School Accountability Report Card

Reported Using Data from the 2011-12 School Year

Published During 2012-13

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

EdData Partnership Web Site

EdData is a partnership of the CDE, EdSource, and the Fiscal Crisis Management and Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2011-12)

This section provides information about the school, its programs and its goals.

MISSION:

TO PROMOTE INDIVIDUAL STUDENT EDUCATIONAL SUCCESS VIA A SEQUENCE OF TEACHING, LEARNING, ASSESSMENT AND SUPPORT.

Our Vision is focused by the following 5 questions:

- 1) What do we want students to learn?
- 2) How will we know if they have learned?
- 3) What will we do if they haven't learned?
- 4) What will we do if they have learned?
- 5) How will we provide opportunities for every student to connect to the PV community?

Pleasant Valley High School is a four-year comprehensive high school. PVHS is accredited by the Western Association of Schools and Colleges, and presently has full accreditation through 2015. PVHS is also recognized as a California Distinguished School. Students come from a variety of ethnic and cultural backgrounds.

School personnel, students and parents are presently studying ways to improve the school program. A core academic program is required of all students and a wide variety of elective courses in the areas of fine arts, industrial technology and physical education are offered. There is a cooperative arrangement between Pleasant Valley High School and the local colleges that allows our students to enroll concurrently in college classes.

PVHS is recognized locally and statewide as a strong academic school. We are one of only a few schools in California with an International Baccalaureate program for students who want the most rigorous academic course of study. In addition, we offer Carl Perkins funded school-to-career pathways as well as the Visions Academy in special education and the ACE Life Academy in Home Economics. We have tech-prep classes, 2 + 2 programs, and many Advanced Placement courses that can be taken for college credit. We strive to serve each student and provide a variety of programs to meet the needs of students at this school.

We believe that each student must acquire a core education of basic skills while in high school. Even so, we expect all students to achieve the high standards we have set for them.

Opportunities for Parental Involvement (School Year 2011-12)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

Parents are encouraged to participate in school life. There are four parent representatives on the School Site Council, which meets monthly on the third Tuesday at 3:00 pm in room L-1, a classroom located adjacent to the main library floor. In addition, the Parent Teacher Student Association meets in the library monthly at 5:30 pm. Parents are invited to attend both meetings. For parents of English learners, there is an EL Advisory Committee that meets on campus during the school year.

Parents also comprise various booster organizations on campus. We have a Sports Booster and a Music Boosters group that meet regularly. Contact the main office for more information.

Student Enrollment by Grade Level (School Year 2011-12)

Grade Level	Number of Students
Grade 9	487
Grade 10	499
Grade 11	474
Grade 12	483
Ungraded Secondary	6
Total Enrollment	1,949

Student Enrollment by Group (School Year 2011-12)

Group	Percent of Total Enrollment	Group	Percent of Total Enrollment

* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

III. School Climate

School Safety Plan (School Year 2011-12)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

PVHS has a SB 187 School Safety Plan that is updated annually. We utilize a camera monitoring system as well as campus supervisors who are present on campus at all times. The safety plan describes procedures for various natural and man-made disasters. Safety drills are described including drills for fire, earthquake, etc. The School Site Council meets once a month to review any identifiable condition that needs attention. We also have a school crisis team to respond to the needs of students during and following critical circumstances. In addition, we have a school safety team to review conditions on campus.

Suspensions and Expulsions

Rate*	School			District		
	2009-10	2010-11	2011-12	2009-10	2010-11	2011-12
Suspensions	9.95	6.74	5.13	10.03	8.95	4.57
Expulsions	1.52	0.86	.66	0.73	0.59	0.62

* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment (and multiplying by 100).

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2012-13)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

Year and month in which data were collected: November 2012

Pleasant Valley High School has facilities to accommodate the divergent needs of our students. In addition to classroom space, we are fortunate to have modern library, science, and English buildings that were constructed within the last 13 years. Our long-awaited Center for the Arts building has been completed and is in full use. Many CUSD and Chico Community organizations are reserving and utilizing the facility to provide educational and entertainment opportunities for our region. We are excited to announce the approval of plans for a two-story classroom building to accommodate the transition of 24 classrooms of students from portable classroom buildings to a state-of-the-art educational environment. The construction has begun, with a hopeful move-in date of the Fall of 2014.

The district takes great efforts to ensure that all schools are clean, safe, and functional. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

School Facility Good Repair Status (School Year 2012-13)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The Overall Rating (bottom row)

Misassignments of Teachers of English Learners	2	1	0
Total Teacher Misassignments	2	1	0
Vacant Teacher Positions	0	0	0

* "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2011-12)

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: <http://www.cde.ca.gov/nclb/sr/tq/>

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by Highly Qualified Teachers	Not Taught by Highly Qualified Teachers
This School	98.2	1.8
All Schools in District	98.55	1.45
High-Poverty Schools in District	98.17	1.83
Low-Poverty Schools in District	100	0

* High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program.

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2011-12)

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	5	390

Psychologist	1	---
Social Worker		---
Nurse	0.4	---
Speech/Language/Hearing Specialist	0.4	---
Resource Specialist		---
Other		---

* One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time.

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2012-13)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: October 2012

District procedures for adopting textbooks include teacher, student and administrative recommendations and Board of Education approval. The Pleasant Valley library maintains approximately 23,000 books and has many technology-based resources; i.e., electronic data bases, word processing, desktop publishing, art prints, video materials, computer software and off-site telecommunications resources. In addition, pre-selected Internet resources designed to support the state standards are provided through the library home page.

State	---	---	\$5,455.00	\$68,488.00
Percent Difference: School Site and State	---	---	87.99%	92.72%

* **Supplemental/Restricted** expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.

** **Basic/Unrestricted expenditures** are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending webpage at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits webpage at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

Types of Services Funded (Fiscal Year 2011-12)

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

Pleasant Valley High receives the following funding:

- **Economic Impact Aid/Limited English Proficient (EIA/LEP)** funds to support programs and activities to assist English learners achieve proficiency in the English language as rapidly as practicable and to support programs and activities to improve the academic achievement of English learners.
- **Economic Impact Aid/State Compensatory Education (EIA/SCE)** funds to support programs and activities designed to assist educationally disadvantaged students achieve state standard proficiency.
- **Safe Schools** funds to provide training, resources, and technical assistance to establish a school/community environment which is physically and emotionally safe, well-disciplined, and conducive to learning.
- **Title II** federal funds to provide ongoing staff development for teachers and principals.

Pleasant Valley High School provides special education, English Language Learner, and Below Basic Reader support services in order to help students succeed in classes. Severely Handicapped support as well as transitional program support is provided for students that have IEPs for that support. Ninth grade students reading below basic on STAR testing are provided additional instruction in a READ 180 curriculum.

Teacher and Administrative Salaries (Fiscal Year 2010-11)

Category	District Amount	State Average for Districts In Same Category
Beginning Teacher Salary	\$38,121	\$40,932
Mid-Range Teacher Salary	\$53,164	\$65,424
Highest Teacher Salary	\$83,676	\$84,596
Average Principal Salary (Elementary)	\$89,920	\$106,806
Average Principal Salary (Middle)	\$97,238	\$111,776
Average Principal Salary (High)	\$102,804	\$120,858
Superintendent Salary	\$164,900	\$204,089
Percent of Budget for Teacher Salaries	41%	39%
Percent of Budget for Administrative Salaries	4%	5%

* For detailed information on salaries, see the CDE Certificated Salaries & Benefits webpage at <http://www.cde.ca.gov/ds/fd/cs/>.

IX. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB.

For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at <http://cahsee.cde.ca.gov/>.

California Physical Fitness Test Results (School Year 2011-12)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at <http://www.cde.ca.gov/ta/tg/pf/>.

* Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2009	2010	2011
Statewide	8	8	9
Similar Schools	8	8	9

Academic Performance Index Growth by Student Group – Three-Year Comparison

Group	Actual API Change

English Learners	30	39	-9
Students with Disabilities	-3	28	-10

* "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

Academic Performance Index Growth by Student Group - 2012 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2012 Growth API at the school, district, and state level.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) webpage at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2011-12)

AYP Criteria	School	District
Made AYP Overall	No	No
Met Participation Rate: English-Language Arts	Yes	Yes
Met Participation Rate: Mathematics	Yes	Yes
Met Percent Proficient: English-Language Arts	No	No
Met Percent Proficient: Mathematics	No	No
Met API Criteria	Yes	Yes
Met Graduation Rate (if applicable)	No	No

Federal Intervention Program (School Year 2012-13)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

Program Improvement Status		In PI
First Year of Program Improvement		2004-2005
Year in Program Improvement		Year 3
Number of Schools Currently in Program Improvement	---	11
Percent of Schools Currently in Program Improvement	---	37.9

XI. School Completion and Postsecondary Preparation

Admission Requirements for California's Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the UC Admissions Information webpage at <http://www.universityofcalifornia.edu/admissions/>. (Outside source)

California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU webpage at <http://www.calstate.edu/admission/admission.shtml>. (Outside source)

* The National Center for Education Statistics graduation rate as reported in AYP is provided in this table.

Completion of High School Graduation Requirements

This table displays, by student group, the percent of students who began the 2011-12 school year in grade twelve and were a part of the school's most recent graduating class, meeting all state and local graduation requirements for grade twelve completion, including having passed both the ELA and mathematics portions of the CAHSEE or received a local waiver or state exemption.

Career Technical Education Programs (School Year 2011-12)

This section provides information about Career Technical Education (CTE) programs including:

- Programs and classes offered that are specifically focused on career preparation and or preparation for work
- How these programs and classes are integrated with academic courses and how they support academic achievement
- How the school addresses the needs of all students in career preparation and/or preparation for work, including needs unique to defined special populations of students
- The measurable outcomes of these programs and classes, and how they are evaluated
- State the primary representative of the district's CTE advisory committee and the industries represented on the committee

Pleasant Valley High School is proud of the many career technical programs that have been added. Along with adding Regional Occupation Program teachers and classes, PV has an exceptional Culinary program, Industrial technology program, Business Education program, as well as many other career oriented programs available to students.

Career Technical Education Participation (School Year 2011-12)

Measure	CTE Program Participation
Number of pupils participating in CTE	805
% of pupils completing a CTE program and earning a high school diploma	31%
% of CTE courses sequenced/articulated between the school/institutions of postsecondary education	33%

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance, and data reporting, etc.)?

Curricular development is an ongoing process. Teachers are encouraged and provided training to use State Standards to plan curriculum for their disciplines. They recognize that State assessments are based on the student's proficiency in learning State Standards. Looking forward to the implementation of the focus on The Federal Common Core Standards, the PVHS staff members have been researching best practices to prepare students for colleges and careers. Teachers have recently examined student formative assessment data from tests given in core subjects. This process will be repeated three times each year. Each assessment measures student learning on required essential State Standards. Teachers are provided time embedded in the work day to review results and collaborate in course-alike and grade-level teams to develop strategies to pursue high levels of student-learning. At strategic times counselors apply intervention strategies to students who are not learning. These strategies include addition tutorials, core instruction after school, and various incentive devices to increase a student's learning capacity.
