LIMITS OF BOARD MEMBER AUTHORITY

The Board of Education has broad but clearly limited powers. The exercise of its authority is restricted to the functions required or permitted by law, and then only when it acts in a legally constituted meeting.

The Board is the unit of authority. Apart from the normal function as part of the unit, the Board member has no individual authority. Individually, the Board member may not commit the district to any policy, act or expenditure. The Board member cannot do business with the district served, nor should the Board member have an interest in any contract with the School District in general. The Board member does not represent any factional segment of the community, but is rather a part of the body which represents and acts for the community as a whole.

No individual member of the Board, by virtue of holding office, shall exercise any administrative responsibility with respect to the schools; nor, as an individual, command the services of any school employee.

No Board member shall become an employee of his/her district while serving on the Board.

Obligations of Members

Members of the Board must endeavor to attend all meetings, study all materials presented with the agenda prior to attending the meeting, participate in the discussion of any items which come before the Board, and vote on all motions and resolutions, abstaining only for compelling reasons.
