BUDGET NARRATIVE

2013-14 2nd Interim Budget

2013-14 FINANCIAL ENVIRONMENT

The national economy is in recovery. The Gross Domestic Product (GDP) has increased by 3.2% in the fourth quarter of 2013 over the previous quarter. Consumer confidence is also increasing with the index at 72.0 in November, 78.1 in December, and 79.4 in January. The national unemployment rate has decreased to 6.7% in February 2014, which is 1.0% lower than the 7.7% recorded in February 2013. The stock market has been on a roll with the Dow Jones Industrial average over 16,300 as of March 18, 2014. In light of these positive indicators on the national economy, interest rates are beginning to rise.

The California Economy is showing signs of a positive recovery. At the end of 2013, California had recovered two-thirds of the jobs it had lost since the downturn in 2008. As of January 2014, overall tax projections were tracking with Governor Brown's budget projections, but each component may be slightly over or under. According to the Department of Finance, sales and use tax in January 2014 were short by \$115 million, but the corporate tax exceeded the forecast by \$170 million. Payroll tax withholdings in January 2014 were up \$501 million, but capital gains were short by \$688 million. Personal income tax (PIT) can provide the greatest volatility because much of the state's PIT is paid by the state's highest income earners and their income is disproportionately derived from capital gains. The performance of the stock market has buoyed capital gains revenues. The state will be challenged to utilize the increased revenues prudently to avoid the large fluctuations in spending and subsequent cuts experienced in the early 2000's.

CHICO UNIFIED SCHOOL DISTRICT'S (CUSD) RESPONSE

The 2013-14 2nd Interim Budget is based on the new Local Control Funding Formula (LCFF). The new formula dramatically changes the method in which we calculate estimated revenues with base grants by four different grade spans and adding supplemental grants and concentration grants for the percentage of students identified as English Learner, Socioeconomically Disadvantaged, or Foster Youth. The new formula does make comparisons to prior year more difficult, in that programs previously identified as "restricted" are now "unrestricted". It should also be noted that the new formula will make it difficult to compare

revenues to other school districts locally or statewide. Since the amount of money a district will receive will depend largely on the demographics of the student population, we may see districts with higher percentages of targeted students receiving dramatically more revenue than districts with smaller percentages of targeted students.

The 2nd Interim Budget estimates Local Control funding based on the Fiscal Crisis & Management Assistance Team (FCMAT) simulator. Other revenues are tied to award letters or prior year receipts.

Payroll expenditure estimates are based on an updated position control download from Human Resources, which estimates the annual cost for salaries and benefits based on actual payroll. All 2012-13 carryover dollars have been added to the budget, which can add to deficit spending since the carryover amounts represent one-time money that will be spent in the future and do not have a corresponding revenue offset. The 2nd Interim Budget was refined to reflect more accurate projected values for supplies and services.

Contributions to programs have increased dramatically over last year due to the LCFF since programs, such as Economic Improvement Aid (EIA) and Home to School transportation, were formally restricted and are now deemed to be unrestricted. The result is revenue is being received as unrestricted, but the program costs are still accounted for on the restricted side of the budget. Therefore, a contribution is necessary to align the revenue and expense. Additionally, there is an increase in special education program costs requiring an increased contribution to this restricted program.

MULTI-YEAR PROJECTIONS (MYP)

The 2nd Interim Budget has been updated with the most current information available. The MYP was created using the Governor's 2014-15 budget proposal as well as the recommendations provided on the School Services of California's (SSC) dartboard.

The MYP is built on assumptions for future years. The current MYP continues to show a decline in enrollment for 2014-15 and 2015-16. Additionally, there are three new Special Education classrooms being opened for the 2014-15 school year. With the implementation of the LCAP and LCFF, CUSD will need to spend a proportional amount of new money on targeted students. While the exact plan for services to the targeted students has not been finalized, the dollars have been added to the budget in the two subsequent years. Lastly, the 3% requirement for Routine Restricted Maintenance will be reinstated in 2015-16. The MYP assumes a 50% progression in 2014-15 and the remaining 50% in 2015-16.

Based on the MYP at 2nd interim, the district meets the definition of a "positive" budget in that we meet our financial obligations in the current and subsequent two years.

FINAL THOUGHTS

There is better news for school districts in California regarding increased funding for education. This is true for CUSD as well. The new funding model is intended to provide more local control over how we use the resources that we are provided to educate the students in our community. The new requirement to develop a Local Control Accountability Plan (LCAP) will drive much of the budget development beginning in 2014-15 and beyond. There is reason for optimism.

There is also a need to address our local challenges. We are deficit spending. Meaning we are spending more money than we bring in annually. Declining enrollment will only add to the challenge.

During the last five years, during some of the most challenging times for education financially, Chico Unified continued to provide quality education programs, services and opportunities. We are certainly in the midst of dramatic change in the financial support of our schools. We are confident we will continue to provide high quality education programs focused on student learning as we work together as educators, parents, and community members.

7. CRITERION: Facilities Maintenance

STANDARD: Identify changes that have occurred since first interim projections in the projected contributions for facilities maintenance funding as required pursuant to Education Code sections 17584 (Deferred Maintenance) and 17070.75 (Ongoing and Major Maintenance Account).

7A. Determining the District's Compliance with the Contribution Requirement for EC Section 17584 - Deferred Maintenance

NOTE: AB 97 (Chapter 47, Statutes of 2013) eliminated the Deferred Maintenance program under the Local Control Funding Formula. This section has been inactivated.

7B. Determining the District's Compliance with the Contribution Requirement for EC Section 17070.75 as modified by Section 17070.766 and amended by SB 70 (Chapter 7, Statutes of 2011), effective 2008-09 through 2014-15 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)

NOTE: SB 70 (Chapter 7, Statutes of 2011) extends EC Section 17070.766 from 2008-09 through 2014-15. EC Section 17070.766 reduced the contributions required by EC Section 17070.75 from 3 percent to 1 percent. Therefore, the calculation in this section has been revised accordingly for that period.

STANDARD: Unrestricted deficit spending (total unrestricted expenditures and other financing uses is greater than total unrestricted revenues and other financing sources) as a percentage of total unrestricted expenditures and other financing uses, has not exceeded one-third of the district's available reserves¹ as a percentage of total expenditures and other financing uses² in any of the current fiscal year or two subsequent fiscal years.

¹Available reserves are the unrestricted amounts in the Reserve for Economic Uncertainties and the Unassigned/Unappropriated accounts in the General Fund and the Special Reserve Fund for Other Than Capital Outlay Projects. Available reserves will be reduced by any negative ending balances in restricted resources in the General Fund.

²A school district that is the Administrative Unit of a Special Education Local Plan Area (SELPA) may exclude from its expenditures the distribution of funds to its participating members.

S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
