1. PUBLIC HEARING/DISCUSION/ACTION: Adoption of Resolution No. 1607-23 Increasing the Level 1 Fee

At 8:22 p.m. Director Julie Kistel shared that pursuant to Education Code 17620, school districts are authorized to levy fees on new residential and commercial/industrial construction to mitigate the impact of new development on school facilities. These fees are generally referred to as statutory fees or Level 1 fees. By statute, the developer fees are capped. The caps are adjusted every two years by the State Allocation Board to account for inflation. In February 2022, the developer fee cap for residential development increased by $0.71 to $4.79 per square foot. The cap for commercial/industrial construction was increased by $0.12 to $0.78 per square foot. On May 4, 2022, in an effort to be responsive to the development community the Board of Education approved a partial increase in developer fees of $4.49 per square foot for residential development and a full increase to $0.78 per square foot for commercial/industrial development. The School Fee Justification Study conducted by the District’s consultant, Koppel & Cruber Public Finance, demonstrated the relationship between new residential and commercial/industrial construction and the District’s need for school facilities construction and reconstruction and justified the full increase to $4.79 per square foot of residential development. This item would complete the allowable increase to $4.79 per square foot of residential development. Government Code 66016 requires the District to hold a public hearing regarding the increase of developer fees as part of a regularly scheduled Board of Education meeting prior to adopting or increasing such fees in Resolution 1607-23, which was conducted on June 21, 2023. The resolution will go into effect 60 days after the date of adoption. If this resolution is adopted by the Board of Education, the residential developer fees will increase on August 20, 2023. The different categorical funding options and allowable uses were discussed.

At 8:35 p.m. Board President Dalby opened the Public Hearing. One speaker spoke for a total of three minutes requesting no fee increases. The representative spoke on behalf of the Chico Builder’s Association. At 8:39 p.m. Board President Dalby closed the Public Hearing.

A motion was made to approve Resolution No. 1607-23 Increasing the Level 1 Fee. Board Member Konkin made a friendly amendment to go in the middle and do half of the requested fee increase. The friendly amendment was not accepted.
