SAFETY

At each school, the principal or designee shall establish emergency procedures, rules for the student conduct, and rules for the safe and appropriate use of school facilities, equipment, and materials, consistent with law, Board policy, and administrative regulation. The rules shall be communicated to students, distributed to parents/guardians, and readily available at the school at all times.

Release of Students

Students shall be released during the school day only to the custody of an adult who is one of the following:

1. The student's custodial parent/guardian.
2. An adult authorized on the student's emergency card as an individual to whom the student may be released when the custodial parent/guardian cannot be reached, provided the principal or designee verifies the adult's identity.
3. An authorized law enforcement officer acting in accordance with law.
4. An adult taking the student to emergency medical care at the request of the principal or designee.

Supervision of Students

Teachers shall be present at their respective rooms and shall open them to admit students not less than 15 minutes before the time that school starts. (5 CCR 5570)

Every teacher shall hold students accountable for their conduct on the way to and from school, on the playgrounds, and during recess. (Education Code 44807)

The principal or designee shall require all individuals supervising students to remain alert for unauthorized persons and dangerous conditions, and promptly report any such observations to the principal or designee and file a written report as appropriate.

Any certificated or classified employee, or other school official, whose duties bring the employee or other school official in contact on a regular basis with students in any of grades 6-12, as part of a middle or high school, who are alerted to or observe any threat or perceived threat of a homicidal act, as defined, shall immediately report the threat or perceived threat to law enforcement in accordance with Education Code 49393. (Education Code 49390, 49393)

Threat or perceived threat are defined as any writing or action of a student that creates a reasonable suspicion that the student is preparing to commit a homicidal act related to school or a school activity. This may include possession, use, or depictions of firearms, ammunition, shootings, or targets in association with infliction of physical harm, destruction, or death in a social media post, journal, class note, or other media associated with the student. It may also include a warning by a parent, student, or other individual.

Additionally, anyone who receives or learns of a health or safety threat related to school or a school activity shall to report the threat to a school or district administrator.

At any school where playground supervision is not otherwise provided, the principal or designee shall provide for certificated employees to supervise the conduct and safety, and direct the play, of students who are on school grounds before and after school and during recess and other intermissions. (5 CCR 5552)

Playground Safety

Any new playground or any replacement of equipment or modification of components inside an existing playground shall conform to standards set forth by the American Society for Testing and Materials and the guidelines set forth by the U.S. Consumer Product Safety Commission. The Superintendent or designee shall have a playground safety inspector certified by the National Playground Safety Institute conduct an initial inspection to aid compliance with applicable safety standards. (Health and Safety Code 115725)

Activities with Safety Risks

Due to concerns about the risk to student safety, the principal or designee shall not permit events activities determined by the principal to have a high risk to student or staff safety.

Events In or Around a Swimming Pool

When any on-campus event that is not part of an interscholastic athletic program is sponsored or hosted by the district and is to be held in or around a swimming pool, at least one adult with a valid certification of cardiopulmonary resuscitation training shall be present throughout the duration of the event. (Education Code 35179.6)

Laboratory Safety

The principal of each school offering laboratory work shall develop procedures for laboratory safety and designate a trained certificated employee to regularly review, update, and implement these procedures.

Students in a laboratory shall be under the supervision of a certificated employee. Students shall be taught laboratory safety, and safety guidelines and procedures shall be posted in science classrooms. Students shall receive continual reminders about general and specific hazards.

Hazardous materials shall be properly used, stored, and disposed of in accordance with law and the district's chemical hygiene plan.

Bloodborne pathogens shall be handled in accordance with the district's exposure control plan.

The district's emergency plan, emergency contact numbers, and first aid supplies shall be readily accessible.

Parents/guardians shall be made aware of the kinds of laboratory activities that will be conducted during the school year.

Eye Safety Devices

The Superintendent or designee shall provide schools with eye safety devices for use whenever students, teachers, or visitors are engaged in or observing an activity or using hazardous substances likely to cause injury to the eyes. Eye safety devices may be sold to students for an amount not to exceed their actual cost to the district. (Education Code 32030, 32031, 32033)
