CONTRACTS

The Governing Board recognizes its responsibility to enter into contracts on behalf of the district for the acquisition of equipment, supplies, services, and other resources necessary for the achievement of district goals. In exercising this authority to enter into a contract, the Board shall ensure that the district's interest is protected and that the terms of the contract conform to applicable legal standards, including the bidding requirements in Public Contract Code 20111.

(cf. 2121 Superintendent's Contract)
(cf. 3311 Bids)
(cf. 4312.1 Contracts)
(cf. 9124 Attorney)

The Board may, by a majority vote, delegate to the Superintendent or designee the authority to enter into contracts on behalf of the district. To be valid or to constitute an enforceable obligation against the district, all such contracts must be approved and/or ratified by the Board.

(cf. 3300 Expenditures and Purchases)
(cf. 3314 Payment for Goods and Services)

Every contract entered into on behalf of the district shall be made available for public inspection, except when the law prohibits disclosure. No contract shall prohibit a district employee from disparaging the goods or services of any contracting party.

(cf. 1340 Access to District Records)

Contracts for Non-nutritious Foods or Beverages
The district shall not enter into or renew a contract for the sale of foods or beverages that do not meet applicable nutritional standards specified in Education Code 49431-49431.7, 5 CCR 15500-15501 or 15575-15578, or 7 CFR 210.11 or 220.12, unless the contract specifies that such sale will occur off campus or outside the time restriction specified in the applicable law.

(cf. 3554 Other Food Sales)
(cf. 3555 Nutrition Program Compliance)

Before the district enters into or renews a contract that grants exclusive or nonexclusive advertising or sale of carbonated beverages, non-nutritious beverages, or non-nutritious foods as defined in law, the Board shall ensure that the district has sufficient internal controls in place to protect the integrity of public funds and to ensure that funds raised as a result of the contract benefit public education. (Education Code 35182.5)

The Superintendent or designee shall develop the district's internal control procedures to protect the integrity of public funds. Such internal controls may include, but not be limited to, the following:

1. Procedures that produce accurate and reliable financial statements and, at the same time, safeguard the assets, financial resources, and integrity of every employee responsible for handling money or property. Control systems shall be systematically evaluated and revised to keep pace with the changing responsibilities of management.

(cf. 3100 Budget)
(cf. 3400 Management of District Assets/Accounts)
(cf. 3460 Financial Reports and Accountability)
2. Procedures to ensure that district personnel do not handle cash or product at the school site. The contract shall specify that the vendor stock the machines and shall provide cash accounting, along with a check, for district proceeds directly to the control office.

Any contract for the sale or advertisement of non-nutritious foods or carbonated or non-nutritious beverages shall be entered into on a competitive bid basis pursuant to Public Contract Code 20111 or through the issuance of a Request for Proposal. (Education Code 35182.5)

(cf. 3311 - Bids)

The Board shall not enter into or renew any contract that grants exclusive or nonexclusive advertising or sale of carbonated beverages, non-nutritious beverages, or non-nutritious foods until parents/guardians, students, and members of the public have had an opportunity to comment on the contract at a public hearing held during a regularly scheduled Board meeting. The Board shall clearly, and in a manner recognizable to the general public, identify in the agenda the contract to be discussed at the meeting. (Education Code 35182.5.)

(cf. 9322 - Agendas/Meeting Materials)
(cf. 9323 - Meeting Conduct)

The public hearing shall include, but not be limited to, a discussion of the nutritional value of foods and beverages sold within the district; the availability of fresh fruit, vegetables, and grains in school meals and snacks, including locally grown and organic produce; the amount of fat, sugar, and additives in the foods and beverages discussed; and barriers to student participation in school breakfast and lunch programs. (Education Code 35182.5)

(cf. 5030 - Student Wellness)

The contract shall be accessible to the public and may not include a confidentiality clause that would prevent the district or a district school from making any part of the contract public. (Education Code 35182.5)

Contracts for Electronic Products or Services
The Board shall not enter into a contract for electronic products or services that requires the dissemination of advertising to students, unless the Board: (Education Code 35182.5)

1. Enters into the contract at a noticed, public hearing of the Board.

(cf. 9320 - Meetings and Notices)

2. Makes a finding that the electronic product or service is or would be an integral component of the education of students.

(cf. 0440 - District Technology Plan)

3. Makes a finding that the district cannot afford to provide the electronic product or service unless it contracts to permit dissemination of advertising to students.

(cf. 1325 - Advertising and Promotion)

4. As part of the district's normal, ongoing communication to parents/guardians, provides written notice that the advertising will be used in the classroom or other learning center.

Policy Adopted: 01/17/07; 09/02/15; 10/05/16
5. Offers parents/guardians the opportunity to request in writing that their child not be exposed to the program that contains the advertising. A request shall be honored for the school year in which it is submitted, or longer if specified, but may be withdrawn by the parents/guardians at any time.

Contracts for Digital Storage and Maintenance of Student Records

The district may enter into or renew a contract with a third party for the purpose of providing services, including cloud-based services, for the digital storage, management, and retrieval of student records and/or to provide digital educational software that authorizes a third-party provider of digital educational software to access, store, and use student records. For these purposes, student records include any information maintained by the district that is directly related to a student and any information acquired directly from the student through the use of instructional software or applications assigned to the student by a teacher or other district employee, and do not include de-identified information.
