Center for Alternative Learning (CAL) School Accountability Report Card Reported Using Data from the 2012-13 School Year

Published During 2013-14

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at http://www.cde.ca.gov/ta/ac/sa/.
- For additional information about the school, parents and community members should contact the school principal or the district
 office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Additional Information

For further information regarding the data elements and terms used in the SARC see the 2012–13 Academic Performance Index Reports Information Guide located on the CDE API Web page at http://www.cde.ca.gov/ta/ac/ap/.

School Description and Mission Statement (School Year 2012-13)

This section provides information about the school, its programs and its goals.

The Center for Alternative Learning (CAL) is a 7-12th grade program that promotes the ABC's and the 3R's. Being alternative education, we have changed their meanings a bit to assist us in meeting the needs of our students.

ABC stands for attendance, behavior, and credits/grades. These are the three areas that the majority of our students need some assistance with and are the basis for most referrals to CAL. Our 3R's stand for respect, responsibility, and resiliency. These are three important life skills we address with our students: Respect for self and for others; Responsibility for one's own actions; Resilience, which for us means the ability to bounce back after setbacks.

CAL currently places its academic emphasis on six core subjects: English, history, math, science, PE and life skills. Enrichment classes are offered as part of an extended day in English and math. Other programs available to support CAL students include: a Resource Specialist Program, a Teen Parenting Program, and an independent research program. These three are all referral-based programs. Approval must be sought through the CAL administration and space must be available before a student may be placed in one of these programs.

Our mission at CAL calls upon the educational strengths, unique backgrounds, and supportive nature of its staff to build an alternative education program that serves the needs of the middle school community. The staff provides a program that opens its doors and works to reconnect young people to education. It is a program that values self worth and encourages student achievement, both personally and academically.

The role of CAL is to reconnect students to their educational responsibility and future.

Opportunities for Parental Involvement (School Year 2012-13)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

Parent/guardian involvement/support is a much valued commodity at CAL. For information on how you can help, please contact Ms. Medina at 891-3092, extension 197.

III. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- California Standards Tests (CSTs), which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- California Modified Assessment (CMA), an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- California Alternate Performance Assessment (CAPA), includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at http://star.cde.ca.gov.

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB).

For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at http://cahsee.cde.ca.gov/.

IV. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API Web page at http://www.cde.ca.gov/ta/ac/ap/.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- · API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at http://www.cde.ca.gov/ta/ac/ay/.

Adequate Yearly Progress Overall and by Criteria (School Year 2012-13)

| AYP Criteria | School | District |
|-----------------------------------------------|--------|----------|
| Made AYP Overall | No | No |
| Met Participation Rate: English-Language Arts | Yes | No |

| Met Percent Proficient: Mathematics | No | No |
| Met API Criteria | N/A | Yes |
| Met Graduation Rate (if applicable) | N/A | Yes |

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations Web page: http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

School Safety Plan (School Year 2012-13)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

Students respect the educational programs and environment. The campus has been virtually free of vandalism and mistreatment. Our school has an emergency plan, and evacuation procedures are practiced as per State law. Staff and students are in-serviced in the Code Red lockdown procedure in case of a critical incident. Students are also instructed and drills are conducted with regard to the State required earthquake and fire procedures. The school safety plan is updated annually in accordance with Senate Bill 187. Our plan stresses prevention and that our students and staff be prepared. Our practice/training opportunities allow students and staff to increase their ability to deal with earthquakes, fire, conflict, anger, and other threats to safety. We have security checks on a regular basis to identify potential hazards and/or our vulnerability to crime and vandalism. We also have a crisis response plan in place to deal with unforeseen emergencies.

Suspensions and Expulsions

| Expulsions | | 1.56 | 2.0 | 0.58 | 0.62 | 0.67 | |

Note: The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment x 100.

VI. School Facilities

School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- Description of any needed maintenance to ensure good repair

The Center for Alternative Learning shares the campus with the continuation school, community day school, and independent study school. CAL shares the playing fields, the multipurpose room, the main and student services offices with Fair View High School, Academy For Change, and Oakdale. The campus is also a source of enjoyment and pride for many of the local neighbors as they use it as a meeting and recreational facility.

A campus supervisor patrols the campus from 7:30 a.m. to 4:30 p.m. daily. Teachers, support staff, and school administrators also supervise the students before and after school and during student breaks and lunch.

Visitors are required to check in and register at the main office. Visitors are asked to wear a name identification tag while they are visiting the campus. Signs are posted directing visitors to the main office and the campus supervisor assists in their direction.

CAL enjoys a healthy and safe environment. The CUSD school board has adopted cleaning standards for all schools in the district. School administration works with the custodial staff to see that these standards are followed and to ensure a clean and safe school. District maintenance staff keeps the school in good working order and necessary repairs are made in a timely manner.

CUSD participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repairs or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. The CAL/AFC/FV/Oakdale campus has received its fair share of this maintenance and repair and is kept in good working order.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2012-13)

The federal ESEA, also known as NCLB, requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE Improving Teacher and Principal Quality Web page at www.cde.ca.gov/nclb/sr/tq/.

| | Percent of Classes In Core Academic Subjects | | | | | |

| High-Poverty Schools in District | 95.2 | 4.8 | | | | |
| Low-Poverty Schools in District | 97.9 | 2.1 | | | | |

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

XI. School Completion and Postsecondary Preparation

Admission Requirements for California's Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the UC Admissions Information Web page at http://www.universityofcalifornia.edu/admissions/.

California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU Web page at http://www.calstate.edu/admission/admission.shtml.

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance, and data reporting, etc.)?

CAL continues to be committed to staff training and curriculum improvement. Teachers are represented on CUSD task forces where they develop curriculum standards, benchmarks, and appropriate assessment methods. Evaluation, improvement and implementation of curricular needs occur on a six-week basis throughout the school year.

CAL staff members also participate in many professional organizations and share responsibilities with other district secondary teachers on various district task forces and committees.
