Re: Public Health Pesticide Application Notification

Dear Agency:

The Butte County Mosquito and Vector Control District (District) may be making public health pesticide applications (using larvicides and adulticides listed in the National Pollutant Discharge Elimination System (NPDES) Permit For Biological and Residual Discharges to Waters of the United States for Vector Control Operations attachment E and F) to waters of the U.S. under your jurisdiction for mosquito and mosquito-borne disease reduction/prevention. Your agency could expect to see applications between January 1 and December 31 of this year. The District is required to notify all Governmental Agencies that may be affected by these applications under the requirements of the General NPDES Permit for Biological and Residual Pesticide Discharges from Vector Control Applications. Please contact Matthew C. Ball at 530-533-6038 or 530-342-7350 if you have additional questions.

Respectfully,

A handwritten signature in black ink, appearing to read "Matthew C. Ball".

Matthew C. Ball  
District Manager
