*Analytical results and reports are generated by Forensic Analytical at the request of and for the exclusive use of the person or entity (client) named on this report. Results, reports or copies of same will not be released by Forensic Analytical to any third party without prior written request from client. This report applies only to the samples tested. Supporting laboratory documentation is available upon request. This report must not be reproduced except in full, unless approved by Forensic Analytical. The client is solely responsible for the use and interpretation of test results and reports requested from Forensic Analytical. This report must not be used by the client to claim product endorsement by NVLAP or any other agency of the U.S. Government. Forensic Analytical is not able to assess the degree of hazard resulting from materials analyzed. Forensic Analytical reserves the right to dispose of all samples after a period of thirty (30) days, according to all state and federal guidelines, unless otherwise specified. All samples were received in acceptable condition unless otherwise noted.*

Re: Marsh Junior High School

To Whom It May Concern:

Please test the enclosed wall cover and mastic sample and the floor tile and mastic sample from Marsh Junior High School for asbestos. We would like a 24-hour turnaround on the samples. Please fax the results to us as soon as soon as they are available. Our fax number is (530) 891-3190.

Site Sampled: Marsh Junior High School
Location: Room 20, Wall Cover & Mastic
Date Sampled: July 2, 2003
Number of Samples: One (#MJ-1)

Location: Room 20, Floor Tile & Mastic
Date Sampled: July 2, 2003
Number of Samples: One (#MJ-2)

Samples Taken by: Rob Peters

Thank you for your prompt response to this request.

Sincerely,
