

School Plan for Student Achievement (SPSA) Template

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California’s ESSA State Plan significantly shifts the state’s approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state’s Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

School Vision and Mission

The mission of Pleasant Valley High School is to ensure student success via a 9-12 sequence of Teaching, Learning, Assessment, and Support.

The vision of PV is driven by the following questions:

- 1) What do we want students to know and be able to do?
- 2) How will we know they have learned it?
- 3) How will we respond when they don't learn it?
- 4) How will we respond when they do?
- 5) How will we ensure that every student is connected to the PV community?

In collaborative teams we are addressing these questions on an ongoing basis with high expectations for student learning and continual improvement.

Viking Learner Outcomes

As Vikings we strive to be...

1. Collaborative
 - a. Reflective
 - b. Open-minded
 - c. Lead by influence
 - d. Interdependent
2. Creative
 - a. Inquirers
 - b. Accessing Information
 - c. Synthesizing Information
- 3 Critical Thinkers
 - a. Content/Knowledge
 - b. Problem-solving
 - c. Application
 - d. Analyze Information
4. Communicators
 - a. Verbal
 - b. Written
 - c. Agility and adaptability
 - d. Access/convey Information efficiently and effectively
5. People of Character
 - a. Act with integrity and honesty
 - b. Take Initiative
 - c. Courageous

School Profile

Pleasant Valley High School is a four-year comprehensive high school. PV is fully accredited through 2020-2021 school year by the Western Association of Schools and Colleges. (PV's upcoming WASC study for accreditation was postponed until the spring of 2022 due to the Coronavirus pandemic.) Students come from a variety of ethnic and cultural backgrounds.

School personnel, students and parents continue to study ways to improve the school program. Our mission is to serve all students equitably in ways that meet their academic, career, personal and social needs. A core academic program is required of all students and a wide variety of elective courses in the areas of visual and performing arts, career technical arts, industrial technology and physical education. Career programs and a comprehensive special education program are also offered. There is a cooperative arrangement between Pleasant Valley High School and the local colleges that allows our students to enroll concurrently in college classes.

PV is recognized locally and state wide as a strong academic school. In 2007, PV was recognized as a California Distinguished School. We are one of only a few schools in California with an AP Capstone diploma program for students who want the most rigorous academic course of study. In addition, we offer courses in Math, English, Science, Social Science and Visual/Performing Arts along with AVID and Carl Perkins funded school-to-career pathways. We also have CTE grant funded Career and Technical Education Pathways. We have tech-prep classes, 2 + 2 college-articulated programs, and many Advanced Placement courses that can be taken for college credit. We strive to serve each student with and provide a variety of programs to meet the needs of students at this school.

During the 2020-2021 school year Pleasant Valley High School has undergone a major face lift. With monies received through CTE grants and district funds we have been able to remodel our cafeteria into what is now our Administration offices. The new Administration offices now stand in the front of our campus which created better access for our families. Additionally through CTE grants and district funding a brand new Cafeteria and Culinary Arts center has been built. This new building with state of the art modern equipment, including a video wall, multiple culinary lab stations and a larger dining area will support our growing population of students. Finally, we are proud to announce the remodeling of our old administration offices has become our new Medical pathway building. This building houses our Medical careers classes as well as our Sports medicine classes. Our future continues to look bright as we take further steps to modernize our campus. In the 2021-2022 school year we will be remodeling our C, D, and E buildings. Those buildings are where students attend classes in our Child Care Pathway, Graphic Arts and Design pathway, and our Industrial Technologies/Manufacturing pathway respectively.

We believe that each student must acquire a core education of basic skills while in high school. Additionally, we expect all students to achieve the high standards we have set for them.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The SPSA is developed by the School Site Council, comprised of students, parents, and staff. The SSC meets a minimum of four times a year. Additionally, the SPSA is reviewed by the PVHS Instructional Council, a group of Department Chairs.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
1,775	47.0	1.5	0.3
Total Number of Students enrolled in Pleasant Valley High School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	26	1.5
Foster Youth	5	0.3
Homeless	31	1.7
Socioeconomically Disadvantaged	835	47.0
Students with Disabilities	247	13.9

American Indian	20	1.1
Asian	118	6.6
Filipino	17	1.0
Hispanic	358	20.2
Two or More Races	72	4.1
Pacific Islander	7	0.4
White	1,104	62.2

Conclusions based on this data:

1. Socio-economically disadvantaged, homeless and foster youth will be a focus for our school. PV wants to ensure that students in these sub groups are being supported with resources.
2. Our Hispanic population is growing, does our hiring reflect this?

School and Student Performance Data

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

Conclusions based on this data:

1. Math and ELA have become stagnant the last couple of years with no movement. 2021-2022 Math and English will be a focus for improvement.
2. College and Career data is representing well, our CTE pathways and courses are supporting this.
3. Suspension rate will be a focus moving forward, especially with our under represented sub groups.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
5 Students	4 Students	66.0 points above standard 311 Students

Conclusions based on this data:

1. We need to identify why our English Learners ELA scores are not improving.
2. Supporting students with disabilities with resources will be a focus moving forward.

School and Student Performance Data

Academic Performance Mathematics

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

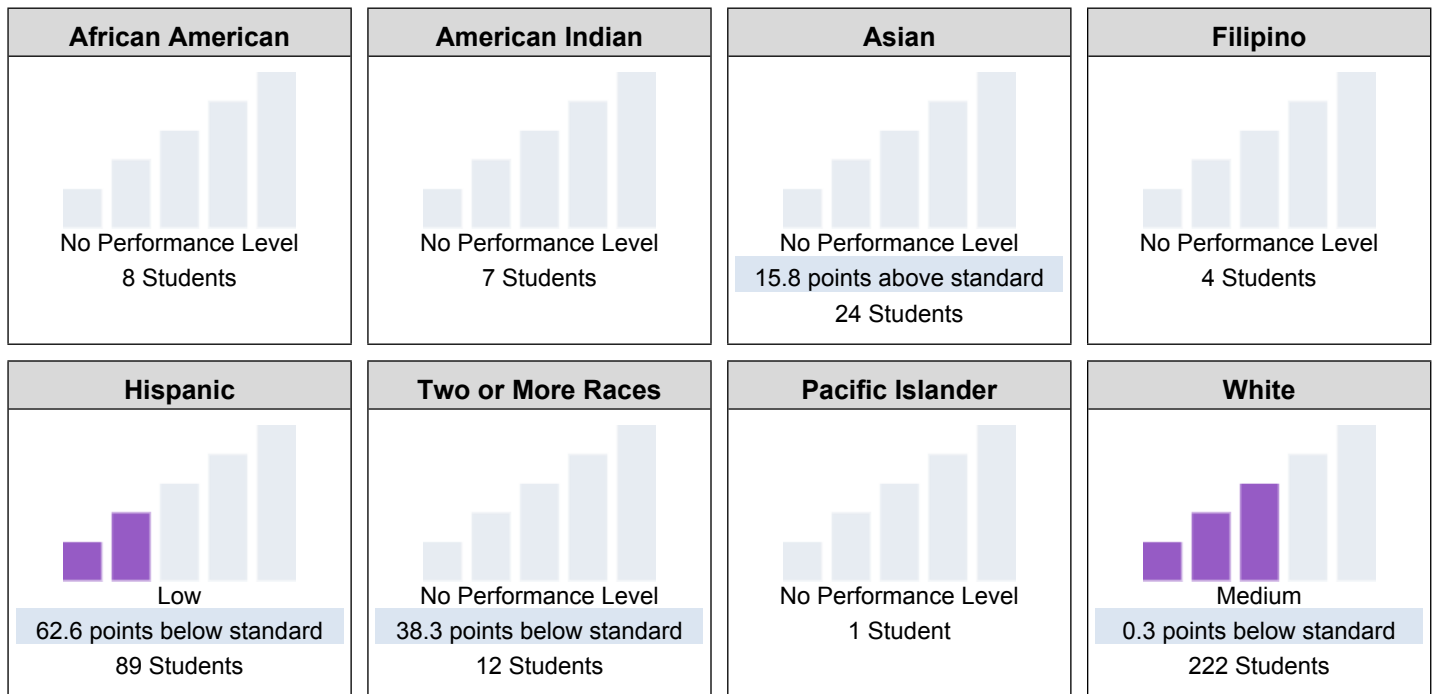

This section provides number of student groups in each level.

Goals, Strategies, & Proposed Expenditures

Goal 1

Subject

Academic Instruction and Tiered Interventions

Goal Statement

Provide academic instruction and tiered interventions to ensure student learning and high achievement for each and every student.

LCAP Goal

Provide academic instruction and tiered interventions to ensure student learning and high achievement for each and every student.

Basis for this Goal

Academic assessment data from the past three years shows persistent achievement gaps for specific student groups, including foster, homeless, English learners, and economically disadvantaged. This gap was apparent before the pandemic: results from the most recent California State Dashboard (2019) shows that, while the groups "All Students" and "White" scored green (the second highest level) for English language arts, homeless students and economically disadvantaged students scored yellow in both areas; English learners scored orange in both areas; and foster youth scored red for both. Mathematics showed a similar pattern. The pandemic increased these gaps: while almost all our students experienced learning loss during the pandemic, as measured by benchmark assessments in English-language arts and mathematics at grades K-8, and by end-of-course grades at 9-12, we saw the greatest learning loss among our Foster Youth, Homeless, Students with Disabilities, Socioeconomically Disadvantaged, Hispanic, American Indian or Alaska Native, African American, Two or More Races, and Native Hawaiian or Other Pacific Islander.

To address these inequities in academic achievement, the Chico Unified School District is committed to implementing the Multi-Tiered System of Support (MTSS). We will provide academic instruction and tiered interventions that meet the specific needs of each and every student, from remediation to academic enrichment. The specific actions to support this goal and the metrics to assess our progress are detailed below. In general, though, they include:

- a) Access to a rigorous core curriculum for all students through highly qualified teachers, facilities in good repair, access to instructional materials and technology, and use of a district-wide standards-aligned curriculum and assessments. An online educational option will also be available for all students.
- b) Opportunities for differentiated instruction to meet varying student abilities, both within the classroom and through intervention teachers, after-school programs, English language development (ELD) teachers, Response to Intervention (RTI), Reading Pals at the elementary level, Math Lab and Read 180 at secondary, Power Reading, and a designated .4 RSP certificated RTI support staff at TK-5 sites.

By providing varying tiers of intervention, including enrichment opportunities, we hope to provide the supports students need to meet and exceed grade level expectations, and close the achievement gaps between our different student groups.

Additional Targeted Support and Improvement (ATSI): For Pleasant Valley High School, the Students with Disabilities student group is receiving services needed to improve outcomes in areas of need as identified by the California State Dashboard.

Goals, Strategies, & Proposed Expenditures

Goal 2

Subject

Social-Emotional Learning, Supports, and Interventions

Goal Statement

Provide social-emotional learning, supports, and interventions to promote healthier student attitudes about themselves and others.

LCAP Goal

Provide social-emotional learning, supports, and interventions to promote healthier student attitudes about themselves and others.

Basis for this Goal

As the pandemic has continued to affect almost all aspects of life as we previously knew it, educators and parents across the country have become increasingly concerned with the impact on students' mental and social-emotional health needs. In Chico, unfortunately, this concern is not new: COVID-19 is only the latest in a series of traumatic events affecting our community. In 2013, a report on adverse childhood experiences (ACEs) found that Butte County held the dubious distinction of having the highest rate of ACEs in California, and among the highest in the country. 76.5% of Butte County adults reported one or more adverse childhood experience as a child (Butte County Coalition on ACEs, 2013). More recently, several natural disasters have impacted our area in quick succession, beginning with the February 2017 evacuation of 180,000 people after the failure of the Oroville Dam and Spillway. This was followed in November of 2018 by the Camp Fire, which destroyed Paradise and neighboring communities, claimed 87 lives, and displaced tens of thousands of residents. Among those displaced were over six hundred of our students and staff. In September of 2020, the North Complex Fire destroyed the nearby communities of Berry Creek and Feather Falls. Thick, toxic smoke blanketed Chico for weeks after each fire, at times making day look like night. The loss of routine and the uncertainty caused by the pandemic only intensified the effect of all these events, and sent many of our students into crisis mode. From 2019 to 2020, the number of children (elementary and high school) arriving in emergency rooms with suicidal thoughts and depression tripled, from 20 to 60. But as Enloe Hospital's CEO Mike Wiltermood pointed out in an April, 2021 interview with news station KRCR, "2019 isn't even a realistic baseline to show how bad things have gotten because that's right after the Camp Fire ... As resilient as we all are, we have to take into consideration that it's not just the pandemic. It's the fires, it goes back to the evacuation for the Oroville spillway."

In the wake of the Fire, we deployed additional counselors at all sites, and worked to implement a systematic and consistent practice of student wellness supports across our elementary and secondary schools. Yet students began asking for more even mental health support. This led to the establishment of Wellness Centers at the secondary sites. When COVID closed the Wellness Centers, students requested a confidential online way to communicate with their counselor that they needed to be seen immediately. A portal on our Chico Unified website was established to facilitate timely student access to counseling services on sites. Targeted Case Managers, counselors and teachers are crucial to these efforts, and will continue to be supported through our LCAP. In the 2020-21 school year, elementary students at all sites received social-emotional learning sessions in the classroom. A total of 6,898 classroom sessions were delivered by counselors (2,343 sessions) and counseling assistants (4,555 sessions). Before the COVID pandemic began, we also relied on instruments such as universal screeners, completed by teachers 3-4 times a year to give a snapshot of each student's social-emotional need. These screeners were not used in 2020-21, however: as students began that school year entirely online, and most moved to an AM/PM model on October 19, 2020, teachers did not have enough face-to-face time with their students to accurately complete the screeners. However, we were able to gather information to understand and support individual student needs through Kelvin, an online system that quickly measures student emotional "pulses". Data from the School Climate Survey in spring, 2021, given through a Kelvin "pulse", further revealed that our students feel safe on our sites, that people of different cultural backgrounds, race, or ethnicities get along well on sites, and students feel staff treats students respectfully.

The actions to support this goal are listed below. In summary, they include:

- 1) Personnel (Targeted Case Managers, counselors, nurses and nurse aides, and other personnel as listed below).
- 2) Professional development for teachers in trauma-informed practices, social-emotional learning, and mindfulness.
- 3) Continued monitoring of student mental wellness through School Climate Surveys, universal screeners (resuming in 2021-22), and Kelvin pulse surveys.

We expect that we will see an improvement in our students' social-emotional wellness as measured by these instruments, as well as by parent, student and teacher observation.

Additional Targeted Support and Improvement (ATSI): For Pleasant Valley High School, the Students with Disabilities student group is receiving services needed to improve outcomes in areas of need as identified by the California State Dashboard.

Goals, Strategies, & Proposed Expenditures

Goal 3

Subject

Behavioral Instruction and Supports

Goal Statement

Provide behavioral instruction and supports as a proactive approach to creating a safe, positive climate and school culture.

LCAP Goal

Provide behavioral instruction and supports as a proactive approach to creating a safe, positive climate and school culture.

Basis for this Goal

Suspension and expulsion data from 2019-20 reveal that some student groups are consistently suspended at disproportionately high rates. These student groups include Homeless, Foster, Socioeconomically Disadvantaged, Students with Disabilities, African American and American Indian or Alaska Native. In addition, those groups are expelled at a higher rate as well. School Climate Survey data from 2020-21 show that a lower percentage of students from these same groups report that they feel safe and that they are being treated fairly at school. Specifically, the following groups show a lower rate of feeling safe at school:

Elementary: Students with Disabilities and African American
Secondary: American Indian or Alaska Native

To address this, and to support every student every day in our full return to school, site Positive Behavioral Interventions and Supports (PBIS) teams are integral. PBIS teams will work with the school site staff to provide universal behavior supports (Tier 1) for each student. Supplemental and intensified supports (Tiers 2 and 3) are also in place when the data informs the team that more supports are needed.

In addition, our LCAP includes funding for Alternative Education programs, including in-school suspension, opportunity programs, supplemental alternative education staffing, and additional counseling services in opportunity programs. We are also utilizing LCAP funds to support in-school athletic programs, as a means to help all students feel connected and promote a positive school culture. Campus supervisors are a third means of promoting a positive school culture; often these supervisors make connections with individual students.

CUSD will continue to improve school climate and implement positive behavioral strategies so students from all targeted student groups will feel safe, supported, engaged, and meaningfully challenged. Establishing a positive school culture includes setting up the school's social environment to reflect a shared vision of common values, beliefs, and behavior expectations. It is our goal to reduce suspensions in Chico Unified School District, particularly in the African-American, Foster Youth/Homeless, and Students with Disabilities student groups. The suspension numbers in these student groups are disproportionately higher than other student groups in CUSD.

Additional Targeted Support and Improvement (ATSI): For Pleasant Valley High School, the Students with Disabilities student group is receiving services needed to improve outcomes in areas of need as identified by the California State Dashboard.

Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
Priority 6: School Climate - Suspension Rate	2022-2023 All Students: 3.6% (70) English Learner: 8.7% (4) Foster Youth: 20.0% (5) Homeless: 14.9% (7) Socioeconomically: 5.6% (65) Students with Disabilities: 8.7% (25) African American: N/A American Indian or Alaska Native: N/A Asian: N/A Filipino: N/A Hispanic: 7.1% (1) Native Hawaiian or Other Pacific Islander: N/A White: 23.8% (5) Two or More Races: 25.0% (1)	All student groups will decline by a minimum of .9 percentage points.

Priority 6: Local Indicator/Local tool for school climate: School Safety	2022-2023 Percentage of students who agree or strongly agree that school is a safe place to learn. All Students: 72.3% (2,588) English Learner: 71.4% (30) Foster Youth: 91.7% (22) Homeless: 75.0% (45) Socioeconomically: 72.1% (1,547) Students with Disabilities: 70.9% (319) African American: 73.1% (68) American Indian or Alaska Native: 53.3% (16) Asian: 76.5% (163) Filipino: 76.9% (30) Hispanic: 72.7% (521) Native Hawaiian or Other Pacific Islander: 80.0% (4) White: 72.5% (1,588) Two or More Races: 65.3% (139)	Increase the percentage of students responding "Agree" or "Strongly Agree" on items relating to safety on grades 3-12 Climate Surveys, for all student groups.

Planned Strategies/Activities

Strategy/Activity 1

Continue support for district alternative education programs - CUSD offers support for alternative education and home suspensions in the following ways:

- * Opportunity Programs (Center for Alternative Learning (CAL) and Chapman)
- * Elementary Out of School Suspension Alternatives (e.g. Reset program)
- * Alternative Education Supplemental Staffing

Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

PVHS will have access to curriculum, instructional materials and technology to support student achievement. All P"VHS classrooms have ViewSonic monitors mounted or on a portable cart for teacher and student use. In addition all PVHS students are 1 to 1 with Chromebooks. PVHS will continue to implement and develop our Multi-Tiered System of Support (MTSS) for our students. PVHS has a dedicated MTSS coordinator who receives a release period during the day to focus on best practices related to Tiered intervention for all students. MTSS coordinator provides professional development during faculty meetings. All students receive Tier 1 intervention. The ongoing development of Tier 2 and Tier 3 interventions will continue during the 2023-24 school year.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

100% of our students have 1 to 1 Chromebooks. Teacher have received ViewSonic training and are effectively using the ViewSonic technology in their classrooms. Collaboration time is used by teachers to share best practices related to instruction, common assessments, and classroom interventions.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

No material differences in the proposed and actual expenditures

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

PVHS will foster a schoolwide culture focused on data analysis, reflection, and continuous improvement to support all students. PVHS will further develop our Multi-Tiered System of Supports (MTSS) to ensure a welcoming environment that engages students.

Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Pleasant Valley High School has 2 full time wellness counselors to support the social emotional needs of our students. In addition, Pleasant Valley High School also has a wellness center available to students throughout the school year. Pleasant Valley High School has a part-time targeted case manager to support our families with academic, social-emotion, behavioral, and resource needs. PVHS hopes to increase the targeted case manager to full time by the 23-24 school year. Pleasant Valley High School utilizes climate surveys, and Kelvin surveys to better understand the needs of our students and families.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The strategies and activities have been highly effective in achievement of the goals based on feedback data from surveys and wellness center intake data.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

No material differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Increase to a full time targeted case manager by the 23-24 school year. As a staff look at Kelvin survey and school climate data and collaborate ideas for student support.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 4 Parent or Community Members
- 3 Secondary Students

Name of Members	Role
Maddie Margetts	Secondary Student
Chloe White	Secondary Student
Susan Warren	Parent or Community Member
Tierra Lloyd	Parent or Community Member
Robin Cook	Parent or Community Member
Charlotte Mallory	Other School Staff
Kelsey Allen	Classroom Teacher
Ray Barber	Classroom Teacher
Damon Whittaker	Principal
Lacey Coulson	Classroom Teacher
Jessica Hunt	Parent or Community Member
Gavin Pasillas	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	State Compensatory Education Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May. 11th, 2023.

Attested:

Principal, Damon Whittaker on 5/11/2023
SSC Chairperson, Suzanne Warren on 5/11/2023

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Goals, Strategies, & Proposed Expenditures

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

Basis for this Goal

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

Expected Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

Planned Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school’s budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

Annual Review and Update

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year’s approved SPSA. Minor typographical errors may be corrected.

Annual Measurable Outcomes

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

Strategies/Activities

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measureable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

Appendix A: Plan Requirements for Schools Funded Through the ConApp

Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in EC Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to EC Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in EC Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: EC sections 64001(f)-(g) and 52853(a)(1)-(7).

Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
 - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
 - b. use effective methods and instructional strategies based on scientifically based research that
 - i. strengthen the core academic program in the school;
 - ii. provide an enriched and accelerated curriculum;
 - iii. increase the amount and quality of learning time;
 - iv. include strategies for meeting the educational needs of historically underserved populations;
 - v. help provide an enriched and accelerated curriculum; and
 - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
 - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
 - a. strategies to attract highly qualified teachers;
 - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
 - c. the devotion of sufficient resources to effectively carry out professional development activities; and
 - d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - a. Ensure that those students' difficulties are identified on a timely basis; and
 - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
