ANIMALS AT SCHOOL

The Board of Education recognizes that animals can contribute to the district’s instructional program by being effective teaching aides to students and by assisting individuals with disabilities to access district programs and activities. In addition, instruction related to the care and treatment of animals teaches students a sense of responsibility and promotes the humane treatment of living creatures.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

(cf. 6159 - Individualized Education Program)
(cf. 6164.4 - Identification and Evaluation of Individuals for Special Education)
(cf. 6164.6 - Identification and Education Under Section 504)

The Superintendent or designee shall develop rules and procedures to ensure that when animals are brought to school, the health, safety, and welfare of students, staff, and the animals are protected. However, the district assumes no liability for the safety of animals allowed on district property.

Wild and Feral Animals on District Property

The Governing Board considers the safety and health of Chico Unified School District students and employees to be of utmost priority. Wild or feral animals may represent a hazard and efforts shall be made to reduce and eliminate feral animal populations from school campuses.

The abandonment of animals on district property is strictly forbidden and is a misdemeanor (Penal Code 597s)

Individuals shall not feed animals on campuses. However, the District may work with advocacy groups to curtail wild or feral cat/kitten populations utilizing Trap, Neuter, and Return (TNR) practices. An effort may be made to relocate feral cats to different locations. Feeding, monitoring and trapping activities for rescue (adoptions or health-related issues) and/or surgical sterilization purposes may occur with expressed, written agreement between the District and a formal non-profit organization supporting animals at the District’s discretion.
