This Addendum No. 1 is to notify Bidders of clarifications to the Bid Package for the above project. This Addendum shall be attached to and become part of said Bid Package. THIS ADDENDUM SHALL BE SIGNED BY THE BIDDER, DATED AND SUBMITTED WITH THE BID FORM FOR THE PROJECT.

6. The following clarifications are made based on questions and observations from the pre-bid conference and site walks:

Landscape and Irrigation – Responsibilities

- Contractor will be responsible for repair, replacement of all irrigation piping, sprinklers, and driplines that are damaged during the installation of the fence throughout this project.
- Contractor will be responsible for relocating sprinklers or irrigation pipe during the installation of the fence throughout this project (as needed).
- Contractor will be responsible for relocating/modifying sprinklers if the new fence blocks the spray from watering the landscape.
- Contractor must consult with District to help assess new sprinkler locations, modification of irrigation piping, and means/methods to fix any damages.
