Subject: Annual Asbestos Notice

Chico Unified School District schools/facilities have been inspected for asbestos containing materials and “Asbestos Management Plans” have been developed for each facility in the District. A copy of the “Asbestos Management Plan” for each school in the District is available on our website @ www.chicousd.org, or the District Corporation Yard, 2455 Carmichael Drive. As required by law, surveillance of all facilities in the District will be completed every six months.

All schools in the District receive six-month surveillance inspections as well as required triennial inspections. Schools scheduled for reconstruction will receive asbestos abatement services when those schools are reconstructed in future years. Additionally, small amounts of asbestos containing material will be periodically encased and/or removed on an as-needed basis to complement the use and maintenance of those facilities.

Please do not hesitate to contact me if you have any questions. I can be reached at lchristo@chicousd.org or 891-3195

The district receives federal vocational education funding to help meet the needs of the disadvantaged and handicapped.

**VOCATIONAL EDUCATION PROGRAM**

Provided by the district, the Vocational Education Program offers a wide range of programs to prepare students for vocational careers. Students can choose from various programs such as business technology, culinary arts, and health sciences. Each program is designed to provide students with the necessary skills and knowledge to succeed in their chosen field.

**FAMILY LIFE CLASS**

The Family Life Class integrates parent involvement programs into the school plan. It emphasizes the importance of family involvement in the education process. Parents are encouraged to participate in school activities and to stay informed about their child's progress.

**PARENT INVOLVEMENT**

Parents are encouraged to contact teachers and counselors if they have any concerns or questions about their child's education. Regular communication between teachers, parents, and students is essential for a successful learning environment.

**ADVISORY PROGRAMS**

The district offers a variety of advisory programs to support student success. These programs include mentorship, counseling, and personal development workshops. The goal is to help students develop the skills and abilities needed for success in their future careers.

**CURRICULAR INFORMATION**

The district follows the state's educational standards and provides a comprehensive curriculum that prepares students for college and career readiness. This includes core subjects such as math, science, English, and social studies, as well as electives and advanced placement courses.

**ACCESS TO PENAL AND CIVIL LAWS OF THE STATE**

The information provided in this document is intended to inform students and parents about their rights and responsibilities under state laws. This includes information about student privacy, disciplinary procedures, and legal rights in educational settings.

**FAMILY LIFE CLASS**

Families are involved in programs and activities that promote family life, human growth and development, and HIV/AIDS education. Parents are encouraged to participate in these activities to support their children's academic success and development. Each school participates in its school-based coordinated program with parent involvement counselors. The parents of each school are provided with information and training on parent involvement programs. Each school includes in its school-based coordinated program a parent involvement component that provides opportunities to be involved in information and training.

**PARENT INVOLVEMENT**

Parents are encouraged to participate in school programs to support their children's academic success and development. Each school includes in its school-based coordinated program a parent involvement component that provides opportunities to be involved in information and training.

**ADVISORY PROGRAMS**

Advisory programs are provided to students in grades K-12. These programs are designed to foster student development and to promote a variety of school activities.

**CURRICULUM INFORMATION**

Curriculum information is available to parents. Information about the curriculum is available in the school district's curriculum offices. Parents are encouraged to participate in curriculum development and to provide feedback on the curriculum. The curriculum is reviewed and updated regularly to ensure that it is current and relevant.

**ACCESS TO PARENTAL AND CIVIL LAWS OF THE STATE**

Access to parental and civil laws of the state is available through the school district's legal department and through the state's Department of Education. Parents are encouraged to consult with their legal representatives to ensure that their rights and responsibilities are protected.

**ABUSE AND NEGLECT REPORTING**

In the event that a parent or guardian suspects child abuse or neglect, they are required to report the suspected abuse or neglect to the appropriate authorities. The district's Child Protection Services Office is responsible for receiving and investigating reports of suspected child abuse or neglect. Parents are encouraged to report suspected abuse or neglect to the district's Child Protection Services Office or to the local police department. Parents are also encouraged to seek assistance from the district's Child Protection Services Office or from local social service agencies.

**RESPONSIBILITIES OF SCHOOL PERSONNEL**

School personnel are responsible for reporting any suspected cases of abuse or neglect to the district's Child Protection Services Office. They are also responsible for referring students to appropriate resources and services. School personnel are required to report any suspected cases of abuse or neglect to the district's Child Protection Services Office. They are also required to report any suspected cases of abuse or neglect to the local police department.

**RESPONSIBILITIES OF OTHERS**

Anyone who has reason to believe that a child may be a victim of abuse or neglect is required to report the suspected abuse or neglect to the district's Child Protection Services Office or to the local police department. This includes parents, teachers, counselors, social workers, and other school personnel.

**REPORTING REQUIREMENTS**

A report must be filed within 24 hours of the suspected abuse or neglect. The report must include information about the suspected abuse or neglect, including the name and address of the suspected perpetrator, the name and address of the victim, and any other relevant information.

**FOURTEEN DAY REPORT**

All reports of abuse or neglect are required to be reviewed by the district's Child Protection Services Office within 14 days of the report. The review process includes an investigation of the reported case to determine if the suspected abuse or neglect has occurred. The report is reviewed by the district's Child Protection Services Office and the local police department.

**RECOMMENDATIONS FOR REPORTING**

Parents, teachers, counselors, social workers, and other school personnel are encouraged to report any suspected cases of abuse or neglect to the district's Child Protection Services Office or to the local police department. They are also encouraged to seek assistance from local resources and organizations.

**TRAINING AND EDUCATION**

The district provides training and education to school personnel and other individuals who are required to report suspected cases of abuse or neglect. The training includes information about the reporting requirements and the procedures for reporting suspected abuse or neglect.

**COMPLAINTS AND APPEALS**

Any individual who believes that they have been wronged by the district's Child Protection Services Office or the local police department may submit a complaint to the district's Child Protection Services Office. The complaint is reviewed by the district's Child Protection Services Office and the local police department.

**LEGAL RESPONSIBILITIES**

Parents, teachers, counselors, social workers, and other school personnel are required to report any suspected cases of abuse or neglect to the district's Child Protection Services Office or to the local police department. They are also required to report any suspected cases of abuse or neglect to the district's Child Protection Services Office or to the local police department.

**LEGAL CONSIDERATIONS**

Parents, teachers, counselors, social workers, and other school personnel are required to report any suspected cases of abuse or neglect to the district's Child Protection Services Office or to the local police department. They are also required to report any suspected cases of abuse or neglect to the district's Child Protection Services Office or to the local police department.

**LEGAL LIMITATIONS**

Parents, teachers, counselors, social workers, and other school personnel are required to report any suspected cases of abuse or neglect to the district's Child Protection Services Office or to the local police department. They are also required to report any suspected cases of abuse or neglect to the district's Child Protection Services Office or to the local police department.

**LEGAL RIGHTS**

Parents, teachers, counselors, social workers, and other school personnel are required to report any suspected cases of abuse or neglect to the district's Child Protection Services Office or to the local police department. They are also required to report any suspected cases of abuse or neglect to the district's Child Protection Services Office or to the local police department.

**LEGAL REMEDIES**

Parents, teachers, counselors, social workers, and other school personnel are required to report any suspected cases of abuse or neglect to the district's Child Protection Services Office or to the local police department. They are also required to report any suspected cases of abuse or neglect to the district's Child Protection Services Office or to the local police department.
the district. By using the Acknowledgement of Rights form provided by the district, you notify the school participation in the family life class. If you do not want your student to instruction by the public, if you do not want your student to instruction materials for instruction will be available for instruction. The district offers family life, human growth and development and HIV/AIDS instruction at the upper elementary, junior high and senior high levels. All classes are optional. Parents may also contact the school principal regarding additional instruction.

FAMILY LIFE CLASS

The district offers family life, human growth and development classes. Each school includes in its school-based coordinated plan a family life class. The class is intended to provide students with information about family life, human growth and development, and to discuss the importance of healthy relationships. The class is designed to promote self-awareness, self-esteem, and self-confidence. The class also emphasizes the importance of responsible decision-making and the prevention of teen pregnancy and sexually transmitted infections. The class provides opportunities for students to develop healthy relationships and to make informed decisions about their future.

ADVISORY PROGRAMS

CURRICULAR INFORMATION

Reflecting the importance of a well-rounded education, the school provides a variety of courses to help students explore their interests and develop skills. The curriculum includes courses in the arts, sciences, social sciences, and health sciences. The school also offers a variety of extracurricular activities, including sports, clubs, and community service projects. The school is committed to providing a safe and supportive learning environment for all students.

MEMORANDUM TO: Barbara Conklin, Director of Educational Services
Bill Mulholland, Director of Educational Services
Ken Petrucelli, Director of Educational Services
Robert W. Purvis, Superintendent

FROM: Stan Hensley, Assistant Superintendent
       Administrative Services

SUBJECT: Annual Asbestos Notice

Attached is a copy of the "Required Annual Asbestos Notice to Parents, Staff and Employee Organizations." This notice meets the District’s obligation to comply with the Federal law requiring annual asbestos notification. As per our discussion in the January 2, 1990 cabinet meeting:

1. Educational Services will include this notice in the "Parents Rights and Responsibilities" handbook.

2. The Superintendent will include this notice in a "Que Pasa" publication during the first part of the calendar year.

REQUIRED ANNUAL ASBESTOS NOTICE TO
PARENTS, STAFF AND EMPLOYEE ORGANIZATIONS

As required by Federal law, parents, staff members and the exclusive representatives of employees will receive an annual “Asbestos Notice” as follows:

Method of Notification

Parents .................................................... Annual notification via “Parents Rights and Responsibilities” handbook during July or August.

Staff ........................................................ Annual notification via Superintendent’s newsletter, “Que Pasa.”

Exclusive Representatives for Employees........ Annual notification via Superintendent’s newsletter, “Que Pasa.”

Contents of Notification

Chico Unified School District schools/facilities have been inspected for asbestos containing materials and “Asbestos Management Plans” have been developed for each facility in the District. A copy of the “Asbestos Management Plan” for each school in the District is available in the principal’s office; or copies of all management plans are available in the District Office, 1163 East Seventh Street, or the District Corporation Yard, 2455 Carmichael Drive. As required by law, surveillance of all facilities in the District will be completed every six months.

Some asbestos containing material was removed from Chico Junior High School, Chico Senior High School and Chapman, Citrus, Hooker Oak and Rosedale Elementary Schools during the reconstruction of those schools. Other schools scheduled for reconstruction will receive asbestos abatement services when those schools are reconstructed in future years. Additionally, small amounts of asbestos containing material will be periodically encased and/or removed on an as-needed basis to complement the use and maintenance of those facilities.

(1990/91 Fiscal Year)
