Maintaining Appropriate Adult-Student Interactions

The Governing Board desires to provide a positive school environment that protects the safety and well-being of district students. The Board expects all adults with whom students may interact at school or in school-related activities, including employees, independent contractors, and volunteers, to maintain the highest professional and ethical standards in their interactions with students both within and outside the educational setting. Such adults shall not engage in unlawful or inappropriate interactions with students and shall avoid boundary-blurring behaviors that undermine trust in the adult-student relationship and lead to the appearance of impropriety.

Employees are prohibited from entering into or attempting to form a romantic or sexual relationship with any student or engaging in sexual harassment of a student, including sexual advances, flirtations, requests for sexual favors, inappropriate comments about a student's body or appearance, or other verbal, visual, or physical conduct of a sexual nature.

Adults shall not intrude on a student's physical or emotional boundaries unless necessary in an emergency or to serve a legitimate purpose related to instruction, counseling, student health, or student or staff safety.

Any employee who observes or has knowledge of another employee's violation of this policy shall report the information to the Superintendent or designee and appropriate agency for investigation pursuant to the applicable complaint procedures. Other adults with knowledge of any violation of this policy are to report the violation to the Superintendent or designee. The Superintendent or designee shall protect anyone who reports a violation from retaliation. Immediate intervention shall be implemented when necessary to protect student safety or the integrity of the investigation.

Employees who engage in any conduct in violation of this policy, including retaliation against a person who reports the violation or participates in the complaint process, shall be subject to discipline, up to and including dismissal. Any other adult who violates this policy may be barred from school grounds and activities in accordance with law. The Superintendent or designee may also notify law enforcement as appropriate.

The district's employee code of conduct addressing interactions with students shall be provided to parents/guardians at the beginning of each school year and shall be posted on school and/or district websites. (Education Code 44050)
