School Accountability Report Card

Reported Using Data from the 2011-12 School Year

Published During 2012-13

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

EdData Partnership Web Site

EdData is a partnership of the CDE, EdSource, and the Fiscal Crisis Management and Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Loma Vista School provides services for students with a variety of disabilities. Loma Vista primarily houses pre-school programs for children with identified disabilities ages 3-5 years. There are seven pre-school classrooms and one classroom for elementary/secondary students with moderate to severe disabilities. Specific descriptions of these classrooms are as follows: five self-contained preschool special day classrooms; two full inclusion preschool special day classrooms; and one multi-age special day class for young adults. Classrooms serve students with a range of disabilities including delays in language development, academic readiness, behavior, and autism. Classrooms are organized to serve students based on their age and areas of assessed need.

Loma Vista has a strong mainstreaming and integration emphasis. Located on the Loma Vista campus is a non-profit pre-school program serving typically developing peers. The "Innovative Preschool" program provides students from Loma Vista School opportunities for inclusion in both academic and social/recreational programs. All classrooms offer a low student to teacher ratio with an emphasis placed upon developing skills in communication, behavioral management, functional life skills, social development, and pre-academic/life skills training.

Loma Vista's mission embraces Individual Student Academic Success via a K-12 Sequence of Teaching, Learning, Assessment and Support. The staff strives to provide a comprehensive educational program aligned to the state content standards and based on each student's Individualized Educational Plan (IEP). Program goals and objectives (standards) are aligned to the State preschool Learning Foundations.

Opportunities for Parental Involvement (School Year 2011-12)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

Loma Vista School encourages parents and community members to volunteer in classrooms to assist staff with the education of children. Classrooms have parent volunteers that assist at centers and/or with the making of educational materials, and monitoring of students on field trips. Parents are active in school ceremonies and school projects. In addition to regular school events such as music programs, back to school night, open house, parent conferences, holiday programs, etc. parents are encouraged to participate in the Community Advisory Committee (CAC), parent training programs and various support groups. The CAC and support groups provide opportunity for parents to network with other parents, to learn more about special education and to have input into the development of special education programs.

School Safety Plan (School Year 2011-12)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

Loma Vista School has a comprehensive school safety plan that identifies major safety concerns and specific prevention and action strategies that involve school personnel, community members and local law enforcement agencies. Our plan ensures a safe and secure campus by teaching prevention strategies and school rules along with practicing of fire exiting, code red lock down, and take cover drills. Our School Safety Committee will review the school safety plans, procedures drills, and school rules that promote a safe learning environment. The school safety plans also outline procedures for allowing visitors on campus and providing crisis intervention support to students and staff. A School Crisis Team has been identified and trained and meets throughout the year to address school safety concerns.

We have adequate playground space and equipment for our facilities. All classrooms meet state requirements relating to instructional space. Classrooms are designed to provide areas for large group, individual, and small group learning activities. In addition, most classrooms have sink areas for washing hands. The multi-purpose room has a kitchen area for teaching daily living skills and serving breakfast and lunch. Separate bathroom facilities for boys and girls are located within the building and/or in classrooms. The Chico Unified School District takes great efforts to ensure that all facilities are in repair, clean, safe, and functional. Adult supervision is available from the start of school to the end of school. Adult supervision is provided in all school settings including the bus area, playground, multi-purpose area, and the gym. Teachers are available in their classrooms both before school and after school for students who are either unable or prefer not to be outside. Classroom visitors must follow procedures identified at the school site. Loma Vista requires that all visitors sign in at the office and obtain a visitor's pass before going onto the campus.

IX. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB.

For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at <http://cahsee.cde.ca.gov/>.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) webpage at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2011-12)

| AYP Criteria | School | District |
|---|--------|----------|
| Made AYP Overall | No | No |
| Met Participation Rate: English-Language Arts | Yes | Yes |
| Met Participation Rate: Mathematics | Yes | Yes |
| Met Percent Proficient: English-Language Arts | No | No |

| Met API Criteria | N/A | Yes |
| Met Graduation Rate (if applicable) | N/A | No |

Federal Intervention Program (School Year 2012-13)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

| Indicator | School | District |
|---|--------|-----------|
| Program Improvement Status | | In PI |
| First Year of Program Improvement | | 2004-2005 |
| Year in Program Improvement | | Year 3 |
| Number of Schools Currently in Program Improvement | --- | 11 |
| Percent of Schools Currently in Program Improvement | --- | 37.9 |

XI. School Completion and Postsecondary Preparation

Admission Requirements for California's Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the UC Admissions Information webpage at <http://www.universityofcalifornia.edu/admissions/>. (Outside source)

California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU webpage at <http://www.calstate.edu/admission/admission.shtml>. (Outside source)

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance, and data reporting, etc.)?

Professional Development is an ongoing process at Loma Vista School, which is highly coordinated with the district and state expectations. We are continuing to align our teaching to the recently adopted preschool standards for each curriculum area.

Staff receives training on the adopted SEACO curriculum, Desired Results Developmental Profile, Preschool Learning Foundations, and assessment practices. In addition, teachers attended workshops on a variety of areas related to teaching and learning. Focus areas include “Best Practices” in working with children with Autism, Behavior Management, Effective Instructional Strategies, and Classroom Management.
