School Accountability Report Card

Reported Using Data from the 2012-13 School Year

Published During 2013-14

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Additional Information

For further information regarding the data elements and terms used in the SARC see the 2012–13 Academic Performance Index Reports Information Guide located on the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

School Description and Mission Statement (School Year 2012-13)

This section provides information about the school, its programs and its goals.

Sierra View School is one of twelve elementary schools in the Chico Unified School District. The nine-acre campus is located on tree-lined streets at the corner of Madrone and Hooker Oak Avenues in a quiet residential area on the east side of the city of Chico. Landscaped courtyards border a majority of the classrooms. Sierra View houses the Academics Plus 'Alternative Program Of Choice' and two Special Education classrooms.

Our Mission is to spark a joy for learning, build a foundation of knowledge and skills, create a safe and respectful environment, and promote lifelong learners and productive contributors to society.

Opportunities for Parental Involvement (School Year 2012-13)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

The parent community at Sierra View School is a key factor to student success. Support for our program is given by the PTA, Academics Plus Parent Advisory Committee (PAC) and the School Site Council. Parents are involved with their children's education on a variety of levels and parent volunteers make up an important part of our daily school population. Parent volunteers are instrumental in our R.I.C.H. (Reading Is A Cool Habit) Reading Program, Book Buddies, Battle of the Books, Red Ribbon Week, Bike Week, Fall Festival, Mathathon, campus beautification, and library decorations. Contact the main office for more information.

III. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

IV. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations Web page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

School Safety Plan (School Year 2012-13)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

The School Safety plan is updated annually in accordance with Senate Bill 187. The key elements of the plan include traumatic incidents, imminent danger procedure, evacuation/relocation procedure, civil defense/disorder, bomb threat/bomb emergency, earthquake, chemical spill, crime in progress, and fire/explosion. The school has a disaster preparedness plan that includes emergency procedures in case of fire, earthquake, or other disasters. School safety is taught at all grade levels and children participate in safety awareness programs and activities.

VI. School Facilities

School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- Description of any needed maintenance to ensure good repair

The district takes great efforts to ensure that all schools are clean, safe, and functional. Supervision is provided for students before school at 7:30 a.m. and after school until 2:45 p.m. The CARD after-school program is available on the Sierra View campus to parents through the Chico Area Recreation Department (CARD). Visitors are required to sign in at the office and obtain a visitor or volunteer badge to be worn while on campus. Staff has been trained to report any suspicious activity.

Sierra View was built in 1953, expanded in 1956, and again in 1989. We have 27 classrooms, 8 of which are portable. The nine-acre campus also includes a multipurpose room, kitchen, library, administrative offices, staff room, small meeting rooms, and adequate playground space for the students housed on this campus. In addition, two Special Education classrooms are located on our campus. During 1993, the original building underwent reconstruction funded by the state. This project included the removal of asbestos, the addition of a new air-conditioning/heating system, renovation of flooring, wall covering, lowered ceilings, and new cabinetry. The multipurpose room, offices, and 10 classrooms were included in the project. Currently all classrooms have adequate space and have air-conditioning.

Adequate playground space is available. A new play structure was installed on the playground in 2008 and a track in the mid-1990s. Restrooms are located at the end of each building and accessible from the playground.

District maintenance staff ensure that the repairs necessary to keep the school in good repair and working order are completed. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Minor repairs and general maintenance are taken care of by the onsite custodian. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

PTA has funded the redesigned courtyard area to provide tables, benches, patio area and planters. The Primary Courtyard was completed in 2003. The Intermediate Courtyard was completed the fall of 2005.

IX. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: October 2012

Updated and readily available resources are important if students are to perform at their best in class. The State of California adopts textbooks that meet quality standards established by the State Board of Education. The Chico Unified School District selects textbooks and other instructional materials from these state adoptions. All of the textbooks currently in use meet these standards. They were selected to match the needs of Chico students by a Task Force comprised of teachers and administrators and approved by the Board of Education.

The Academics Plus Program as an 'Alternative School of Choice' may adopt curriculum other than the curriculum adopted by Chico Unified School District. This adoption, Academics Plus selected the MacMillan/McGraw-Hill Math program.

The CUSD convenes curricular task forces to review textbooks in core subject areas on the Kindergarten through 8th grade state adopted list concurrent with the adoption cycle. These standards aligned textbooks are in the hands of all students within two years of adoption.

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	Percent of Students Lacking Own Assigned Copy

Types of Services Funded (Fiscal Year 2012-13)

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

Sierra View receives the following funding:

- **Economic Impact Aid/Limited English Proficient (EIA/LEP)** funds to support programs and activities to assist English learners achieve proficiency in the English language as rapidly as practicable and to support programs and activities to improve the academic achievement of English learners.
- **Economic Impact Aid/State Compensatory Education (EIA/SCE)** funds to support programs and activities designed to assist educationally disadvantaged students achieve state standard proficiency.
- **Safe Schools** funds to provide training, resources, and technical assistance to establish a school/community environment which is physically and emotionally safe, well-disciplined, and conducive to learning.
- **Title II** federal funds to provide ongoing staff development for teachers and principals.

These Funds support our school improvement effort, and are budgeted by our elected School Site Council. Classroom aides are paid from these monies and provide services to students in the Read Naturally Program, Book Buddies one-on-one reading program, and within the classroom setting. In addition to the Language Star (ELD) program, limited funds are available to provide additional materials and resources to assist our limited English-speaking students.

XI. Instructional Planning and Scheduling

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance, and data reporting, etc.)?

Curricular improvement is an ongoing process at Sierra View School. A wide variety of needs have been indicated by staff for future staff development. These areas include Language Arts, Technology, Math, and Social Studies/Science. Title II/Teacher Quality Training Program funds are available for Staff Development. The Staff Development opportunities available to staff are provided after school or on weekends, in-class coaching, or teacher-principal meetings.
