Charter School Renewal

The Governing Board believes that the ongoing operation of a charter school established within the district should be dependent on the school's effectiveness in achieving its mission and goals for student learning and other student outcomes. Whenever a charter school submits a petition for renewal of its charter, the Board shall review the petition in a thorough and timely manner.

(cf. 0420.4 - Charter School Authorization)
(cf. 0420.41 - Charter School Oversight)
(cf. 0420.43 - Charter School Revocation)
(cf. 0500 - Accountability)

Each renewal granted by the Board shall be for a period of five years. (Education Code 47607)

A charter school seeking renewal of its charter is encouraged to submit a petition for renewal to the Board sufficiently early before the term of the charter is due to expire.

The signature requirement applicable to new charter petitions shall not be applicable to petitions for renewal. (5 CCR 11966.4)

The petition for renewal shall include a reasonably comprehensive description of how the charter school has met all new charter school requirements enacted into law after the charter was originally granted or last renewed. **The petition also shall include documentation that the charter school meets at least one of the criteria for academic performance specified in Education Code 47607(b), as listed in item #5 in the section "Criteria for Granting or Denying Renewal" below. (Education Code 47607; 5 CCR 11966.4)**

Criteria for Granting or Denying Renewal

Renewals shall be governed by the same standards and criteria that apply to new charter petitions as set forth in Education Code 47605. The Board shall consider the past performance of the charter school's academics, finances, and operations in evaluating the likelihood of future success, along with plans for improvement, if any. (Education Code 47607; 5 CCR 11966.4)

In determining whether to grant a charter renewal, the Board shall consider increases in academic achievement for all "numerically significant" groups of students served by the charter school, as defined in Education Code 52052, as the most important factor. (Education Code 47607)

The Board shall not grant a renewal until at least 30 days after the charter school submits such documentation of its academic performance. (Education Code 47607)

Within 30 days of receiving the renewal petition, the Board shall hold a public hearing to review documentation submitted by the charter school and obtain public input.

Within 60 days of receiving the renewal petition, or within 90 days if extended by mutual written agreement of the Board and the charter school, the Board shall either grant or deny the request to renew the charter. (Education Code 47607; 5 CCR 11966.4)

Renewals shall be governed by the same standards and criteria that apply to new charter petitions as set forth in Education Code 47605. When considering a petition for renewal, the Board shall consider the past performance

of the charter school's academics, finances, and operations in evaluating the likelihood of future success, along with plans for improvement, if any. (Education Code 47607; 5 CCR 11966.4)

The Board shall deny a renewal petition only if it makes a written factual finding setting forth specific facts to support one or more of the following grounds: (Education Code 47605, 47607; 5 CCR 11966.4)

1. The charter school presents an unsound educational program for the students to be enrolled in the charter school.
2. The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.
3. The petition does not contain an affirmation of each of the conditions described in Education Code 47605(d).
4. The petition does not contain reasonably comprehensive descriptions of the charter provisions in Education Code 47605(b).
5. The charter school has failed to meet at least one of the following criteria of academic performance:
 - a. Attainment of its Academic Performance Index (API) growth target in the prior year or in two of the last three years ~~or in the aggregate for the prior three years~~ **both schoolwide and for all numerically significant groups of students served by the charter school as defined in Education Code 52052.**
 - b. An API ranking in deciles 4-10 in the prior year or in two of the last three years
 - c. An API ranking in deciles 4-10 for a demographically comparable school in the prior year or in two of the last three years
 - d. Academic performance at least equal to the academic performance of the public schools that the charter school students would otherwise have been required to attend, as well as the academic performance of district schools, taking into account the composition of the student population that is served at the charter school

In determining whether the charter school satisfies this criterion, the Board shall base its decision on documented, clear, and convincing data; student achievement data including, but not limited to, results from the Standardized Testing and Reporting Program for demographically similar student populations in comparison schools; and information submitted by the charter school at least 30 days prior to the Board's decision.

The district shall submit copies of supporting documentation and a written summary of the basis for its determination to the Superintendent of Public Instruction.

(cf. 6162.51 - Standardized Testing and Reporting Program)

- e. Qualification for an alternative accountability system pursuant to Education Code 52052(h)

If the Board fails to make a written factual finding pursuant to items #1-5 above within the required time period, the absence of a written factual finding shall be deemed an approval of the renewal petition. (5 CCR 11966.4)

The Superintendent or designee shall provide notification to the California Department of Education, within 10 calendar days of the Board's action, whenever a renewal of the charter is granted or denied. (Education Code 47604.32; 5 CCR 11962.1)

If the Board denies a renewal petition, the charter school may submit its application for renewal to the County Board of Education within 30 days of the Board's written factual findings supporting the denial. If the County Board then fails to deny or grant the petition within 60 days of receiving the petition, or within 90 days if extended by written mutual agreement of the charter school and the County Board, the charter school may submit the petition to the State Board of Education.

Charter School Revocation

The Governing Board expects any charter school authorized by the Board to provide a sound educational program that promotes student learning and to comply with law and the terms of its charter. However, when necessary, the Board may revoke a charter before the date it is due to expire.

(cf. 0420.4 - Charter School Authorization)
(cf. 0420.41 - Charter School Oversight)
(cf. 0420.42 - Charter School Renewal)
(cf. 0500 - Accountability)

The Board may revoke a charter **before the date it is due to expire** whenever it makes a written factual finding, supported by substantial evidence, that the charter school has done any of the following: (Education Code 47607)

1. Committed a material violation of any of the conditions, standards, or procedures set forth in the charter
2. Failed to meet or pursue any of the student outcomes identified in the charter
3. Failed to meet generally accepted accounting principles or engaged in fiscal mismanagement
4. Violated any provision of law

In determining whether to revoke a charter, the Board shall consider increases in student academic achievement for all "numerically significant" groups of students served by the charter school, as defined in Education Code 52052, as the most important factor. (Education Code 47607)

At least 72 hours prior to any Board meeting at which the Board will consider issuing a Notice of Violation, the Board shall provide the charter school with notice and all relevant documents related to the proposed action. (5 CCR 11968.5.2)

(cf. 9320 - Meetings and Notices)

If the Board takes action to issue a Notice of Violation, it shall deliver the Notice of Violation to the charter school's governing body. The Notice of Violation shall identify: (Education Code 47607; 5 CCR 11965, 11968.5.2)

1. The charter school's alleged violation(s).
2. All evidence relied upon by the Board in determining that the charter school committed the alleged violation(s), including the date and duration of the alleged violation(s). The Notice shall show that the violation(s) are both material and uncured and that the alleged violation(s) occurred within a reasonable period of time before the Notice of Violation is issued.
3. The period of time that the Board has concluded is a reasonable period of time for the charter school to remedy or refute the identified violation(s). In identifying this time period, the Board shall consider the amount of time reasonably necessary to remedy each identified violation, which may include the charter school's estimation as to the anticipated remediation time.

By the end of the remedy period identified in the Notice of Violation, the charter school's governing body may submit to the Board a detailed written response and supporting evidence addressing each identified violation, including the refutation, remedial action taken, or proposed remedial action. Within 60 calendar days of the conclusion of the remedy period, the Board shall evaluate any response and supporting evidence provided by the charter school's governing body and shall take one of the following actions: (5 CCR 11968.5.2)

1. Discontinue revocation of the charter and provide timely written notice of such action to the charter school's governing body
2. If there is substantial evidence that the charter school has failed to remedy or refute to the Board's satisfaction a violation identified in the Notice of Violation, continue revocation of the charter by issuing a Notice of Intent to Revoke to the charter school's governing body

If the Board issues a Notice of Intent to Revoke, it shall hold a public hearing concerning the revocation on the date specified in the notice, which shall be no later than 30 days after providing the notice. Within 30 calendar days after the public hearing, or within 60 calendar days if extended by written mutual agreement of the Board and the charter school, the Board shall issue a final decision to revoke or decline to revoke the charter. (Education Code 47607; 5 CCR 11968.5.2)

If the Board fails to meet the timelines specified above for issuing a Notice of Intent to Revoke or a final decision, the revocation process shall be deemed terminated. (5 CCR 11968.5.2)

Within 10 calendar days of the Board's final decision, the Superintendent or designee shall provide a copy of the final decision to the California Department of Education (CDE) and the County Board of Education. (Education Code 47604.32; 5 CCR 11968.5.2)

Severe and Imminent Threat

The procedures specified above shall not be applicable when the Board determines that any violation under Education Code 47607 constitutes a severe and imminent threat to the health or safety of students. In such circumstances, the Board may immediately revoke the school's charter by approving and delivering a Notice of Revocation by Determination of a Severe and Imminent Threat to Pupil Health or Safety to the charter school's governing body, the County Board, and the CDE. (Education Code 47607; 5 CCR 11968.5.3)

Appeals

In the event that the Board revokes the charter, the charter school may, within 30 days of the Board's final decision, appeal the revocation to the County Board. Either the charter school or the district may subsequently appeal the County Board's decision to the SBE. (Education Code 47607; 5 CCR 11968.5.3-11968.5.5)

Discrimination complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process. Temporary/Substitute Personnel

The Governing Board recognizes that substitute and temporary personnel perform an essential role in promoting student achievement and desires to employ highly qualified, appropriately credentialed employees to fill such positions.

(cf. 4112.2 - Certification)

Hiring

The Superintendent or designee shall recommend candidates for substitute or temporary positions for Board approval, and shall ensure that all substitute and temporary employees are assigned in accordance with law and the authorizations specified in their credential.

(cf. 4113 - Assignment)

Substitute personnel may be employed on an on-call, day-to-day basis.

In addition, after September 1 of any school year, the Board may employ substitute personnel for the remainder of the school year for positions for which no regular employee is available. The district shall first demonstrate to the Commission on Teacher Credentialing the inability to acquire the services of a qualified regular employee. (Education Code 44917)

(cf. 4117.14/4317.14 - Postretirement Employment)

Permanent or probationary certificated employees who were laid off pursuant to Education Code 44955 and who have a preferred right of reappointment shall be given priority for substitute service in the order of their original employment. (Education Code 44956, 44957)

(cf. 4117.3 - Personnel Reduction)

Classification

At the time of initial employment and each July thereafter, the Board shall classify substitute and temporary employees as such. (Education Code 44915, 44916)

The Board may classify as substitute personnel a teacher hired to fill the position of a regularly employed person who is absent from service. (Education Code 44917)

The Board may classify as a temporary employee a teacher who is employed for at least one semester and up to one complete school year based on the need for additional certificated employees when regular employees are absent due to leaves or long-term illness. Any person whose service begins in the second semester and before March 15 may be classified as a temporary employee even if employed for less than a semester. The Board shall determine the number of persons who shall be so employed, which shall not exceed the identified need based on the absence of regular employees. (Education Code 44920)

The Board also shall classify as temporary employees those certificated persons, other than substitute employees, who are employed to:

1. Serve from day-to-day during the first three months of any school term to teach temporary classes which shall not exist after that time, or perform any other duties which do not last longer than the first three months of any school term (Education Code 44919)

2. Teach in special day and evening classes for adults or in schools of migratory population for not more than four months of any school term (Education Code 44919)
 3. Serve in a limited assignment supervising student athletic activities provided such assignments have first been made available to teachers presently employed in the district (Education Code 44919)

(cf. 4127/4227/4327 - Temporary Athletic Team Coaches)

4. Serve in a position for a period not to exceed 20 working days in order to prevent the stoppage of district business during an emergency when persons are not immediately available for probationary classification (Education Code 44919)
5. Serve only for the first semester because the district expects a reduction in student enrollment during the second semester due to midyear graduations (Education Code 44921)

For purposes of classifying employees pursuant to item #1 or 2 above, the school year shall not be divided into more than two school terms. (Education Code 44919)

Any employee hired to provide services in a categorically funded program or project may be employed for a period less than a full school year. He/she may be classified as a temporary employee if the period of employment will end at the expiration of that program or project. (Education Code 44909)

Salary and Benefits

The Board shall adopt and make public a salary schedule setting the daily or pay period rate(s) for substitute employees for all categories or classes of certificated employees of the district. (Education Code 44977, 45030)

Substitute employees shall not participate in health and welfare benefits or other fringe benefits. Temporary employees shall have the option to participate in health and welfare benefits and other fringe benefits.

Release from Employment/Dismissal

The Board may dismiss a substitute employee at any time at its discretion. (Education Code 44953)

The Board may release a temporary employee at its discretion if the employee has served less than 75 percent of the number of days the regular schools of the district are maintained. After serving 75 percent of the number of days that district schools are maintained during one school year, a temporary employee may be released as long as he/she is notified, before the last day of June, of the district's decision not to reelect him/her for the following school year. (Education Code 37200, 44954)

(cf. 4112.9/4212.9/4312.9 - Employee Notifications)

Reemployment as a Probationary Employee

Unless released from employment pursuant to Education Code 44954, any person employed for one complete school year as a temporary employee shall, if reemployed for the following school year in a vacant position requiring certification qualifications, be classified as a probationary employee. With the exception of on-call, day-to-day substitutes, if a temporary or substitute employee performs the duties normally required of certificated employees for at least 75 percent of the number of days the regular schools of the district were maintained in that school year and is then employed as a probationary employee for the following school year, his/her previous employment as a temporary or substitute employee shall be credited as one year's employment as a probationary employee for purposes of acquiring permanent status. (Education Code 44917, 44918, 44920)

Vacant position means a position in which the employee is qualified to serve and which is not filled by a permanent or probationary employee. It shall not include a position which would be filled by a permanent or probationary employee except for the fact that such employee is on leave. (Education Code 44920, 44921)

A temporary employee hired pursuant to item #1 or #2 in the section "Classification" above shall be classified as a probationary employee if the duties continue beyond the time limits of the assignment. (Education Code 44919)

A person employed pursuant to item #5 in the section "Classification" above who is then continued in employment beyond the first semester shall be classified as a probationary employee for the entire school year and shall be reemployed to fill any vacant positions in the district for which he/she is certified. Preference for available positions shall be determined by the Board as prescribed by Education Code 44845 and 44846. (Education Code 44921)

With the exception of on-call, day-to-day substitutes, a temporary or substitute employee who was released pursuant to Education Code 44954 but who has nevertheless served for two consecutive school years, for at least 75 percent of each year, shall receive first priority if the district fills a vacant position for the subsequent school year at the grade level at which the employee served during either year. The Governing Board believes that excessive student absenteeism and tardiness, whether caused by excused or unexcused absences, may be an early warning sign of poor academic achievement and may put students at risk of dropping out of school. To meet the needs of a student who has been determined by staff of either the district of residence or district of proposed attendance to be a victim of an act of bullying as defined in Education Code 48900(r). Such a student shall be given priority for interdistrict attendance under any existing interdistrict attendance agreement or, in the absence of an agreement, shall be given consideration for the creation of a new permit. (Education Code 46600).
2. To meet the child care needs of the student. Such students may be allowed to continue to attend district schools only as long as they continue to use a childcare provider within district boundaries.
3. To meet the student's special mental or physical health needs as certified by a physician, school psychologist, or other appropriate school personnel.
4. (cf. 6159 - Individualized Education Program)
5. When the student has a sibling attending school in the receiving district, to avoid splitting the family's attendance.
6. To allow the student to complete a school year when his/her parents/guardians have moved out of the district during that year.
7. To allow the student to remain with a class graduating that year from an elementary, junior, or senior high school.
8. To allow a high school senior to attend the same school he/she attended as a junior, even if his/her family moved out of the district during the junior year.
9. When the parent/guardian provides written evidence that the family will be moving into the district in the immediate future and would like the student to start the year in the district.
10. When the student will be living out of the district for one year or less.
11. When recommended by the School Attendance Review Board or by county child welfare, probation, or social service agency staff in documented cases of serious home or community problems which make it inadvisable for the student to attend the school of residence.
12. (cf. 5113.1 – Chronic Absence and Truancy)
13. When there is valid interest in a particular educational program not offered in the district of residence.
14. To provide a change in school environment for reasons of personal and social adjustment.

Interdistrict attendance permits or applications shall not be required for students enrolling in a regional occupational center or program. (Education Code 52317)

Revocation may result due to falsification of information stated on the application, unsatisfactory attendance, continual disruption, or poor academic achievement.

Head Lice

The Governing Board recognizes that head lice infestations among students require treatment but do not pose a risk of transmitting disease. The Superintendent or designee shall encourage early detection and treatment in a manner that minimizes disruption to the educational program and reduces student absences.

School employees shall report all suspected cases of head lice to the school nurse or designee as soon as possible.

Procedure for Control of Head Lice in Schools

It is necessary that efforts be made to effectively control head lice as soon as it becomes evident that a student may be infested. In order to keep a simple case of head lice (pediculosis) from turning into a widespread problem, there is a need for individuals to work together to eradicate the problem. School personnel and medical personnel must work cooperatively with students and parents to initiate the steps necessary to treat and eliminate head lice. Classroom teachers should report all suspected infestations to the health office. Control depends on prompt detection, proper administration, effective treatment and spread prevention.

The following procedures are to be followed when a student has been found to have head lice:

1. Parents are to be immediately contacted and the student excluded from school in order to receive proper treatment. Information shall be made available to the parents, including options for treatment with methods such as an anti-lice shampoo and other options for the student infested and the procedures to be followed to eliminate head lice in the home. **If a student is found with active, adult head lice, he/she shall be allowed to stay in school until the end of the school day.** If the child is unable to go home, the school will make reasonable efforts to minimize contact with other students for the remainder of the school day.
2. School age siblings of the student will be checked for head lice by school staff as soon as possible. If siblings attend another school in the district, that school's health office will be notified as soon as possible so that they can check the sibling.
3. **At the principal's or principal designee's discretion** an "awareness" letter will be sent home with all of the classmates of the identified student at the elementary school level. This letter will inform parents that a case of head lice was detected in their child's class and will provide general information about head lice and suggestions as to what parents can do to screen their own children for head lice. Such a letter will NOT provide the identity of the student found to have head lice. Such a letter will not be sent again if it had been sent within the previous 10 days.
4. Students will be readmitted to school ONLY after they have been checked by appropriate school staff and are found to be free of head lice. If the parents provide evidence of an appropriate treatment for head lice (e.g. an anti-lice shampoo bottle), the student may be readmitted to school if treated nits are present. Students will NOT be readmitted if head lice are present. It is the parents' responsibility to contact the school to schedule an appointment for a readmit check. Parents should accompany their child to school for such a readmit check.
5. Approximately one week after being readmitted for having had head lice, the student will be rechecked for head lice by school staff. If head lice are found, the process of exclusion will be initiated again.
6. In situations where the student has repeated cases of head lice, school personnel will contact the family to assist them in identifying means of effectively dealing with the issue and, where appropriate, make referrals to appropriate agencies.

7. Student attendance will be reviewed by the school administrator to determine if/when absences become excessive due to head lice. Excessive absences may be considered "unexcused" at the discretion of the school principal. Referrals may then be made to appropriate agencies regarding the student's attendance.

The Governing Board desires to provide a safe, supportive, and positive school environment conducive to student learning and to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, use of effective school and classroom management strategies, and parent involvement can minimize the need for discipline.

The Superintendent or designee shall approve, for each school, a complement of effective, age-appropriate strategies for correcting student behavior. Such strategies may include, but are not limited to, conferences with students and their parents/guardians; use of study, guidance, or other intervention-related teams; enrollment in a program teaching prosocial behavior or anger management; and participation in a restorative justice program. Staff shall use preventative measures and positive conflict resolution techniques whenever possible. Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school, such as suspension and expulsion, shall be imposed only when required by law and when other means of correction have failed. The administrative staff at each school may develop disciplinary rules to meet the school's particular needs. The rules shall be consistent with law, Board policy, and district regulations. The Board may review, at an open meeting, the approved school discipline rules for consistency with Board policy and state law. (Education Code 35291.5)

(cf. 9320 - Meetings and Notices)

At all times, the safety of students and staff and the maintenance of an orderly school environment shall be priorities in determining appropriate discipline. When misconduct occurs, staff shall attempt to identify the causes of the student's behavior and implement appropriate discipline. When choosing between different disciplinary strategies, staff shall consider the effect of each option on the individual student's health and opportunity to learn, as well as the impact on the health and learning environment of all students enrolled at the school.

SUSPENSION AND EXPULSION/DUE PROCESS

~~The Board of Education has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction.~~

The Governing Board desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion.

(cf. 5131 – Conduct)
(cf. 5144 - Discipline)
(cf. 5131.2 - Bullying)

To correct the behavior of any student who is subject to discipline, the Superintendent or designee shall, to the extent allowed by law, first use alternative disciplinary strategies specified in AR 5144.1 - Discipline. (Education Code 48900.5)

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be specified in law and administrative regulation.

District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, and in accordance with the district's nondiscrimination policies.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

Except for single acts of a grave nature or offenses for which suspension or expulsion is required by law, on campus suspension or expulsion shall be used only when the student involved has a history of misconduct and other means of correction have failed to bring about proper conduct or the student's presence causes a continuing danger to himself/herself or others.

To correct the behavior of students who are subject to discipline, the Superintendent or designee, to the extent allowed by law, may use disciplinary measures that keep students in school during the school day.

Removal from Class by a Teacher and Parental Attendance

When suspending a student from class for committing an obscene act, engaging in habitual profanity or vulgarity, disrupting school activities, or otherwise willfully defying valid staff authority, the teacher of the class may require any parent/guardian who lives with the student to attend a portion of the school day in the class from which the student is being suspended, to assist in resolving the classroom behavior problems. (Education Code 48900.1)

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who lives with the student. (Education Code 48900.1)

When a teacher requires parental attendance, the principal shall send a written notice to the parent/guardian stating that his/her attendance is required pursuant to law. (Education Code 48900.1)

Supervised Suspension Classroom

On-Campus Suspension Program

The Board recognizes that students who are suspended from school often have no supervision or guidance during the school hours when they are off campus and may fall behind in the coursework. The Board believes that, in many cases, it would be better to manage the student's behavior by keeping the student at school and providing him/her with supervision that is separated from the regular classroom.

The Superintendent or designee may establish a supervised in-house suspension program which meets the requirements of law for suspended students who pose no imminent danger or threat at school and for whom an expulsion action has not been initiated.

The Superintendent or designee shall examine alternatives to off-campus suspension and may establish a suspension program which involves progressive discipline during the school day on campus; use of conferences between staff, parents/guardians and students; detention; student study teams or other assessment-related

teams; and/or referral to school support services staff. The use of such alternatives does not preclude off-campus suspensions.

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee shall establish a supervised classroom suspension program which meets the requirements of law. The use of such alternatives does not preclude off-campus suspensions.

Decision Not to Enforce Expulsion Order

On a case-by-case basis, the enforcement of an expulsion order may be suspended by the Board pursuant to the requirements of law and administrative regulation.

The Board shall adopt instructional materials for grades 9-12 upon determining that the materials meet the criteria specified in law and administrative regulation. (Education Code 60400)

Review Process

The Superintendent or designee shall establish a process by which instructional materials shall be reviewed for recommendation to the Board. This process shall involve teachers in a substantial manner and shall also encourage the participation of parents/guardians and community members. (Education Code 60002).

The district may pilot instructional materials, using a representative sample of classrooms for a specified period of time during a school year, in order to determine how well the materials support the district's academic standards. Feedback from teachers piloting the materials may be made available to the Board before the materials are adopted.

If the district chooses to use instructional materials for grades K-8 that have not been adopted by the SBE, the Superintendent or designee shall ensure that a majority of the participants in the district's review process are classroom teachers who are assigned to the subject area or grade level of the materials. (Education Code 60210)

The committee shall review instructional materials using criteria provided in law and administrative regulation, and shall provide the Board with documentation supporting its recommendations.

All recommended instructional materials shall be available for public inspection.

Individuals who participate in selecting and evaluating instructional materials shall have no financial interest in the materials being reviewed.

Instructional Materials Funding Realignment Program

~~In accordance with the Instructional Materials Funding Realignment Program, the Board's priority in the selection of instructional materials is to ensure that all students in grades K-12 are provided with instructional materials that are aligned to state content standards in the core curriculum areas of reading/language arts, mathematics, science and history/social science. Students in grades K-8 shall be provided with instructional materials adopted by the State Board of Education.~~

Public Hearing on Sufficiency of Instructional Materials

The Board shall annually conduct one or more public hearings on the sufficiency of the district's textbooks and other instructional materials. (Education Code 60119; 5CCR 9531)

The hearing shall be held on or before the end of the eighth week from the first day students attend school for that year. (Education Code 60119)

The Board shall encourage participation by parents/guardians, teachers, interested community members and bargaining unit leaders at the hearing. The Superintendent or designee shall post, 10 days prior to the hearing and in three public places within the district, a notice containing the time, place and purpose of the hearing. The hearing shall not take place during or immediately following school hours. (Education Code 60119)

(cf. 9322 - Agenda/Meeting Materials)

~~At these hearings, the Board shall determine, through a resolution, whether each student in each school, including each English learner, has sufficient textbooks and/or instructional materials that are aligned to the state content standards adopted pursuant to Education Code 60605 in each of the following subjects: (Education Code 60119)~~

At the hearing(s), the Board shall determine, through a resolution, whether each student in each school, including each English learner, has sufficient textbooks or instructional materials which are aligned to the state content standards adopted pursuant to Education Code 60605 or the Common Core Standards adopted pursuant to Education Code 60605.8 and which are consistent with the content and cycles of the state's curriculum frameworks. Sufficiency of instructional materials shall be determined in each of the following subjects: (Education Code 60119)

1. Mathematics

(cf. 6142.92 - Mathematics Instruction)

2. Science
(cf. 6142.93 - Science Instruction)
3. History-Social Science
(cf. 6142.94 - History-Social Science Instruction)
4. English language arts, including the English language development component of an adopted program
(cf. 6142.91 - English/Language Arts Instruction)
(cf. 6174 - Education for English Language Learners)
5. Foreign Language
(cf. 6142.2 - World/Foreign Language Instruction)
6. Health
(cf. 6142.8 - Comprehensive Health Education)

~~The Board shall also make a written determination as to whether each student enrolled in a foreign language or health course has sufficient textbooks or instructional materials that are consistent with the content and cycles of the state curriculum frameworks.~~ The Board shall also determine the availability of science laboratory equipment, as applicable to science laboratory courses offered in grades 9-12. (Education Code 60119)

In making these determinations, the Board shall consider whether each student has sufficient textbooks and/or instructional materials to use in class and to take home. However, this does not require that each student have two sets of materials. The materials may be in a digital format as long as each student, at a minimum, has and can access the same materials in the class and to take home as all other students in the same class or course in the district and has the ability to use and access them at home. However, the materials shall not be considered sufficient if they are photocopied sheets from only a portion of a textbook or instructional materials copied to address a shortage. (Education Code 60119)

The Board shall also make a determination that all students within the district who are enrolled in the same course have "identical" standards-aligned textbooks or instructional materials from the same adoption cycle, as defined in Education Code 1240.3, 60119, and 60422. (Education Code 1240.3, 42605)

However, the district may purchase the newest adopted instructional materials for students in district schools ranked in deciles 1-3 of the base Academic Performance Index in any one of the past three school years without necessarily purchasing these materials for use in other district schools. (Education Code 1240.3)

If the Board determines that there are insufficient textbooks and/or instructional materials, the Board shall provide information to classroom teachers and to the public setting forth, for each school in which an insufficiency exists, the percentage of students who lack sufficient standards-aligned textbooks or instructional materials in each subject area and the reasons that each student does not have sufficient textbooks and/or instructional materials. The Board shall take any action, except an action that would require reimbursement by the Commission of State Mandates, to ensure that each student has sufficient materials within two months of the beginning of the school year in which the determination is made. (Education Code 60119)

Complaints

Complaints concerning instructional materials shall be handled in accordance with law, Board policy, and administrative regulation.

IDENTIFICATION AND EDUCATION UNDER SECTION 504

The Board of Education recognizes the need to identify and evaluate children with disabilities in order to provide them with a free, appropriate public education. Under Section 504 of the federal Rehabilitation Act of 1973, individuals with a physical or mental impairment that substantially limits one or more major life activities, including learning, are eligible to receive services and aids designed to meet their needs as adequately as the needs of nondisabled students are met.

The Superintendent or designee shall establish screening and evaluation procedures to be used whenever there is reason to believe that a student has a disability that limits his/her ability to attend or function at school.

To evaluate the student's eligibility under Section 504, the Superintendent or designee shall convene a school-site committee of professionals knowledgeable about the student's individual needs and school history, the meaning of evaluation data, and accommodation options. The student's parent/guardian shall be invited to participate on this committee.

If the student is found to have a disability that requires services under Section 504, the school-site committee may develop a written accommodation plan for the student. Upon reviewing the nature of the disability and how it affects the student's education, the committee shall determine what modifications and/or special services and aids are needed. The student shall be educated with nondisabled students to the maximum extent appropriate to the student's individual needs.

The school-site committee shall provide the parent/guardian with a notice of procedural safeguards guaranteed by law and a copy of the written accommodation plan.

Identification and Assessment

The Superintendent or designee shall maintain procedures which provide for the accurate identification of English learners and an assessment of their proficiency and needs in the areas of listening, speaking, reading, and writing in English.

Once identified as an English learner, a student shall be annually assessed for language proficiency until he/she is reclassified based on criteria specified in administrative regulation.

Placement of English Learners

Type of Instruction

Students who are English language learners shall be educated through “sheltered English immersion” or “structured English immersion” as defined in law and administrative regulation, during a temporary transition period not normally intended to exceed one year. “Nearly all” of the classroom instruction in the district’s sheltered structured English immersion program shall be in English, but with the curriculum and presentation designed for students who are learning the language. (Education Code 305, 306)

~~The district has defined the term~~ For purposes of determining the amount of instruction conducted in English in the structured English immersion classroom, “nearly all” shall be defined as follows:

No less than 80% of instruction shall be delivered in English. Primary language support may be utilized to support student understanding and promote student success in the curriculum.

When an English language learner has acquired a reasonable level of English proficiency as measured by any of the state-designated assessments approved by the California Department of Education, or any locally developed District assessments, and/or using other criteria, developed by the district, he/she shall be transferred from a

structured English immersion classroom to an English language mainstream classroom in which the instruction is overwhelmingly in English. (Education Code 305; 5 CCR 11301)

An English learner has acquired a "reasonable level of English proficiency" when he/she has achieved the following:

- Intermediate level on CELDT in listening and speaking
- Intermediate level on CELDT in reading and writing

(cf. 6011 - Academic Standards)

(cf. 6162.5 - Student Assessment)

(cf. 6171 - Title I Programs)

~~Upon the request of his/her parent/guardian, a student shall be placed in an English language mainstream classroom.~~

At any time during the school year, the parent/guardian of an English learner may have his/her child moved into an English language mainstream program. (5 CCR 11301)

Parental Exception Waivers

~~Parent/guardian requests for waivers from Education Code 305 regarding placement in a sheltered English immersion program shall be granted in accordance with law and administrative regulation.~~

When allowed by law, the parent/guardian of an English learner may submit a request that his/her child be exempted from placement in a structured English immersion program and instead be placed in a class where he/she is taught English and other subjects through bilingual education techniques or other generally recognized educational methodologies permitted by law. (Education Code 310-311)

Each waiver request shall be considered on its individual merits with deference given to parental preference for student placement.

A waiver request shall be granted in accordance with law unless the principal and educational staff have determined that an alternative program would not be better suited to the student's overall educational development. (5 CCR 11309)

If the Superintendent or designee denies the waiver request, he/she shall provide a written justification to the parent/guardian describing the reasons for the denial. A parent/guardian may appeal the Superintendent's decision in writing to the Board. The Board may consider the matter at its next regular Board meeting. The Board may decide not to hear the appeal, in which case the Superintendent's decision shall be final. If the Board hears the appeal, the Superintendent shall send the Board's decision to the parent/guardian within seven working days.

Program Evaluation

The Superintendent or designee shall regularly evaluate the effectiveness of the district's educational program for English learners, including the progress of English learners towards proficiency in English, the number and percentage of English learners reclassified as fluent English proficient, the number and percentage of English learners who are or are at risk of being classified as long-term English learners, the achievement of English learners on standards-based tests in core curricular areas, and a comparison of current data with data from at least the previous year. Reports from any district or schoolwide English learner advisory committee shall be made available to the public.

SUMMER SCHOOL

The Board of Education recognizes that summer school provides valuable opportunities for students to improve their skills and make academic progress. When the need is demonstrated and funds are available, the Superintendent or designee, with Board approval, shall establish summer school day and/or evening classes for purposes of remediation, enrichment or acceleration.

The district shall offer summer instructional programs for high school seniors who need courses for graduation prior to September. (Education Code 41976.5)

(cf. 6146.1 - High School Graduation Requirements)

The district's summer school program may be used to provide supplemental instruction for students failing to meet academic requirements and/or students who desire enrichment in core academic subjects in accordance with law, Board policy and administrative regulation. (Education Code 37252, 37252.2, 37252.8, 37253, 53029, 53093; 5 CCR 11472)

(cf. 6146.5 - Elementary/Middle School Graduation Requirements)

(cf. 6162.52 - High School Exit Examination)

(cf. 6179 - Supplemental Instruction)

The Governing Board recognizes that an extended break from the instructional program may result in learning loss, especially among disadvantaged and low-achieving students, and desires to provide opportunities during the summer for students to practice essential skills and make academic progress.

Summer programs offered by the district shall be aligned with district goals and curriculum. When feasible, summer programs shall blend high-quality academic instruction in core curricular and/or elective subjects with recreation, nutrition programs, social/emotional development, and support services that encourage attendance, student engagement in learning, and student wellness.

Summer School

When funds are available, the Superintendent or designee, shall establish summer school classes.

(cf. 5148.2 - Before/After School Program)

(cf. 6171 - Title I Programs)

(cf. 6175 - Migrant Education Program)

The district's summer school program may be used to provide supplemental instruction for students failing to meet academic requirements and/or students who desire enrichment in core academic subjects in accordance with law, Board policy, and administrative regulation. Enrollment Priorities

Priority to enroll in summer programs shall be given to district students who:

1. Need course credits in order to graduate from high school by September
2. Are eligible for supplemental instruction on the basis of retention, recommendation for retention, or insufficient progress toward the state high school exit examination pursuant to Education Code 37252 and 37252.2

The remaining openings shall be offered to district students on a first-come first-serve basis.

To the extent that space is available after district students have enrolled, remaining openings in high school summer classes for core academic subjects may be open to private school students.

Attendance

~~Because summer courses cover extensive instructional content in a relatively short time period, consistent class attendance is crucial.~~

component and provide students with experience and understanding of all aspects of an industry.

(cf. 6143 - Courses of Study)
(cf. 6200 - Adult Education)

The district's CTE program shall focus on preparing students to enter current or emerging occupations. CTE opportunities may be offered through linked learning programs, partnership academies, apprenticeship programs or orientation to apprenticeships, regional occupational centers or programs, tech prep programs, charter schools, small learning communities, or other programs that expose students to career options while preparing them for future careers in a given industry or interest area.

(cf. 0420.4 - Charter School Authorization)
(cf. 6178.2 - Regional Occupational Center/Program)

The Board shall adopt district standards for CTE which meet or exceed the state's model content standards and describe the essential knowledge and skills that students enrolled in these courses are expected to master. The course curriculum shall be aligned with district-adopted standards and the state's curriculum framework.

(cf. 6011 - Academic Standards)
(cf. 6141 - Curriculum Development and Evaluation)

At least every three years, the District shall compare the district's curriculum, course content, and course sequence of CTE with the model state curriculum standards. (Education Code 52376)

The Superintendent or designee shall systematically review the district's CTE classes to determine the degree to which each class may offer an alternative means for completing and receiving credit for specific portions of the course of study prescribed by the district for high school graduation. The Board shall ensure that these classes are equivalent in content and rigor to the courses prescribed for graduation. (Education Code 52376)

(cf. 6146.1 - High School Graduation Requirements)
(cf. 6146.11 - Alternative Credits Toward Graduation)
(cf. 6146.2 - Certificate of Proficiency/High School Equivalency)

The Superintendent or designee shall develop partnerships with local businesses and industries to ensure that course sequences, career technical and integrated curriculum, classroom instruction and projects, and assessments have real-world relevance and reflect labor market needs and priorities. He/she also shall work to develop connections with businesses, postsecondary institutions, community organizations, and/or other employers to provide students with actual or simulated work-based learning opportunities.

(cf. 1700 - Relations Between Private Industry and the Schools)
(cf. 5113.2 - Work Permits)
(cf. 6178.1 - Work-Based Learning)

The Superintendent or designee may collaborate with postsecondary institutions to ensure that the district's program is articulated with postsecondary programs in order to provide a sequential course of study. Articulation opportunities may include dual or concurrent enrollment in community college courses.

(cf. 6172.1 - Concurrent Enrollment in College Classes)

The Superintendent or designee shall ensure that teachers of CTE courses possess the qualifications and credentials necessary to teach their assigned courses.

(cf. 4112.2 - Certification)

(cf. 4131 - Staff Development)

(cf. 4331 - Staff Development)

Upon written request from a nonprofit private school within the geographical area served by the district, the Superintendent or designee shall consult with private school representatives in a timely and meaningful manner and may provide for the participation of private school secondary students in the district's programs and activities funded under the federal Carl D. Perkins Career and Technical Education Act. To the extent practicable, the Superintendent or designee also shall, upon request, permit participation of CTE teachers, administrators, and other personnel from private schools in the district's inservice and preservice professional development programs funded through the Perkins Act. (20 USC 2397)

Nondiscrimination

The district's program shall provide equal access to and shall not unlawfully discriminate against students who are members of special populations. Special populations include, but are not limited to, students with disabilities; students from economically disadvantaged families, including foster youth; single parents and single pregnant females; displaced homemakers; students with limited English proficiency; and students preparing for nontraditional fields. Nontraditional fields include occupations or fields of work, including careers in computer science, technology, and other emerging high-skill occupations, for which individuals from one gender constitute less than 25 percent of the individuals employed in each such occupation or field of work. (20 USC 2302, 2354, 2373)

Prior to the beginning of each school year, the Superintendent or designee shall advise students, parents/guardians, employees, and the general public that all CTE opportunities are offered without regard to any actual or perceived characteristic protected from discrimination by law. (34 CFR 100.B, 104.8, 106.9)

(cf. 0410 - Nondiscrimination in District Programs and Activities)

(cf. 1312.3 - Uniform Complaint Procedures)

The above notification shall be disseminated in languages other than English as needed and shall state that the district will take steps to ensure that the lack of English language skills will not be a barrier to admission and participation in the district's CTE program. (20 USC 2354; 34 CFR 100.B)

School and Community Involvement

The Board shall appoint a CTE advisory committee to develop recommendations on the district's CTE program and to serve as a liaison between the district and potential employers. The committee shall consist of at least one student, teacher, business representative, industry representative, school administrator, member of the general public knowledgeable about the disadvantaged, and representative of the field office of the California Employment Development Department. (Education Code 8070)

The agenda shall also specify the name of the negotiating parties and the street address of the real property under negotiation. If there is no street address, the agenda item shall specify the parcel number or another unique reference of the property. The agenda item shall also specify whether instruction to the negotiator will concern price, terms of payment, or both. (Government Code 54954.5)

Pending Litigation

Based on the advice of its legal counsel, the Board may hold a closed session to confer with or receive advice from its legal counsel regarding pending litigation when a discussion of the matter in open session would prejudice the district's position in the litigation. For this purpose, "litigation" includes any adjudicatory proceeding, including eminent domain, before a court, administrative body exercising its adjudicatory authority, hearing officer, or arbitrator. (Government Code 54956.9)

Litigation is considered "pending" when any of the following circumstances exist: (Government Code 54956.9)

1. Litigation to which the district is a party has been initiated formally. (Government Code 54956.9(a))
2. A point has been reached where, in the Board's opinion based on the advice of legal counsel and on the existing facts and circumstances, there is a significant exposure to litigation against the district, or the Board is meeting solely to determine whether, based on existing facts or circumstances, a closed session is authorized. (Government Code 54956.9(b))

Existing facts and circumstances for these purposes are limited to the following: (Government Code 54956.9)

- a. Facts and circumstances that might result in litigation against the district but which the district believes are not yet known to potential plaintiffs and which do not need to be disclosed.
- b. Facts and circumstances including, but not limited to, an accident, disaster, incident or transactional occurrence which might result in litigation against the district, which are already known to potential plaintiffs, and which must be publicly disclosed before the closed session or specified on the agenda.
- c. The receipt of a claim pursuant to the Tort Claims Act or a written threat of litigation from a potential plaintiff. The claim or written communication must be available for public inspection.
- d. A threat of litigation made by a person in an open meeting on a specific matter within the responsibility of the Board.
- e. A threat of litigation made by a person outside of an open meeting on a specific matter within the responsibility of the Board, provided that the district official or employee receiving knowledge of the threat made a record of the statement before the meeting and the record is available for public

inspection. The above record does not need to identify an alleged victim of tortious sexual conduct or anyone making a threat on his/her behalf or identify an employee who is the alleged perpetrator of any unlawful or tortious conduct, unless the identity of this person has been publicly disclosed.

3. Based on existing facts and circumstances, the Board has decided to initiate or is deciding whether to initiate litigation. (Government Code 54956.9(c))

Before holding a closed session pursuant to **the pending litigation exception**, ~~this section~~, the Board shall state on the agenda or publicly announce the subdivision of Government Code 54956.9 under which the closed session is being held. If authority is based on Government Code 54956.9(a), the Board shall either state the title or specifically identify the litigation to be discussed or state that doing so would jeopardize the district's ability to effectuate service of process upon unserved parties or to conclude existing settlement negotiations to its advantage. (Government Code 54956.9)

Agenda items related to "pending litigation" shall be described as a conference with legal counsel regarding "existing litigation" or "anticipated litigation." (Government Code 54954.5)

"Existing litigation" items shall identify the name of the case specified by either the claimant's name, names of parties, or case or claim number, unless the Board states that to identify the case would jeopardize service of process or existing settlement negotiations. (Government Code 54954.5)

"Anticipated litigation" items shall state that there is significant exposure to litigation pursuant to Government Code 54956.9(b) and shall specify the potential number of cases. When the district expects to initiate a suit, items related to anticipated litigation shall state that the discussion relates to the initiation of litigation pursuant to Government Code 54956.9(c) and shall specify the potential number of cases. The agenda or an oral statement before the closed session may be required to provide additional information pursuant to items #2-5 above. (Government Code 54954.5, Government Code 54956.9(b)(2)(B-E))

Joint Powers Agency Issues JPA/Self-Insurance Liability Claims

The Board may meet in closed session to discuss a claim **for the payment of tort liability losses, public liability losses, or workers' compensation liability incurred by a joint powers agency (JPA) formed for the purpose of insurance pooling or self-insurance authority of which the district is a member. (Government Code 54956.95)** ~~against a joint powers authority or self-insurance authority of which it is a member, for the payment of tort liability losses, public liability losses or workers' compensation liability. (Government Code 54956.95)~~

Closed session agenda items related to liability claims shall specify the claimant's name and the name of the agency against which the claim is made. (Government Code 54954.5)

(cf. 3530 - Risk Management/Insurance)

When the board of the JPA has so authorized and upon advice of district legal counsel, the Board may meet in closed session in order to receive, discuss, and take action concerning information obtained in a closed session of the JPA. During the Board's closed session, a Board member serving on the JPA board may disclose confidential information acquired during a closed session of the JPA to fellow Board members. (Government Code 54956.96)

The Board member may also disclose the confidential JPA information to district legal counsel in order to obtain advice on whether the matter has direct financial or liability implications for the district. (Government Code 54956.96)

Closed session agenda items related to conferences involving a JPA shall specify the closed session description used by the JPA and the name of the Board member representing the district on the JPA board. Additional

information listing the names of agencies or titles of representatives attending the closed session as consultants or other representatives shall also be included. (Government Code 54954.5)

Review of Audit Report from Bureau of State Audits

Upon receipt of a confidential final draft audit report from the Bureau of State Audits, the Board may meet in closed session to discuss its response to that report. After public release of the report from the Bureau of State Audits, any Board meeting to discuss the report must be conducted in open session, unless exempted from that requirement by some other provision of law. (Government Code 54956.75)

Closed session agenda items related to an audit by the Bureau of State Audits shall state "Audit by Bureau of State Audits." (Government Code 54954.5)

Review of Assessment Instruments

The Board may meet in closed session to review the contents of any student assessment instrument approved or adopted for the statewide testing system. Before any such meeting, the Board shall agree by resolution to accept any terms or conditions established by the State Board of Education for this review. (Education Code 60617)

Agenda items related to the review of student assessment instruments shall state that the Board is reviewing the contents of an assessment instrument approved or adopted for the statewide testing program and that Education Code 60617 authorizes a closed session for this purpose in order to maintain the confidentiality of the assessment under review.

ACTIONS BY THE BOARD

The Board of Education shall act by a majority vote of all of the membership constituting the Board, unless otherwise required by law. (Education Code 35164)

An "action" by the Board means: (Government Code 54952.6)

1. A collective decision by a majority of the Board members
2. A collective commitment or promise by a majority of the members to make a positive or negative decision
3. A vote by a majority of the members when sitting as the Board upon a motion, proposal, resolution, order or ordinance

The Board shall not take action by secret ballot, whether preliminary or final. (Government Code 54953)

Actions taken by the Board in open session shall be recorded in the Board minutes. (Education Code 35145)

Action on Non-Agenda Items

The Board may take action in a regular meeting on a subject not listed on the published agenda only when it publicly identifies the item to be acted upon in conjunction with one of the following circumstances: (Government Code 54954.2)

1. The Board, by majority vote of its members, determines that the action responds to an emergency situation, as defined for emergency meetings pursuant to Government Code 54956.5.
2. The Board determines, either by a two-thirds majority vote of the members present at the meeting or, if less than two-thirds of the members are present, by a unanimous vote of all members present, that the need to take immediate action came to the district's attention after the posting of the agenda.
3. The matter was properly posted for a previous meeting occurring not more than five days earlier and was continued to the meeting at which action is being taken.

Challenging Board Actions

Any demand by the district attorney's office or any interested person to correct a Board action shall be presented to the Board in writing within 90 days of the date when the action was taken. Such demand shall allege a violation of any of the following: (Government Code 54960.1)

Any demand to "cure and correct" an alleged violation shall clearly describe the challenged action and the nature of the alleged violation and shall be presented to the Board in writing within 90 days of the date when the action was taken. (Government Code 54960.1)

Within 30 days of receiving the demand, the Board shall cure or correct the challenged action and inform the demanding party in writing of its actions to cure or correct. If the Board decides to not cure or correct the challenged action, the demanding party shall be informed in writing of that decision. (Government Code 54960.1)
