## School Accountability Report Card

### Reported Using Data from the 2012-13 School Year

#### Published During 2013-14

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Additional Information

For further information regarding the data elements and terms used in the SARC see the 2012–13 Academic Performance Index Reports Information Guide located on the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

### School Description and Mission Statement (School Year 2012-13)

This section provides information about the school, its programs and its goals.

The mission of Chapman School is to create academically skilled students. Chapman will provide a safe, educational community with consistent collaboration to meet our goals. Adults and children of all ages, cultures, and life experiences are welcomed, respected, involved, and valued on the campus. Chapman students will be self-directed, life-long learners working towards their highest academic potential while taking responsibility for their role in an ever-changing world. Our school community will foster these attributes by utilizing a wide variety of resources and strategies.

Chapman School is located on the southwest side of Chico in an older section of town. The school itself is in the city limits, but all homes surrounding it are located outside the city limits. The attendance area includes families from as far west as Park Avenue, and to the east it extends to Highway 99.

Chapman provides a very extensive before-and after-school program. Chapman conducts a 21st Century Learning/ASES Grant program for one and one-half hours each morning and three hours each day after school. Chapman also provides eight tutorial groups for reading before school and six tutorial groups for math after school. These tutorial groups are in addition to the 21st Century Learning/ASES program.

### Opportunities for Parental Involvement (School Year 2012-13)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

Chapman School invites parents to join the Parent Teacher Association (PTA), participate on our School Site Council (SSC) and on our English Language Advisory Committee (ELAC). We encourage our parents to be involved in classrooms, Awards assemblies, attend our monthly "Wake Up to Reading" morning reading time, Art Week, and attend our many other school related activities. Please contact the Principal, Ted Sullivan, at 530-891-3100 for more information.

## III. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

## IV. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

### Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2010	2011	2012
Statewide	1	2	2
Similar Schools	2	3	4

### Academic Performance Index Growth by Student Group – Three-Year Comparison

### Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

### Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations Web page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

A school disaster plan has been developed which includes emergency procedures in case of fire, earthquake or other disaster. The School Safety plan is updated annually. The key elements of the plan include traumatic incidents, imminent danger procedure, evacuation/relocation procedure, civil defense/disorder, bomb threat/bomb emergency, earthquake, chemical spill, crime in progress, and fire/explosion. There is a color coded safety plan located in each class room. Chapman also regularly practices "Code Red" procedures with our students and staff. Chapman provides student supervision before and after school. All visitors must check in at the office.

## VI. School Facilities

### School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- Description of any needed maintenance to ensure good repair

The original Chapman School was built in 1953. In 1989 this section of the school was remodeled with state reconstruction funds. As enrollment increased over the years, the school expanded from the original ten classrooms to its current size of twenty-six classrooms. Since 1986 there have been ten relocatable classrooms erected on the campus. During the 1994-95 school year three relocatable rooms were added to house the Healthy Start, Even Start and Head Start Programs. Cleaning the common areas of the school takes place on a daily basis. Classrooms are alternately cleaned. Routine maintenance and safety checks take place daily. The school is in line for some deferred maintenance projects.

## IX. Curriculum and Instructional Materials

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instructional materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

**Year and month in which data were collected:** October 2012

Updated and readily available resources are important if students are to perform at their best in class. The State of California adopts textbooks that meet quality standards established by the State Board of Education and aligned to the newly adopted California Common Core State Standards (CCSS). The Chico Unified School District selects textbooks and other instructional materials from these state adoptions. All of the textbooks currently in use meet these standards. They were selected to match the needs of Chico students by a Task Force comprised of teachers and administrators and approved by the Board of Education. The CUSD convenes curricular task forces to review textbooks in core subject areas on the Kindergarten through 8th grade state adopted list concurrent with the adoption cycle. These standards aligned textbooks are in the hands of all students within two years of adoption.

## XI. Instructional Planning and Scheduling

### Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance, and data reporting, etc.)?

---

Staff development opportunities and curriculum improvement trainings are provided on a continuous basis using monies from Title I, Title 11 and EIA. Chapman has regular grade level collaboration time provided during the school day with an emphasis on teams following a professional learning community (PLC) pattern of business.

Chapman also offers a weekly staff development opportunity for staff regarding Language Star, our ELD program. One of the CUSD ELD coaches meets weekly with interested staff to ask questions, plan for and prepare for the weeks upcoming Language Star lessons. Staff also utilizes CUSD math coaches, Treasures coach and Illuminate coach for support to successfully implement our core curriculum and data support system. Chapman also is working with a TOSA this year to provide extensive support with reading skills instruction.
