Chico Unified School District 2011-12 Unaudited Actuals

Major Assumptions

The Unaudited Actuals report reflects only money spent and received or earned for any given fiscal year. Budget documents are the Board approved planning document estimating what the district is approved to spend.

Routinely, in steady fiscal years, the average percent of unspent budget is typically between 1% and 2% of the unrestricted expenditure budget.

The Estimated Actuals presented with the Budget Adoption on June 20, 2012 were adjusted to best reflect the year end actuals.

The 2011-12 Unaudited Actuals reflects net change to the Unappropriated Fund Balance of \$24,826 from Estimated Actuals in June.

SSC School District and County Office Financial Projection Dartboard 2012-13 Adopted State Budget

This version of SSC's Financial Projection Dartboard is based on the 2012-13 adopted State Budget. The statutory COLA, CPI, and ten-year T-bill planning factors reflect economic forecasts as of the adopted State Budget to date. We rely on various state agencies and outside sources in developing these factors, but we assume responsibility for them with the understanding that they are, at best, general guidelines.

¹While a positive statutory COLA is projected for 2013-14, the state's ability to fund it is suspect. Districts should have a contingency plan if the state decides not to fund this COLA percentage.

⁴The Charter School Categorical Block Grant rates do not include Economic Impact Aid funding, which is provided separately. In addition, for charter schools that began operation in or after 2008-09, there is an additional amount per ADA in supplemental categorical block grant funding. ⁵If the Governor's tax initiative fails, this reflects trigger cut in the midyear trigger cut to schools.

²The 2011-12 revenue limit trigger cut was contained in the 2011-12 Budget Act and was contingent upon the midyear revenue forecast from the Department of Finance (DOF). The actual cut was 0.198% of a district's undeficited base revenue limit, or about \$13 per ADA for the average unified school district. SB 81 (Chapter 2/2012) shifted the pupil transportation trigger cut to the revenue limit—increasing the deficit factor for revenue limits by an additional 0.65%.

³If the Governor's tax initiative fails, this reflects the midyear trigger cut to schools in the form of an increased deficit factor effective December 15, 2012.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant service costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 7200-7700, goals 0000 and 9000)

2,717,844.28

- 2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800.
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

SECTION 2

Reduction to MOE Requirement Under IDEA, Section 613 (a)(2)(C) (34 CFR Sec. 300.205(d))

IMPORTANT NOTE: Only LEAs that have a "meets requirement" compliance determination and that are not found significantly disproportionate for the current year are eligible to use this option to reduce their MOE requirement.

Up to 50% of the increase in IDEA Part B Section 611 funding in current year compared with prior year may be used to reduce the required level of state and local expenditures. This option is available only if the LEA used or will use the freed up funds for activities authorized under the Elementary and Secondary Education Act of 1965. Also, the amount of Part B funds used for early intervening services (34 CFR 300.226(a)) will count toward the maximum amount by which the LEA may reduce its MOE requirement under this exception [P.L. 108-446].

member of a S	sed to check maintenance of effort (MOE) for an LEA, whether the LEA is a member of a SELPA or is a single-LEA SELPA. If a SELPA, submit this form together with the 2012-13 Budget by LEA (LB-B) and the 2011-12 Expenditures by LEA (LE-B) to the SELPA seLPA, submit the forms to the CDE.
After reviewing requirement.	ng all sections of this form, please select which of the following methods your LEA chooses to use to meet the 2012-13 MOE
the base level dollar amount	ne local expenditures only method to meet the MOE requirement, then the level of effort in the local expenditures only method will be of effort the next time you use that method to meet MOE. For example, choosing the local expenditures only method will mean that the listed in B2a of Section 3 or B2c of Section 3 will become the base for the next time you use the local expenditures only method to of effort requirement.

SECTION 1	Exempt Reduction Under 34 CFR Section 300.204
	If your LEA determines that a reduction in expenditures occurred as a result of one or more of the following conditions, you may calculate a reduction to the required MOE standard. Reductions may apply to local only MOE standard, combined state and local MOE standard, or both.
	 Voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.
	2. A decrease in the enrollment of children with disabilities.
	The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:
	 a. Has left the jurisdiction of the agency; b. Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated; or c. No longer needs the program of special education.
	 The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.
	5. The assumption of cost by the high cost fund operated by the SEA under 34 CFR Sec. 300.704(c).

SECTION 2

Reduction to MOE Requirement Under IDEA, Section 613 (a)(2)(C) (34 CFR Sec. 300.205(d))

IMPORTANT NOTE: Only LEAs that have a "meets requirement" compliance determination and that are not found significantly disproportionate for the current year are eligible to use this option to reduce their MOE requirement.

Up to 50% of the increase in IDEA Part B Section 611 funding in current year compared with prior year may be used to reduce the required level of state and local expenditures. This option is available only if the LEA used or will use the freed up funds for activities authorized under the Elementary and Secondary Education Act of 1965. Also, the amount of Part B funds used for early intervening services (34 CFR 300.226(a)) will count toward the maximum amount by which the LEA may reduce its MOE requirement under this exception [P.L. 108-446].
