone listings – unless parents/guardians or students have advised the District that they do not want their student’s information so disclosed by notifying the school principal in writing by the end of the third week of the school year. The District retains the right to deny the release of Directory Information if such denial is considered in the best interest of the student. (U.S.C. 1232g).

The District may release student records to law enforcement officials, the Butte County District Attorney, Butte County welfare fraud investigators or any prosecuting agency, Butte County Probation Department, and Butte County Children’s Services.

**Medical Record Sharing (HSC 120440)**

Medical information may be shared with local health departments and the State Department of Public Health. Any information shared shall be treated as confidential medical information. The student or parent or guardian has the right to examine any immunization-related information shared in this manner and to correct any errors in it; and the student or parent or guardian may refuse to allow this information to be shared in the manner described, or to receive immunization reminder notifications at any time, or both. You can obtain more information regarding medical record sharing by contacting the nurse through the school office.

**Surveysing Students (EC 51938, 51513)**

Chico Unified schools need parents'/guardians’ written permission before any questionnaire, survey or examination containing any questions about their children’s personal beliefs or practices (or the pupil’s family’s beliefs or practices) in sex, family life, morality, religion and school climate may be administered to any pupil in kindergarten, or grades 1-12, inclusive. Notification will include specific or approximate dates of when any survey containing sensitive, personal information is to be administered and provide an opportunity for parents to opt pupils out of participating in the survey. Upon request, parents or guardians will be given the opportunity to inspect any third-party survey.

Education Code 51938(b) stipulates: “Notwithstanding Section 51513, anonymous, voluntary, and confidential research and evaluation tools to measure pupils’ health behaviors and risks, including tests, questionnaires, and surveys containing age appropriate questions about the pupil’s attitudes concerning or practices relating to sex may be administered to any pupil in grades 7 to 12, inclusive, if the parent or guardian is notified in writing that this test, questionnaire, or survey is to be administered and the pupil’s parent or guardian is given the opportunity to review the test, questionnaire, or survey and to request in writing that his or her child not participate.”
**Changes to Student Records (AR 5125, AB 711)**

No additions or change shall be made to a student's record after high school graduation or permanent departure, other than routine updating, unless required by law or with prior consent of the parent/guardian or adult student. (Education Code 49062.5, 49070; 5 CCR 437)

When a former student submits a state-issued driver's license, birth certificate, passport, social security card, court order, or other government-issued documentation demonstrating that the former student's legal name and/or gender has changed, the district shall update the former student's records to reflect the updated legal name and/or gender. Upon request by the former student, the district shall reissue any documents conferred upon the former student, including, but not limited to, a transcript, a high school diploma, a high school equivalency certificate, or other similar documents. The district is not required to modify records that the former student has not requested for modification or reissuance. (Education Code 49062.5)

If the former student's name or gender is changed and the requested records are reissued, a new document shall be added to the former student's file that includes all of the following information: (Education Code 49062.5)

1. The date of the request
2. The date the requested records were reissued to the former student
3. A list of the records that were requested by and reissued to the former student
4. The type of documentation, if any, provided by the former student to demonstrate a legal change to the student's name and/or gender
5. The name of the employee who completed the request
6. The current and former names and/or genders of the student

Any former student who submits a request to change the legal name or gender on the student's records but is unable to provide any government-issued documentation demonstrating the legal name or gender change, may request a name or gender change through the process described in Education Code 49070 and AR 5125.3 - Challenging Student Records.

**TRANSPORTATION**

Summary: Parents who need a reliable method of transportation for their children may apply annually to receive transportation via a CUSD school bus. Students riding CUSD buses must respect the authority of the bus driver and comply with bus safety protocols.

**Transportation (EC §§35350, 35351, 39800, et seq.)**

Parents desiring home-to-school transportation services must apply for the service annually and receive District approval before their children will be allowed to ride the school bus. Applications must be approved and fees paid at the Transportation Office located at 2455 Carmichael Drive, (530) 891-3097. The cost of transporting your child is $300 per student or $450 per family. Transportation may be provided if your elementary student lives more than a mile from school and for junior high or high school students living more than two miles from their school (according to Google Maps).

**Authority of Bus Driver**

Students transported in a school bus or in a school student activity bus shall be under the authority of, and responsible to, the driver of the bus, and the driver shall be held responsible for the orderly conduct of the students while they are on the bus or being escorted across a street, highway or road. Continuing disorderly conduct or persistent refusal to submit to the authority of the driver shall be sufficient reason for a student to be denied transportation. A bus driver shall not require any student to leave the bus en route between home and school or other destinations.

**School Bus Safety (EC §39831.5)**

The District provides all students instruction in school bus emergency procedures and passenger safety. Written safety procedures are available from the District office.

**TESTING**

Summary: Assessing student learning tells us whether teaching is having the intended effect. Testing at the local and state levels provides a snapshot in time of student knowledge and skills and provides information to help inform decisions to support student learning. Read this section to learn about what state-level tests your child will take.

**Overview of State Testing (EC 52052, 60640)**

In California, the primary goal of the statewide testing program is to better prepare all students for college and careers in the twenty-first century.

The state testing system has several components. Since spring 2015, the California Assessment of Student Performance and Progress (CAASPP) has been the core of the state testing system. The CAASPP system is based on the California’s state standards for English
Annual computer-based assessments in the areas of English language arts and mathematics—developed through the Smarter Balanced Assessment Consortium—form the cornerstone for CAASPP. Standardized computer-based science tests are also administered annually. While test results should never be used as the only source of information to make important decisions about a student’s education, CAASPP program results provide information about each child’s progress to help parents, guardians, and teachers work together to improve student learning. Schools use results to help make decisions about how best to support student achievement. Results also can be used along with other available data to assist in identifying students for intervention or enrichment programs. The district strongly encourages all students at the applicable grade levels to participate in the state assessments in order to maximize the usefulness of the data. Parents may submit a written exemption request to the school Principal for certain state tests. Exemption requests must be made in writing and use the district form available from school principals. Parents and students are cautioned that exempting students from certain state tests (such as the grade 11 Smarter Balanced Tests in English and/or math) will make students ineligible for state and federal recognition programs such as the State Seal of Biliteracy, the Golden State Seal Merit Diploma, the President’s Awards (for Educational Excellence and Achievement) and the Early Assessment Program of College Readiness. If a parent or guardian submits an exemption request after testing has begun, any test(s) completed before the request is submitted will be scored and the results reported to the parent or guardian and included in the pupil’s records. For more information, contact your school principal.

The California Assessment of Student Performance and Progress (CAASPP) System consists of:

- English Language Arts/Literacy and Mathematics Summative Assessment
  - Smarter Balanced Assessment Consortium Tests (SBAC)
  - Smarter Balanced California Alternate Assessment (CAA)
- Science
  - California Science Test (CAST)
  - California Alternate Assessment (CAA) for Science

CAASPP Interim Assessments, Practice Tests, and Training Tests may also be administered.

CAASPP Student Score Reports
For students with Parent Portal access, reports are available for view within the parent portal as soon as they are made available by the test contractor. For students without Parent Portal access, within 20 working days of receiving the student report from the test contractor, the district will mail the student report to the student’s parents/guardians. The report shall include a clear explanation of the purpose of the test, the student’s score, and its intended use by the district. All students’ scores are reported to their schools and teachers and included in their student records.

# California Statewide Assessment System

The following tests will be administered during the school year as indicated:

- **Smarter Balanced Assessment Consortium (SBAC) Online Summative Assessments** – These comprehensive assessments of grade-level learning measure progress toward college and career readiness in English language arts and mathematics in grades 3-8 and 11. Exceptions are those students who take the California Alternate Assessment (CAA), or, for the English-language Arts test only, English learners who are in their first 12 months of attending a school in the United States. The SBAC is given during April and May.

- **Smarter Balanced Assessment Consortium (SBAC) Interim Assessments** – At their own discretion, schools, classes, or teachers may choose to administer SBAC Interim Assessments to inform and promote teaching and learning. Interim assessments are an informal element of the CAASPP testing system. They provide information that can be used to monitor student progress toward mastery of state standards for English language arts and mathematics in grades 2-12.

- **Grade Two Diagnostic Assessments** – To ensure that teachers have information about the developing language arts and computational skills of their grade two students, the district administers English language arts and math diagnostics assessments in grade two.

- **California Alternate Assessment (CAA)** – For students with significant cognitive disabilities, as determined by an IEP team; CAASPP provides tests for English, science, and math for grades 3-8 & 11. Only eligible students may participate in the administration of the CAA. The CAA is given during the Spring.

- **California Science Test (CAST) Summative Assessment Summative Test** – Students in grades 5, 8, and a sample of students from grades 10-12 in high school. Students take the CAST during their final science course in high school.

- **Early Assessment Program (EAP)** – For students in grade 11, the SBAC assessment results will also be used to determine college-readiness in English and math. Each spring, all grade eleven students in California take the Smarter Balanced
Summative Assessments for English language arts/literacy (ELA) and mathematics. These assessments, which are administered as part of the California Assessment of Student Performance and Progress (CAASPP) System, also serve as an indicator of readiness for college-level coursework in English and mathematics and are used by the California State University (CSU) and participating California Community Colleges (CCCs) to determine Early Assessment Program (EAP) status. See your high school counselor for more information. The SBAC in grade 11 is given in April and May.

**English Language Proficiency Assessments for California (ELPAC)** – State and federal law require that local educational agencies administer a state test of English language proficiency (ELP) to eligible students in kindergarten through grade twelve. The California Department of Education (CDE) transitioned from the California English Language Development Test (CELDT) to the ELPAC as the state ELP assessment in 2018. The ELPAC is aligned with the 2012 California English Language Development Standards. It is comprised of two separate ELP assessments: one for the initial identification of students as English learners (ELs), and a second for the annual summative assessment to measure a student’s progress in learning English and to identify the student's level of ELP.

- **Physical Fitness Tests (PFT)** – Public school students in grades 5, 7, and 9 are required to take the Physical Fitness Test, whether or not they are enrolled in a physical education class. Students who are physically unable to take the entire test battery are to be given as much of the their conditions will permit. The PFT provides information that can be used by students to assess and plan personal fitness programs, teachers to design the curriculum for physical education programs, and parents and guardians to understand their children’s fitness levels. This program also provides results that are used to monitor changes in the physical fitness of California students. California law does not provide any parent exemption provision from the PFT. By law, all California schools are required to administer the PFT annually to all students in grades 5, 7 and 9. For more information, contact your school administrator. The PFT is given February through May.

- **Desired Results Developmental Profile (DRDP)** – State and federal laws require districts to be accountable for assessment of pre-school students. Observation data is collected two times per year to measure children’s progress in learning, social-emotional, motor skills, and communication.

- **California High School Proficiency Examination (CHSPE)** – [http://www.chspe.net/](http://www.chspe.net/) CHSPE is a voluntary test for students ages 16 and up who need to verify high school level skills. In some cases, students take the test and leave high school early to work or attend college. Those who pass the test receive a Certificate of Proficiency from the State Board of Education, which is equal by law to a California high school diploma. People who are 16 years of age or older may take the test. Younger people who meet other criteria can also take the test. This test is given twice each year at many sites in California. The test covers three subjects: reading, writing, and math. There is a fee to take the test. The CHSPE is a voluntary test that assesses proficiency in basic reading, writing, and mathematics skills taught in public schools. The test is given in English only. For more information, contact your high school counselor.

- **High School Equivalency Tests (HSET)**
  California has approved the use of three high school equivalency tests for students 18 years old and older for the purpose of receiving a California High School Equivalency Certificate. In some cases, 17-year-olds can also take an HSET.
  - **GED (General Educational Development Test)** – [https://ged.com/](https://ged.com/)
  - **National Assessment of Educational Progress (NAEP)** – Only if required of certain grades and/or schools by the State Department of Education [https://nces.ed.gov/nationsreportcard/](https://nces.ed.gov/nationsreportcard/)

**Additional Standardized Tests Offered at Chico Unified High Schools**
The following tests are scheduled for administration during the school year. Please contact your high school Counseling office for further information.

- **ASVAB Armed Services Vocational Aptitude Battery**
- **PSAT/NMSQT - Preliminary Scholastic Aptitude Test** – College Board
- **SAT - Scholastic Aptitude Test** - College Board
- **ACT College Entrance test**
- **Advanced Placement (AP) Examinations**

**State-Funded Advanced Placement (AP) Examination Fees**
State funds may be available through the District to cover all or some of the costs of advanced placement examination fees, pursuant to California Education Code Section 52244. To request more information, please contact the principal of the student’s school.

**Non-Mandatory Programs (EC §49091.18)**
Except as allowed by law with regard to public school employees, the District does not require the pupil or pupil’s family to participate in or submit to any of the following: any assessment, analysis, evaluation or monitoring of the quality or character of the student’s home life; any form of parental screening or testing; any non-academic home-based counseling program; or any parent training or family education service plan.

COMPLAINTS BY CITIZENS REGARDING CUSD PERSONNEL AND OPERATIONS
The CUSD Board believes that positive relationships between CUSD employees and citizens are essential to the successful operations of schools. The Board encourages complainants to resolve problems early and informally whenever possible with the staff member personally. If a problem remains unresolved, the individual should submit a formal written complaint with the supervisor of the employee in accordance with appropriate district procedures, Board Policy 1312.1, Complaints Concerning District Employees.
APPENDIX B: STUDENT CHROMEBOOK RESPONSIBILITIES AND CONTRACT

Chico Unified School District is pleased to offer a 1:1 Chromebook program, which includes a Chromebook, power adapter and protection coverage (at no cost). Chromebooks are issued as an educational tool only, and they need to be kept in good working order at all times. They are to be handled responsibly like any item CUSD issues to a student.

A Chromebook is like a textbook, in that we expect students to treat them with respect. We understand that since it’s an electronic device, there may still be unexpected issues that arise. The following explains the items we will cover and those that students must pay for (intentional acts of neglect/abuse and loss).

Contract Repair/Replace Terms

Deductibles - 1st covered repair - $0 (no deductible); 2nd covered repair - $35; 3rd covered repair - $35
- After three repairs/replacements in one school year, the student is referred to site administration and the coverage is void for the remainder of the year. At that point, the parent/guardian is responsible for all damage or loss.

Loss or Damage - Report the loss or damage immediately to the library staff. In the event that school is not in session email: cusdchromebooks@chicousd.org
- If the loss is due to theft, burglary, robbery or vandalism, a police report must be filed. A copy of the report must be submitted to the District Office in order to avoid paying replacement cost. The report can be submitted in person or by emailing it to cusdchromebooks@chicousd.org

Covered Issues
- Accidental damage, cracked screens, drops, liquid spills and submersion (All incidents will be evaluated for deliberate abuse/neglect)
- Theft, burglary, robbery with an official police report (FIRST INCIDENT ONLY) - Any subsequent incidents result in full charges for repair or replacement
- Vandalism, with an official police report or school administrator incident report
- Mechanical failures are covered even if not under a manufacturer’s warranty

Issues Not Covered
- KEYCAP LOSS - Purposeful removal of keycaps from keyboards will be considered vandalism and will not be covered under the protection plan. **DO NOT REMOVE KEYS FROM YOUR KEYBOARD AS IT DAMAGES THE UNDERLYING MECHANISM.**
- Intentional acts of neglect/abuse, including cosmetic damage
- Unexplained loss or mysterious disappearance, including law enforcement seizure
- Loss of accessories, software or data, including power supply and protective cover
- Tampering with or any unauthorized attempts to repair device, install software, “jailbreaking” or removing the device from the CUSD managed domain
  (Issues of this type will be referred to site administration for violation of the Student Use of Technology Policy)

Repair and Replacement Costs for Chromebooks intentionally damaged/neglected.

Repairs
1. Screen Assembly (LCD/Camera/Bezel) $ 65
2. Keyboard $ 65
3. Touchpad $ 35
4. LCD $ 35
5. USB port (right only) $ 35
6. Motherboard (USB left/HDMI/Headphone) $ 100
7. Internal Power Connector $ 35

Replacement Costs
1. Replacement cost for all Chromebooks for the 2021/2022 school year are:
   1st year (1 - 12 months): $220
   2nd year (13 - 24 months): $110

APPENDIX D: SEXUAL HARASSMENT PREVENTION

The Board of Education is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages students who feel that they are being or have been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who has experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact their teacher, the principal, the district’s Title IX Coordinator, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint is addressed through Title IX complaint procedures or uniform complaint procedures, as applicable.

The Superintendent or designee shall inform students and parents/guardians of the district's sexual harassment policy by disseminating it through parent/guardian notifications, publishing it on the district's web site, and including it in student and staff handbooks. All district staff shall be trained regarding the policy.

INSTRUCTION/INFORMATION
The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence;
2. A clear message that students do not have to endure sexual harassment under any circumstance;
3. Encouragement to report observed incidents of sexual harassment, even where the alleged victim of the harassment has not complained;
4. A clear message that student safety is the district’s primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved;
5. A clear message that, regardless of a complainant’s noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and prompt action shall be taken to respond to any harassment, prevent recurrence, and address any continuing effect on students;
6. Information about the district’s procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made;
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues;
8. A clear message that, when needed, the district will take interim measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation.

Upon completion of an investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence in violation of this policy shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the
entire circumstances of the incident(s) shall be taken into account.
(cf. 5144 - Discipline)
(cf. 5144.1 - Suspension and Expulsion/Due Process)
(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

Upon investigation of a sexual harassment complaint, any employee found to have engaged in sexual harassment or sexual violence toward any student shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.
(cf. 4117.7 - Employment Status Report)

(cf. 4218 - Dismissal/Suspension/Disciplinary Action (Students with Disabilities))
(cf. 4119.11/4219.11/4319.11 - Sexual Harassment)

RECORD-KEEPING
In accordance with law, the Title IX Coordinator shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools.
