Mark Floyd, Laboratory Supervisor, Hayward Laboratory

Note: Limit of Quantification ('LOQ') = 1%. 'Trace' denotes the presence of asbestos below the LOQ. 'ND' = 'None Detected'.

All results and reports are generated by Forensic Analytical at the request of and for the exclusive use of the person or entity (client) named on the report. Results, reports or copies of same will not be released by Forensic Analytical to any third party without prior written request from the client. This report applies only to the sample(s) tested. Supporting laboratory documentation is available upon request. This report must not be reproduced except in full, unless approved by Forensic Analytical. The client is solely responsible for the use and interpretation of test results and reports requested from Forensic Analytical. This report must not be used by the client to claim product endorsement by NVLAP or any other agency of the U.S. Government. Forensic Analytical is not able to assess the degree of hazard resulting from materials analyzed. Forensic Analytical reserves the right to dispose of all samples after a period of thirty (30) days, according to all state and federal guidelines, unless otherwise specified.

Re: Roof Samples – Chapman Elementary School & Shasta Elementary School

To Whom It May Concern:

Please test the enclosed roof samples for asbestos. Please fax the results to me. My fax number is (530) 891-3190.

Site Sampled: Chapman Elementary School
Unit "D" Roof
Date Sampled: March 13, 2000 8:05 a.m.
Number of Samples: Three (3)
Samples Taken by: Rob Peters

Site Sampled: Shasta Elementary School
Unit "C" Roof
Date Sampled: March 13, 2000 9:45 a.m.
Number of Samples: Seven (7)
Samples Taken by: Rob Peters

Sample #
1, 2, 3, 4, 5, 6, 7

Thank you for your prompt response to this request.

Sincerely,

Rob Peters
Maintenance/Operations Supervisor

NOTICE AND CERTIFICATION

The waste identified on manifest number 20460741 and bearing California Waste Code 151 is subject to land disposal restrictions contained in CCR Title 22, Chapter 18, Article I. The waste meets the definition of a treated hazardous waste pursuant to Health and Safety Code, Section 25179.3 (1)(2), which states that waste is considered treated if the waste does not contain any substances above the Soluble Thresholds Limit Concentration values established in CCR Title 22, Chapter 18, Article II; and the waste is not prohibited from land disposal as provided in Health and Safety Code, Section 25179.6.

(waste analysis is attached for these wastes, where available)

As required by CCR Title 22, Chapter 18, Article I, the following certification is made for these wastes:

I warrant that I am an authorized representative of the generator. I certify under penalty of the law that the waste complies with the treatment standards specified in California Code of Regulations, Title 22, Division 4.5, Chapter 18, Section 66268.114. I believe that the information I submitted is true, accurate, and complete. I am aware that there are significant penalties for submitting a false certification, including the possibility of a fine and imprisonment.

An Environmental Company

October 15, 2000
Mr. Kip Hanson
2455 Carmichael Dr.
Chico, CA 95928
Page 1

Dear Mr. Hanson:

Regarding Final Report and Invoice for clearance air monitoring at Shasta Elementary School.

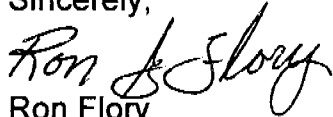

Clearance air monitoring was performed on October 8, 2000 and on October 12, 2000 on an emergency basis in the burned out North wing at Shasta Elementary School. Work was performed after a discussion and verbal agreement with you and Pete Connell of Cal Inc.

The clearance air monitoring has been completed as agreed, and a detailed invoice is included with this letter. Also included are my air sample submittal sheets with the laboratory analysis results.

Please review all enclosed material. If you should have any questions regarding the clearance monitoring or the air sample reported results, please feel free to contact me.

It was a pleasure working for you in this capacity. If I can assist you or Chico Unified School District in any way with this project or other projects you may have in the future, I would be pleased to do so.

Sincerely,

Ron Flory
