PRESCHOOL/EARLY CHILDHOOD EDUCATION

The Governing Board recognizes the value of high-quality preschool experiences to enhance children's social-emotional development, knowledge, skills, abilities, and attributes necessary for a successful transition into the elementary education program. The Board desires to provide children ages 3-4 years access to developmentally appropriate activities in a safe, supervised, and cognitively rich environment.

District Preschool Programs

The district may contract with the California Department of Education (CDE) to provide preschool services in facilities at or near district schools, either directly or through a subcontract with a public or private provider.

District preschool programs shall comply with all health and safety laws and regulations, including, when applicable, licensure requirements pursuant to 22 CCR 101156.

The Superintendent or designee shall coordinate the district's preschool program, transitional kindergarten program (TK), and elementary education program to provide a developmental continuum that builds upon children's growing skills and knowledge.

The Superintendent or designee shall ensure that administrators, teachers, and paraprofessionals in district preschool programs possess the appropriate permit(s) issued by the Commission on Teacher Credentialing, meet any additional qualifications established by the Board, and participate in professional development opportunities designed to continually enhance their knowledge and skills.

Preschool admissions policies and procedures shall be in writing and available to the public. Such policies and procedures shall include criteria designating those children whose needs can be met by the program and services, the ages of children who will be accepted, program activities, any supplementary services provided, any field trip provisions, any transportation arrangements, food service provisions, and a health examination requirement. (CCR 18105; 22 CCR 101218)
